## The Angels of Clay

Also known as

The Angels of

**Ekorim**

Beloved,

**Ancient memories that are embedded in clay facilitate attunement to eternity and the omnipresence of Divine Consciousness through all time and space.**

**In the law of analogy and correspondences, clay is the embodiment of eternity.**

**It has been said that it takes over a thousand years for an inch of clay to form.**

**Clay contains the energetic memory of the long history of the place that it is in.**

**Healing influences of stars, planets, and every life form,**

**visible and invisible, that has ever existed there in that area is purified, absorbed, and embedded into clay.**

**Everything having to do with clay comes under our guidance and inspiration.**

**We inspire the children of divine being to learn from personal experience  
what the ancients have always taught:  
that the ground beneath is holy ground,  
and clay has power to heal.**

**Walking, sitting, or laying on clay allows the skin to absorb healing energies from the clay  
at the same time that the clay pulls out, absorbs, and purifies the energies being emitted from the body.**

**An energy current is established that is a feedback loop.**

**We teach mankind to use the healing powers of clay in natural medicine.  
Externally and internally, clay draws out and absorbs poisons, and adds powerful healing energies.**

**Clay restores attunement to the perfection of the natural world.**

**The power of clay to heal is so great, that clay from certain locations will be sought  
and valued as much as gold or precious gems.**

**Even very small amounts of certain clays provide healing benefits.**

**Essences and quintessences are made from it.**

**We inspire each of you to reach down and rub a few pinches of clay between your fingers at certain times of inner guidance and place a small amount an inch or two behind your left ear.**

**Ask then that the healing energies of the clay spread its power within your body temple.**

**FEEL THE FLOWING EMOTIONS CONTAINED WITHIN THE CLAY,  
emotions that are faithfully recorded from antiquity.**

**Mix healing clay with a little water and rub it on a sore spot, or a weak organ.**

**Carefully monitor changes that result there over the next few days as you flow with the ancient emotions recorded in the clay.**

**Emotions are magnetic and attract corresponding realities into form.**

**As new realities are attracted into the body, old physical impurities are drawn out along with their corresponding impure emotions, thoughts and intentions.**

**Ancient memories that are embedded in clay facilitate attunement to eternity and the omnipresence of Divine Consciousness through all time and space.**

**Old painful emotions that have attracted illness into the body can now flow easily through the awareness as they are released.**

**Go deep into your memories  
and emotions and let them flow in a safe and non-destructive way.**

**Letting them flow deeply heals them, especially if you are loving  
them  
with validation and unconditional all encompassing love,  
instead of judging or condemning them.**

**The thoughts and intentions that originally caused them  
also heal in the psyche, because flowing emotions reveal the causes  
behind their creation.**

**Cognition brought about by Love Divine,  
love which is unconditional and  
all encompassing,  
has the power to transform and transmute any desire, thought,  
emotion, or form.**

**Close your eyes now.**

**Imagine an ancient clay sacred place, an ancient cliff with many  
scrapings on its surface.**

**Scrapings of thousands of years of clay gatherers have created  
undulations rippling all over the cliff.**

**You stand there in the sunlight,  
your feet firmly planted on holy ground.**

**The spirits of ancestors watch carefully as a deep trance comes over  
you.**

**Feeling as if you are asleep and having a dream,  
you watch from far away as your right hand slowly reaches up to  
scrape some clay.**

**You watch from deep within as your middle finger gently scratches  
the clay and begins to move in a spiral.**

**The echoes of millions of years of starlight and sunlight, rain, wind,  
and praying ancestors sweep a healing balm within you.**

**Eternity opens.**

I just found this really, really old picture of you.

**Fall into the billowing arms of silence  
and surround yourself  
in the  
remembrance of billions and billions of stars and universes and  
fellow beings.**

**The remembering comes surely.**

**Twisting gently in the spiral of time and space, hear yourself sing a  
song.**

**I feel I Am the Dance of Divine Harmony.**

**I AM the dance of One and Many.**

**I feel I am the beloved and the lover, at the same time.**

**I am unconditional all encompassing love and the will for the  
highest good of all concerned.**

**I feel I am one with everything and sovereign.**

**I am a Master of Paradox.**

**I am one with the continuums of all polarities flowing within the  
rhythms of life.**

**You Are The Universe  
Expressing Itself As A Human  
For A Little While.**

**I feel this.**

**I feel perfection.**

**I am healed.**

**We inspire and teach mankind how to create the most manifold  
shapes  
from earth, gypsum and clay.**

**Through the making of pottery and sculpture we guide mankind  
through the mysteries of shape and form.**

**We inspire MIRACLES in the making of pots, vessels, and statues  
from clay.**

**In the time of the Alpha and the Omega, of heaven on earth,  
the Children of Light celebrate the healing and mystical properties  
of clay  
and use it to create sacred objects of great beauty.**

**We are involved with the making of all kinds of bricks for  
architecture.**

**Meditate on the divine virtues of the letters of our name.**

## **Ekorim**

**E**This letter is the sound of universal consciousness, which represents, as a divine idea and virtue, its omnipresence in everything that has ever been created.

**Meditating on this virtue unites your normal consciousness with the universal consciousness, with the cosmic consciousness, so that you can attain, in the akasha principal, omnipresence yourself.**

**This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.**

**You attain the highest form of intuition in your mental world; you transfer your consciousness so that there exists no sense of time and space.**

**Divinity in His highest form is able to speak through you.**

**The most profound mysteries of materialization and dematerialization become obvious to you as you master this, everything that is material may be transferred back into its refined and most subtle form and any idea can be intensified in such a way that it becomes physically visible.**

**In the emotional body, the oscillation of letter E represents the control of the feeling consciousness of oneself and of other people.**

**Especially easy is it to achieve special clairaudience by meditating on this virtue.**

**By "special clairaudience" not only the hearing of beings, etc., is meant, but also the understanding of the language of all animals**

**and the perception of the remotest past, the present, and even the future, indiscriminately of distance or kingdom, i.e., human kingdom or animal kingdom.**

**The color of this virtue is deep violet, the musical note is D, the element is akasha, which has the sensation of God-penetrating-all, and the spine is formed from it.**

**K** The sound of this letter is the virtue of omnipotence. In the akasha, the subtle pre-matter, it is the highest and purest light and is analogous to the original fire, or desire principle.

**In the mind, it manifests as the state of faith. This is the faith that was spoken of in the Bible that moves mountains and does all things.**

**In the soul, which is also called the astral or emotional body, this virtue manifests as endurance, toughness, courage, and the ability to remove any feeling of fear within yourself or within others.**

**This virtue gives one courage to face the fear of the unknown and create the cure.**

**Since it is the fire and air element, it has the sensation of warmth and ease; it has the musical note of B, and the color of silvery blue.**

**O The sound of letter O is the sound of the initiation into the original principle of divine justice.**

**Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements. You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.**

**You will never be able to condemn anyone unjustly.**

**This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.**

**The ability to control emotions is the ability to control the element of water and magnetism, which is the ability to attract any situation into manifestation in the physical world.**

**It is also the ability to manifest anything on the physical level. This virtue has an ultramarine blue color, the musical note of C, and is the earth element so it has the sensation of weight. It formed the throat and windpipe.**

**When pronounced umlaut O, eu Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.**

**The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.**

**In healing, heal the left ovary first and then the right one.**

**Akasha: In the principle of consciousness penetrating all, the umlaut**

**O oscillation evokes the most profound cognition, which can only be brought about by love divine.**

**By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end,**

**and all knowledge concerning transformation in all other fields.**

**He/she**

**is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.**

**A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities,**

**in order to get convinced that they cannot be described by words,  
by must be experienced, lived through.**

**I have mentioned the letters umlaut A and umlaut O as the last ones  
in this series of exercises,  
because by the help of their virtues one is able to comprehend,  
from the principle of consciousness-penetrating-all,  
the crown of all wisdom in the micro- and macrocosms, from the act  
of  
creation to the present state of evolution, and even to the final  
development.**

**Mental:Evoked in the intellect, the virtue of profound cognition  
brought about by love divine  
gives the understanding of the transformation of ideas, virtues,  
etc. by the quabbalistically pronounced word,  
which is a very great and comprehensive field.**

**Astral/ emotional level:In the emotions, the virtue of profound  
cognition brought about by love divine develops the faculty of  
perfect astral projection  
and the mastery of all occult and magical phenomena  
that have reference to transformation, so that a person may, for  
instance,  
assume any desired vibration in the emotional body without  
being recognized by other beings and with only Divine Providence  
seeing through him/her.**

**Apart from this, a person is able to transform any  
emotional oscillation into the oscillation he wants and to do the  
same with any element.**

**Material:When mastered in the physical body, the profound  
cognition  
brought about by love divine leads to perfect knowledge of  
quabbalistic alchemy in the material world.**

**A person is taught the true preparation and charging of the  
philosophers stone in the physical sense.He/she can influence,  
at will, any oscillationatomic, oscillation, electronic oscillation- by  
quabbalah, and he/she is able to transform it into the oscillation  
desired by him/her.**

**Therefore he/she perfectly masters the laws of transmutation and is  
able to transform any metal into gold, any stone into a precious  
stone, etc. if desired.**

**By the help of this virtue a person is furnished with  
many other faculties of which he/she cannot even dream now  
and which non-initiates would regard as absolutely impossible.**

**R The sound of the letter R is the sound of freedom and  
independence.This is the virtue of following inner guidance, which  
is a persons direct connection with Divine Mind.**

**On a mental level this gives an eminent mind, and a feeling of  
freedom  
of will and absolute security that is in complete accord with Divine  
Providence.**

**On an emotional and physical level, the virtue of freedom  
and independence awakens ingenuity and a rational widening of  
intellect,  
so that any knowledge can be comprehended quickly.**

**The letter R is a golden color, is of the air element and has the  
sensation of ease, has the musical note of C, and is the virtue from**

which the left side of the nose was created. In meditating on this virtue, imagine the golden light radiating from the left nostril and filling your entire universe with the virtue of freedom, independence, and clear inner guidance.

The sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

In the feeling body, this corresponds to the astral/physical matrix, which is the connection between emotion and physical form, with all of its functions.

On the material world, everything that has shape, measure, number and weight can be understood and mastered with this virtue.

The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.

M The sound of the letter M is the sound of the divine virtue of emotion.

This virtue is the magnetic power of the Universe that attracts energy into form on the material plane.

Everything in nature is formed through the magnetic force of emotion. Emotion is analogous to the element of water.

Water, which embeds itself into clay, is the material manifestation of emotion.

In the material world the oscillation of letter M bestows on a child of God the power of controlling the fluid principle in the whole world, i.e., in the micro-as well as the macrocosm.

Not only is a person able to comprehend, with his/her consciousness, everything fluid in its original principle, but he/she is also made absolute master of it. This faculty, when acquired by meditating on this oscillation, also makes him/her master of magnetism, emotion, and everything that is connected with it. Thus, for instance, he/she may control the laws of gravitation, and many other things.

The color of this virtue is the most beautiful blue-green imaginable. The musical note is D. The element is water so it has the sensation of coolness.

The abdomen is formed from this virtue.

#### Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
