The Purple Line is the Galactic Equator (or plane of our Galaxy)

The Green Line is the Ecliptic (plane of our Solar System)

Where the two intersect is the Galactic Cross.

The December Solstice rises here from about 1962 to 2034

6 degrees Aquarius

The Angels of Cosmic Philosophy

Also known as

The Angels of

Liriell

Beloved,

We are the original initiators into cosmic philosophy.

We teach people the most various philosophies from the prime origin up to the present day.

We enable you to look into the distant future and learn about philosophies of days to come and help you accumulate an intellectual knowledge of philosophies of an unimaginable depth.

Through the divine virtues of Liriell, we teach philosophy of Creation.

All of the divine virtues taken together is the meaning of letter L.

This virtue opens to THE SPLENDOR AND MAJESTY of Divine Being on every level.

True spiritual morality, youthening and vitality are gained.

This virtue shines with a beautiful translucent glowing olive green light and has the sensation of ease.

The cause behind every effect can be understood through the divine virtue of letter I, the virtue of Cause and Effect.

This virtue opens up memory, remembrance, and conscience so that a Child of Light sees how every effect in being, will, thought, feeling, and sensation is the result of a specific cause.

The virtue of Cause and Effect shines with a light opalescent light and has the sensation of weight.

Listening to inner guidance from Divine Providence opens the doorway to higher perfection in each moment.

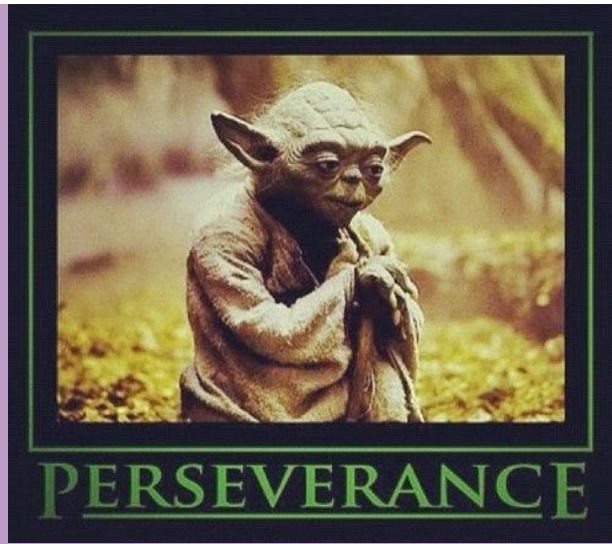

This is the divine virtue of letter R, which shines with a golden light and has the sensation of weight.

The understanding of cause and effect enables the understanding of Cosmic Philosophy when a Child of Light also understands the OMNIPRESENCE of the SPLENDOR AND MAJESTY OF DIVINE BEING.

These four, the virtue of Cause and Effect, letter I, the Omnipresence of Divine Being, letter E, and the Splendor and Majesty of Divine Being, the letter L written twice, are important keys in our name Liriell.

When you open up to our influence, any starting point however trivial or grand will do.

From any doorway we guide you down information highways of light into philosophies about life, all the way into the deepest truth of Divine Consciousness.

Here is one of our stories:

TOAD OF CAUSE

Once upon a time in early summer, just at twilight, a young girl opened her heart to the wonder of Gods Glory in nature, wondering at the beautiful colors of deep evening sky on the lovely countryside.

She looked down at a little toad sitting close to her foot.

Samantha smiled.

The little creature looked so wise and content.

She looked and studied and pondered the little toad for some time.

Little toad never moved, he just sat there, peaceful and still, remaining centered in his own reality, not reacting to Samanthas presence at all.

The twilight deepened until she could no longer see him very well, so she decided to go indoors.

On her way back to the house, she wondered why it was only the little toad that hopped unafraid out into the yard each evening, when all the other creatures would run and hide, not getting close to her, even though she only wanted to love them.

She sensed something important about that. Why wasnt little toad afraid of her?

She had learned to stop thinking, to empty her mind with questions such as this, and wait until some insight dawned.

It always did. It sometimes took a while, maybe a long while, but an answer popped up.

The next day at the library, she accidentally was drawn to a strange book by a Madame Blavatsky, written back before her mother was born.

She held the book in her hands and sensed a strong power around her, a familiar power of answered prayer.

She closed her eyes in thanks.

Then she opened the book at random, knowing that whatever she found would probably be important.

**She opened her eyes on a footnote at the bottom of a page.
It was a comment on the astral light.**

**The footnote explained that frogs, toads, and sturgeons are the only
creatures who disturb the astral light'.**

**"The astral light?, she mused,What is the astral light and what
does disturbing it mean?**

Again she waited for an answer.

**She knew that this was probably the key to her question about the little
toad.**

**It was true, the angels had arranged for her to find the answer, and this
was the beginning.**

**Soon she was reading other books by similar authors
and learned that astral means emotional.**

**The astral light, she reasoned, is the flowing sea of magnetic, feminine,
emotional energy of the universe.**

A light bulb went off in her mind!

All of a sudden she could see it clearly.

"AHA!", she exclaimed.

**She saw an image in her mind that frogs and toads and sturgeons
create
their own little emotional spheres of energy,
which disturb the astral light
like an island disturbing the current of water in an ocean.**

**She saw the emotions of all the other creatures
flowing along currents of whatever emotional energy was already
around them!
That made sense!**

**The other creatures had learned over time to fear humans,
they had been hunted for food,
and their habitat threatened since the Indians had left.
They had not been loved enough, or appreciated enough.**

**She had often wished that everyone could love the innocent creatures of
the world as she did.**

This was a major insight.

**She remembered so many times in her life
when she had been like the other creatures and had been overwhelmed
by dark emotions
that were coming from her family when they were upset
about something.**

**The dots connected in her mind and she realized that she would much
rather be like the little toad,
to be happy no matter what other people were feeling,
it would be so much better than to be swept away when others got
upset.**

**So she decided that she must create her own emotional reality,
just like the toad!**

**She would pray and meditate
and stay focused on the deep peace that she felt inside,
no matter what!**

**Then she too could hop right
out in the world and not be scared,
even when everyone else got carried away.**

"But how do I do that," she wondered. " How do I do it?"

**The Angels of Liriell, ever ready to answer, immediately filled her
intuition with images and thoughts.**

**The planet Mercury was at six degrees Aquarius at her birth,
so she had a natural attunement to the Angels of Liriell.**

**She remembered the words of her Sunday School teacher,
"With Christ, all things are possible."**

She remembered how Christ had taught that love conquers all.

She remembered the story of Daniel in the lions den.

Praying fervently, she asked God for help.

**She wanted with all of her heart and being
to create an inner emotional world of divine love, peace and happiness,
of loyalty and trust,
of goodness and happy endings for everyone.**

A long time passed in silence and she fell into a deep sleep.

The next day dawned bright and beautiful.

A mystical glowing light was all around her.

**She bounced into breakfast with an unusual sense of protection,
radiating peace and power.**

**There they were,
upset and in a hurry to get to school and work in time,
tense, sleepy, and stressed as usual.**

**For years,
five days each week,
she saw how each person was devastated by the tension around the
breakfast table,
chronically worried,
about making it to work and school on time.**

As usual, they were eating too fast.

**Even though everyone was still half asleep and superficially polite,
their stomachs were in knots of frustration.**

..

She sat down.

**She looked up at her father.
He seemed especially angry.**

He must have been fighting with her mother as usual.

She looked up at her mother standing next to the stove.

Mother looked her usual lonely and anxious self.

She did not even need to look at her brother and sister.

She knew that they were suffering too.

They were so sensitive.

**All three children loved their parents and each other so much
that their hearts broke each morning
with the uptight energy around the table.**

This morning, she thought to herself, was going to be different!

Finally!

She was going to be like the little toad!

She was going to create an island of love around herself.

**SHE KNEW WITH HER WHOLE BEING,
WITH EVERY MOLECULE IN HER BODY,
THAT GOD IS REAL AND THAT WITH DIVINE LOVE
EVERYTHING WAS GOING TO BE FINE.**

**She knew that omnipotent, omnipresent, and omniscient Divine Love
was doing its work
regardless of any negative appearance.**

She felt this in her heart, she knew this was true, no matter what!

She felt completely safe and loved by God.

She knew that divine love was within and surrounded everything in creation.

**In spite of what her father said,
people were not going to blow up the United States with their missiles.**

**In spite of her mothers fears,
she knew that there would be enough money to buy food,
school clothes and shoes, and, even if there wasnt, it would be okay.**

All she had to do was pay attention to trust, instead of fear.

PAY ATTENTION TO TRUST INSTEAD OF FEAR!

**Look!, she thought to herself, God is everywhere.
Perfection is everywhere!**

**Divine Perfection is in the clouds.
It is in the butterflies.
It is in the gentle warm breeze.**

Why should I worry?, she pondered.

Worry makes me feel bad. I want to feel good!

**And moment by moment, it became more and more clear to her,
that the longer she focused on what was right with the world,
the easier it was to feel good.**

**Why didnt people go outside and sit under the trees and listen to the
wind and the birds
instead of listening to sad news?**

**Why didnt they believe the good news they heard in church
over dire warnings they read in the newspapers?**

**As she ate her scrambled eggs and toast, the whole world became clear
to her.**

**Meanwhile, unbeknownst to her, the family was going into emotional
bewilderment!**

She looked up in surprise!

Daddy was looking at her with a penetrating stare.

Mother was holding her breath!

**Her happiness and peace were so unusual, strange,
such a change everyone was noticing.**

**Breaking the silence,
Daddy did something he NEVER did before,
ever he smiled and asked Samantha how she was doing.**

Flustered, caught off guard, Samantha took a big risk.

**She blurted out what she had wanted to say for months,
Daddy, we are NOT going to blow up the world with missiles!**

Daddy couldnt believe it!

He lost his composure,

something else he NEVER did, and started to bluster.

He stuttered a few times,
threw his napkin on the table,
and smiled a huge smile,
then suddenly stood up.

Looking in utter amazement,
the rest of the family watched in astonishment as he broke
into an even wider grin just like a toad.
Samantha thought this was wonderful.
Then her father said cheerfully, its a beautiful day! January, February,
MARCH!

Get in the car you children, its time to get to school!

WOW!

In school that day, she thought and thought about what she had learned.

"With Gods help, Im going to always be like the little toad," she
promised herself.

" Life is too beautiful to spend it in worry."

"I am going to be HAPPY!"

A deeper peace than she had ever known settled over her.

Later that week her mother and father brought her a bright green toy
rubber frog with a red bathing suit
from a store at the train station.

He squeaked whenever she squeezed him.
She named him Peeper.
Every time she looked at him
his smile reminded her of feeling the presence of God everywhere,
of focusing her attention on happy thoughts, on the light.

She knew that she had the power to control her attention and her
thoughts,
and that this in turn would fill her emotions with goodness.

Forever after that, she held on to this philosophy of life,
and it served her well.

She was a beacon of hope and light to all who knew her.

Her habitual flowing emotions of divine peace affected everyone.

In subtle but powerful ways, she couldn't miss how people changed,
how situations improved.

Her life was full of miracles.

Each night at bedtime, she prayed, giving thanks for another day of
wonder and awe.

MIRACLES

Liriell

LThe splendor and majesty of God.

ICause and Effect.

RListening to inner guidance.

ICause and Effect.

EOmnipresence.

LThe totality of Divine Virtues.

The sound of this letter is the sound of the Divine Virtues all taken together.

This letter represents the highest divine virtues that may be described by words, irrespective of whatever sort they may be.

This letter oscillation is used to comprehend the Divine Majesty and the greatness of God in the form of the purest virtues.

>From this virtue comes the faculty of comprehending true morality as seen from the highest point of view.

This will lead you to the borders of saintliness.

On the feeling level true equilibrium of character occurs and mastery of flooding the emotions with the highest light is attained.

On the physical level you gain perfect health, beauty and harmony, and you become absolute master of your own vitality.

It is to be imagined as the color of olive green.

The musical note is F, the element is air, so it has the sensation of ease.

The spleen is formed from this virtue.

The names and meaning of angel groups come from Quaballah,

which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardou.

Information of the heavenly hosts of the zone girdling the earth is referenced from
THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE
QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies. The book " Initiation into
Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz
Bardon.

This book is most important for understanding present day political issues. If you have these, read
Frabato the Magician first, with appendixes, and then read appendixes from the other three for
background.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all
dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM, and I am one with all there is;
I ask that **ONLY THE HIGHEST GOOD OF ALL CONCERNED** happen .

I give thanks that this is done.

SO BE IT!

So it is.
