## *The Angels of Wealth, Riches, and Fame*

Also known as

The Angels of

# *Capipa*

**Beloved,**

*On the path to spiritual perfection there are times when enlightened people come out of obscurity.*

*They are needed as leaders in the public arena.*

*It is at these times that material wealth, power, and fame become a natural consequence of higher consciousness.*

**In World Service, power is often necessary to manifest Paradise on Earth.**

*That is why we say that one of the most noble, divine purposes for achieving fame, is for a Child of Light to exemplify and model for others Divine Virtues, in the way he or she lives life.*

*As people in this time of the alpha and the omega seek to access beautiful spiritual and emotional states of consciousness, they rediscover an inner desire to use money, fame, and power wisely to evolve that process.*

*This is bringing about a radical redistribution of power, fame, and wealth at this time of the Alpha and the Omega.*

*Therefore, when it is the highest good for a person to become rich quickly, without the riches becoming a hindrance to spiritual development, we make this happen.*

**We help strengthen attunement to the truth that the riches of Earth belong to All, and exist for the Highest Good, Joy, and Beauty of all concerned.**

**This rediscovered art form, of using divinely inspired personality and wealth as**

**an artistic masterpiece,  
is enhanced by finding creative compassionate ways to use  
fame and power to beautify,  
cleanse  
and  
enrich the world.**

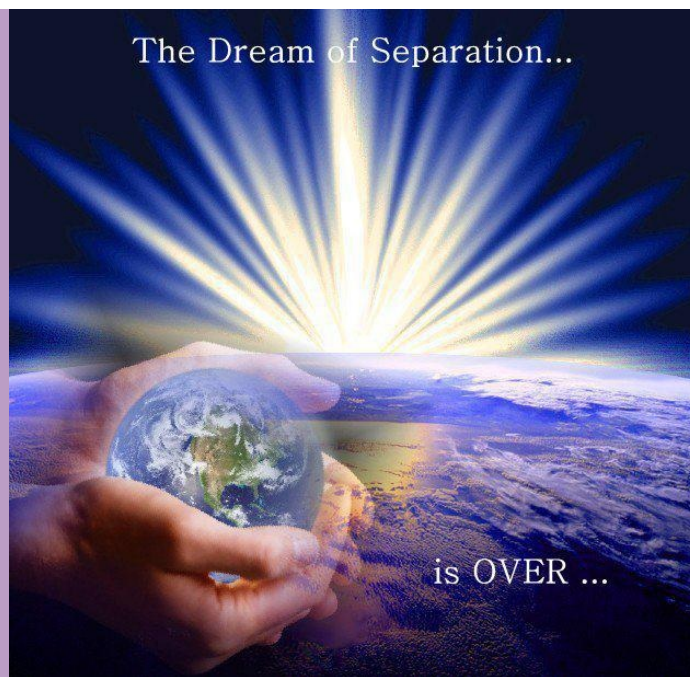

**Instead of a limited selfishness of ego that once believed  
itself to be separate  
not only from others,  
but also from God,  
enlightenment transforms a person's self identity  
into  
omnipresent,  
omnipotent,  
and  
omniscient  
flowing Divine Wisdom and Love.**

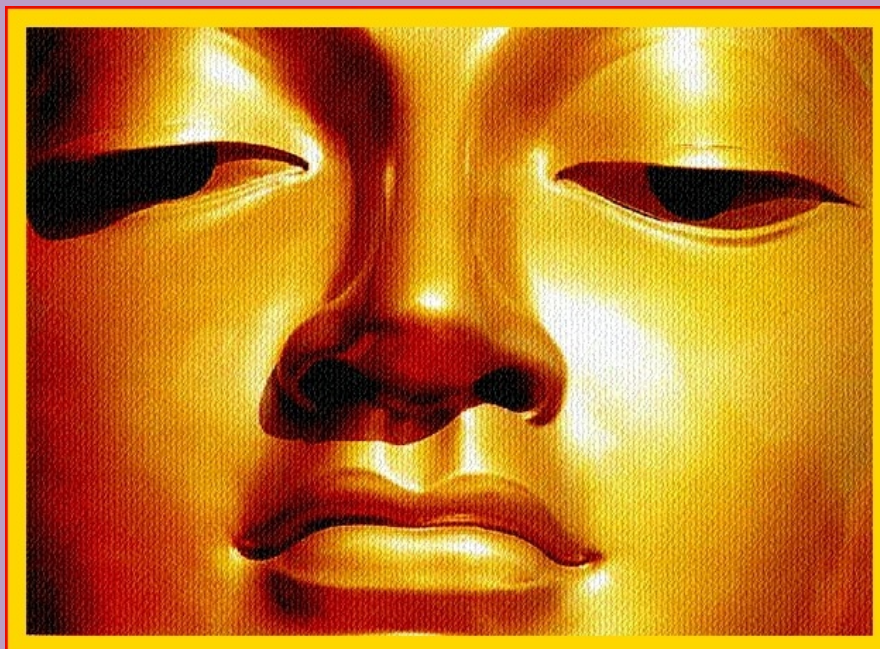

**Egoic selfishness is transmuted into a Divine Selfishness,  
one that desires the highest good for all.  
It is transformed from identifying one's self as separate  
from others and from God  
into Oneness with All.**

**"I and the Father are One."  
"All that I do, ye shall do, and more."**

**We are custodians of ALL treasures.**

**We also protect riches under the earth,  
precious stones as well as treasures  
put away by human hands.**

***Our task is to inform an enlightened person when wealth,  
fame, and power are to be theirs,  
and we procure it quickly and easily  
so that they may do the work of Divine Providence.***

**Remember, when those who seek to spiritualize incarnation by seeking  
a heavenly consciousness  
flowing with divine cosmic love  
are ready,  
they are often guided to wealth, power and fame  
for the purpose of World Service.**

**Instead of being overwhelmed by wealth, fame, and power,  
remember that in the natural order of the Universe,**

wealth, power, and reputation  
are  
attracted at the proper time on the path to spiritual perfection  
for the purpose of world service.

*Money is entrusted to those who use it consciously on the  
spiritual path of perfection.*

*One of the most noble, divine purposes for achieving fame  
is for a Child  
of Light to exemplify for others the Divine Virtues in the  
way he or she lives life.*

In World Service, power is often necessary to manifest Paradise on  
Earth.

*[The spiritualization of matter, the incarnation of divine virtues into  
physical embodiment, is the divine virtue of letter C of Capipa.  
This virtue shines with a vermilion light and has the sensation of  
warmth and ease,  
since it is a virtue of the fire and air elements.  
The stomach is made from this virtue.]*

As a person grows in desire to spiritualize the physical world with  
divine qualities, then enlightenment, the virtue of A,  
unfolds and opportunities for transformation and World Service develop  
naturally.

The tools of wealth, power, and fame usually come suddenly  
and unexpectedly.

Be watchful and prepared.

We help the children of light realize that enlightened  
people are Divine Stewards.

*[Wisdom and enlightenment shines with a light blue light and has the sensation of ease.  
This virtue awakens understanding and oneness with the original purity of all ideas in Divine Mind.  
It bestows gifts of eloquence, artistic talent, clairvoyance, clairaudience, and other mystical faculties.  
The lungs are made from this virtue.]*

**We help them recognize and release imperfections for transformation so that they can change to a higher state[ the virtue of umlaut A, ae].**

**For Paradise to manifest with maximum efficiency and minimum effort,  
we help a person who attracts fame, power, and wealth remain one in consciousness and tangible feelings and emotions  
with the longing for spiritual perfection  
and  
unity with Divine Light.**

**In the ancient teachings it is written:**

**In the beginning of the path of spiritual perfection, a spiritual seeker  
learns that the treasures of heaven are the treasures worth seeking.**

**At this stage, a person often turns away from the search for material  
wealth, power, and reputation to seek the wealth of Divine Consciousness and Love.**

*[The longing for spiritual perfection is the divine virtue of letter P, which has a dark gray light and the sensation of weight, because it is a virtue of the earth element.  
The right side of the nose is made from this virtue.]*

**However, the creative and communication potentials of material wealth,  
power, and fame are often important for World Service.**

**When a spiritual Child of Light is ready, he or she finds that the universe provides these,  
and uses them wisely  
to bring about the greatest good  
of all concerned.**

**By meditating on the laws of Cause and Effect  
a Child of Light remembers  
lessons learned over time  
and carefully creates Paradise  
in everything that is undertaken.**

*[The virtue of Cause and Effect, of Karma and reaping and sowing, is the letter I, and has a light opalescent light and the sensation of weight.  
The left kidney is formed from it.]*

**This development and awareness awakens an individual meditation process along with the understanding of the power of their breath to spiritualize creation.**

**Frequencies of our state of awareness on every level goes out with every breath, for good or for ill.**

**An enlightened son or daughter of divine being breathes life and happiness out into the world, and breathes it in again.**

**A person masters akashic, spiritual, mental, emotional as well as sensory skills in meditation.**

**Whatever desires, thoughts, emotions, and sensations a person experiences in meditation, in the now moment, goes out on the breath, which permeates an ever increasing area by the mixing of molecules with other molecules in the air, covering the entire earth over time.**

**Therefore, by developing an enlightened awareness on all four of these levels, a person CAN CHANGE THE WORLD just by breathing.**

**This is why many enlightened souls stay in physical embodiment, sometimes for thousands of years, but live privately, so that they can breathe in and out molecules of air that are encoded with compassionate high consciousness.**

**Through meditation, it is possible to create with Divine Virtues and the heavenly hosts, with deep unity and Divine Love.**

**As above, so below.**

**On the path to spiritual perfection there are times when enlightened people come out of obscurity because they are needed as leaders in the public arena, and it is at these times that material wealth, power, and fame become a natural consequence of higher consciousness.**

**Our task is to inform such a person when wealth, fame, and power are to be theirs, and we procure it quickly and easily so that they may do the work of Divine Providence.**

**The longing for spiritual perfection is present in all creatures, in all creation.**

***This longing attracts Heaven on Earth.***

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others . Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

**Please feel free to share these with others.**

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE  
We are all one.

**When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM, and I am one with all there is  
; I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.  
SO BE IT!**

**So it is!**
