## The Angels of Incarnation

Also known as

The Angels of

## Jonion

Beloved,

*Remember it was written:  
Lo, I Am with you always.*

Through the divine virtue of Cosmic Love, letter J of Jonion,  
we prepare those who are about to be born.

*Divine flowing cosmic love,  
empowering the divine perfection within,  
supreme divine happiness,  
harmony and success,*

*mastery of cause and effect,  
flow through us,*

*...as we protect and nurture all those in the next world  
who make preparations to enter life on this Earth.*

**In the Invisible World, in the zone girdling the earth, where those who  
are ready to incarnate live,  
we attribute to those beings who are ready to be born on this Earth,  
the place and surroundings suited to their development.**

**We are sometimes regarded as most mysterious.**

**The situation that an infant is born into is carefully chosen,  
so that his or her gifts will have every opportunity to bloom and evolve,  
so that spirit and soul will grow.**

**"Give thanks for all things, for that is my will concerning you."  
"All things work for good to those who believe."**

***Each situation is chosen according to a destiny the child  
has incarnated to fulfill.***

**Once the womb is chosen, we then teach each incarnating**

**soul how to  
produce the bond of sympathy between themselves and the  
ripening fruit within the Mothers womb.**

**We stay with the soul through its sojourn in the cosmic sea  
of  
gestation, and along with other angels gently help with  
birth when the moment is perfect.**

**Even as a newborn there is free will, and when the heart of  
the infant calls for help, we are there.**

**When you look into the eyes of an infant about to sleep  
and see that the child is already in the land of angels,  
we are among the ones who are dancing in their dreams.**

**Even though we are the first order of angels to help an  
incoming soul,  
there are orders upon orders of angels that are given by  
Divine Providence,  
to carefully protect and inspire each step of a souls journey.**

**Remember that we initiate our work through the divine virtue of Cosmic  
Love, letter J of Jonion,  
*and Divine flowing cosmic love is the keynote of our energy.***

**The sound of J in the ancient language is the virtue of the highest love  
imaginable.**

**This love is all-encompassing and unconditional.**

**It is true Cosmic Love.**

**Meditating on this virtue allows a child  
of Light to comprehend and feel this love, which is one of the highest  
divine virtues, in all its aspects, in the microcosm and the macrocosm.**

**This love inspires the heavenly hosts to help a Child of Light through all  
of its journey, and it is initiation into this love that they perform.**

**In life, by focusing on this divine love, a person further attracts the  
attention of heavenly hosts,  
who are glad to offer their assistance to higher consciousness,  
even to the extent of changing fate for the highest good of all.**

**The light of Divine Love is dark sparkling opal flashing with many  
colors, the sound is G-sharp with sensations of coolness.**

***The diaphragm in the human body is created by this love.***

**As with meditating on all other letters and their virtues, imagine that you are omnipresent, omnipotent, omniscient pure being, one with Divine Mind and all creation.**

**Then locate yourself in time and space by visualizing yourself as a tiny dot in your own solar plexus, with your body an immense universe all around you.**

**"You are made in the image and likeness of God."**

**Visualize that your own body universe is flowing emotions of the most cosmic divine love, shining forth dark opalescent light.**

**This creates hundreds of thousands of chemical reactions that affect each cell in miraculous ways.**

**Intone the letter J to the musical note of G-sharp to further enliven flowing emotions of love divine, while visualizing dark opal light shining from**

**a tiny sun in the abdomen area seen as a hollow space. Imagine sensations of the element of flowing water with coolness.**

**With the out breath, this radiance passes through the pores of the skin over the diaphragm, and fills whatever your inner guidance directs. With the in breath this divine cosmic love radiance comes in through the pores**

**of the skin over the diaphragm, and fills whatever your inner guidance directs, even the entire inner universe.**

***As with all meditations on the cosmic language, keep the rhythm of the breath natural, and dissolve the opal light in the body when the meditation is over in order to not disturb the natural balance of elements in the body.***

**Next, through the virtue of Cognition brought about by Love Divine, we set into motion further alchemical transmutations into higher consciousness.**

***In each incarnation into physicality we energize the  
perfect divine blueprint of each person  
by using cognition brought about by love divine.***

This is the virtue of umlaut O, eu, of Jonion, which shines with a dark orange light and musical notes of D sharp.

Then, in incarnation, a person learns how to create success and satisfaction for all, by loving the Divine Laws, and becoming one with harmony and justice. This is the virtue of O, which has an ultramarine blue light and musical notes of C.

The purpose of each incarnation, and of growth, are to manifest flowing emotions of Supreme Happiness, which creates cohesion for all, and is both the third and last letter of our name.

Then transmutation into indwelling divine perfection, and justice and harmony, are intensely activated again, the virtues of umlaut O, eu, and O.

Next is I, which is the law of Cause and Effect and Karma. Karma and desires created in previous lifetimes direct the fate that is lived in each incarnation. This virtue awakens memory and conscience, and has the color of light opalescent light and musical notes of G.

***By meditating on these divine virtues, it is possible to  
become one  
with divine consciousness and understand the  
circumstances of incarnation of any being.***

Take for example the case of one infant who is born to an educated aristocratic woman in a lovely house, and another infant born to a poor kindly begger woman on the lonely streets.

In this example, the first soul has the gift of brilliance and eloquence, and the need is education and refinement, so it is born into a life situation where brilliance and eloquence can blossom. Perhaps the child is to become a statesman, diplomat or even a prophet. So, through the divine virtues of Jonion, we provide an incarnation as the child of the aristocratic woman, in which the need for education and refinement will be met.

In the second case, the gift is one of strength and courage, and the need is sympathy and compassion, so the soul is born into a situation where strength and courage are required. Perhaps this child, as the child of the kind, homeless woman, is to be a healer, where the lessons of compassion will be numerous.

***When a souls time upon the earth is over, the lessons that  
have been  
learned, and the love that has been shared, are taken with  
them back into the Invisible Worlds.***

Angels protect the soul with love every step of the way.  
No one is ever left alone.

As it is written:

I have given the angels to watch over you.

Lo, I Am with you always.

***Be loved.  
Nurtured.  
Protected.***

***May you flow with joy.***

***Thank you for being on this planet.***

## MIRACLES

### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

*The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.*

**THE LAW OF ONE**

**We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.**
