The Angels of Protection

Also known as

The Angels of

Jenuri

Yagito, using Stejnar cipher

Beloved,

**We inspire World Servers to protect themselves
while they are helping others.**

*Through the divine virtues of Jenuri,
the children of divine being, of light, come to understand the phrase:
"love conquers all."*

The key to understanding how love is the most powerful protection in attracting Heaven on Earth
and transmuting negativity is found in deep meditation on the
letter J of our name, Jenuri.

**The first letter of our name is J,
which is divine cosmic love.**

"Perfect love casteth out fear."

**The second letter E,
is omnipresence.**

Omnipresent divine love conquers all.

The third letter is N, which is supreme happiness.

*"For I have not given you the spirit of fear, but of joy, and
life everlasting."*

**Happiness stimulates genius that reveals solutions to any
problem.**

**Happiness is the result of omnipresent divine love
and creates cohesion in creation.**

**The fourth letter U,
is the ability to understand the causes of fate,
and know how to go into deep meditation to change the
causes and thereby change any fate.**

"All that I do, ye shall do and more."

**When omnipresent divine love creates happiness,
negative fates can be changed.**

**R is inner guidance,
and it is by listening to inner guidance that a loving world
server
always acts appropriately in any situation.**

"Listen to the still small voice."

I is cause and effect.

"Ye shall reap what you sow."

**Understanding the power of omnipresent divine love to
change fate
is the ultimate result of understanding cause and effect.**

*Protection and safety are states of consciousness that are nurtured and
cultivated by spiritual practice.*

**We reveal ways to have success with negative influences, whether it is
negative elementals,
elementaries, beings of elements, beings of the zone girdling the earth,
or any other negative beings of any .**

With love, and faith, transmutation is a certainty.

Masters of creation attune to the complete inner self.

"The kingdom of heaven is found within."

They reap the skills of the infant self in Delta brainwaves states of pure being and unity with Divine Being and all creation.

"I and the Father are ONE."

"All that I do, ye shall do and more."

Next a master of creation masters the skills of the little child self, creating inner realities from deep Theta brainwave states.

"Ye must be as little children to enter the kingdom of heaven."

Next is mastered the ability to match tangible flowing emotions of the adolescent self in Alpha states to the divine purity and innocence of pure being and deep inner imagination of Delta and Theta states.

"You can tell a tree by its fruit."

Because emotions are magnetic, and attract new realities into manifestation on the physical plane, a person next masters meditation on the manifestation of beautiful emotions through the five senses, memory and logic of the Beta brainwave adult state.

***By attuning on all of these levels to omnipresent divine flowing love and happiness,
it is possible to create all powerful magnetic fields attracting safety and protection.***

That is why it was written:

"Ye must be as little children to enter the kingdom of God."

"I have not given you the spirit of fear, but of joy, and life everlasting."

"The last enemy to be overcome is death."

"Love conquers all."

To be absolutely safe in all situations, a person must be all of these, the foundation being strong Delta brainwaves of Pure Being and Unity with All.

That is why it was written:

"I and the Father are One."

"All that I do, ye shall do and more."

It is in this state, that is dominant in infancy and in deep dreamless sleep each night, that omnipresence is experienced, and all beings are experienced as one's own self.

This unity gives safe loving control over self and all others.

"What you do unto the least of these, you do unto me."

In this inward infant state of relaxed pure being, a divine Child of Light is fully creating and loving all life, and is happy, creative, free, and intelligent,

attracting whatever is necessary
to out picture an inner state of oneness with all life.

Oneness with all,
even oneness with the negative beings,
is experienced,
and with this oneness,
the power of love to command these beings to do only that
which is the highest good of all is gained.

"God's love is like the sun, it shines equally on the good and bad alike."

"Perfect love casteth out fear."

The purpose of negative beings is understood,
and when they act according to the original divine blueprints of
creation,
their powers of destruction can be seen and used in a positive light.

For example, when the tree falls in the forest,
the negative decay that happens
nourishes all life.

THE LAW OF ONE
is being retaught to mankind
at this time
to bring about Paradise on Earth.

This is the first and original law.

THE LAW OF ONE:

*We are all one.
When one is harmed, all are harmed.*

When one is helped, all are helped.

*Therefore, in the name of who I AM;
and I AM ONE WITH ALL THERE IS,*

*I ask that ONLY THE HIGHEST GOOD
OF ALL CONCERNED
HAPPEN.*

*I give thanks that this is done.
So it is.*

In a state of love, peace and calm,
the understanding of the consequences of actions comes naturally,
and so does the beingness, will, thoughts and emotions that create and
attract joy.

The key to understanding how love is the most powerful protection in
attracting Heaven on Earth
and transmuting negativity is found in deep meditation on the
letter J of our name, Jenuri.

This is the Divine Virtue of Cosmic Love.

This is the virtue of the highest, most all embracing love, that is, Cosmic
Love.

To comprehend and feel this love, which is one of the highest divine virtues, in the microcosm and the macrocosm, is to be absolutely filled with rapture.

A person filled with rapture is safe because this love attracts only Paradise and in so doing transmutes all.

Flowing feelings of Cosmic Love are natural to a person that recognizes The One Life that lives in all beings.

This love vibrates to the knowing that underneath all polarities, within all beings and within all consciousness, there is a WILL, a PLAN, a LOVE, and an ESSENCE that unifies them as ONE.

Cosmic Love is the emotion, the sensation, the feeling of the Unified Field itself.

When someone attunes to this vibration and radiates it fully, the consciousness of all other beings are blessed into sympathetic resonance.

**Test the power of love,
for it is love that conquers all.**

**Practice loving FROM THE HEART,
not just thinking about loving from the heart.**

**Move your point of awareness from the head into the heart,
and there remember what love feels like and flow with love coming in
and flowing out.**

**It was once said by a great teacher:
"The longest journey is from the head to the heart."**

**Over time watch what happens as your heart flows with love for
everything perceived on every level.**

**Watch what is attracted into being as every state of being,
desire, thought, tangible feelings in the body flowing as emotions, and
physical
situation in yourself and others
are loved with flowing feelings of divine cosmic love.**

You may be especially surprised and delighted at what happens with the changes that occur in situations that normally would evoke fear or judgement.

Experience in this way the power of unconditional love to transform everything within yourself and in the world.

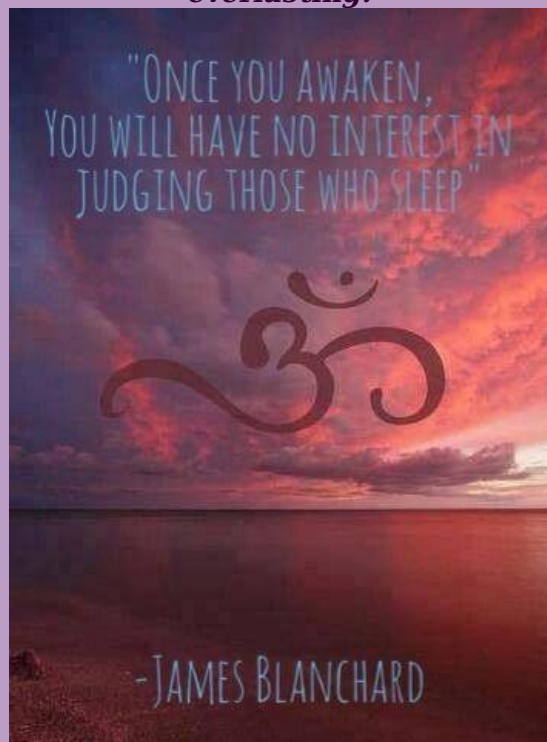

**By doing this over time,
it will then become natural and easy TO LOVE UNCONDITIONALLY
THE STATES OF BEING, THE DESIRES, THOUGHTS, EMOTIONS, AND
PHYSICAL SITUATIONS
that occur everyday,
and thereby transform them.**

"Give thanks for ALL things, for that is my will concerning you."

"ALL things work for good to them that believe."

Love conquers all.

For I have not given you the spirit of fear, but of JOY and life everlasting."

Cosmic love that is comprehended intellectually reveals ideas of the sacredness of all life and expresses the mystery of rapture and ecstasy in its highest form.

On the emotional plane cosmic love attracts only more of itself. Following the laws of magnetism and Divine Feminine Power, Cosmic Love attracts more Cosmic Love.

All beings and Godheads respond in love, regardless of outward appearance or inward polarity. Cosmic love evokes emotions of Cosmic Love in all beings and all situations.

It is God calling unto God. It is the ONE BEING recognizing ITSELF in all other SELVES.

On the physical plane Cosmic Love arouses kundalini life force to its highest power.

This lightning bolt of Divine Life suddenly and unexpectedly can transform everyone's consciousness and being.

The next letter E, which is the Virtue of Omnipresence, is the experience of unity with Divine Being and all creation.

It is the experience that all is One, that ones consciousness and emotions are not limited to any specific place or time, but can be experienced as one with everything in the deep Delta brainwave state.

This virtue is the ability to imagine and feel ones consciousness existing throughout all space and time.

In your meditation, imagine filling all space, infinitely big and then infinitely small, inside and outside, one with all beings. Then imagine and feel yourself existing in all time.

Meditate on being infinitely in the present, the future, and then infinitely in the past.

Meditate on your consciousness merging with the omnipresent consciousness of Divine Providence.

This is the virtue of Omnipresence.

With this awareness you communicate with all beings, and all beings remember their oneness.

The letter N is the Virtue of Divine and Flowing Supreme Happiness.

This virtue awakens happiness so great that it is beyond the ability of words to describe.

Meditating on this virtue attunes a Child of Light with joy.

I have not given you the spirit of fear, but of joy and life everlasting.

The Virtue of Cosmic Love, combined with Omnipresence and Supreme Happiness awakens the FIRE OF TRANSMUTATION.

This is the FIRE of the PHOENIX that burns up the old and gives birth to new splendor and perfection.

It is the new enlightened self that rises from the ashes of imperfections that have been released for transformation.

**The FIRE OF TRANSMUTATION burns whatever it comes into contact with,
so that a more beautiful condition is born and arises out of the flames.**

**As the fire of Cosmic Love, Omnipresence and Happiness transforms any
harm in self or others, a person creates a perfect outcome of the
situation for all beings involved.**

**This creation is formed through the virtue of letter U, which is the
Divine Virtue of The Act of Creation
and its ongoing effects through time.**

**Meditating on this virtue awakens a persons ability to go into deep
trance states
and unite with the ongoing results of each creative act.**

**A person understands fully the changes that will ripple through time
and space from what has occurred.**

**At this time THE LAW OF ONE can be used to guarantee the creation of
the
Highest Good of All Concerned, manifesting the HIGHEST PARADISE
OF ALL CONCERNED
IN BEING, WILL, THOUGHT, FEELING AND SENSATION.**

**Once this is done, a person continues to follow inner guidance, the
letter R,
which is the Virtue of Inner guidance, Freedom and Independence.**

**Meditating on this virtue allows a person to confidently continue
working with the evolving situation by receiving clear
direction from Divine Providence.**

**Through inner guidance, a person knows exactly how to secure the
situation for all.**

**COMPLETE CONTROL of the final outcome in matter manifests through
The Law of Cause and Effect.
This is I, the last letter in our name Jenuri.**

**This virtue awakens memory, remembrance, and conscience so that now
that the situation has been restored to safety and the Highest
Good of All invoked, a person finalizes on the physical plane whatever is
appropriate for the new reality.**

**Over the course of time, in using this form of Cosmic-Love Protection,
so many miracles occur that great confidence is achieved.**

**Success with negative influences, whether it is negative elementals,
elementaries, beings of elements, beings of the zone girdling the earth,
or any other negative beings of any sphere is a certainty.**

**This protection becomes so integrated within a persons consciousness
that a childlike state of unconditional love, trust and innocence is
permanently maintained.**

**Throughout history we have inspired World Servers to charge the atomic
oscillations of amulets and talismans with Flowing Cosmic Love, and
the other divine virtues represented in our name.**

**These amulets radiate powerful protection during times of stress,
psychic attack,
or when helping others in emotional healing processes.**

The understanding of the lawfulness of how new realities are created is

important.

Love is necessary to manifest safety in life.

The old paradigm of resisting an enemy with force, while invoking powerful negative emotional states, inflames fear and makes a situation more negative and dangerous.

Military programming, for example, taught recruits watchfulness, wariness, and readiness to react violently in an instant.

But the truth is that this heightened state of paranoia attracted the very situations that were being resisted.

Visualizing and meditating on various unsafe scenarios became a self-fulfilling negative prophecy.

A person creates what he or she concentrates on, especially when there is strong emotion, negative or positive, that attracts it powerfully into form.

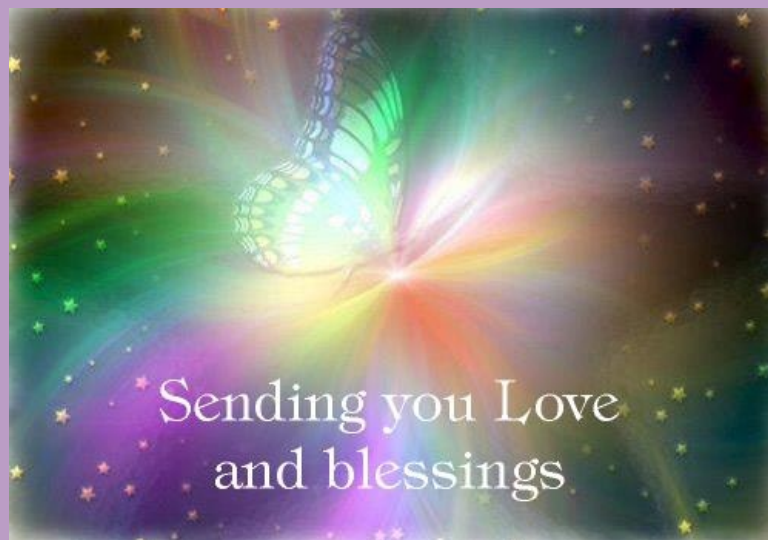

In summary, the ultimate protection is Flowing Divine Love that comes from complete identification and merging with The Oneness of all that exists.

The Law of One expresses this consciousness and provides a value toward which all people consciously or unconsciously strive in living their daily lives.

This is the first law, The Law of Laws.

It is based on Flowing Cosmic Love, Omnipresence, Omnipotence, Omniscience and the unified field.

All other laws in all dimensions, times, spaces, and realities are subject to, subordinate to, this law.

THE LAW OF ONE is being retaught to mankind at this time to bring about Paradise on Earth.

This is the original law of creation, and is the supreme law over all other laws, in all dimensions and densities.

The first law.

THE LAW OF ONE:

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM;and I AM ONE WITH ALL THERE IS,

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED

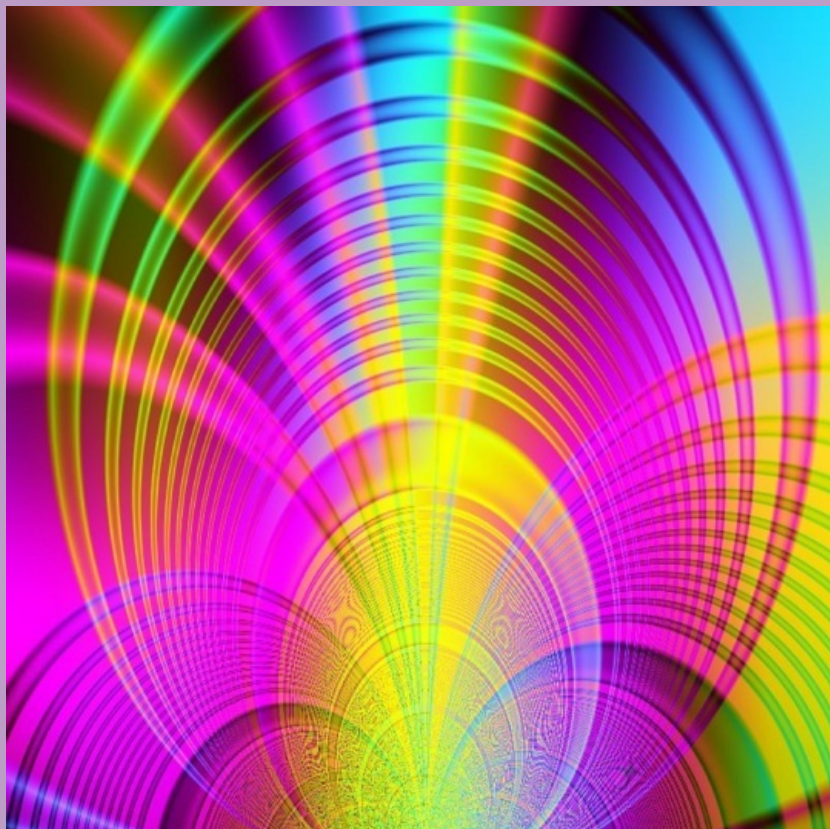

Happen here, as well as through all space and time.

**I give thanks that this is done.
So it is.**

Unconditional all encompassing flowing Cosmic Love is the only form of protection that collapses resistance in polarities throughout all time and space and harmonizes all energies into ONE unified tone.

Miracles

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

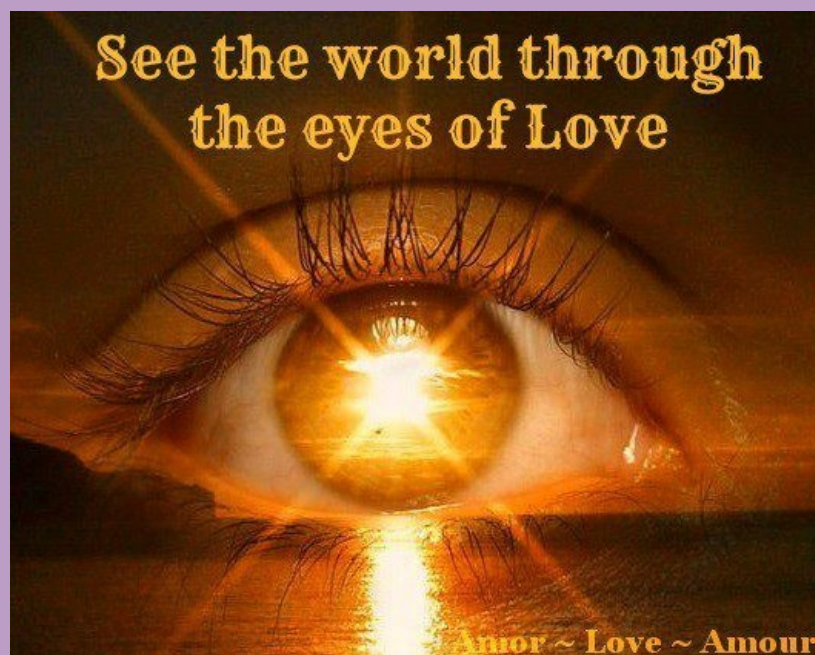

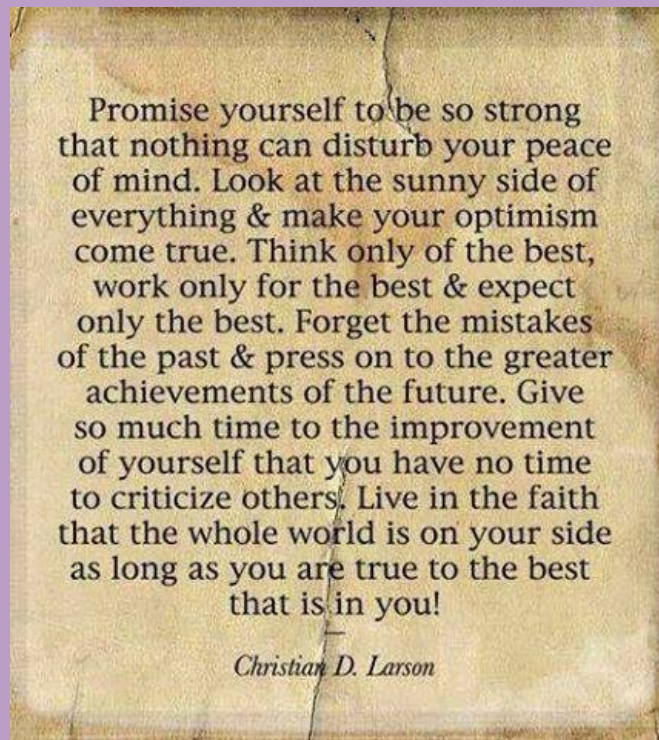

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
