29 degrees Aquarius
The Angels of Synthesis

Also known
as

The Angels of

Nelion

Beloved,

We help clarify the overall significance of seemingly disparate facts with part-to-whole interrelationships.

We inspire synthesis of the vast knowledge that has been gained from all knowing and experience, including out of body travels in mind and emotions.

**We help people synthesize ever growing knowledge
integrating it in context of the bigger picture.**

**We help expand the internalized grasp of quaballah,
which is the understanding and mastery of divine qualities
in being, will, thoughts, tangible feelings and emotions and
sensations,
or whole brain and body consciousness.**

**Chances are good that we are involved in those moments of
studying any kind of knowledge,
including the divine virtues of quaballah,
when you realize the meaning and value of a new insight,
and how it fits into the larger gestalt of your
understanding of reality.**

**We are in our element during those moments of emergent
realization, the aha ! experience.**

**Original Divine Consciousness is everything taken
together,
and to participate in creation,
Divine Consciousness becomes a human being,
which is the middle path between all polarities.**

***The beginnings, purposes and destinations of all
Divine WISDOM, Divine LOVE, and Divine WILL
result in divine happiness.***

The middle path of Buddha!

A human being is a microcosm of the macrocosm.

**Complexity and simplicity are a polarity, they are simply poles on a
continuum of the many and the ONE.**

**The midpoint of this continuum of the many and the ONE is the
human being.**

**For example, a Child of Light exists in the present, which is the
middle of past and future.**

**The size of a person is in the middle of the continuum of infinitely
small and infinitely large.**

**On the average, the wisdom of a human being is in the middle of
emptiness and omniscience.**

**The power of a human being often expresses itself in the middle of
the continuum
of helplessness and omnipotence.**

**For example,
I, of myself, can do nothing [helplessness].
It is the Father within,
it is HE that doeth the works [omnipotence].
and
I and the Father are ONE.**

**Flowing love of a human being can often be found in the middle
of the continuum between self love and cosmic universal love for
others.**

***An ultimate polarity of an ultimate continuum, the
meaning of the path to enlightenment,
is to be ONE with Divine Being and all creation, and
aware of unity with even the smallest quantum of
energy, at the same time.***

This is the experience of an enlightened human.

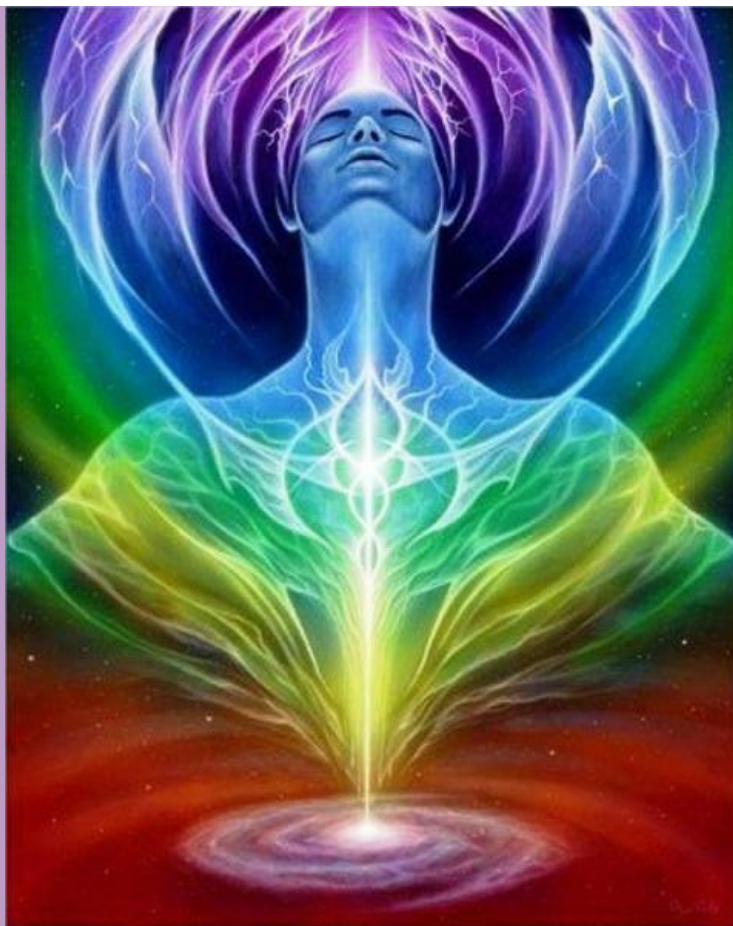

**This requires whole brain experience; Delta, Theta, Alpha, and Beta
brainwaves operating together.**

**This requires deep awareness of simultaneously experiencing reality
from the viewpoint of being an infant, a child, an adolescent, and
an adult.**

This is one of the keys to flowing emotions of Supreme Happiness.

Happiness creates cohesion in creation, in a way similar to gravity.

**By understanding omnipresence and the importance of flowing
emotions of
happiness, a person learns the importance of seeing through the
eyes of love divine,
of awakening the divine perfection within all creation.**

As this happens, the mind overflows with amazing insight.

Many facets of knowledge concerning creation form into an overall picture of simplicity.

Finally the many aspects reveal themselves to be features of one simple truth:

WE ARE ALL ONE.

The same awareness looks out all eyes, exists in every atom, we are all one awareness.

MIRACLES

The first letter of our name, Nelion, is N, the Divine Virtue of Supreme Happiness.

Supreme Happiness shines with a deep red light. The liver is made from this virtue.

The second letter, letter E is the divine virtue of the full spectrum of all the beings, times, and places in all created realms.

**It represents divine omnipresence.
Omnipresence shines with a deep purple light.**

**The spine of every Child of Light is made from this virtue.
Because the Unified Omnipresent Ocean of Flowing Cosmic Love
and Fields of Will and Intelligence
are found in the original self of each person,
there is a deep instinctive longing to explore and reclaim this larger
identity.**

**This is why friendships and other loving relationships are so
important. Each person and being is another part of self,
and relating to others is a way of reconnecting with the larger
whole.**

**The letter L of our name represents all of the Divine Virtues taken
together.**

**While wandering throughout universes and dimensions, a seeker
meets many beings and places that reflect a wide variety of Divine
Virtues.**

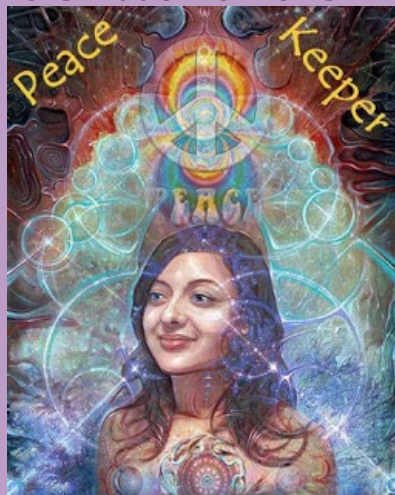

**Dramatic evidence of the majesty and splendor of Divine
Consciousness and Being is seen
through the variety and depth of all experiences taken together as
a whole.**

**The virtue of letter L also opens the synthesizing
of fragmentary experiences of various divine virtues into the context
of a unified whole.**

**This virtue reveals wholistic being, with the ultimate
purpose of unity with the splendor and majesty of Divine Being.**

**The divine virtue of all the divine virtues taken together gives a
Child of
Light the experience of awe, reveals true spiritual morality, and
stimulates vitality and youthening.**

**This virtue shines with a deep
glowing translucent olive green light. The spleen of every Child of
Light is made from this virtue.**

The next letter I is the Virtue of Cause and Effect.

**During out of body travels many teachers are met,
and many interactions are experienced that clearly demonstrate the**

laws of reaping and sowing.

The power of being, intention, thought, emotions, and sensations to create changes and effects throughout the unified field becomes increasingly evident.

The key phrase of alchemy, "As above, so below", becomes crystal clear.

The connection between will and emotion and breath is revealed.

The mystical process of creating causes and effects through breathing is understood.

The divine virtue of Cause and Effect shines with a light opalescent radiance.

The left kidney is made from this virtue.

Umlaut O, eu, represents the divine virtue of cognition brought about by Love divine.

This virtue is the POWER OF TRANSMUTATION, because LOVE opens the heart of a Child of Light to SEE the original divine blueprint of perfection in everything.

This seeing awakens the divine blueprint.

The cognition brought about by Love Divine shines with a deep orange light.

The ovaries and testicles are made from this virtue.

The letter "O is the Divine Virtue of Justice as an original principle.

Maintaining harmony is the true meaning of justice in all universes and dimensions.

This harmony is found in the greatest and original Law of Creation, The Law of One, in which it is stated that only the highest good of ALL concerned, not just a few, is acceptable.

The vastness and purity of this law is evident through learning from the many beings that dwell in the many mansions of infinity.

This divine virtue shines with an ultramarine blue light. The throat and windpipe is made from this virtue.

The last letter, N, are flowing feelings of Supreme Happiness that attract solutions to every challenge.

The beginnings, purposes and destinations of all Divine WISDOM, LOVE, and WILL all result in divine happiness.

Meditate on the virtues of our name, whenever you need to fit any knowledge into the larger picture.

We help with synthesis, analogy, and integration to focus and simplify vast knowledge in the journey to enlightenment.

All that I do, ye shall do and more.

MIRACLES

Angels Are Watching Over You!

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

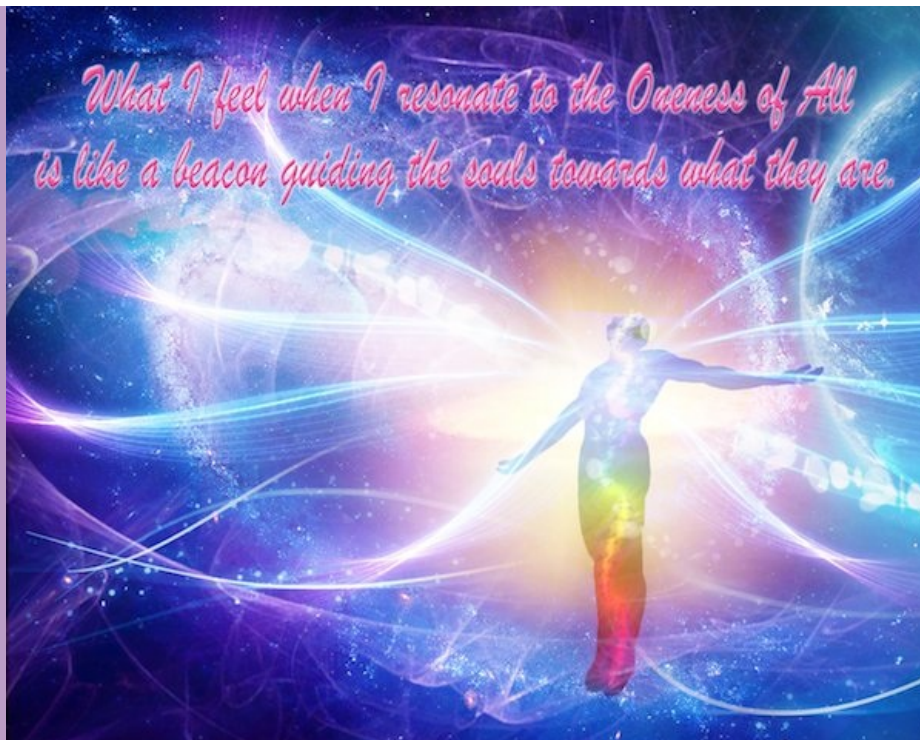

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION,

ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

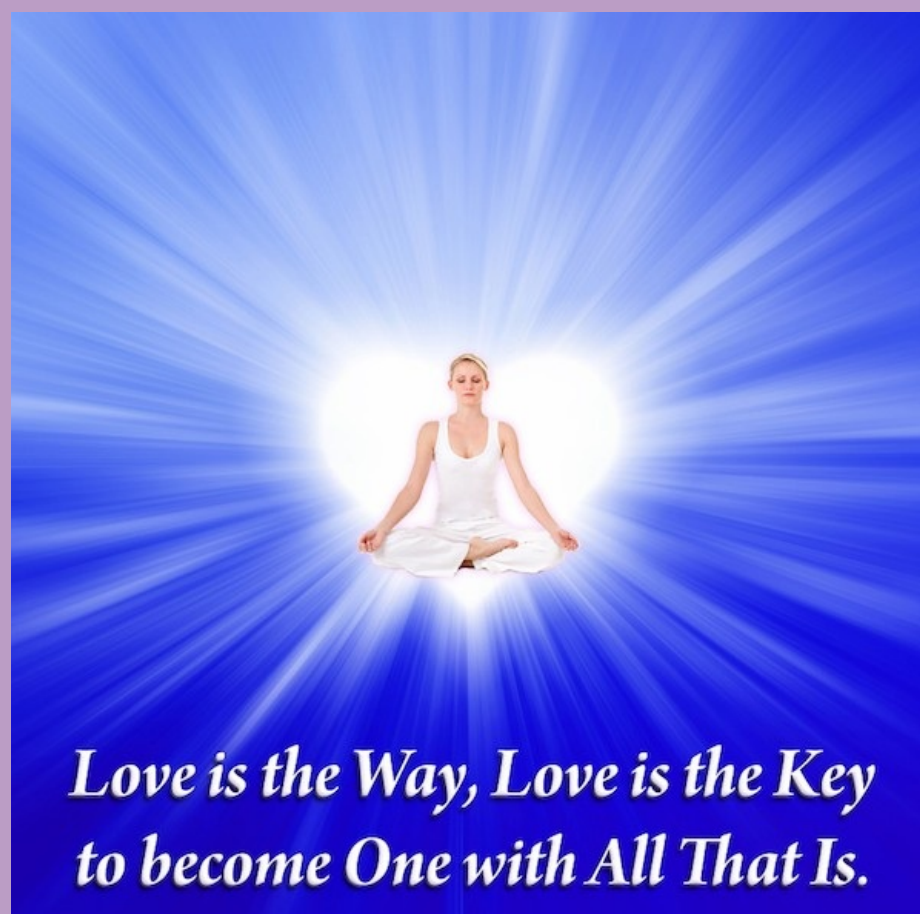

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

*What I feel when I resonate to the Oneness of All
is like a beacon guiding the souls towards what they are.*

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others
Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes written by Franz
Bardon.

*Love is the Way, Love is the Key
to become One with All That Is.*

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

**We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.**

**SO BE IT!
So it is.**
