*The underlying unity of Divine Consciousness  
seeks to express Itself in the world of form,  
through powerful electric desires and magnetic emotions  
of sacred relationships.*

*Faith follows inner guidance,  
with high inspiration,  
longing for divine perfection and unity  
with the original purity of all ideas in  
divine mind,  
and understanding of cause and effect.*

*Emotions of love are waters of life.*

*Divine Love courses throughout the entire Web of Life.*

*Faith, combined with clear inspiration and inner guidance  
and longing for divine perfection,  
gives authority.*

*With faith we manifest miracles of love.*

*We inspire the children of light to know*

***that by claiming such authority while incarnated  
in the world,  
sacred relationships that flow with beauty on all  
levels  
manifest with power.***

**With high inspiration made possible  
by the longing for spiritual perfection  
and unity with divine light,  
it is possible to see that within each stone and mountain,  
each tree and flower,  
each bird and beast,  
each man and woman,  
there are feelings of kinship,  
flowing between them and all others,  
interconnecting all in existence.**

**Heartfelt emotions are magnetic,  
and as they are inspired with divine perfection,  
they create happiness,  
coherence and cohesion that holds together physical realms.**

**All things in creation are complete expressions of Divine Being.**

**People are complete universes.**

**Sentient beings are unique expressions of Divine Being.**

**Each person and creature is a miracle of divine creativity and worthy of  
love,  
worthy of being a beloved friend.**

**Each being is a special microcosm of the macrocosm.**

**The body of The One Creator,  
the macrocosm,  
is composed of these infinite microcosms or universes.**

**Flowing love between infinite beings are rivers of life.**

**In all of these infinite universes,  
there is The One Life that lives,  
moves,**

and breathes in them all,  
just as there is one being  
who lives,  
moves,  
and breathes  
in all the cells and atoms  
of each individual person.

*Therefore, underneath the many individual consciousnesses  
and emotions,  
there exists an all pervading consciousness and emotions,  
within each universe,  
that dwells in unity with all others.*

*In unity, Divine love flows.*

This is the miracle of pure being and love, of Unity within diversity.

The consciousness of Divine Being, in this way,  
grows and unfolds.

Loving Relationships,  
through clear inner guidance and divine inspiration,  
and the longing for spiritual beauty and unity,  
dance in magnificent varieties and manifest ever growing wonders.

Remember that the underlying unity of Divine Consciousness,  
seeks ever to express Itself in the world of form,  
through powerful magnetic emotions of sacred relationships.

*As Divine Virtues come to light,  
are recognized and treasured in one another,*

***inimitable deep emotions are experienced in all varieties of loving relationships.***

**Friendship, Love, and Marriage are alchemical transformations that are similar yet different in each kind of union.**

**The miracles of Friendship,  
the ecstasy of Love,  
and the bliss of sacred Marriage  
are the birthright of all who,  
through inner guidance,  
are led to them.**

**The Powers of these emotions transform Earth into Heaven.**

**How splendid are the miracles manifesting on Earth!**

**Through the divine virtues of Trapi,  
we inspire and protect loving relationships.**

### **MIRACLES**

**Meditate on the divine virtues represented by the letters of our name  
to unite in consciousness with the miracles of blessed relationship.**

**T The sound of the letter T in the ancient language  
is the divine virtue of high inspiration with all the legal matters of this**

**principle.**

**In the intellect, this virtue awakens remarkable inventive faculties and memory.**

**When a person chooses the path of healing and diagnosis of disharmony,  
the heavenly hosts awaken high levels of inspiration,  
so that ingeniousness removes all obstacles.**

**In meditating on this virtue, see yourself as a tiny dot in your solarplexus  
with the rest of the body as an infinite swirling universe all around you.**

**Meditate with focus on high inspiration from Divine Mind.**

**Do this with a sensation of warmth and fire filling the body.**

**See a brown black color shining forth from a sun in the head region that channels through the right kidney.**

**Hear the musical note of F and feel yourself having mastery over all the elements.**

**By performing this meditation, a connection is made between universal mind and individual mind, so that they become one.**

**Breathe out these radiations through the pores of the skin over the right kidney and fill the outer universe.**

**When you breathe in,  
see these radiations enter through the same pores of the skin and filling your entire body.**

**Keep the rhythm of the breath natural.**

**Dissolve the brown light when you are finished to protect the natural balance of elements in the body.**

**I and the Father are One.**

**All that I do, ye shall do and more.**

**RThe sound of the letter R is the divine virtue of becoming the master and guardian of freedom and independence.**

**It is this virtue that is used by each child of God who listens to and follows  
their own inner voice of guidance.**

**This inner guidance is a person's unmistakable link with the Universal Mind of Divine Providence that lives and moves in all space and time and beyond.**

**In this state of freedom and independence there is the feeling of freedom of any pressing burden of the laws,  
for by the mastery of all the preceding virtues you have achieved a state of maturity  
by which this feeling of independence has been transformed into an absolute state of security and unimpeachability.**

**This comes from the realization of the harmony and perfection of all divine laws  
and the identification and love of them so intensely that they have actually become merged with oneself.**

**In this case you are the personification and representation of the divine**

laws and they  
will serve you, and your sense of freedom will derive from them rather  
than in spite of them.

This is a very high state of consciousness, but it is the state that every  
human being is destined to accomplish.

It is for this reason that teachers have said that "the truth is written  
within the heart".

The color of this virtue is golden; the musical note is C. The element is  
earth, so it has the sensation of weight. The left side of the nose is  
formed from it.

A, as in a sigh ahhhhh, This is the sound of the divine virtue of highest  
wisdom and enlightenment.

This sound [soft as in a sigh ahhhhh] and virtue is an initiation into the  
highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths,  
highest knowledge, high intelligence, and the arousing of all  
intellectual  
faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairsentience,  
the art of levitation,  
and the control of the air element and its beings are all aroused by  
meditating on this virtue.

On the physical plane the command of the beings of the air,  
control over storms, are all made possible by initiation into the highest  
wisdom.

The color of wisdom and enlightenment is light blue, the musical note  
is G, the element is air so it has the sensation of ease, and the lungs are  
formed from it.

Umlaut A, ae The sound of this letter, the long A,  
in the cosmic language  
is the virtue of the origin and mystery of life and death regarding their  
transformation.

By meditating on this virtue, a child of  
God becomes convinced that in reality death does not exist,  
for the so-called death is only a transformation from one state into  
another.

**Also will come enlightenment on the cause of this transformation.**

**With this comes the ability to master all negative spiritual beings  
in all spheres and planes with regard to their scope of action.**

**The purpose for which negative beings have been created becomes  
clear.**

**Since, in the original principle all beings are alike,  
each having been created by Divine Providence to fulfill a certain task,  
there is no dissimulation of negative beings,  
for from the enlightened persons point of view  
everything is pure.**

**Here the saying: "to the pure one everything is pure" becomes plain.**

**If there were no negative beings,  
it would be impossible to distinguish between good and evil;  
and if there were no passions, there would also be no virtues.**

**This virtue confirms the words contained in the Bible:  
"through night to light",  
the deep symbolic meaning of which now becomes clear.**

**In the intellect the ability is gained to see through  
all thoughts,  
actions  
and wishes  
concerning matter,  
and of becoming their absolute master.**

**In the emotions, this virtue represents desires, passions,  
and the inclination to self-satisfaction etc.**

**A person who masters this virtue in their emotions  
becomes absolute master and ruler of all desires and passions.**

**Also, a person is able to not cling to mental, emotional, and  
material virtues and objects when they no longer fulfill the highest good  
of all.**

**This means complete independence and freedom  
and fulfills the saying "bind yourself and you will be free".**

**On the material level this virtue is one of the most materialized.**

**No matter whether you evoke it in the mind, the feelings, the akasha,  
or the material world,  
the earth is influenced by it to a larger extent.**

**The ability to infuse matter with divine virtues is heightened.**

**The color of this virtue is loamy brown. The musical note is C.  
The element is earth so it has the sensation of weight. The anus is  
formed from this virtue.**

**P This sound is the virtue of the longing for perfection and the highest spiritual realization.**

**By meditating on this virtue,  
a child of God awakens increased longing  
for unification with the original light,  
and with the divine virtues.**

**The desire for perfection is the cause behind learning how to create  
effects in the akasha,  
which is the element of consciousness-penetrating-all,  
through will, intellect, feeling, and action.**

**The deeper and the more frequent the seeker is penetrated by this  
virtue,  
the deeper will be the emotion of humility,  
and it is in this state that is found the greatest and most powerful  
proximity  
of divine majesty, of Divine Providence.**

**In the emotions, this virtue evokes the longing for purification,  
for transformation of ones character  
and the longing for equilibrium in will, intellect, feeling, and form.**

**It evokes the ability to perceive beauty from the universal standpoint  
as the outcome of perfect harmony.**

**This virtue is dark grey, and has the musical note of B. Since it is the  
earth element, it has the sensation of weight. The right side of the nose  
was formed from this virtue.**

**Unconditional Love expects no  
reward, knows no fear, does  
not demand  
This Universal Language just  
shares love and peace and can  
be understood in the whole  
universe.**

**I In the akasha principle, which is the principle of  
consciousness-penetrating-all, this letter refers to fate,**

**that is to the karma law, which is the law of cause and effect.**

**All doings and all actions, all life, come under this law.**

**The law of evolution is expressed by it.**

**On the mental level this is analogous to memory, remembrance and conscience.**

**On the emotional level , the astral matrix, which is the connecting link between the material body and the soul, or feelings, is controlled by the principle and laws of cause and effect.**

**On the material level the laws of analogy between the microcosm and the macrocosm are understood.**

**Footnotes**

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.  
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.**

**The being and the angels share the same name.  
This name is a key to their powers and influence.**

**Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardonn.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from  
THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,**

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg,  
Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician",  
gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

#### THE LAW OF ONE

We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are healed.  
Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

**I give thanks that this is done.**

**SO BE IT!**
