The Angels of Mystical Writing

Also known as

The Angels of

Bafa

Beloved,

**Playwrights of mystical pieces,
intended for the highest good of all,
are always assisted in their work
by The Heavenly Host of Bafa.**

***We inspire those who write about mysticism and spiritual
sciences of any kind.***

**We give wonderful inspirations for bringing mysterious
facts to life in poetry or beautiful verse.**

Mystical writing is a path of enlightenment.

Spiritual wisdom, like all divine qualities, is forever omnipresent in all that has been created.

Wisdom is found throughout Universal Life, throughout the existence of polarity.

Being omnipresent, wisdom can be awakened in the spirit and higher minds of both authors and the readers of mystical writings.

We help the spirits and wills of writers of mystical truth align with Divine Spirit and Will.

Spirit is electrical energy that expresses as intention and thought.

Soul is magnetic energy that expresses as tangible body emotions and sensations.

We make sure that the spirit's desires and thoughts and the soul's emotions and sensations become one with Divine emotions and sensations in focused meditation.

This way the power of Divine Will and Emotions enlivens the written word, and purifies and blesses both the author and those who read.

Desire for empowering truth concerning the underlying mysteries of Creation ever grows.

Mystical writing is more important than ever.

Only ONE Omniversal Reality exists...

and every moment, I am more conscious of it.

Those who respond faithfully to inner guidance to write of great mysteries are answering a cry of humanity with the prompting of Divine Providence.

In enlightening others, a scribe enlightens self.

People on the path of perfection are searching for understanding about Universal Consciousness and the purpose of polarity, about the meaning of life and death and transformation, about the legality of harmony expressing itself in all visible worlds, and about the original purity of all ideas in Divine Mind.

All things work for good, give thanks for all things concerning you.

Remember that perceptions of danger activate ancient survival mechanisms that have evolved over millions of years.

Often, the Children of Light activate latent powers in DNA as instinctive survival reactions to real or perceived life threatening dangers.

These powers of DNA activate changes in glandular secretions that change blood chemistry and cause altered states of conscious recognition of the deepest levels of truth.

By embracing and understanding these mysteries of creation, a person often realizes that he or she is not helpless.

Light dawns, and a person is relieved to acknowledge dominion over reality with options to create and attract Paradise into physical reality in any situation.

Understanding the deepest mysteries of Creation, such a person realizes

The Oneness of all Life, and seeks to bless and love all

beings equally, as a part of Self.

This cosmic divine love is the most powerful change agent, and has the power to attract the perfect blueprint of each being or thing in creation into physical manifestation.

The desire to express this truth, this beauty, enlivens the pursuit of mystical writing.

The Children of Light are also changing due to the influences of many astronomical phenomena such as the Photon belt, solar flares, neutrinos from the Hourglass Nebula supernova and energies of the weak force from Eta Carina, the amino acids of Comet Ison, etc.

They are changing due to powerful influences of prayer and resulting intercessions of the heavenly hosts.

Powerful psychoactive neurotransmitters and other hormones are being produced more than ever before.

Changes on every level of being are allowing quantum leaps of consciousness in creation over previously impenetrable limitations.

***Through the divine virtues of our name Bafa,
we joyfully inspire those who write concerning these
spiritual matters.***

**We facilitate and strengthen understanding of Universal
Consciousness,
help attune to the original purity of ideas in Divine Mind and the
mysteries of life and death and transformation.
We help with the analogies of the macrocosm and microcosm, and the
understanding
that that which is above must legally be expressed in that which is
below.**

**Ever more and more we further wisdom and enlightenment and the
understanding of transformation.**

**Universal Life and all polarities of manifest creation are the divine
virtue of letter B, which shines with a light violet light and the sensation
of weight.**

**All polarities, such as high and low, large and small, will and emotions,
inner and outer, etc., are created to reflect infinite
wisdom, and be expressed through the Virtue of the legality of Harmony
in All Visible Worlds.**

**The Harmony of All Visible Worlds is the Divine Virtue of the letter 'F'
in our name.**

**This virtue shines with a light green light and has the sensation of
weight.**

**With this virtue comes the powers of harmonious whole brain
awareness;
of being, will, thoughts, emotions, and sensations, all in harmony with
each other.**

**Wisdom awakens artistic eloquence and mystical faculties, the second A
of our name.**

**Imperfections are continually recognized and gratefully released back
to Divine Being
for changes into other states that are the highest good of all, umlaut A,
ae.**

***Because each person is a unique expression of divine
perfection,
we carefully guide the mystical writer to respect his or her
own individual style of creativity,
entering flows of activity that are directed from clear inner
guidance,
free from self-criticism and comparison.***

Of such does eloquence flow.

MIRACLES

Bafa

BThis is the virtue of universal life, with all of its polarities of expression. Mastering this virtue through meditation gives control over will and emotions, life and death, and the understanding that everything in creation serves a necessary purpose.

This divine virtue is a light violet color, is the earth element so it has the sensation of weight, vibrates to the musical note of A, and forms the right eyeball.

A This is the sound of the divine virtue of highest wisdom and enlightenment.

This sound [soft as in a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

Umlaut A, aeThe realization of wishes regarding physical matter is subjected to this virtue.

The sound of this letter, the long A,ae, in the cosmic language is the virtue of the origin and mystery of life and death regarding their transformation.

By meditating on this virtue, a child of God becomes convinced that in reality death does not exist, for the so-called death is only a transformation from one state into another.

Also will come enlightenment on the cause of this transformation. With this comes the ability to master all negative spiritual beings in all spheres and planes with regard to their scope of action.

The purpose for which negative beings have been created becomes clear.

Since, in the original principle all beings are alike, each having been created by Divine Providence to fulfill a certain task, there is no dissimulation of negative beings, for from the enlightened persons point of view everything is pure.

Here the saying: "to the pure one everything is pure" becomes plain.

If there were no negative beings, it would be impossible to distinguish between good and evil;

and if there were no passions, there would also be no virtues.

This virtue confirms the words contained in the Bible: "through night to light",
the deep symbolic meaning of which now becomes clear.

In the intellect the ability is gained to see through all thoughts, actions and wishes concerning matter, and of becoming their absolute master.

In the emotions, this virtue represents desires, passions, and the inclination to self-satisfaction etc.

A person who masters this virtue in their emotions becomes absolute master and ruler of all desires and passions.

Also, a person is able to not cling to mental, emotional, and material virtues and objects when they are not the highest good.

This means complete independence and freedom and fulfills the saying "*bind yourself and you will be free*".

On the material level this virtue is one of the most materialized.

No matter whether you evoke it in the mind, the emotions, the akasha,
or
the material world, the earth is influenced by it to a larger extent.

The ability to infuse matter with divine virtues is heightened.

The color of this virtue is loamy brown. The musical note is C. The element is earth so it has the sensation of weight. The anus is formed from this virtue.

F The sound of this letter is the divine virtue representing the legality and harmony of all visible worlds in creation in both the microcosm of the human body and the macrocosm.

By using this virtue, a person comes to know legality as the most perfect harmony, and furthermore, to see the operation and the laws of analogy of the macro- and microcosm in their truest form.

In the intellect, this virtue gives complete understanding of the interdependence of will, thought, emotion, and form.

The color of this virtue is light green; it is the earth element so it has the sensation of weight. It has the musical note of F-sharp and the left hand is formed from it.

A This is the sound of the divine virtue of highest wisdom and enlightenment.

This sound [soft as in a sighahhhhh] and virtue is an initiation into the highest wisdom and the purity of all ideas.

This has as a fundamental feature the enlightened mind.

Reasoning, perception, the cognition of the most profound truths, highest knowledge, high intelligence, and the arousing of all intellectual faculties are expressed.

Musical gifts, eloquence, poetic talent, and clairvoyance, clairaudience, the art of levitation, and the control of the air element and its beings are all aroused by meditating on this

virtue.

On the physical plane the command of the beings of the air, control over storms, are all made possible by initiation into the highest wisdom.

The color of wisdom and enlightenment is light blue, the musical note is G,

the element is air so it has the sensation of ease, and the lungs are formed from it.

Umlaut A, a transformation of imperfection through release for change into another state that is the highest good of all.

Miracles

Note on the polarity of Saturn and Jupiter:

Just as hot and cold are a polarity, so are Jupiter and Saturn a polarity.

*They are a polarity of expansion [Jupiter] and contraction/
restriction/form [Saturn].*

*Therefore, since they are two polarities forming one continuum,
in order to reach a harmonious balance [the middle path] when I desire
an
expanding and beneficial change [Jupiter]
then I realize that a specific form must be chosen for it to manifest
through [Saturn].*

*In day to day life, I have found that I can surrender specific details to
Divine Providence.*

*When a desire for expansion arises, I ask Divine Providence to reveal
to me exactly what to desire so that it is the highest good of all
concerned.*

**I use The Law of One to designate that the expansive beneficial changes
being brought about
also manifest only in the way
that is the highest good.**

I leave the details of this to Divine Providence as well.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

This book is helpful for understanding present day political issues. If you have these, it may be helpful read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

Books on emotional healing by Dennis Linn, Sheila Linn and Matt Linn are recommended. Also recommended: THE NEW PRIMAL SCREAM, by Dr. Arthur Janov, and any books by William R. Emerson Ph.D.

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF ONE

**We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
SO BE IT!**
