The Angels of Earth Ray Location

Also known as

The Angels of

Garses

Beloved,

We are companion angels to the Angels of Pormatho, 8 degrees Capricorn.

We also control rays of energy emanating from the earth.

Just as a small infant will place its head upon the heart of the mother for comfort and bonding, so will an animal or human locate certain places upon the earth for healing and strengthening.

There are earth rays of every conceivable sort for every purpose.

We help people find healing earth rays through the use of divining rods, pendulums and other aids without the use of complicated measuring instruments.

The earth is a living organism and is analogous to a human body.

As above, so below.

Different areas of earth, like different areas of a human body, emit different energies and relate to different meridians and functions.

On any given landscape, there are spots that are conducive to resting and others that encourage activity.

Some areas emit energy that automatically create trance, which is useful for meditation, and other areas absorb negative energy and are useful for cleansing and releasing.

There are many earth rays that do many things.

Trees act as antennas and transmitters for earth rays, at the same time that they also embody different energies in and of themselves.

A cedar tree, for instance, is good for purification while a white oak tree offers strength.

Suppose a cedar tree is located on a piece of healing ground.

This is a good place to purify and heal at the same time.

**Animals also intensify the energy of earth rays,
and the different types of animals modify the earth's energies in their
own unique ways.**

This science has been inspired to humankind from the prime beginning.

**It is only in certain civilizations that this information has been
forgotten.**

***Some plots of ground are energized by structures
built upon them of certain shapes and proportions.***

**Other areas of ground must be left strictly alone,
to develop naturally according to elemental intelligence.**

**Still others are perfect for a combination of human and elemental
effort,
hence gardens of all kinds.**

***Mankind is being inspired by us and the heavenly host of
Pormatho
to remove buildings, roads, or other structures that are
poorly located according to earth rays.***

***Structures should be positioned appropriately
and have the right dimensions and shape to magnify the
land properly.***

***These things were revealed to ancient peoples,
and are being revealed again in the current cycles and
rhythms of life.***

**Wherever our directions were followed,
their temples and structures created beautiful healing energies.**

**With the Angels of Basanola who are the heavenly hosts of vegetation,
and with the angels of architecture,
the angels of color and form,
the angels of mathematics,
and many others;
buildings, bridges and roads of such beauty and natural harmony
that words cannot describe
are built with the understanding of the nature of earth rays.**

Their positioning and forms are astonishingly magical.

Such joy is created when Earth mirrors Heaven accurately and clearly.

**Sometimes people are guided to live in beautiful caverns under the earth,
or in trees, etc., so that much of the surface land remains in a natural state
when earth rays there are of certain frequencies.**

**Those who live upon the land carefully follow inner guidance
to enhance the rays of the land with individually unique and proper structures.**

**As the ancient truth of the divine perfection of creation is allowed to manifest,
emotions of grace and mercy will bring about spontaneous remission of every kind of stress.**

"And the last enemy to be overcome is death."

Miracles!

Note:

***The Law of One works no matter how wounded we are when we invoke it,
so do not worry if it takes quite a while to feel the Divine Love
that is the essence of your true being.***

*I had this problem with feelings in the past,
my heart had been shut down by too much trauma,
ongoing years and years of it.*

*The messages about life from my society did not create joy,
rather these values and beliefs created double binds.*

*At the point when I realized that my heart felt closed,
I was alarmed and set about finding a remedy.*

*What helped is two things:
one: I remembered loving from my heart.*

*I had to search, but I found it most easily in the memory of loving
faithful relationships
with kittens and cats that I had had as a child.*

*Once I remembered the feelings of an open heart flowing with love,
I meditated on these feelings and expanded them,
calling on the heavenly hosts and Christ and Divine Consciousness to
help expand them.*

That was the second thing, asking for help in opening my heart.

*As my heart opened,
all of the pain there opened too and I had to feel through the painful
feelings
which took a lot of courage,
immense courage,
because some of the feelings felt like they would kill me if I dared to
feel them.*

*They didn't kill me of course,
they actually passed right on through rather quickly,
but they did bring up painful memories that were hard to face.*

*Some of these memories were so frightening and confusing to
remember
that they too made me feel as if I would die if I remembered them,
but I made myself remember and feel and remember and feel,
using eye movement
[moving the eyes back and forth, left to right to left to right, over and
over again,
fast or slow, like the eyes do naturally in dreaming]
and other emotional healing techniques at the same time,
and it was amazing how easily they changed for the better.*

*As I went through old painful memories,
I was able to see this time what I had missed the first time.*

*I was able to see how these painful experiences had taught me
so much about what matters and what does not matter in life.*

*I realized that by going through the emotional suffering that had been
in my path,
as a little child,
how important love is,
more important than money,
more important than status.*

*I had to remember a lot of my life,
it took months to do it,
but all of this had to be done to reclaim my trust and innocence of
heart.*

Now I could look back and be thankful for everything that life had

taught me.

Just dive in and go into your heart center.

*Ask it what it needs to open.
Ask it what happened to make it close up.*

*Listen with thankfulness for what was learned and with empathy.
Flow.*

*We are doing this for everybody,
it's the "100th monkey effect".*

One when is helped all are helped.

*There are a lot of people out there who have closed up hearts...
those of us who are healing our hearts
and returning to trust and innocence
are making a pathway that will make it easier for them to follow .*

*Feelings change when they are accepted.
That's it.
Acceptance.
Not approval, just being accepted.*

Try it.

The worse the feeling, the quicker it heals with acceptance.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity. Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies. The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Please feel free to share these with others.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

**We are all one
. When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that **ONLY THE HIGHEST GOOD OF ALL CONCERNED** happen .
I give thanks that this is done.**

SO BE IT!
