The Angels of Success

Also known as

**The Angels
of**

Alagill

Beloved,

**We help secure financial success
and smooth the way for all matters
having to do with divine material work and
prosperity.**

**We inspire professional success
that creates true spiritual morality.**

**Professions and endeavors flowing from the wisdom of the
heart have sensitivity,**

**caring for all,
and are most highly valued.**

**We inspire endeavors that are game changers,
with win-win paradigms,
so that employers, employees, the environment, and
customers
are blessed, energized and supported.**

*We especially help in the case of the arts and craft trades,
and professions where skill and divine creativity are required.*

**We help people realize the most satisfying kinds of
success,
that help, not hinder, them on their spiritual path to
perfection.**

**We help them attract divine satisfaction for all into every
situation.**

*We help the children of divine being realize
that flowing tangible feelings in the body
of emotions of wisdom from the heart
are irresistible.*

Love conquers all.

**With love and wisdom combined,
imperfections are perceived,
and released for transformation
into other states that are the highest good of all.**

**These emotions of wisdom combine emotions of omnipotent
will for the highest good and divine cosmic flowing love to attract
success.**

***The heart knows about the little things that delight the
child in everyone.***

**Enlightenment, transformation and the ability to manifest success
depend on retaining and using the states of awareness developed in
infancy, childhood, adolescence and adulthood.**

**All of the degrees of the Constellation of Pisces concern emotions of the
wisdom of the heart.**

Emotions are the Divine Feminine Power.

**Emotions are the magnetic energy that attracts new realities into being
out of the quantum field of infinite possibilities**

and thereby determine physical manifestation.

Emotions of all the divine virtues, of the highest and most beautiful,
embed information
codes into the quantum field that bestow grace and mercy, vitality and
youthening.

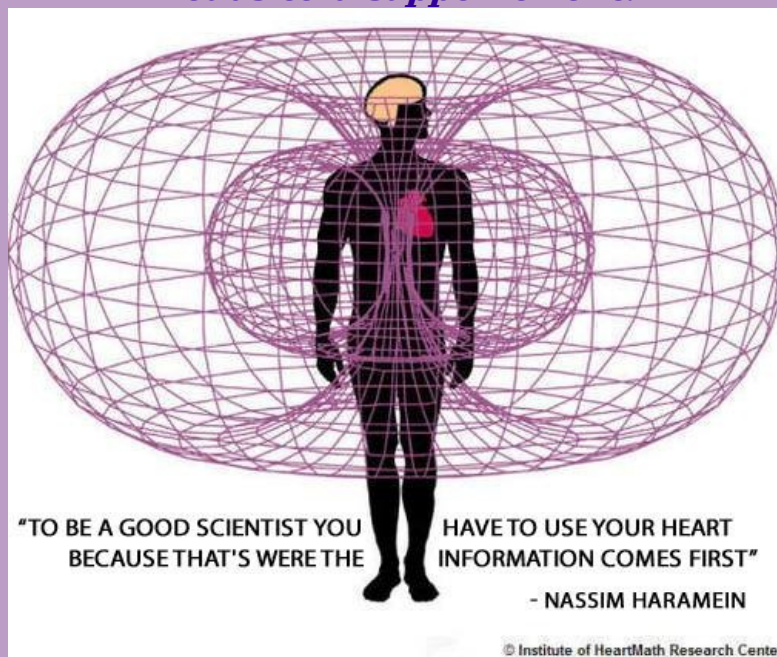

Emotions are Alpha brainwaves, which are dominant in adolescence.

In the absence of the sensitive emotional nature of Alpha brainwave
production,
and the youthful balancing influence of whole-brain consciousness,
purely adult functioning *can degenerate into a destructive
chain of double bind logic.*

*Thoughts without love can result in the creation of win/lose scenarios
that ultimately sabotage success.*

*The heart has a field of energy that is 5000 times stronger
than the field of the brain.*

*Reliance on the intellect, on logic, memory, and the five
senses,
without the guidance of heart centered emotions,
leads to disappointment.*

Emotional wisdom not only reveals loving solutions to
problems,
but also triggers vast biochemical reactions that result in
health and youthening.

From the emotionally intelligent viewpoint of an
adolescent child,
most problems are solved with openhearted emotional
sensitivity and caring.

For example, an adult decision to invest lots of money for ads
and commercials to create a successful business
might be traded for a plan to implement emotionally nurturing projects.

These kinds of projects might include philanthropy,
planting beautiful flowers in the empty lot next door,
adopting a store cat that charms everyone,

or having hot cups of tea and beautiful music waiting for clients,
neighbors and friends.

Endeavors with heart attract success.

New paradigms for what constitutes success and for the conscious use
of money
are emerging from wise, openhearted people.

Paradigms such as win-win and unconditional generosity are making
sense.

Whole brain functioning guarantees the benefits of both right and left
hemispheres,
or the parasympathetic nervous system that is inward directed,
and the sympathetic nervous system which is outward,
with the power of love.

Will and emotions coming from such consciousness support divine
creativity and intellect.

Perception supports analysis.

**The influence of strong Alpha brainwaves from an open
heart awakens a
sixth sense of understanding what employees, clients and
customers really need and want on an emotional level.**

An open heart attracts good emotions for one and all,
so business decisions take into account the divine virtues of vitality,
beauty, music, ease, grace, security, fun, generosity, and others.

As a person is in process of fully becoming enlightened in complete
consciousness,
tremendous growth is attained in all of the divine virtues through the
skills and creativity of successful professions or projects.

Wisdom and enlightenment, transformation, grace and mercy, and the
understanding of cause and effect are gained.

**AWisdom and enlightenment and transformation [umlaut a, ae,] behold
the**

Lthe splendor and majesty of the Divine,
which creates vitality, true spiritual morality, health and enthusiasm.

AThe splendor and majesty of God enlivens wisdom and enlightenment
along with the faculties of eloquence, art, music, and the mystic
faculties of clairvoyance, clairsentience etc.

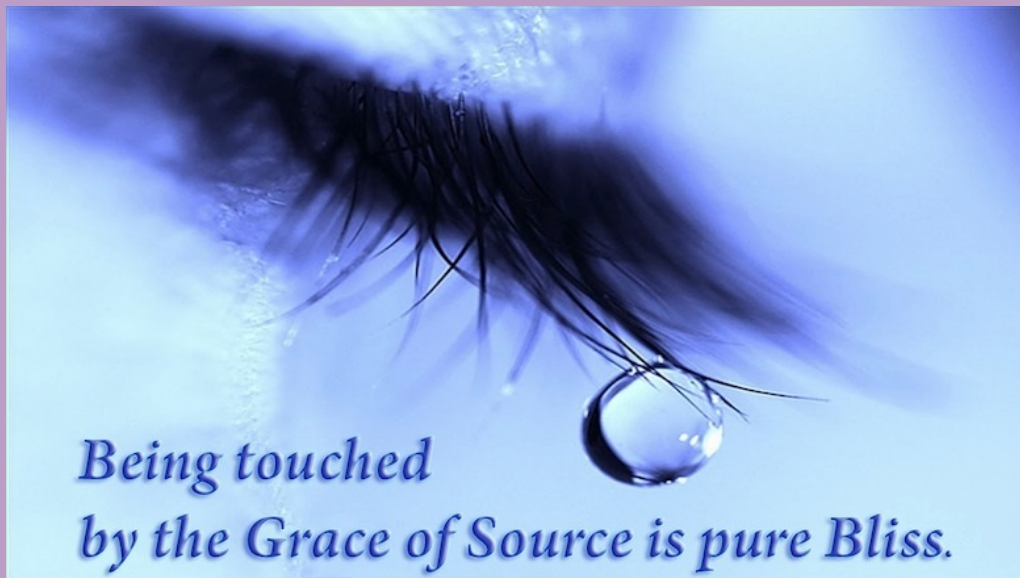

Umlaut A, aeimperfections are released for changes into other states
that are the highest good of all.

GThese gifts create such beauty in every endeavor that mercy and grace
are bestowed upon all.

IThrough the mastery of cause and effect

Lthe divine virtues manifest true spiritual morality and vitality in every
situation.

L Way leads on to way, and the splendor and majesty of Divine
Providence
continually out pictures Heaven on Earth.

TTrue recognition comes from within, from emotions of joy and
satisfaction
found flowing from within the heart
that visualizes and creates new realities from Divine Being.

It is best not to hold yourself hostage to other people's approval
before flowing with emotions of gratitude
and congratulating yourself and THE ONE BEING for succeeding with
any project or endeavor.

Waiting for recognition or acknowledgement from others is a formula
for feelings of craziness,
especially if their opinions are based on limited perspectives of old
paradigms
and limited versions of reality coming from the five senses, memory
and logic.

It is easier to control your own behavior and emotions, not their
reactions.

If you accomplish what you set out to achieve, it is a success.

If you accomplish what you set out to achieve, it is wonderful,
regardless of whether or not others perceive it.

Other people may have many opinions of what you should have done,
or different standards by which to compare results in terms of what
some one else has done,
absolute numbers, or what was expected of you.

These outside perspectives do not take into account the most important
factor of all.

This factor is the unique individual inner guidance, purpose, and
beingness
that create emotions from your heart
that motivate you and give you your guidance, enthusiasm, and
excitement.

It is important at times of completion to give yourself credit for
doing what you set out to do and rewarding yourself for succeeding.

Dont wait for it.

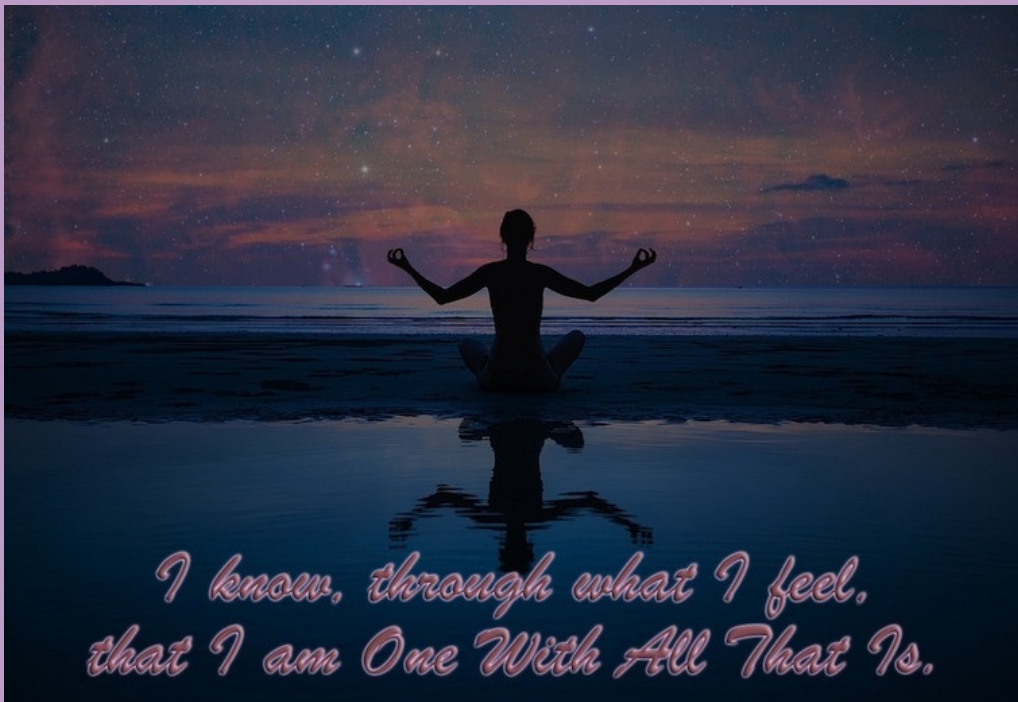

Waiting for outside approval, such as from a parent or colleague,
may deprive you of emotions of success
and can even mean postponing indefinitely your richly deserved inner
emotions of congratulations and celebration.

Flowing emotions of success are created from within yourself and
attract patterns of success for the next cycles.

Love is unconditional and all encompassing.

It is not judgmental.

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor, or root, of three
of the world's religions:

Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the
earth,
and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of
Franz Bardon.
Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE

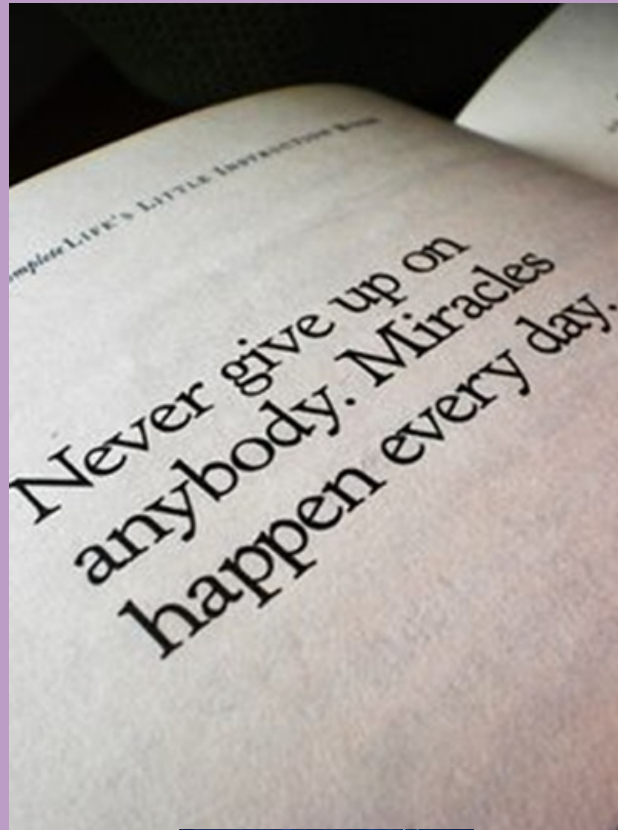

OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE
QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz
Bardon.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

***We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.***

***SO BE IT!
So it is.***

“Love is our true destiny.
We do not find the meaning of life by
ourselves alone—we find it with another.”
