2 degrees Aquarius

The Angels of Defense

Also known as

The Angels of

Pother

Beloved,

**Omnipotent Divine Will for the highest good of all
concerned is
received as ideas and concepts throughout the entire
constellation of Aquarius.**

**In this second degree of Aquarius a person learns how to
attune
to Divine Omnipotent Omnipresent Will
to create visualizations and thoughts that cause emotions
and sensations that out picture and attract the highest
good,**

**whenever there are dangers of any kind,
either spiritual, mental, emotional, or physical danger, or
all of them together.**

**We are strategists of the highest order
whose purpose is to make sure that you defend, secure, and
maintain peace.**

**We give inspiration on how to successfully direct and win
when in war.**

**We help ensure that only the highest good,
The Law of One,
endures and triumphs,
for that is the beginning and the end,
the Alpha and the Omega.**

**Divine Providence guides us to inspire and protect all those who are
living in peace,
and those who are seeking spiritual perfection in times of danger and
war.**

**The original divine blueprint, made in the beginning of creation, of
Earth as the Garden of Eden, a safe and loving home for all sentient life,
is the future that is happening now.**

This is the meeting of the Alpha and the Omega.

**This is what the Mayans meant when they referred to this time as The
Ancient Future and the Age of Flowers.**

Now is the time for the original divine blueprint of creation to manifest fully in perfect clarity and purity.

Many overlapping cycles have been traveled and a grand circle is completing.

The Earth is in the Age of Aquarius now, and furthermore, it is entering the Age of Flowers, an age of male and female balance.

**The electrical masculine aspect of divinity is to create.
The magnetic feminine aspect of divinity is to receive.**

**From this giving and receiving,
a sum greater than the parts
is continually birthed.**

**From giving and receiving,
from fire and water,
creation unfolds.**

**Creation is fire and air, will and thought.
Reception is water and earth, emotion and sensation.**

Within each of us are both, but the polarities are opposite in man and woman.

In a man the creative aspect is on the outside, in dealing with the outer worlds.

In the woman the creative aspect is on the inside, in dealing with the inner worlds.

So a feminine daughter of God creates on the inner and receives on the outer.

The male son of God receives on the inner and creates on the outer.

This is the age when meditation is balanced with activity.

In meditation a man receives divinity in the inner worlds so that he can create divinity on the outer.

A woman in meditation creates divinity in the inner worlds so that she can receive divinity on the outer.

Divine Peace originates in harmony between polarities, so the dance between electric will and desire and thought with magnetic flowing emotional states and physical reality must be harmonious to all concerned on every level.

The first thing to develop in the womb is the heart.

In adult life the heart has an energy field 5000 times stronger than the brain.

By uniting the awareness with omnipresence through enlightenment, the visible and invisible realities are directed in the heart, so that all is taken into account, and all are nourished.

In this way love brings life.

It is important that traditional paradigms are replaced by the Ancient/Future paradigm of Heaven on Earth, and balance is kept between control and receptivity to divinity.

The masculine power must be aware of and carefully protect the emotional and physical world, and in this way, in the widening spiral of life, creation out pictures perfectly the splendor and majesty of Divine Light.

The Divine Light shines through the many, who are one in the web of life.

Freedom to be sovereign, empowered, and harmonious spirals into ever expanding Love.

We direct those who are seeking spiritual perfection and survival, for this is the archetype of the letter P in our name.

We direct those who seek the power to transmute reality. This is the virtue of umlaut O, eu.

We inspire harmony and justice, the letter O.

We give high inspiration about all things, the letter T.

We teach the use of the sacred language, the letter H, to bring about

Heaven on Earth everywhere for all beings.
Omnipresence is the letter E, the divine virtue of Oneness.
We inspire the use of inner guidance the letter R.

Divine Providence has given us the responsibility of teaching the
strategy
of using the cosmic language to create the highest good of all
concerned. The power of the word is the most efficient use of energy in
the defense of peace and security to all beings.

The Power of the Word is the ability to have omnipotent
will and faith,
clear visualization of what is desired and clear concepts of
it's meaning,
beautiful flowing emotions of this happening in present
time,
and sensations of it being manifested in physical reality.

Divine virtues, flowing through being-will, thought, emotions and
sensations anchor spiritual perfection.

We are the heavenly hosts who inspired martial arts that are used to
protect peace, such as the art of Aikido,
in which every move is a defensive move using the energy of the
attacker to bring about instant karma to the attacker.

The Aikido master understands the value of enlightenment and wisdom,
which is the letter A.

All imperfections of being-will,
thought, emotion and sensation are released for transformation, umlaut
A, ae.

The laws of cause and effect, letter I, are mastered, giving control of the
mysteries of breath.

Then he or she learns to place whole brain consciousness in the place of
original omnipotence
that gives the faith to move mountains [the letter K in Aikido].

Next he or she uses the law of karma, letter I, and the laws of
creation, the letter D, to transform any situation with the power of
cognition brought about by Love Divine, the letter umlaut O, eu.

This brings about justice and harmony, success and satisfaction, the
virtue of O.

IN THE LONGING FOR SPIRITUAL PERFECTION, whether a war is in
the
microcosm, in which a person is at war within him or her self, or in the
macrocosm,
in which a war exists in the outer world, we are the heavenly
hosts to call upon to defend safety and peace and bring about victory in
the best way for all concerned.

If a polluting corporation pits itself against groups of citizens, for example, or countries pit armies against each other, any Child of Light can marshal the heavenly host for a peaceful outcome that manifests Divine Will for the highest good of all.

He or she does this by meditating on the divine virtues of Pother, and/or calling on the heavenly hosts of Pother.

The strategies that we inspire are brilliant and miraculous and ensure the highest good.

There are tales of soldiers who report seeing angels intervene for victory.

Commanders tell of divine inspiration and brilliant strategies that come just at the right time.

Many of these tales describe our protection and inspiration throughout history.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from
THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE
QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background
and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
