Beloved,

All of the beings and angels of the moon sphere serve in the realm of flowing tangible feelings in the body, they serve in the reality of emotion and magnetism.

As you know,

the key to beautiful manifestation  
on the physical level  
is mastery of wonderful FLOWING TANGIBLE FEELINGS,  
FLOWING, FLOWING, FLOWING .

***How better to flow with majestic emotions than ecstatic dance?***

*Dance! Dance! Run and leap with joy!*

***Imagine the beautiful world that you wish to attract into manifestation***

***and***

***DANCE!***

***Emotions are divine energy flowing in a way that creates magnetism.  
Energy flowing in a magnetic way pulls wonderful realities out of the quantum field,  
so that  
the LAW OF ATTRACTION pulls together beautiful realities out  
of the infinite possibilities of the quantum field in Divine Mind.***

**EMOTIONS OF ECSTASY are keys for heavenly states of being upon the Earth.**

**On the 20th night of each moon cycle,  
we inspire the children of God to visualize in their imaginations the realities that  
they wish to manifest,**

**and dance Dances of Ecstasy.**

**This permits the proper flow of rhythmic magnetic flowing divine emotional energy to  
build up tremendous magnetic power,**

**to heal the chackras in the body and  
attract permanent conditions of Heaven on Earth for one and all.**

**As this is done on a regular basis, the manifestation of  
Heaven on Earth is both magnified and held stable.**

**Suggestions for ecstatic dancing are as follows:**

**Dance anytime anywhere,**

**and discover especially the magic of dancing under the moon  
in natural surroundings**

**with sounds of nature joining in as music.**

**Bugs singing, beating surf, wind rustling the trees,  
birds calling, and rivers flowing, all the sounds of nature, enter the ear  
and stimulate the production of certain**

**glandular chemicals for ecstasy.**

**Additional music is wonderful, especially if the music is composed of notes in the pentatonic keyscale. These are the black keys on a keyboard.**

**These oriental notes stimulate the parasympathetic nervous system. The parasympathetic nervous system corresponds to the inward state of meditation and attunement.**

**If the white keys are used, then use only the white keys, the diatonic key scale, and do not mix them with the black. In this way the sympathetic nervous system is stimulated to attune to divinity in the outer world.**

**Keep light natural or low at night.**

**At night, dim light, such as starlight, moonlight, and candlelight or firelight allow the body to produce melatonin, which is an important body chemical for ecstatic dancing.**

**Bright artificial light inhibits the production of melatonin. Melatonin is necessary for youth and for deep restful sleep.**

**Dancing alone is as sacred as dancing in a group. Both are extremely powerful for attracting Heaven on Earth.**

**If you are dancing in a group, allow everyone to dance, including children and old people.**

**Those who are disabled dance in whatever way they can, even if it is only**

in their imaginations, or by tapping a finger or swaying their heads.

Group dancing in a circle is very powerful.  
Steps to the dance and body movements are unique to each person,  
as they find their own alignment with Universal Rhythms.  
Dancing with eyes closed much of the time is helpful  
to some people in order to maintain inner focus on the desired imaginations and  
visualizations of the realities

they wish to attract into reality for themselves and all others.

In the time of Heaven on Earth, each community or tribe  
often has a permanent dance circle in a beautiful place.  
A fire burning in the middle of the circle helps  
the optic nerve stimulate the pineal, pituitary,  
and hypothalamus with flickering firelight.

This deepens trance states.

If your community builds a covered space for ecstatic dancing,  
round shapes with a dome or pyramid roof with a skylight to  
let in the natural moonlight works well.

If the roof is a pyramid, be  
sure to align it to true north.

Use natural earth, stone  
or wood for floors, or natural fiber rugs, and  
keep everything as beautiful as possible.

Art, symbols, gently billowing cloths, and plants

reflect higher qualities; as it is written,

"As above, so below".

If you are dancing in a square or rectangular space,  
transform it into a circle as much as possible with hanging cloths,  
pillows, screens, furniture, or plants,

or do it in your imagination.

The circle anchors powerful healing energy.

The sound of flowing water is magical.

The key to ecstatic dance is flowing wonderful emotional focus  
in attunement with Divine Virtues, such as love, faith, enlightenment, grace,  
happiness.

This stage of the moon cycle is one of reaping what one has  
sown during the first two weeks, so flowing  
emotions of gratitude, resting,  
accomplishment, security, satisfaction, and happiness are natural.

Powerful ecstatic flowing emotions of gratitude and happiness generated  
during the dance strongly attract ecstatic conditions into the Earth realm.

In any place, at any time, it is possible to create  
in your imagination the seashore with crashing surf,  
calling birds and blissful wind; deep in the forest  
with singing bugs, hooting owls, and laughing rivers;  
or a mystical cave overlooking the desert with flickering firelight;  
or a beautiful round temple filled with objects and symbols of divine perfection.

When you meditate on the divine virtues associated with the letters of our name,  
and call upon us, the following is gained:

**The rhythmic magnetic pulsation of Ecstatic Dancing every 28 days, on the 20th day of the moon cycle, attracts good health, weather, crops, and blesses every aspect of consciousness and form on Earth.**

**As the children of God attune to the natural rhythms of Divine Mind in manifestation, this act is given priority for the health, well being, and protection of all on this day of each moon cycle.**

**Performing ecstatic dance on the 20th day of each 28-day moon cycle is one of the most important rituals for the establishment and maintenance of Heaven on Earth.**
