Today's angels.

**10 degrees Aquarius**

**The Angels of**

## **Individual Enlightenment**

**Also known as**

**The Angels of**

## **Panfodra**

**Beloved,**

***We reveal to the individual truth seeker private and secret methods for personal enlightenment.***

***We guard over personal and private inner transformation in the truth seekers consciousness.***

***This is the part of the path that is so personal, unique, and private that it is between the seeker and God alone.***

***We decide which secret methods for spiritual development are to be unveiled and made available to each individual seeker.***

**Every person and being in creation has an indwelling desire for**

**spiritual perfection,  
for beauty,  
for unity with Divine Light,  
and since no two people or beings or times are alike,  
each path to enlightenment is unique.**

**Longing for spiritual perfection is the virtue of letter P of Panfodra,  
shining with a dark gray light.**

**This longing has the sensation of weight, because it is a virtue of  
the earth element.**

**The right nostril is made from this virtue.  
[The left nostril is inner guidance.]**

**On an ongoing basis, we reveal to each person a unique  
combination of methods  
that is best for his/her personal enlightenment.**

**Wisdom and enlightenment is the virtue of letter A,  
shining with a light blue light and the sensation of ease and  
relaxation.**

**The letter soft A, enlightenment, is the divine virtue that forms the  
lungs.**

**Sometimes we reveal this unique spiritual path combination  
through intuition, dreams, and visions.**

**Sometimes these are combined with information obtained from  
other sources.**

**As the virtue of enlightenment reveals the original  
purity of all ideas in divine mind,  
a person learns to gladly release and let go all  
imperfections  
for changes, for transformation, into higher states  
On every level.**

**This transformation through release is the virtue of umlaut A, ae,  
which shines with a loamy brown light and sensations of weight.  
The virtue of transformation through release is the virtue that  
forms the anus.**

**Through wisdom and enlightenment and purification,  
a Child of Light rediscovers Supreme Happiness within,  
which is the virtue of letter N.**

**This virtue shines with a dark red light and he sensations of flowing  
and coolness,  
because happiness is a virtue of the water element of emotions.  
Divine happiness forms the liver.**

**After discovering Supreme Happiness through wisdom and  
enlightenment  
and purification,  
a seeker discovers that problems are easily solved when emotions  
are flowing with happiness.**

**Problems are also resolved through invoking the virtue of the  
legality of harmony in all visible worlds.**

**This is the virtue of letter F, which shines with a light green light and sensations of weight.  
The left hand and arm are formed from this virtue.**

**The necessity of harmony between ones being, will,  
thoughts, emotions,  
and sensations is then understood and embraced.**

**This virtue reveals the necessity of learning to master  
these levels of consciousness,  
bringing them into harmony with Divine Being, Will,  
Divine Thoughts,  
Divine Emotions, and Divine Sensations.**

**Cognition brought about by love divine transmutes whatever is  
looked upon.**

**It is used in conjunction with umlaut A, ae, transformation.  
By recognizing and releasing imperfections of will, thought,  
emotion and form,  
for transformation into other states that are the highest good of all,  
while seeing the original divine indwelling potential or perfection  
of what is being transformed,  
made possible by seeing through the eyes of divine love,  
all miracles happen.**

**This powerful virtue of transmutation is the letter umlaut O, eu,  
shining with a dark orange light  
and sensations of ethereal earth penetrating everything.  
The testicles and ovaries are formed from this virtue.**

**With this virtue a person learns to love with a cosmic  
divine love,  
and by doing this, everything, absolutely everything,  
is seen through the eyes of unconditional all  
encompassing love  
and recognized as divine and transmuted into perfection  
in this manner.**

**Every state of being, desire, every thought, every emotion, and every  
sensation is**

**LOVED and TRANSMUTED THROUGH THE POWER OF LOVING  
COGNITION.**

**Remember it was spoken: Give thanks for all things..... love  
conquers all, the greatest power is love.**

**The power of love to transform all in existence is infinitely perfect,  
and even the smallest amount of love can do it, just as a small  
match lights a large fire.**

**Such intense cosmic love seeks to create new realities  
on every level,  
new realities of Heaven on Earth. It seeks the highest  
good of all.**

**The mysteries of love to create, which is the virtue of letter D,  
shines with a dark blue light and sensations of warmth and  
expansion,  
because it is a virtue of the fire element of will.  
The left ear is formed from this virtue.**

**The mysteries of love to create reveals the divine indwelling purpose  
and perfection of ego-consciousness.**

**We help each person create his or her own individual  
style of meditation.**

**We help each person create his or her own reality in  
every way.**

**Just as there are no two people alike,  
no two spiritual pathways are alike.**

**Different artists use identical colors to produce completely  
different  
paintings and different people unfold completely different spiritual  
experiences  
from the many enlightenment techniques that we make available.**

**Through the divine virtues of Panfodra, we teach the necessity of  
following an individual path  
through inner guidance in each moment.**

**This is the virtue of letter R, with a golden light and sensation of  
weight.  
Following inner guidance forms the left nostril.**

**Following inner guidance in the moment is what makes  
the spiritual journey  
so exciting and wonderful.**

**However, it also can be intimidating  
and confusing to people who follow others,  
who have learned to give their power away to outside authorities.**

**An authentic spiritual teacher insists  
that the student follow inner guidance.  
A true teacher helps a seeker find the source  
of light within.**

**Those who are hoping for their decisions to be made by their  
spiritual teachers  
as one would expect to have pre-set course work for a particular  
profession  
must pass through an initiation into self-determination and  
attunement to inner guidance.**

**Psychic ability or impressions from others are not a substitute for  
inner guidance.  
There are so many ways in which a seeker might be tempted to give  
away his or her power.**

**It is possible, for example, in psychic readings that the seeker  
believes the reading over his or her own inner guidance,  
and attributes the psychic reader as having greater wisdom,  
and consequently invests the reading with greater power and  
authenticity than his/her own inner guidance.**

**Anyone inclined to make this mistake with any outside authority  
should think long and hard,  
because such outside direction,  
if limiting or negative,  
can function like negative programming,  
which can cause a mental block and interfere with growth.**

**There is no substitute for inner guidance.**

**Go within and ask for clear inner guidance.**

**Let your inner guidance tell you when a teacher or method is right  
for you,  
and embrace only what inner guidance directs you to take.**

**Due to favorable universal influences now,  
this shift from following outside authority to following inner  
guidance will be made almost automatically in many people.**

**This initiation is one of the most crucial paradigm shifts on the  
spiritual path to perfection.**

**Paradigms are changing dramatically now to balance rational left  
brain dominance with right brain intuition,  
with heart centered awareness,  
so that inner guidance is more easily perceptible.**

**When a person is using full body awareness**

he or she automatically  
flows from immersion in Unity with All and Pure Being in Delta  
brainwaves  
to Deep Inward Thoughts about this experience in Theta  
brainwaves.

These deep inner thoughts flow easily and naturally into divine  
emotions in Alpha brainwaves  
and then into the five senses,  
memory, and logic of Beta brainwaves.

In this way, thoughts, emotions, and the experience of outward  
reality flow from within.

*We guard over personal and private inner  
transformation in the truth seekers consciousness.  
This is the part of the path that is so personal, unique,  
and private that it is between the seeker and God alone.*

This personal unfoldment enlivens alchemical fires of  
transformation and transmutation that burn from the deepest core  
of inner reality.

The psyche progresses from one archetype to another in the  
process of being reborn as God or Goddess.

Know ye not that ye are gods?

As a truth seeker reaches this point of identifying with Divine  
Being,  
he/she is firmly on an inward path and has developed unique  
working meditation techniques.

It is at this stage in the spiritual journey that an aura of mysticism  
and supernatural influence increasingly permeates daily  
consciousness.

It is also at this stage that paranormal experiences most likely  
occur.

So unfolds the Great Labyrinth  
and The Great Tao.

This is the Great Red Road,  
and the Hero's Journey.

The ancient prophecies from all spiritual traditions of  
all times call  
for this mystical manifestation of Heaven on Earth from  
the inner realms of every person.

The Alpha and the Omega, The Ancient Future, The Enchantment,  
are all based on fact in the now.

Increasingly the people of Earth are going through this quantum  
leap into whole brain thinking,

**with help from all of the hosts of Heaven,  
into Divine Enlightenment and unique, individual, sovereignty and  
purification.**

**Divine Enlightenment and purification are the final virtues of  
Panfodra.**

**Footnotes**

**The names and meaning of angel groups come from Quaballah,**

**which is a very ancient set of teachings which together form a common precursor, or root, of three  
of the world's religions: Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the  
earth, and the angels who work with him or her.**

**The being and the angels share the same name.**

**This name is a key to their powers and influence.**

**Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of  
Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE**

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Go into the arts. I'm not kidding. The arts are not a way to make a living. They are a very human way of making life more bearable. Practicing an art, no matter how well or badly, is a way to make your soul grow, for heaven's sake. Sing in the shower. Dance to the radio. Tell stories. Write a poem to a friend, even a lousy poem. Do it as well as you possibly can. You will get an enormous reward. You will have created something."

- Kurt Vonnegut

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

**We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all there is;  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.  
SO BE IT!**
