The Angels of Crystals and Stones

Also known as

The Angels of

Amia

Beloved,

*We are entrusted by Divine Providence to control all crystallization on
and under the surface of the earth.*

All kings of gnomes and their subordinates are ruled by us.

Minerals are holders of energy.

Minerals function as libraries and storehouses of information and power.

Different minerals retain different sorts of information and power.

We allow those who are spiritually mature to penetrate much further into the facts and effects of crystallization.

We show those who should know where crystals, rock crystals, and various kinds of salt, precious stones and semi-precious stones are to be found.

To those who are mature enough to work miracles concerning precious and semi-precious stones, we teach the way to turn crystalline compounds into precious and semi-precious stones in the alchemical manner.

There are specific minerals that correspond to the five planes of energy; the Akashic [consciousness-penetrating-all], the will, the mind, the emotions, and the physical.

***The akashic minerals are the ores.
Copper, lead, silver, gold, brass,
etc. function as holders of catalytic and
transformational energy.
They are the blood of earth.***

The holders of spiritual, or will, energy are quartz crystals.

**They amplify and store intentions and will power.
They are the brain of the planet earth.**

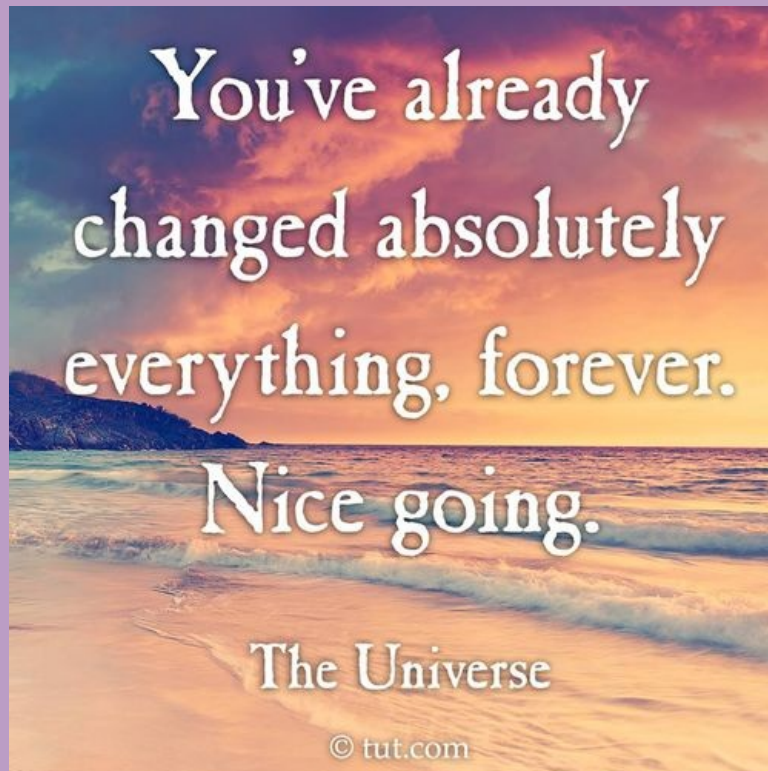

*The holders of wisdom or mind energy are semi-precious
and precious gemstones.
They store information.
They are the internal organs of the earth.*

**The holders of emotional energy are sands.
They store the power to heal the emotions.
They are the skin of the earth.**

*The holders of physical energy are regular rocks and
stones.*

They store all the energies of a place.

They are the muscles and bones of the earth.

**When you desire to access the energy stored in
minerals,
go within to the receptive silence within, and ask.**

**In this way vast amounts of startling and precise information and
power become available to flow into your minds eye,
which is your imagination, and wonderful feelings and sensations**

awaken within.

In any place, pick up a stone, and through meditation access energetic information going back through the ages concerning everything that has happened in that place.

This information is so vast, that we recommend making specific limited requests as you would do in any library or storehouse.

One of the best things to do, however, is to hold a stone and ask that whatever information that is for the highest good of all concerned to come clearly into your awareness.

If asking specific questions, questions about a place can concern history, healing properties, visible and invisible life forms, purpose, needs, etc. etc..

These groups can be broken into subgroups.

If asking about history, it is possible to see in the mind's eye a video-like presentation in real time or fast forwarding that covers eons or just a few centuries, years, or days.

The more specific the question the more specific the information.

In asking about life forms, it is possible to see and/or feel physical life forms in the present, or at any time in the past.

If information about angelic or elemental life forms is desired, asking that specific question allows the intuitive right brain to download the images and feelings of whatever invisible intelligences are in the area, either past, present, or future, depending on the question.

This information is accessed through feelings and in the visual part of the brain, which is the part of the brain that records visual images that come through the optic nerve as well as the images of daydreams, dreams, and visualizations.

For this reason, it is advisable to close your eyes and touch the stone, although this is not absolutely necessary, just easier. Go into the void, the silence, the feminine receptive place of Delta and Alpha brainwaves, which is the right brain.

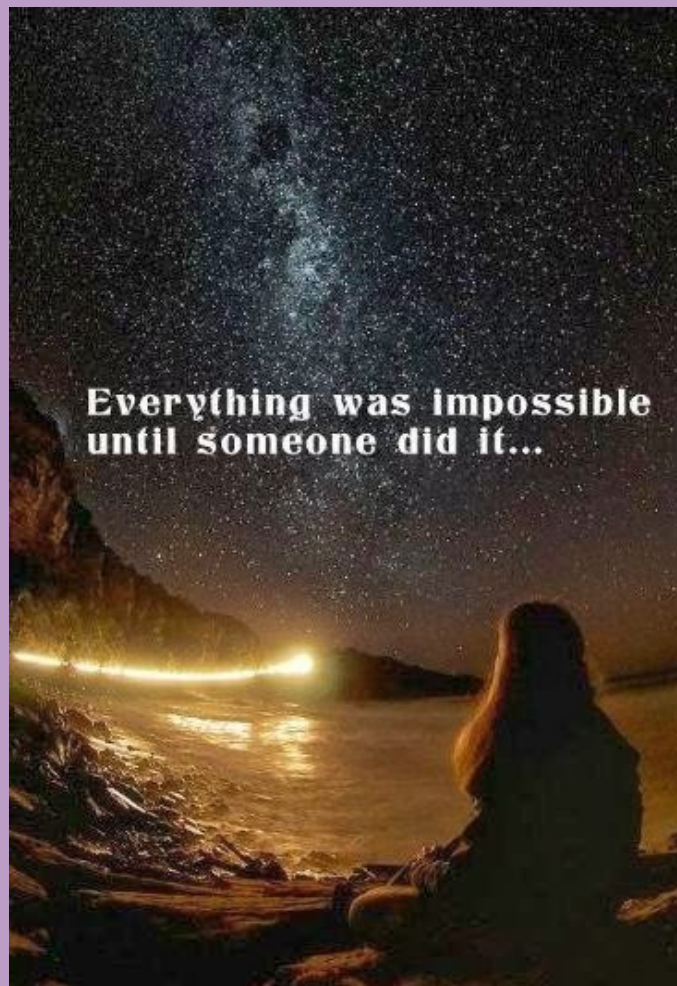

Then ask to receive the information that you seek from the stone, gem, crystal, sand, or ore. Depending on the type of mineral being touched, images, sensations, information, feelings, and transformative energies stream into your consciousness.

By cross-referencing information obtained in this way with information obtained in an objective left brain way, accuracy of mineral libraries are verified.

Aboriginals, healers, shamen, priests, kings, and sensitives etc. have used the energy stored in mineral libraries and storehouses in this way since the prime beginning.

They have become acquainted with the kingdom of gnomes who serve Divine Providence as intelligences that administer the mineral kingdoms on earth.

By working with the gnomes, anything is possible concerning matter.

***The gnomes feel joyous whenever people relate in love
to them
and access libraries of information and power stored in
minerals.***

**This is one way that the true splendor of the stories and healing
properties of Earth become known.**

***When the truth is revealed, the children of light join with the
gnomes and other kingdoms of nature and the heavenly hosts
to sing praises for the greatness and glory that Divine Providence
has manifested through Creation through the eons.***

"On Earth as it is in Heaven."

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardons last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are healed.

Therefore, in the name of who I AM, and I am one with all there is; I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!
