The Angels of Connection with the Mercury Sphere

Also known as

The Angels of

Afolono

Beloved,

*Universal Mind inspires cultivation of ever
increasingly beautiful states of Perfection on
Earth.*

***As the original purity of all ideas in Divine Mind
are understood and activated,
imperfections are gladly released for
transformation.***

**Because the children of divine consciousness
need their time free,
along with freedom from lack and stress,
to pursue ever greater enlightenment and
supreme happiness for all,
we inspire amazing inventions and scientific
understanding,
so that the original divine blueprints of heaven
on earth manifest.**

**Anyone involved with any type of
science,
for the purpose of ushering in
Heaven on Earth,
is under our protection and
guidance.**

At this time, Earth enters into an Age of Genius.

**This age has emphasis on scientific and technological
inventions that bring
about perfection of the environment,
along with enlightened lifestyles of abundance,
and ease,
so that there are no distractions from the still
inner voice of guidance,
which promotes true genius,
as a direct inner connection to Divine Being.**

**The planet Mercury emits information from divine mind,
about original ideas of perfection,
that exist in omnipresence and omnipotence in all
creation.**

**The Angels and heavenly hosts of The Mercury Sphere answer prayers
for receiving enlightened awareness.**

These enlightened states inspire releasing attachments to

imperfections.
Release of imperfections in will, thought, emotions and form changes
these into other states
that are the highest good in every way, in being, will, belief, emotions
and sensations.

These changes are determined by cognition that is brought about by
love divine,
and create supreme divine happiness and harmony and justice for all.

Remember that the children of divine consciousness need
their time free, along with
freedom from stress and need, to pursue ever greater
enlightenment and supreme happiness and satisfaction for
all.

Enlightenment and wisdom is the Divine Virtue of letter A,
spoken softly, as in "Ahhhhhhh", of Afolono.

Next this A is pronounced umlaut A, ae, and is the releasing, for
changes into other states, all that is not the highest good of all
concerned.

The legality of harmony in all visible worlds is the divine virtue of the
second letter of our name, the letter F.

Harmony between the 'as above so below' is a natural and legal state of
all worlds,
that range from the most subtle worlds of spirit and fire
through the worlds of air and ideas,
then through the worlds of water and emotions,
to the most dense worlds of material earth and sensations.

*It is law that the lower more dense worlds of emotion and
sensation reflect and are in harmony with the higher*

***worlds of divine intention
and divine enlightenment.***

***All of these together, the original fire, or will, original air,
or enlightenment, and original water, or divine emotions,
manifest as original akasha, or omnipresence,
in earth.***

Cognition brought about by LOVE DIVINE allows a person to understand and know the indwelling divinity in every individual part of creation that is seen. This includes all the elements of fire, air, water, and earth.

Fire, air, water and earth expresses, in that order, as will, thought, emotion and sensations.

Transmutation brought about by seeing through the eyes of love into omnipresent omnipotent omniscient original divine perfection, is the divine virtue of umlaut O, eu, of Afolono.

With this virtue, the perfection of every created thing in the universe is made visible for the purpose of blessing all with justice and harmony, letter O, and vitality and life, letter L.

***By doing this, healing occurs in DNA which allow people to
maintain true spiritual
morality, youth and immortality,
through sustainable emotional harmonics of divine virtues,
of love, harmony and bliss.***

Youth and Immortality is desirable because people become wiser and more knowledgeable with time.

This is one reason why it was written that the last enemy to be overcome is death.

Vitality and Life come from all of the divine virtues taken together, which is the virtue of letter L.

Mercury is the sphere of receiving Wisdom.

As you can see, the beings of the Mercury Sphere open up people to receptivity of the divine truth of creation through cognition brought about by Love Divine.

Intuition and the ability to know the best course of action are then revealed through INNER GUIDANCE, which comes from this receptivity to wisdom.

***We help those on the path of World Service that seek to
invent solutions, including solutions through technology, to
manifest the
splendor and majesty of Divine Life, harmony, and
happiness to all on every level.***

Supreme Happiness is the virtue of letter N of Afolono.

With supreme happiness, solutions to every problem are recognized and revealed.

A key to both high science and Supreme Happiness is a combination of MAXIMUM EFFICIENCY WITH MINIMUM EFFORT, which is a principle upon which creation is founded and sustained, along with The Law of One,

that ordains that **ONLY** the highest good of all concerned happens in being, will, thought, emotions, and sensations.

Receptive wisdom finds paths of **MAXIMUM EFFICIENCY AND MINIMUM EFFORT** and **THE HIGHEST GOOD** in each and every endeavor.

Receptivity to all-pervading wisdom of omnipresent Divine Consciousness guarantees maximum efficiency, minimum effort in the fire element of desire and **WILL**.

This, in turn, guides maximum efficiency, minimum effort in the air element of **THOUGHTS AND IDEAS**.

This, in turn, guides self-perpetuating divine love, harmony and bliss and safe emotional flowing skills, which exemplify maximum efficiency and minimum effort in relationships.

As you can see, in states of receptive wisdom, the Children of Light **CREATE** Heaven on Earth with maximum efficiency and minimum effort.

A beautiful natural environment and freedom of time creates feedback that helps whole brain functioning.

Knowledge transforms into wisdom through inner guidance.

Cognition brought about by **LOVE DIVINE** promotes beautiful emotions of harmony between individual parts, **IN PERFECT WISDOM** through inner guidance, in connection with all others within the unified field of Life, the Web of Life. **THIS COGNITION OF THE DIVINITY OF EACH INDIVIDUAL PART AND THE ONENESS OF ALL PARTS** is the vibrant birthright of all people.

Enlightenment, love, ecstasy and beauty, are fruits of this birthright.

Through Divine Receptive Wisdom the ancient prayer is answered:

Thy Kingdom come, thy will be done, on Earth as it is in Heaven

MIRACLES

A This is the sound of the divine virtue of highest wisdom and enlightenment.

This sound [soft as in a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind. Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed. Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue. On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G, the element is air so it has the sensation of ease, and the lungs are formed from it.

umlaut AThe realization of wishes regarding physical matter is subjected to this virtue.

The sound of this letter, the long A, ae, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation. By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation. With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear. Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure. Here the saying: "to the pure one everything is pure" becomes plain. If there were no negative beings, it would be impossible to distinguish between good and evil; and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: "through night to light", the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the feelings, this virtue represents desires, passions, and the inclination to self-satisfaction etc. A person who masters this virtue in their feelings becomes absolute master and ruler of all desires and passions. Also, a person is able to not cling to mental, emotional, and material virtues and objects. This means complete independence and freedom and fulfills the saying "bind yourself and you will be free".

On the material level this virtue is one of the most materialized. No matter whether you evoke it in the mind, the feelings, the akasha, or the material world, the earth is influenced by it to a larger extent. The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

F The sound of this letter is the divine virtue representing the legality and harmony of all visible worlds in creation in both the microcosm of the human body and the macrocosm.

By using this virtue, a person comes to know legality as the most perfect harmony, and furthermore, to see the operation and the laws of analogy of the macro- and microcosm in their truest form.

In the intellect, this virtue gives complete understanding of the interdependence of will, thought, emotion, and form.

The color of this virtue is light green; it is the earth element so it has the sensation of weight. It has the musical note of F-sharp and the left hand is formed from it.

umlaut O, eu The sound of this letter is the divine virtue that concerns everything analogous to enlivening matter in all levels of will, thought, feeling, and form.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It has to do with enlivening the material plane. It is the miracle worker of all virtues.

Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields. He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental: Evoked in the intellect, the virtue of profound cognition brought

about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level:In the feelings, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her. Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material:When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense. He/she can influence, at will, any oscillation atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired. By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this vibration.

O The sound of letter O is the sound of the initiation into the original principle of divine justice.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements. You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice. You will never be able to condemn anyone unjustly. This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to control emotions is the ability to control the element of water and magnetism, which is the ability to attract. It is also the ability to manifest anything on the physical level.

This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It forms the throat and windpipe.

In the akasha principle of consciousness-penetrating-all this letter represents the highest divine virtues. By meditating on this virtue you perceive how divine virtues work in the various spheres and levels.

On a mental level you understand and identify with divine morality.

On the feeling level you have equilibrium, and have the ability to spiritualize your emotions so that you become one with the divine virtues.

On the material level you have perfect health, beauty, and harmony. You are master of your own vitality.

If you so chose, your body can retain the appearance of youth. With permission from Divine Providence, you can also confer these qualities to another person.

Visualize the divine virtues as dark green shining olive color with a feeling of ease filling all of space, inwardly and outwardly. The Divine Virtues sound like the musical note F, and was used to form the spleen.

umlaut O, eu The sound of this letter is the divine virtue that concerns everything analogous to enlivening matter in all levels of will, thought, feeling, and form.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It has to do with enlivening the material plane. It is the miracle worker of all virtues.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue.

O justice and harmony.

N This sound is the sound of supreme happiness and fulfillment.

The divine purpose of all technology and inventions is to benefit and bless all life with happiness.

On a physical plane, this virtue gives mastery over the principle of cohesion or coherence, gravity and the attractive power of everything material.

This virtue gives control over the mental matrix, which is the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.

The mastery of this virtue reveals to the child of God all the mysteries relating to the mind and the emotions and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

The color is dark red, the musical note is A, it is of the water element of feeling so it has a cool sensation. The liver is formed from

this virtue.

umlaut O, eu The sound of this letter is the divine virtue that concerns everything analogous to enlivening matter in all levels of will, thought, feeling, and form.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It has to do with enlivening the material plane. It is the miracle worker of all virtues.

Ojustice and harmony, success and satisfaction for all.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

**Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .**

I give thanks that this is done.

SO BE IT!
