Beloved,

Every form in physical creation is ATTRACTED into place through the magnetism of feelings.

Tangible feelings of emotions are compressed information.

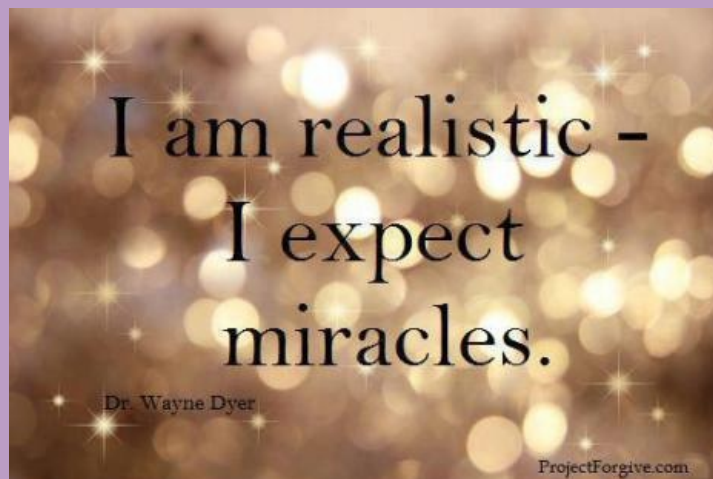

Therefore, every form in creation has an analogous feeling.

We teach the connection between divine emotions and the minerals that they manifest.

Each mineral is created and is sustained by powerful magnetic feelings held in place by Divine Consciousness.

By understanding this, and attuning to the emotional energy of each mineral, great healing and enlightenment can be enjoyed.

At this time of the ALPHA AND THE OMEGA, the children of Divine Being are inspired to seek out and wear minerals for the purpose of healing and enlightenment.

"In the end times, even the rocks cry out."

**As minerals are understood and used according to their emotional-magnetic influence,
their use as adornments,
in homes and temples
and in healing elixirs**

become a source of great joy and union with Divine Consciousness.

By meditating on the divine virtues that correspond to the letters in our name,
and seeking our assistance, the following is gained:

'E-M-Z-H-A-B-E

*

E...The letter in the ancient language represents the divine virtue of omnipresence.

This virtue is used to create the spinal chord of every child of God.

In the emotions, this virtue gives control over the feelings of oneself and others, and the ability to understand the language of all beings, including plants and minerals.

We teach how to understand the languages and communication of all levels of beings on earth.

The letter E has the musical note of D, is of the dark violet color, and is meditated on with the feeling of God-penetrating-all.

*

M... This letter represents the magnetic power of emotions.

It also represents control over the element of water, and therefore over rain and all manifestations of water.

We reveal the mysteries of the growth process and how feelings attract manifestation into form.

The letter M has the musical note of D, the color of blue-green, and has the sensation of coolness, like water.

The abdomen of every child of God was created with this virtue.

*

Z... The letter Z represents the higher faculties of divine intelligence.

When meditating on this in the emotional realm, all kinds of artistic faculties arise.

The ability to put all abstract ideas into words develops.

This virtue introduces tremendous endurance and resilience into material world forms.

The divine virtue of the letter Z has the musical note of G, is a light yellow color, is of the air element and has the sensation of ease, and is practiced in the heart.

The heart of every child of God was created with this virtue.

*

H... This letter represents the power of the word.

When meditating on this virtue in the feeling realm, the faculty of influencing each fate at will is gained.

All tantra and mantra practices are understood.

We teach the power of the word to invoke certain divine virtues and accordingly influence growth and manifestation of the virtues of Divine Consciousness.

This virtue has the musical note of A, the color of silver-violet, is of the fire element and has the sensation of heat and expansion and is practiced in the right arm

The right arm of every child of God was created with this virtue.

*

A... This letter represents wisdom and enlightenment, and the original purity of all ideas.

In the feeling realm, eloquence, musical gift, poetic talent, and mystical faculties of clairvoyance, clairaudience, levitation are attained.

Also control over the spirits of the air is attained, and therefore over weather.

We tap into the wisdom of divine mind in order to teach the mysteries of life and growth in minerals.

This virtue has the musical note of G, the color of light blue, is the air principle and is meditated on with a sense of ease, and is felt in the lungs.

*

B... The letter B represents the divine virtue of polarity. Cognition of polarity; yin and yang, sun and moon, male and female, will and feeling, and how each complements the other, leads to profound wisdom.

By meditating on this virtue, the different polarities of emotions represented by minerals can be understood.

This virtue has the musical note of A, the color of light violet, is of the earth element and therefore meditated on with a sense of gravity.

It is felt in the right eye.

*

E... We help you bring cosmic into ordinary consciousness and confer upon you high intuition and the faculty of transfer of consciousness into any being or kingdom, including the mineral kingdom.'

We are inspiring the children of God to look about them with new eyes, at all of the minerals of earth.

The emotional energy held in each mineral is a treasure house of attunement with Divine Consciousness.

**Every 27th day of each 28-Day Moon Cycle
we flood the feelings of the earth
with attunement to the Divine Consciousness embodied in the mineral
kingdom
so that tangible feelings in the body of heaven on earth is grounded in the
here and now.**
