**11 degrees Pisces**

## **The Angels of Light**

**Also known as**

**The Angels**

**of**

***Vollman***

**Beloved,**

**Light waves carry information.**

**Different colored lights carry information of different divine qualities.**

**By mastering the divine virtues, a person visualizes colors with such  
power  
that miraculous changes manifest on all levels of consciousness.**

**We initiate people into the most subtle mysteries of light.**

**Following our instruction, people reach a degree of maturity which enables them to apply the mysteries of light to create miracles.**

**They are able to achieve anything with light in all three planes the emotional, the mental, and the physical, and are set into a state of happiness which cannot be described.**

***The previous 339 degrees of the zodiac prepare mankind for complete immersion in and understanding of light.***

**Now is the time for ENLIGHTENMENT concerning the creation of delight.**

**Through meditation on the divine virtues in all four brainwaves, colors have been so integrated into inner reality through day to day meditation, that now they are automatically impregnated with appropriate divine qualities, images, concepts, flowing tangible feelings in the body of emotions, musical tones and sensation at will.**

**A person who works with light in this manner is at the stage in which miracles manifest like lightning from the sword of imagination.**

**The skill of using light is a joyous path of spiritual mastery.**

**This skill provides each person with a tool for manifesting the seventh heaven of delight for self and others.**

**What could be more wonderful?**

***This powerful use of will and visualization of light is so profound, it is used for any transformation needed to bring Heaven to Earth.***

**Here is one of our stories:**

**TRANSFORMED BY LIGHT**

**A scraggly band of men were hanging out across the street from a small Korean grocery in the roughest part of an old city.**

**They were members of a gang of smugglers who traded not only in diamonds and material goods, but also in kidnapping helpless people, children and animals that were often subjected to great suffering and possible death.**

**A young woman working in the grocery store secretly watched them from behind a counter.**

**She was very enlightened, and easily saw who they were.**

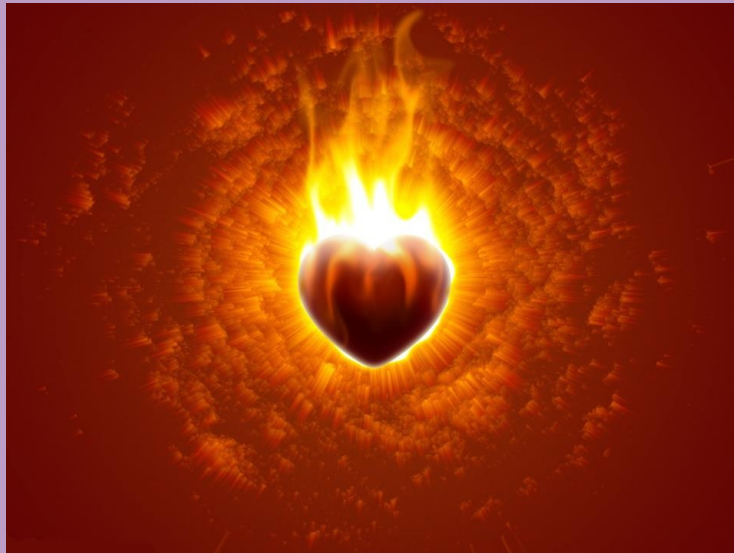

**She had watched their gestures, felt their auras.**

**Day by day, she had come to know exactly what they were doing.**

**How could she stop these men?**

**How could she stop such cruel practices now, and in the future?**

**How could she help Divine Providence heal everyone, especially the  
victims,  
both animal and human, who suffered and prayed so deeply for  
salvation?**

**Her meditations on the divine virtues of the cosmic language came to  
her aid.**

**Asking for inner guidance, she waited in the silence and evoked the  
Angels of Vollman.**

**Oh angels of the light! she whispered.**

**"Dear Angels of Vollman, help transform these men!**

**Once they were innocent children.**

**They themselves felt neglect and were abused.**

**No wonder they behave the way they do!**

**With the right upbringing and outpourings of divine grace and mercy  
they could have grown into artists and writers,  
skilled scientists and teachers,  
even holy men and healers.**

**We must help them.**

**Let us help their victims.**

**" Let us manifest the alpha and the omega, and end cycles of abuse for  
them and everyone.**

***Please help me help us all!"***

***She remembered that ancient masters said to "give thanks for all  
things",  
that "all things work for good for those who believe".***

***In deep faith, she trusted that somehow, someday, divine essence  
was bringing forth good in all things, even in this dire situation.***

***She whispered, "I give thanks for whatever is going on,  
for whatever is involved,  
whether I understand it or know about it or not."***

***All resistance collapsed in all time and space.***

**Immediately her mind witnessed infinite void and silence.**

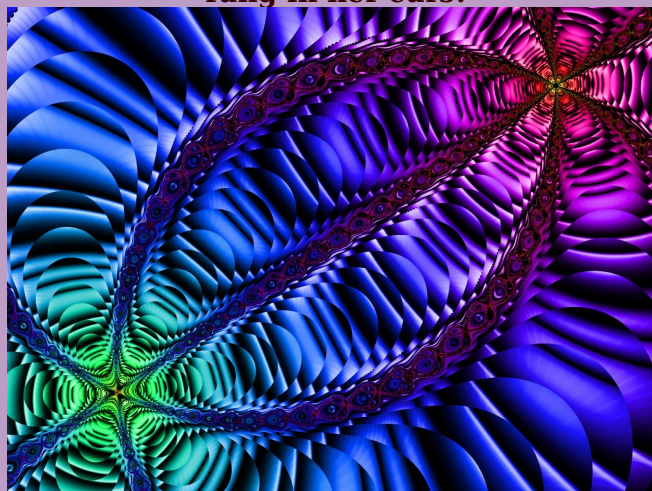

**Then great shafts of lilac light appeared in her inward vision,  
with flowing bands of light green .**

**The Angels of Vollman, ever ready to serve in uniting Heaven and Earth,  
had come into her presence.**

**Soft shades of lilac and light green completely engulfed her.**

**In feelings of divine unification of consciousness she was flowing with  
cosmic love,  
and her being, will, thoughts, emotions, and sensations aligned in  
perfect harmony.**

**Tones of lovely bells ringing the notes of G and F sharp clairaudiently  
rang in her ears.**

**She breathed out and visualized lilac and light green lights merging  
with the group of men and their victims.**

**The lights permeated their wills, their minds, their emotions, and every  
cell of their physical bodies.**

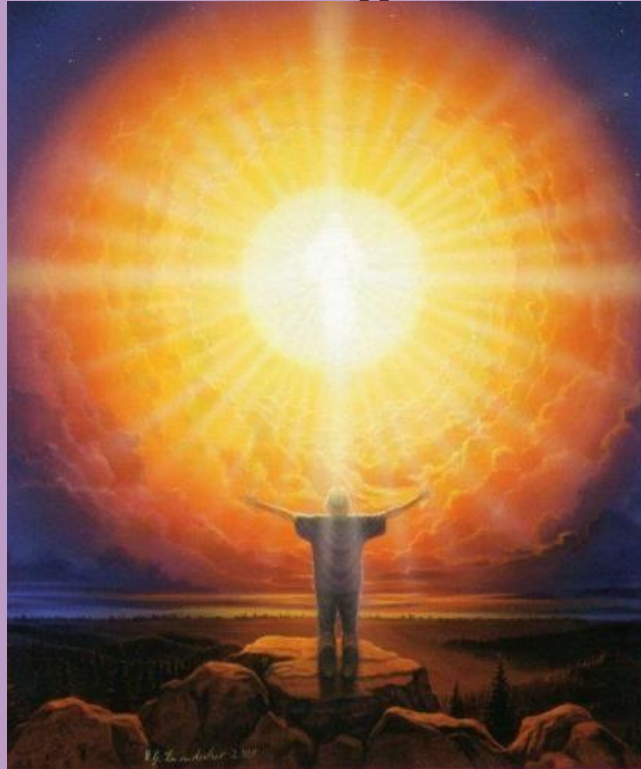

**They were surrounded and infilled with cosmic intuition, emotions of unity, and blissful love.**

**For a few moments she visualizes this light going backward also into their past,  
healing all their years and lifetimes of separation, poverty, abuse and suffering.**

**She visualized it spreading to touch all the peoples and events of their pasts.**

**She then saw shimmering lilac and light green light stretching into their futures,  
enlivening and transforming them into brave warriors of truth and justice.**

**Time stopped**

**The ringing bells slowly faded away into the distance.**

**Silence. She breathed in again.**

**This time the light was deep orange, pulsing with omnipresent weight.**

**Flowing divine love filled her heart and opened her eyes  
to the most perfect indwelling divinity in all concerned.**

**Smiling with joy, she breathed out, thrilling with delight as bells pealed  
forth  
triumphantly in beautiful tones of D sharp.**

**She breathed in again.**

**This time the light was ultramarine blue, the radiant triumph of Divine  
Justice and Harmony.**

**She felt the weight of materialization of success and satisfaction for  
everyone on the physical level.**

**Happy bells and angel voices sang out again, this time in notes of C.**

**She breathed out and again visualized light the color of the deep  
electric blue of Archangel Michael.**

**Ultramarine blue rays of light entered through every pore of the men  
across the street from her,  
flooding through every cell, and transmuting wills, thoughts and  
emotions.**

**The deep blue light of harmony and justice spread into their past and  
into their futures,  
outward beyond to every creature  
and every person  
they had or will ever interact with.**

**She then breathed in luminous olive greens of the united spectrum of  
Divine Virtues of Infinite Consciousness and Being.**

**She breathed out while visualizing men and victims relaxed in the  
splendor and majesty of Divine Being.**

**The notes of the bells ringing was F.  
Sensations of ease relaxed them as the beautiful translucent olive green  
light permeated all  
with tangible feelings in the body of divine flowing emotions of true  
spiritual morality.**

**She breathed in soft breezes of olive green light again, breathing out  
as bells rang even louder notes of F.**

**Olive green light vitalized healing in hearts and minds of everyone  
so that they saw in awe the majesty of God in every creature,  
in every person,  
in every breath of life throughout all creation.**

**She breathed in flowing cool blue green light of divine feelings.**

**Breathing out, the blue green light created change and flowing in  
everyones hearts.  
Bells rang tones of D.**

**The men were rooted to the spot.**

**They were bathed in a living Pentecost.**

**Opening their hearts in the embrace of a magnetism so strong that  
nothing could resist it,  
they experienced their original purity and innocence as infants.**

**They remembered their original connection with Divine Being.**

# **BELIEVE IN YOU! YOURSELF**

**She breathed in light blue colors of divine wisdom and enlightenment.**

**Breathing out, she blew again a sensation of ease into their minds,  
filling them with an awareness of the original purity of all ideas in  
Divine Mind,  
while beautiful tones permeated all in the note of G .**

**Suddenly, a loamy brown light opened deep rumbling in notes of C.**

**A massive exodus from everyone was released,  
an exodus of dangerous hopeless harmful states of being,  
cruel self defeating desires,  
limiting beliefs,  
wounded painful emotions and negative sensations.**

**The release went back into time, healing ancestral patterns.**

**The light shown into the future, transforming family lines yet to  
incarnate, progressively  
freeing their souls from every dark influence that had ever attached to  
them.**

**The men began to look upon each other and their surroundings with  
new eyes,  
awakening from long nightmares.**

**They found themselves safe and surrounded with divine love.**

**She breathed in again, this time visualizing deep red colors of joy  
and flowing delight of supreme divine happiness.**

**Breathing out, she felt flowing emotions of supreme happiness  
flooding their very beings through time and space.**

**They felt chills as changes filled their minds with solutions to every  
possible problem.**

**Then the young woman watched inwardly as the Angels of Vollman  
engulfed the whole world in the most beautiful heavenly lights.**

**A long time seemed to pass.**

**After a while the sounds of the busy street faded into her awareness  
again  
and her attention went back to the men across the street.**

**She saw that they were quiet.**

**Each one was in deep thought.**

**They began looking each other in the eye.**

**They knew.**

**They just knew.**

**No words needed be spoken.**

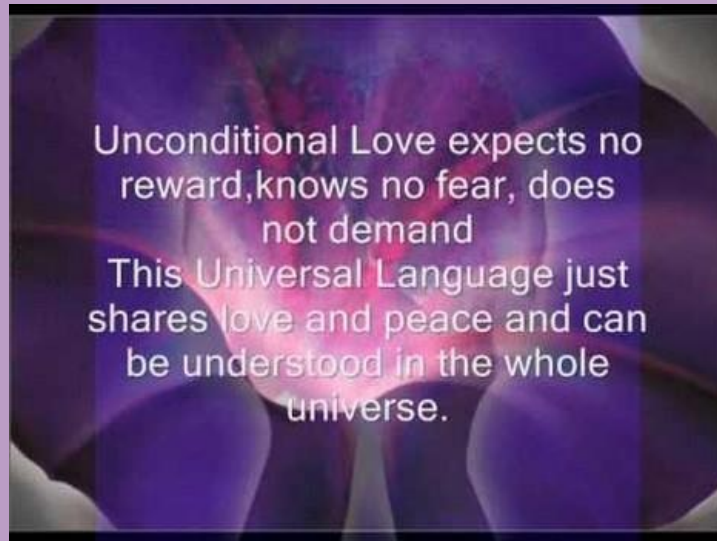

**The young girl saw angels and ancestors hovering around each of them.**

**She was not surprised when they slowly disbanded, going off in ones  
and  
twos, listening to their hearts and walking along the pathways to true  
spiritual perfection.**

**She prayed a prayer of gratitude to Divine Providence.**

**She asked the heavenly hosts to continue to protect and guide them.**

**Then she put her attention back to the whole world, praying again for  
all, asking that they all continue to receive miracles of light of the  
Angels of Vollman.**

**Later that day one of the men quietly came to the door of the store and  
caught her eye.**

**It was the thin man who had had a limp,  
the quiet one with the hooded eye who always seemed to know more  
than the others.**

**He was walking normally now.**

**The light had healed him deeply on all levels.**

**Looking at her with deep respect and recognition, he felt his heart  
giving thanks.**

**She gazed back.**

**Eye to eye, their souls met. They understood. Their hearts merged.**

**A million words passed without a single word being spoken out loud.  
She offered her hand.**

**He touched it, nodded his head slightly and with a faint smile, turned  
and slowly walked away.**

**As she watched his back disappearing down the street, she knew that  
she  
had witnessed the return of a great soul that had been cleansed of  
lifetimes of agony and pain.**

**The heavens rejoiced.**

**Later that day as she was closing down the store,  
she had a vivid intuitive hunch that he would return to her and ask to  
learn the language of light.**

**The vision opened up broader,  
and she saw the time coming when she would help teach many the  
miracles of light.**

### **MIRACLES**

**Vollman**

**VFrom the quabbalistic point of view, letter V is no actual letter,  
it is usually dealt with in the same way as F:, which has the same  
phonetic pronunciation.**

**If pronounced weakly, it is almost a W:  
and if pronounced sharply, it is phonetically equivalent to F.**

**In this instance of the previous story, we are treating it as a  
W, which is the divine virtue of Universal love and cosmic unification of  
consciousness.**

**As F, it represents the divine virtue of the legality and harmony of all  
visible worlds.**

**F is the color of light green and the  
musical note of F sharp. It is the element of earth and has the sensation  
of weight.**

**The left hand is formed from it.**

**This virtue aligns the worlds of being, will, thoughts, emotions, and  
sensations so that they are all in harmony with each other and with  
divine qualities.**

**This quality enables the light to manifest on all  
levels. It awakens mastery of alignment of the four brainwaves of  
consciousness.**

**Wakasha: In the principle of consciousness penetrating all,  
the W oscillation evokes cosmic unification of consciousness and  
cosmic influence.**

**Seen from a higher cosmic point of view,  
this is also an aspect of cosmic, universal love.**

**Divine Providence will only allow a  
person who is able to evoke unification of consciousness  
in the principle of consciousness penetrating all  
to comprehend and understand  
the original principle of cosmic intuition,  
which, at the same time, may be regarded as the outpouring of cosmic  
love.**

**Mental: Unification of consciousness and universal love awakens all**

faculties of the medium in the intellect.  
Among many other things, a person develops an excellent sense for  
clairsentience  
so that he/she will be able to influence spirit and mind  
with any idea of any field of science in such a way that he/she will have  
the feeling of  
identification with this idea.  
Also one's faculty of concentration increases up to the climax which is  
called samadhi by the Indians.

**Astral:** In the emotional body, unification of consciousness and  
universal love arouses religious feelings and talents which are  
necessary for true mysticism.

If desired, the emotional body is able to evoke a  
temple atmosphere within itself, or in its vicinity, whenever and  
wherever it is needed.

People in this vicinity are seized by a religious  
and mystical devotion which passes into some sort of rapture and  
isolation from the world.

Absolute clairaudience and telephony develops  
so that not only is one able to hear all beings and perceive, by sense of  
hearing,  
everything spoken in the remotest past, in the present or in the future,  
but also clearly perceive over the greatest distances,  
everything that he/she directs his/her consciousness to;  
and will be able to say words into his emotional body  
functioning as transmitter that will be heard physically even by far away  
non-initiates.

**Material:** The ability to differentiate everything mortal in the world from  
the eternal

is acquired by unification of consciousness and universal love.

All kinds of deception are recognized.

Control over water and water beings is also acquired.

Lilac color with the note of G. The element is water so it has the  
sensation of coolness.

about by love divine.

Ultramarine blue with the note of C. Earth element so it has the  
sensation of weight.

of the world's religions:  
Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the  
earth,  
and the angels who work with him or her.**

**The being and the angels share the same name.**

The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.

***THE LAW OF ONE***

***We are all one.  
When one is harmed, all are harmed.  
When one is helped, all are helped.  
Therefore, in the name of who I AM,  
and I am one with all there is  
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.***

***SO BE IT!***

***[ Especially when a child of light is dealing with possession of self or others,  
use this Law after first 'giving thanks' for the present situation.  
"Give thanks for all things."  
"All things work for good to them that believe."  
Giving thanks creates a field of non-resistance.]***
