30 Degrees Aquarius

The Angels of High Creation

Also known as

**The Angels
of**

Sirigilis

Beloved,

**We are special initiators into,
and at the same time custodians of,
high mysteries concerning alchemy.**

**We are summoned by spiritually advanced mothers and
fathers,
who activate consciously or subconsciously,**

**through intention and love,
the divine virtues of our name
when they desire to conceive a child
of masterful qualities and genius.**

**We inspire the understanding of the highest mysteries
of creation and alchemy.**

**In World Service,
the goal is always to manifest Heaven on Earth,
for
Earth has always been destined to be the highest Paradise,
to reflect heaven,
to be the as below
of the
as above.**

***We guide a couple to heights of
unimaginable spiritual awareness, being, will,
and ecstasy before, during, and after conception,
so that the sperm, egg, implantus,
developing fetus, and child
are bathed in the splendor and majesty of all the Divine
Virtues taken together.***

**A person is inspired by us how to impregnate,
for special purposes,
the seed and blood of man and woman in various ways.**

**Remember that the Constellation Aquarius is Omnipotent Divine Will
manifesting on the mental level, in the mind.**

**This brings about inner attunement, genius, co-operation, and
willpower.**

**This last degree of Aquarius prepares a Child of Light for the next
constellation,**

**the Constellation Pisces,
which is the culmination of the circle of twelve constellations.**

**Constellation Pisces is initiation into flowing tangible feelings in the
body
of emotions of Divine Wisdom.**

**In these next thirty degrees of the journey of Divine Being,
flowing emotions are those of Divine Wisdom.**

**These emotions combine emotions of Divine Love and emotions of
Divine Will together.**

**So in this last degree of Aquarius,
the skills of the previous 29 degrees are perfected,
and a person who is inspired and protected by us becomes one with the
divine virtues of our name Sirigilis.**

**With these virtues a World Server understands the highest mysteries of
creation
and does whatever it takes to manifest the Will of Divine Providence
for the highest good of all.**

"I and the Father are One."

**Divine Providence guides Grace and Mercy to penetrate all,
so that all sentient beings and the Earth herself
vibrates in the splendor and majesty of Divine Consciousness.**

**All-penetrating-Divine-Will for the highest good of all concerned,
therefore, is the first virtue, letter S, which shines with a purple red
light.**

**This omnipotent indwelling Divine Will for the highest good is coded in
the DNA of everything in creation.**

**Through the Power of the Word,
a person activates this indwelling omnipotent Divine Will in self and
others.**

**Each person is a perfect individual expression of Divine Being,
and is destined at some point to realize this and attune individual Will
with Omnipotent Divine Will,
manifesting Paradise by using wisely the Laws of Cause and Effect.**

**The divine virtue of Cause and Effect is the virtue of letter I,
which shines with a light opalescent radiance.**

**This virtue awakens memory,
remembrance, and conscience,
and the understanding of breath to charge self and others with divine
qualities.**

**A Child of Light combines all-penetrating-Divine-Will
for the highest good of all concerned
with the understanding of cause and effect,
and follows inner guidance to create exactly what needs to be created
in being, will, thoughts, emotions, and sensations
in every moment and situation to bring forth flowing emotions of true divine blessings.**

**Inner guidance is the divine virtue of letter R,
which shines with a beautiful golden light.**

**Through this process, Grace and Mercy, or true divine blessings,
are attracted into manifestation.**

**Grace and Mercy are the divine virtue of letter G, and shines with an
emerald green light.**

**The laws of Cause and Effect are further used to manifest the splendor
and majesty
of all the divine virtues taken together, the virtue of letter L.**

**This virtue gives vitality and youthening and is the virtue
that brings about true spiritual morality and immortality.
It shines with a clear, deep, translucent olive green light.**

**Memory, remembrance, conscience, and the use of breath to create,
brought about through the virtue of Cause and Effect,
further attunes a Child of Light to all-penetrating-omnipotence, or
Divine Will,
that indwells all creation.**

**This final S in Sirigilis further unites individual will with Divine Will
and makes all things possible.**

**Through these divine virtues it is possible to transform
anything,
including the physical body,
to manifest fully the splendor and majesty of Divine Being.**

**Immortality and youth, and complete perfection of physicality to reflect
the perfection of Heaven
is the original intention from the beginning, the Alpha, and is the final
result in the end, the Omega.**

"The last enemy to be overcome is death."

**We are entering a grand new age, an age that is both new and ancient,
for it is an age that reflects the original will, thoughts and emotions of
Divine Being.**

**Also, at the same time, Earth is now in a 2000 year Age of Aquarius,
and because the mind of all are more attuned to Divine Will,
creation will reach a much greater perfection.**

**Over the next 2000 years, humanity proceeds along the pathway of the
30
degrees of Aquarius, as outlined in these messages.**

**Both individually and collectively, this path brings about Heaven on
Earth.**

We ask you to remember, however, that time and space are mastered through the Delta, Theta, and Alpha brainwave states of consciousness.

We inspire each World Server to this transform the self and The Self, the microcosm and the macrocosm, through meditation in these times.

In this time of World Service we ask people to think of themselves as perfect Divine Children of Light and follow in the footsteps of those who have gone before.

It is time to let go of belief in limitations.

Now is the time to visualize the original purity of all ideas manifesting throughout creation.

You may call forth the angels of Sirigilis to inspire and guide in bearing beautiful children, and you can also ask for their help in assuming your own divine perfection and rightful place in your present incarnation.

An example of a good invocation for this purpose is:

"I invoke the angels of Sirigilis to inspire, teach, and guide me.

I ask for your perfect help in assuming my role as an elder or parent in service to the highest good of all, of the One Being.

I ask for the healing and perfection of planet Earth.

I surrender myself as an instrument for Divine Providence to use in manifesting Divine Will on Earth.

I ask to be initiated as a parent, or an elder and a World Server.

I ask that my work be a path of enlightenment and joy governed by The Law of One, the highest good of all concerned.

Clearly reveal to me the highest purpose of my incarnation on Earth at this time.

I ask that my highest destiny, and the cosmic purpose that I came to serve, be shown to me on an on going basis and that I receive whatever help I need to fulfill it easily, joyfully, lovingly, and willingly.

I ask to be filled with Divine Love, Wisdom, and Power whenever there is a need for me to minister to any being.

I offer myself whenever Divine Providence needs to flow through someone with a physical body to help bring about the Alpha and the Omega

*through The Law of One,
the highest good of all concerned.*

*I pray for Heaven on Earth and for whatever miracles are
needed to
bring this about.*

*I ask that this be done with maximum efficiency and
minimum effort in a timely way.*

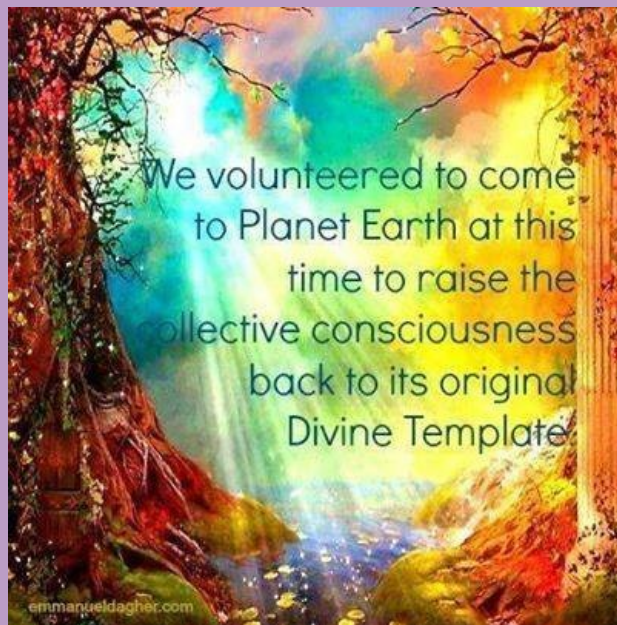

I give thanks that this is done."

"So be it."

As it was written,

"All that I do ye shall do and more."

MIRACLES

The divine virtues of the letters of our name are:

S All-penetrating Divine Will Power

In the akasha principle, which is consciousness-penetrating-all, this letter oscillation represents the all-penetrating powerall-power. By meditating on this quality you get into contact with the most subtle substance of the divine spirit, with the original divine fire and will in everything that has been created.

On the mental level you have perfect mastery over will and intent.

On the emotional level you have absolute clairvoyance in its purest form. You see over time and space and have control over other beings.

This virtue is the original fire, visualize it as purple with a reddish tint with a feeling of warmth, filling all of space. It vibrates to the musical note G sharp, and is used to form or heal the gall bladder.

I Mastery of Cause and Effect

R The sound of this letter is the divine virtue that concerns everything about freedom of will, freedom of action, and intellectuality.

This is the sound of the divine virtue of INDEPENDENCE AND FREEDOM. It is the virtue of following inner guidance and being in tune with Divine Providence.

Those who study the divine virtues in the order of the alphabet reach a state of complete oneness with Divine Providence so that by the time they reach the letter R, they have achieved a state of maturity by which your feeling of independence has been transformed into an absolute state of security and unimpeachability.

Mentally, you will have an eminent mind and emotions of freedom of will and action.

Not only this, but also the state of maturity in which you will never violate a law, having yourself become a master of all laws.

In spite of your freedom of will, you will find yourself willing to subject yourself freely to Divine Providence, and accept missions to serve Divine Providence with deep humility, immense gratitude and the highest devotion without losing your feeling of absolute freedom of will in any way.

Such great ingenuity will proceed from this that you will be able to comprehend any knowledge quickly and without difficulty.

The color of this virtue is gold, the musical note is C, the primary element is air so it is felt with a sensation of ease, and the left side of the nose is formed from it.

IThe sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

In the feeling body, this corresponds to the astral/physical matrix, which is the connection between emotion and physical form, with all of its functions.

On the material world, everything that has shape, measure, number and weight can be understood and mastered with this virtue.'

The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.

G... Divine Grace and Mercy in all its aspects, deep grass green with a feeling of coolness, musical note F, [use to heal the left eye]

everything regarding the spiritual comprehension of true morality from the mystical point of view.

MIRACLES

Everyone is at different stages of consciousness. There is a certain stage you reach where your intent is to only speak your truth, not convince others of it. You begin to realize that everyone has their own path. In other words, you cannot convince a baby they should be walking when they are at the stage of crawling. To convince them of that truth, is irrelevant.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Here is an interesting quote that sheds light on the one awareness that exists as all beings.

Time is NOT quantity counted, but rather quality experienced.

Time is NOT what calendars and clocks make us think it is.

Time is NOT linear, but rather fractal and holographic.

Time is NOT money; Time is Art.

Like gravity, time is an invisible principle, fundamental to the universe, that affects space.

Time is the atmosphere of the mind. Time is the universal factor of synchronization.

Correct understanding of natural time opens us to the vast realm of synchronicity and the synchronic order
it is here that we will find new solutions to the challenges that face us, both individually and globally.

Feel free to share these messages.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that **ONLY THE HIGHEST GOOD OF ALL CONCERNED** happen .
I give thanks that this is done.
SO BE IT!
So it is!
