The Angels of Cognition

Also known as

The Angels
of

Kogid

Beloved,

*We control the learning of each person according to his/her
degree of maturity
and provide him/her with the necessary enlightenment on
the path to cognition.*

**We entrust those who seek our help with the methods that
lead to enlightenment and omniscience.**

**We are the guardian angels of all students of spiritual
knowledge,
especially of those dealing with Inana-Yoga,
the Yoga of genuine cognition.**

Divine Cognition manifests Heaven on Earth with ease.

**TRUE COGNITION is experienced in meditation on pure
being,
it occurs with the experience and realization of ONENESS
with all there is.**

The experience of UNITY WITH ALL BEING is experienced naturally each night in deep delta brainwave states of dreamless sleep.

It is also the dominant brainwave state of infants.

Ask your cellular memory to let you re-experience this state.

In this state, the emotional and physical bodies heal themselves.

**This true cognition of oneness with all can be experienced in the waking state as well,
and when this happens, it awakens clear divine faith.**

UNCONDITIONAL LOVE, Omniscience, Omnipotence and OMNIPRESENCE are COMPREHENDED.

It is seen that DIVINE BEING EXPRESSES ITSELF in EVERYTHING that is created.

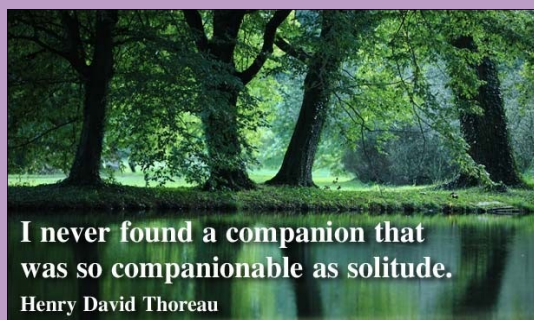

We guide on the most powerful path to genuine cognition.

The original pure and perfect DIVINE BLUEPRINT of everything, and the understanding of spiritual LOVE out picturing itself in everything, are BOTH celebrated in clear recognition.

This brings about such grace and mercy that words cannot describe the glory thereof.

SUPREME FAITH, an expression of OMNIPOTENCE, is the divine virtue of letter K of Kogid.

With this virtue a person works direct miracles on self and others on the inner and outer worlds.

This virtue shines silvery blue with sensations of warmth and expansion. Omnipotence is a virtue of the fire element of WILL with musical notes of B. The left ear is formed from it.

Cognition brought about by love divine is the divine virtue of letter umlaut O, eu.

This type of cognition sees divine being in everything, thereby AWAKENING and enlivening indwelling Divine blueprints of PERFECTION within self, anything or anyone.

This virtue shines with deep orange light and sensations of earth penetrating everything.

This is a virtue of etheric earth, activating the dark energy of quantum physics that is 14 times more powerful than all energy in creation taken together. It activates this energy to manifest in physical reality the original Divine Blueprints.

It's musical note is D sharp. The ovaries and testicles are formed from it.

>From this justice and harmony brings success and satisfaction to all concerned.

This is the ultramarine blue virtue of O.

Grace and Mercy are the divine virtue of letter G.

With this virtue, a Child of Light flows with flowing emotions of TRUE DIVINE BLESSING.

These emotions are magnetic, attracting beauty into form on every level.

Meditating on this virtue, a Child of Light gains the ability to manifest spontaneous remission of any imperfection, and manifest abundance and peacefulness of the spirit.

This virtue shines with emerald green light and sensations of coolness, since it is a virtue of the alpha brainwave water element of FLOWING EMOTIONS. It has the musical note of F, and the left eye is formed from it.

Cause and Effect, the Karma Law, is the virtue of letter I of Kogid.

A Child of Light masters this virtue and enlivens conscience, remembrance, and memory in self and others.

Mastering Cause and Effect enables a person to master karma and create Heaven on Earth through the use of divine will, thoughts, emotions, and sensations in each and every situation.

This virtue shines with light opalescent light and sensations of weight, since it is a virtue of the earth element of Beta brainwaves, of the five senses, memory and logic. The left kidney is formed from it.

The mysteries of creation are the divine virtue of letter D.

With this virtue a Child of Light masters divine love for the purpose of creating new realities.

This virtue shines with dark blue light and sensations of warmth and expansion. It is a virtue of the fire element of Will, of Delta brainwaves of pure being and unity with Divine Being and all creation. Its musical notes are C and the right ear is formed from it.

We inspire people to make use of the dreamtime in the heart in addition to conscious meditation in waking states.

It is good to become aware of emotional states that need to be healed.

Sometimes these are revealed in dreams. Learn to radiate unconditional love to these states. Divine Consciousness and divine emotions and the heavenly hosts can be summoned during dream time.

Ask and you shall receive.

During sleep, in this way, initial new awareness and healing are imprinted on subtle energy bodies in the Delta and Theta brainwave states of pure being and deep inward thoughts. Flowing emotions of Alpha brainwaves heal and become beautiful.

By remembering dreams and meditating on them, and healing with flowing divine love, new heightened awareness and bliss awaken in all levels, especially Alpha emotional states and Beta brainwave states of physical manifestation.

Feel free to invite the heavenly hosts to help expedite enlightenment in self and others.

It can often be helpful to ask them to guide, teach, heal, cleanse, initiate, perform ceremonies, or intervene in whatever way that furthers advancement with maximum efficiency and minimum effort for the highest good of all.

Ask for guidance to information from teachers, books, and other sources.

In asking for assistance from the heavenly hosts, ask for true divine blessings to heal karmic blocks to enlightenment.

Monitor progress on the path to spiritual knowledge, and if you feel that you want faster and deeper progress for the purpose of World Service, request that your progress be accelerated.

We are all One in the flowing Infinite Love of Divine Being.

MIRACLES

The Divine Virtues contained in the letters of our name in the ancient language are the key to highest cognition.

K

The/ /sound of this letter is the sound of the virtue of omnipotence, the highest power imaginable.

To those who master this virtue, omnipotence reveals itself as the all embracing power by which a person works direct miracles in the microcosm

as well as the macrocosm, which means within their own body temple and in the outer universe.

This virtue is manifested in the Akasha-principle, which is the principle of consciousness-penetrating-all, as the highest and purest light.

In the mind, this virtue corresponds to the manifestation of faith.

Anyone who is able to evoke this virtue on a mental level will achieve, as its result, a state of manifestation in which any idea, any wish, will at once become reality in whichever plane it is desired: spiritual, mental, emotional, or physical.

In the emotions, this virtue creates courage with all its aspects, such as endurance and toughness. Anyone who is able to summon up great courage within him/herself and in other people is able to overcome and remove any emotion of fear within himself or in his brothers and sisters.

This virtue also strengthens the instinct of self-preservation, perserverance, and patience.

On the physical level this virtue gives the faculty of becoming absolute master of all terrestrial treasures.

O

The sound of this letter is the sound of Divine Justice and Harmony.

In the principle of consciousness-penetrating-all, this virtue is adherence to legality, and appreciation and recognition of the divine laws.

Anyone mastering this virtue by evoking it and identifying with it eventually attains divine justice.

Such a person will never do anything unjust and will never slip, for they are completely filled with the legality of Divine Providence, with an absolute sense of justice.

In the mind this virtue gives expression to the absolute legality of harmony in all levels of spirit, mind, feeling, and form.

It also gives control over fate. By the mastery of Divine Justice, one attains a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of Justice.

At this point a person will never condemn anyone unjustly.

In the emotions, this virtue evokes absolute emotional contentment and poise and bestows the power to evoke whatever emotional energy is desired. This will have its effect on the principle of consciousness-penetrating-all, and in the will, the mind, the emotions, and form.

Since at this point a person has become incarnated Justice himself, he will never want to bring about unfavorable situations in any level without a strict order by Divine Providence.

Fate has no influence on the person who has developed this impeccability and accountability to Divine Providence.

This virtue gives a sense of satisfaction, absolute security, infallibility and unimpeachability.

In the material world the virtue of Divine Justice will evoke situations which bring about absolute success and happiness in every respect.

Because of the virtue of justice, one learns to understand, and eventually control completely, the working and functioning of the masculine-will-visualization-thought and feminine-emotional-sensation energies in the human body and in the material world in their relation to higher consciousness and higher spheres.

Endowed with this ability, a person can become perfect master of astrophysics and metaphysics.

[color: ultramarine blue, element: earth-heaviness, musical note: C, heals: throat and windpipe.]

umlaut O, eu The sound of this letter is the divine virtue that concerns everything analogous to enlivening matter in all levels of will,

thought, emotion, and form.

umlaut O, eu, when toned to the musical note of D-sharp, is COGNITION brought about by Love Divine. It has to do with enlivening the material plane. It is the miracle worker of all virtues.

Akasha:In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine.

By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields. He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.

I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.

Mental:Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.

Astral/ emotional level:In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her. Apart from this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.

Material:When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosophers stone in the physical sense. He/she can influence, at will, any oscillationatomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired. By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible.

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything. The ovaries and testicles are formed from this virtue.

G

In the principle of consciousness-penetrating-all, this is the virtue of Divine Grace and Mercy with all of its profundity.

In the mind this virtue gives divine peace in the spirit, the experience of peacefulness and the blessing by Divine Providence.

Mastering this virtue gives the absolute faculty of bestowing true Divine Blessings.

In the emotions there is great happiness and complete satisfaction.

Likewise, when mastering this virtue, situations may be created by means of the elements and the masculine-feminine energies causing happiness, success and wealth in the material world for oneself or others.

[Color: deep grass green, musical note: F, element water-chill, heals: left eye]

I

The sound of this letter is the sound of the divine virtue of cause and effect.

In the Akasha principle, or the principle of consciousness-penetrating-all, this is the virtue of Fate and Karma.

All doings and all actions, all life, come under this law. The law of the evolution of everything that has been created is expressed by this virtue. At the same time, Divine Providence in the most subtle form is manifested in this virtue. In the alphabet the letter "I" is the tenth letter and number ten represents the one as its highest form.

In the mind this virtue creates memory, remembrance and conscience. By mastering Cause and Effect, one is able to enliven everything and

master it.

At the same time, he achieves the spiritual ability to evoke any remembrance in his memory or the memory of someone else and to sharpen the conscience of another whenever it is permitted by Divine Providence.

In the emotions this virtue controls the very act of emotion itself and therefore controls the life force and the act of breathing. Perfect control of the Virtue of Cause and Effect brings the ability to restore life and breath to the dead.

On the material plane this virtue corresponds to all laws of analogies between the micro-and the macrocosm, the above and the below, the inward and the outward. Everything that has shape, measure, number and weight has been created by the help of this virtue of Cause and

Effect. Once this virtue is mastered, the greatest miracles in the material world can be caused by using the respective analogies to shape, measure, number and weight, which are the chief components of the material world.

Besides mastering these, a person may become a perfect metaphysician and to comprehend all laws presently still unknown and to apply them in all fields.

[Color:light opal, musical note: G, element earth-weight, heals: left kidney.]

D

In the principle of consciousness-penetrating-all, this letter and its sound represents the Virtue of Creation.

All mysteries and laws of creation and all knowledge is obtained by mastering this virtue.

Since the micro-and the macrocosms fall within the scope of the same laws, the person mastering this virtue will master and obtain the profoundest wisdom with regard to creation and all its analogies.

In the mind full mastery and understanding of consciousness and ego is obtained. The profoundest wisdom of the spirit in all phases and elemental analogies of ego is realized.

In the emotions, eroticism is understood and mastered. The methods and magic of love and of sex in all aspects of the four levels of spirit, mind, emotion, and form are mastered and therefore one becomes a perfect master of love in all its phases.

In the material world this virtue of Creation controls everything relating to fertility. A whole book could be filled with the practical applications of this. A seed may be fertilized and implanted with the virtues and qualities desired. All progenitive acts and everything that is given life by procreation are governed by this virtue.

[Color:dark blue, musical note C, element fire-warmth, heals: right ear.]

Miracles!

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon. Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies. The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Please feel free to share these messages with others.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are healed.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!
