The Angels of Acoustics

Also known as

The Angels of

Rosora

Beloved,

Imagine the world filled with celestial music,
for soon many will hear the music of Heaven playing everywhere.

We are the masters of acoustics in the physical world.

We have inspired acoustic communication over far distances,
starting from the drums of early peoples
up to the modern telephone, radio, satellites,
and other inventions in this field today.

By attuning to the divine virtue of wisdom and enlightenment in
Alpha brainwave states,
which is awareness of flowing feelings and emotion,
both within self and others,
we show you how everything to which you direct your attention
can even be heard over the greatest distances by clairaudience.

**In addition to receiving sound,
we show you how acoustic vibration can be transmitted,
how spoken words, sentences, etc., can be intensified acoustically
and materialized over distances.**

**If a person reaches a certain degree of perfection in this,
he can materialize sound so that even untrained people can hear
distantly transmitted spoken words with their physical ears.**

**Small children who are flowing with powerful divine emotions
often hear beautiful music when walking undisturbed in the woods,
or playing alone in sunlight,
or they see and hear an invisible companions.**

**Many times Divine Providence directs us to permeate the energy
field of the Children of Light
with flowing emotions and FEELINGS of Divine Harmony, Love, and
Power.**

**This makes it possible for them to hear the beautiful music of the
spheres.**

**This music entrains consciousness with Divine Being in times of
transformation.**

**Imagine ecstatic music continually strengthening, harmonizing, and
uplifting you in will, thought, emotions, and sensations.**

**And imagine "feeling and thinking" to an ancestor or a distant loved
one
and actually hearing them feel and think back, and seeing them
too!**

Imagine singing and dancing with angels.

Imagine.

**Every culture has stories of people hearing very important messages
out of thin air.**

We make sure that this happens when it is important for the highest good of all.

Each individualized being is a spark of Divine Being. Each person is a universe expressing unique divine qualities of spirit-soul, of will-emotions.

The fabric of The One Being is made up of all universes woven together as The Web of Life, The Cosmic Ocean of Love.

This is the same in a human body, where each cell is unique unto itself, but at the same time is part of the whole, floating in seas of water and vast space.

Over 95% of matter, including water, is space.

As above, so below.

Water is emotion.

By flowing with divine feelings, water itself takes on miraculous healing qualities.

The water in the body becomes divinely life giving and miracles happen.

The abilities to master paradox, to master each polarity as a single continuum and in so doing learn to master will and emotions, to be a separate individual and be One with All at the same time, come naturally from enlightenment.

This is the experience of being all, of experiencing with mastery all polarities with unconditional love and understanding.

Be will/emotion, male/female, positive/negative, outward/inward, up/down, receiver/giver, fire/water, electric/magnetic, micro-macrocosm, etc., all at the same time.

Remember that the brain has two opposite hemispheres.

Every mystical skill depends on abilities to hold split attention.

This is what is meant by, "I am in this world but not of it." and "I and the Father are One." and "The Middle Path of Buddha" and "The Razors Edge" and "The Crack Between the Worlds" and "Yea, yea. Nay, nay. More than this there is nothing" and "God's love shines equally on the good and the bad alike".

This unity of polarity in love and will is often referred to as the Fifth Dimension.

This is putting equal attention on singularity and unity AT THE SAME TIME.

This is what happens in the Tibetan Exercise of Paradox.

Masters of Paradox learn to love without limit, for they know that love transforms all that it touches, and that everything is a part of themselves.

Cognition brought about by Love Divine is the virtue of umlaut O, eu.

This brings about justice and harmony, for justice is harmony and harmony is justice. The is the virtue of O.

Encompassing polarities and all continuums at the same time with unconditional love is a skill of whole brain awareness and allows one to follow in the footsteps of the masters.

In understanding acoustics, one must understand flowing and emotions, how to heal emotions and spiritualize them.

The paradigm of selfhood shifts from being an isolated island to being at one with the vast sea of consciousness as a unified whole and a unified field.

Each sound creates different patterns of ripples on the emotional seas of life energy.

Beautiful sound creates beautiful patterns.

In the state of Heaven on Earth, emotion and sounds are harmonious and follow rhythms that are dictated by inner guidance in each moment.

They are transmuted through cognition brought about by Love Divine, umlaut O, eu, and they produce justice and harmony.

Divine harmony and justice is the virtue of letter O.

By following inner guidance, and thereby uniting individual will with

**Omnipotent Divine Will for the highest good of all,
POWERS to awaken divine feelings in others are attained.**

**Inner guidance is the letter R and all-penetrating-Divine-Will is the
letter S.**

**Because the person to whom you are sending sound is part of the
same fabric of energy,
The Unified Field, and are actually one with you,
vibrations of energy reach them, just as ripples on a pond cover the
entire surface from one pebble thrown.**

**Vibrations are "heard" in the same part of the brain that processes
emotion and sound.
To the extent that you will, think, feel, and sense your emotions and
your oneness with the person receiving it,
the feelings and corresponding words get through.
They may experience it as an audible sensation, as in hearing
thoughts and sensing feelings within.**

**The key is mastering Alpha, or emotional, flowing, brain wave
states.**

**This is the frequency range, approximately 5 to 12 oscillations per
second,
in which emotions and clairaudience are experienced naturally.**

**By perfecting feeling states of unity with The Web of Life,
and especially unity with a particular person, a distant person can
hear and
feel the feelings that you send, translated into corresponding
words.**

**Remember that you are sending THROUGH FLOWING
HARMONIOUS FEELINGS.**

**These feelings are translated by the receivers mind into appropriate
thoughts within.**

**If a persons feeling awareness is numbed out through unresolved
emotional pain from the past, emotional aliveness can be restored
by becoming aware of subconscious wounded emotions and letting
them flow
and change in safe and non-destructive ways over time.**

Loving all emotions, especially wounded ones, instead of fearing, fighting, denying, or by-passing them, transforms them in the quickest amount of time as they are allowed to flow.

A key to emotional healing is to enjoy good emotions when they are present, but to quickly embrace wounded ones when negative circumstances of life bring them up.

Embrace times of being upset instead of resisting them or acting them out in destructive manners.

Allow whatever feelings that arise to flow in an atmosphere of unconditional all encompassing love.

Because emotions are the water element, they naturally heal by flowing freely in a safe way, especially when they are loved, and in so doing, they reveal precious treasures of wisdom concerning the circumstances of their origin.

These treasures of wisdom result in spiritual maturity.

Sound and music entrain emotions, for they are of the water element.

Sound and music are a language of emotion. As the emotions of the Children of Light attune to Divine Virtues, words and music become ever more beautiful.

Divine emotions are carried on beautiful sounds.

Sounds carrying emotions have powerful affects on DNA and the quantum field.

Emotions and their sounds are magnetic and attract new realities into form.

As emotions and words and music reflect Omnipotent Divine Will for the highest good of all concerned with unconditional all encompassing love, Earth appears as Heaven.

Therefore, as you can see, a person who is flowing with beautiful emotions has a pleasing voice that creates beautiful sounds.

By attuning to the original purity of all ideas in Divine Mind, artistic and musical talents and mystical faculties such as clairaudience are gained.

This is the divine virtue of Wisdom and Enlightenment, the virtue of letter A.

Wisdom is the offspring of Divine Will for the highest good of all concerned and unconditional all encompassing Love.

Divine Will is the masculine element of Fire, and Divine Love is the feminine element of water.

By attuning individual will to Divine Will for the highest good of all concerned, and attuning individual emotions to unconditional all encompassing love, Divine Wisdom is gained in each and every moment, through inner

guidance.

**Then, imperfections are easily recognized and released back to
Divine Being
for changes into other states that are the highest good of all.
This is the virtue of umlaut A, ae.**

All that I do ye shall do and more.

Miracles

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three
of the world's religions: Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the
earth, and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of
Franz Bardón.
Information of the heavenly hosts of the zone girdling the earth is referenced from
THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE
QUABALLAH, ISBN 3-921338-12-4].
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.
The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardón's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz
Bardón.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all
dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
SO BE IT!
So it is.

I love my heart, my body and its billions

of cells with infinite Love and gratitude.
