A new moon is always a new beginning.

*Today's new beginning ushers us all to divine wealth, riches
and fame,*

as the sun and moon are at 16 Aquarius.

*The north node, the direction of the chart, is 26 Cancer, the
heavenly hosts of interplanetary spheres.*

***Uranus is in Aries for a little longer,
when it will reenter Taurus, which will be his sign until
2025.***

***During this wonderful stay in Aries, we will experience,
individually and collectively,
major unexpected upgrades in our sense of personal
spiritual identity and purpose.***

***When Uranus reenters Taurus, which rules divine
highest good love manifesting in physical reality,
such as honorable money, pleasures, values,
possessions and ideals, we will have a much more
refined sense of what is deeply desirable and what is
not.***

***Uranus rules almighty divine will that brings sudden
unexpected changes for the better.
Over the next seven years, the pleasures and***

*possessions we cherish
evolve to levels of divine harmony and love for all.*

*Environmental beauty and harmony, the splendor and
majesty of the human body,
the happiness and joy of all creation, will all be
treasured.*

*At this stage of the journey,
this new moon opens gateways to flow with divine
faith, optimism, and willpower.*

Because this new moon beginning

has a north node in the sign of Cancer,

*we realize that we can materialize or
dematerialize realities,
as we nurture the precious creation of
Earth.*

*"Ye must be as little children to enter the kingdom of
God."*

*We are entering the ancient future, the time of
flowering,*

"on earth as it is in heaven".

**The 28 Angels of the Moon Sphere
Divine Emotional Magnetic Rhythm**

*'The Moon in its planetary function
influences everything liquid on our earth.*

The Moon sphere is analogous to flowing emotions and feelings.

*The emotional awareness of each child of God,
is known in ancient terms as the astral body.*

**Emotions of happiness are necessary for all timelines to manifest divine harmony in
the quantum field.**

**Healing of the Divine Feminine, the awesome realm of flowing emotions and magnetism,
the water element, is necessary for Heaven to manifest on Earth.**

The healing of emotional flowing of each child of God on Earth is therefore of major importance.

**The Angels of the Moon Sphere
are commissioned with great responsibility in this regard.**

Angels of the Moon work with mankind in the realm of flowing emotions,
in contrast to the Angels of the 360 degrees of the zodiac
surrounding the Earth who work with the children of God in the realm of vitality.

There are 28 angel groups, one for each day of the moon cycle.

New Moon 1st Day of Lunar Cycle

Beloved,

We inspire perfect use of OMNIPOTENT SACRED WILL
FOR THE HIGHEST GOOD OF ALL
and SACRED FLOWING EMOTIONS
in the meditation of the divine virtues so that all things are
possible.

We have been given the responsibility by Divine Providence to control not only the tides of earth,
but also the tides of water in the bodies of all living things.
These tides correspond to flowing emotions of omnipresent,
omnipotent, and omniscient Divine Love and Life.

*When the children of God call on us for our help,
we teach them how to use omnipotent
will and intent for the highest good of all in combination
with strong flowing emotions of unconditional Divine Love
to heal the emotional reality of Earth.*

In this way we teach how to control the physical reality of Earth,
because the physical reality of each person,
and of the Earth as a whole,
is determined by flowing emotions.

Just as we control the tides of earth,
we teach the children of God to attune themselves emotionally to the rhythms of Divine Life,
so that they may flow with the sea of unconditional all encompassing Love,
that ebbs and flows with the expression of polarity in Universal Consciousness.

*We particularly attune the child of God to the use of the Sacred Dream,
the blueprint for perfection on the Earth
This blueprint is the Prime Will for the highest good of all for Earth.*

This is the Prime Will for bringing about a perfect kingdom,
a home of pristine beauty and harmony for all living creatures.

Miracles are created by combining OMNIPOTENT WILL FOR THE HIGHEST GOOD of the Earth, the electric-
masculine power,

with the FLOWING EMOTIONS of unconditional love and flowing feelings of the Sacred Dream of the Moon,
the magnetic-feminine power.

Just like the miracles of the tides, FLOWING EMOTIONS of the Sacred Dream and Divine Love of the Moon,
manifest perfect power,

rhythm, harmony, and cycles of flow in the emotional life for all the children of God and for all sentient
creatures.

*By studying the tides, and flowing with emotions of their healing effects,
perfect understanding of this is attained.*

By studying the scientific effects of the tides, the influence of a rhythmic emotional life on the well being of
the physical bodies
of the children of God and on the creatures of the world is understood.

Attune to the divine virtues represented by the letters of our name,

and call on our help to receive the following:

in the meditation of the divine virtues so that all things are possible.*

On the first day of every 28-Day Moon Cycle we flood the Earth with deep rhythmic flowing emotions that control the tides,
so that all life may attune to the rhythms of the Heart Divine that pulsates throughout the Web of Life.
