The Moon Angels of Invincibility

The 21st day of the 28 day Moon Cycle

Also known as

The Moon Angels

of

Etamrezh

Beloved,

After completing the stations of the first 20 days of the 28-Day Moon Cycle,
a child of God is ready to feel invincible,
standing on the rock of self that experiences Oneness with The Divine.

*"With the faith of a grain of mustard seed,
ye shall say to the mountain,
be ye hence removed to the sea,
and it shall be done."*

**Through mastery of cultivating strong emotional euphoric FEELINGS
OF
enthusiasm, faith, gratitude and SUPREME HAPPINESS,
and other divine virtues,
as a general daily attunement,
and beautiful visual images in the imagination,
a person discovers that dangers are NO LONGER ATTRACTED into
existence.**

**Perfect faith and alignment with Divine Will for the highest good of all
attracts beautiful emotions
which in turn attract beautiful realities into manifestation for self
and others.**

*"With faith of a grain of mustard seed, ye shall say to the mountain
"Be ye removed unto the sea" and it shall be done."*

"All that I do ye shall do and more."

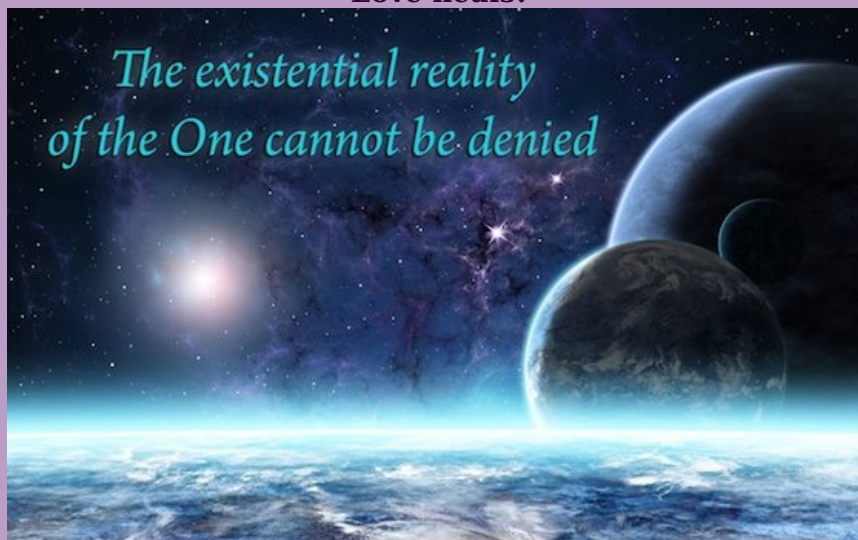

**On the 21st day of every 28-Day Moon Cycle
we flood the feelings of earth with absolute faith and invincibility,
so that only that which is the highest good of all concerned is
attracted into material expression.**

Tangible feelings in the body are precursors of materialization.

**We help the children of light realize that negative feelings
should be healed as quickly as possible,
and never acted out destructively to self, others, or creation,
as this would cause more pain and more negative feelings.**

Negative feelings are caused by the lack of love.

Love heals.

**We awaken awareness of the danger of negative feelings themselves,
and how these very feelings attract what is not desired
unless they are healed through love.**

**We awaken divine cosmic feelings of gratitude and love,
so that any potential danger is greatly transformed
by their power.**

Many times we inspire ancient memories of previous lifetimes

that intuitively provide wonderful feelings of omnipotent faith,
wisdom, and unity with all.

By combining **STRONGLY EMOTIONAL** meditation of divine virtues, and
with
evocation of our assistance,
a child of God 'becomes strong and resistant against any visible and
invisible enemy,
against any kind of influence by elements.

He or she becomes magically taboo.

No person on earth is able to assail or do harm to a child of God who
enjoys, and works under,
the protection and guidance of the Moon Angels of Etarezh.'

' A person is safe from any persecution or magical assault.

He or she can endure the greatest possible heat, of going through the
greatest fire, without a single hair being burned.

By following special methods revealed by us, a person can make their
body as hard as a diamond...they become masters over life and death.'

These skills are second nature when strong emotional meditation on the
divine virtues has been made a natural part of the psyche.

Here are some suggestions for this initiation:

Practice meditating on **FEELINGS** and emotions of faith, omnipotence,
OF
INVINCIBILITY.

Meditate on oneness with all, and on flowing emotions of the divine
love that overcomes all separation.

Do this frequently so that if an emergency ever comes up, you can immediately snap into these feelings of infinite power and love with great power and focus.

The feeling of invincibility is acquired in great depth by identifying with the divine virtues in the ancient language.

Each time you meditate on any of the letters, pay particular attention to the FEELINGS and emotions of THE VIRTUE they represent.

**For instance, if you are meditating on the letter A, which is the divine virtue of wisdom and enlightenment:
after attuning to the intent of divine wisdom and grasping the intellectual meaning of enlightenment and the purity of all original ideas,
then flow with emotions of and FEEL at one with ELOQUENCE AND POETIC
AND MUSICAL TALENT flowing through you with ease.**

These come naturally from identification with wisdom and enlightenment.

FEEL sensations of LIGHTNESS, so that you feel as if you can levitate. This is the feeling of the air element. Air is the element of wisdom and enlightenment.

FEEL CLAIRAUDIENCE AND CLAIRVOYANCE, which are attracted through feelings of wisdom and enlightenment.

In addition to this, imagine the light blue color and the sensation of ease and hear the note of G.

The human brain is designed to do this, and it is in doing this that whole brain thinking is strengthened.

The stronger and longer that YOU FEEL divine virtues, the better.

The key is flowing with FEELINGS so strongly that the feeling of the divine virtue supplants all other feelings.

The feeling of divine virtues should be so strong, that you are not aware of feeling anything else.

When you come to the point that you can "snap" into THE FEELING of each of the divine virtues in this way, you are on your way to fulfilling the initiation of invincibility.

By controlling feelings, you control change and the resultant manifestations on the physical plane.

FEELINGS and emotions are magnetic.

FEELINGS attract into physical situations whatever qualities they are emitting.

This is the source and cause of miracles on the physical plane.

As has been demonstrated by spiritual masters throughout time and history, the physical body reacts INSTANTLY to strong coherent feelings.

The experience of fire walking is one of the better known examples of this.

We guide you to the correct DIVINE VIRTUES to feel in any situation.

In this way, as you will see through experience, invincibility is manifested in your life.

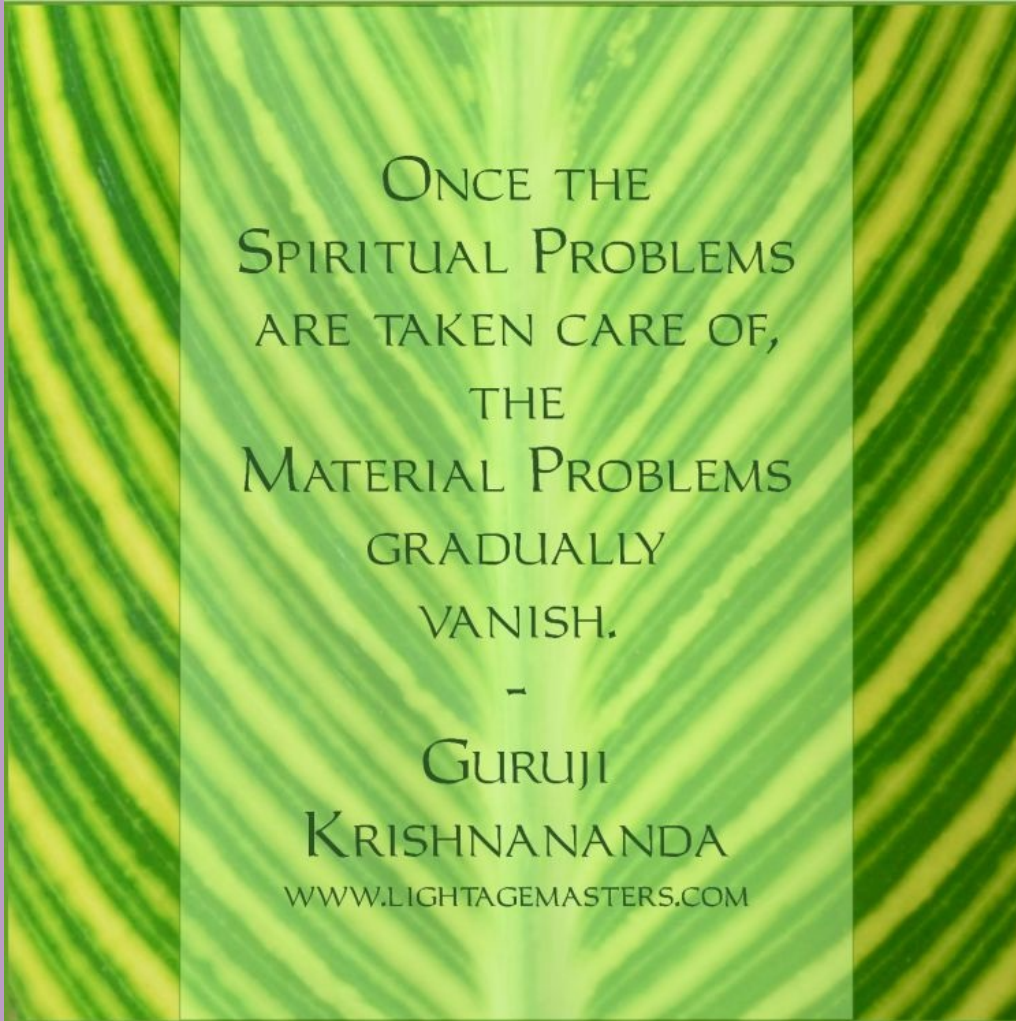

We inspire you to meditate on feelings of SUPREME HAPPINESS, the letter N.

This virtue of SUPREME HAPPINESS is of the water element, so FEEL HAPPINESS AND SENSE REFRESHING COOLNESS, visualize a deep red color coming from the liver, hear the musical note of A, and flow with feelings of the drive for self-preservation and absolute freedom and independence.

The FEELINGS of this divine virtue give you absolute command over all beings upon or around the earth.

"For I have not given you the spirit of fear, but of joy, and life everlasting."

The physical body is divine and knows how to protect itself.

This requires clear visual images in the inner imagination of safety, and clear flowing tangible feelings of being safe.

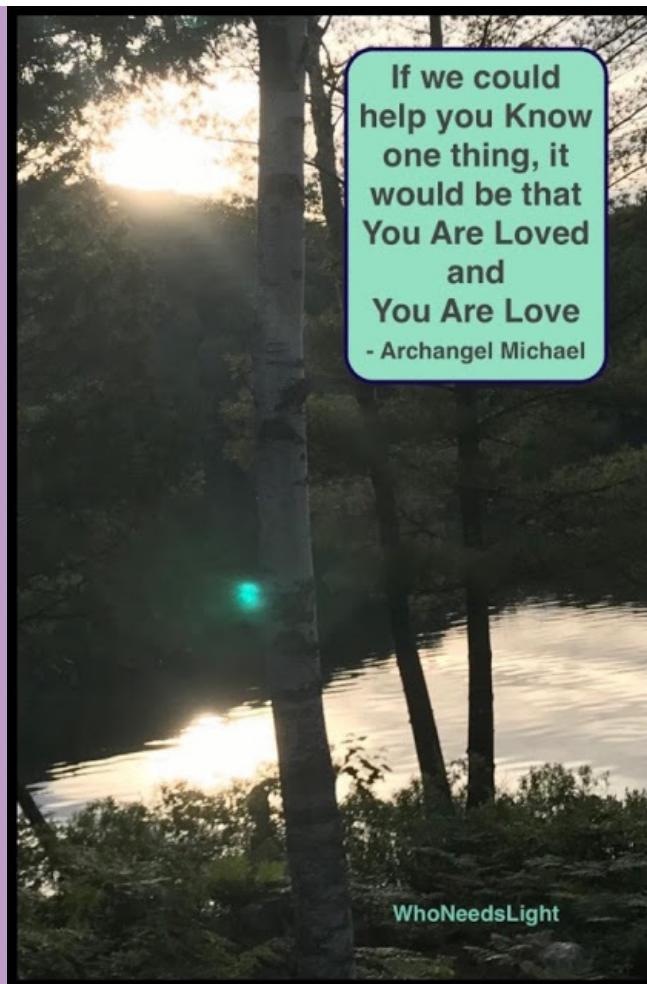

By supplying this information, the body knows how to walk on water, to be impermeable to fire, to be impermeable to puncture, and to protect itself in any and all situations.

All it needs is the VISUALIZATION AND FEELINGS that it is invincible, in order to do this.

Filled with THE FEELINGS OF SUPREME HAPPINESS, the physical body does whatever it has to do to protect itself so that this feeling is maintained.

It does so effortlessly, just as it breathes, pumps blood, and performs all other bodily functions.

REMEMBER THAT THE PHYSICAL BODY IS MADE IN THE IMAGE AND LIKENESS OF GOD.

If we could
help you Know
one thing, it
would be that
You Are Loved
and
You Are Love
- Archangel Michael

WhoNeedsLight

It has all of the attributes and abilities of God.

"All that I do, ye shall do and more."

**"As above, so below."*

"Love conquers all."

**Never knowingly put yourself in harm's way unless strongly guided by
inner guidance on the path of service.**

Use these abilities when danger is present.

**By cultivating strong emotional euphoric FEELINGS OF SUPREME
HAPPINESS
as a general daily attunement,
dangers are NOT ATTRACTED to you.**

**"With the faith of a grain of mustard seed, ye shall say to the mountain
"Be ye removed unto the sea and it shall be done."**

"All that I do ye shall do and more."

**On the 21st day of every 28-Day Moon Cycle we flood the feelings of
earth with invincibility,
so that only that which is the highest good of all concerned is
attracted into material expression.**

**After completing the stations of the first 20 days of the 28-Day Moon
Cycle, a child of God is ready to feel invincible,
standing on the rock of Oneness with The Divine.**
