# The Angels of Love Divine

*Also known as*  
**The Angels of**

***Ylemis***

**Beloved,**

We inspire the children of light to journey deep into the  
furthest reaches of the wisdom of the heart,  
and find there waiting eternal treasures of Love Divine.

*The heart connects soul and spirit.*

*The heart connects self and others.*

*The heart is the gateway, the connector, between the two  
halves of the infinity symbol.*

**8**

We help you search deeply and extensively,  
for in the heart is found the songs of the music of the  
spheres,  
and remembrance of the Perfection of Divine Being  
manifesting in the Perfection of Earth.

Search deeply and long,  
my dearest kin,  
for deep within the wisdom of the heart are songs of  
heavenly angels,  
singing of Glory Divine,  
flowing with Love Divine,  
from the Heart of Divine Being ,  
  
bringing Heaven to Earth

.

Search and unlock the gates of the mystical heart;

in certainty each person is made surely in the Divine  
Image.

Reclaim divine inheritance, oh children of God.

Sing the songs of Love Divine.

Sing the melodies of the promised land,  
the songs of Phoenix,  
rising splendid from the ashes.

Sing the songs of asking.

Rejoice with the songs of receiving.

Adorn yourself with light and life,  
the raiment of Love Divine,  
your eternal birthright as Children of Light and Sound,  
**Beings of the Most High**

.

Know that with asking,  
your receiving is assured,  
it will come in the way that is the highest good of all,  
just as day must follow night.

Go within, find ecstasy of cosmic love.

FIND LOVE!

**Here, in the next to the last degree of the last  
constellation,  
a child of Divinity understands that  
Love Divine surpasses all other expressions of  
Power.**

The magnetism of flowing emotions of Love Divine is  
plasma, it is life itself.

It contains the sum of all the Divine Powers.

**Love is the key in manifesting perfection in the  
realms of being, will, mind, emotion, and sensation.**

***We reveal to mature mystics and World Servers the  
most sacred mysteries of Love Divine,***

and we teach the range of love's power in the mental, astral and physical,

from the point of view of miracles.

The realization of this divine love creates within a person emotions of happiness and wonderful emotions of all the divine virtues, which brings a person up to the highest grades of ecstasy

.

IN ALL OF ASKING,  
ASK FOR FLOWING FEELINGS OF LOVE DIVINE,  
SO THAT IT IS POSSIBLE TO REACH THE  
CULMINATION OF THE JOURNEY OF INCARNATE  
DIVINITY,

**GIVING BIRTH TO THE REALITY OF THE TRUTH:**

**"MAN IS MADE IN THE IMAGE and Likeness OF  
GOD."**

Always remember that the magnetism of flowing emotions  
of Love Divine is life itself.

It contains the sum of all the Divine Powers.

"The whole is greater than the sum of its parts."

The highest pinnacle of perfection in the microcosm of a  
human being,  
or the macrocosm of the unlimited universes,  
manifests in flowing emotions of Cosmic Love Divine.

By meditating on the divine virtues of the letters of

our name,

**it is possible for a Child of Light to ever more  
become an embodiment of Divine Love.**

Remember that the Divine Feminine Magnetism  
expresses as flowing emotions and sensations  
of this most sacred material creation  
that is made possible and sustained by Love Divine.

Love Divine carries forth the fulfillment of the Masculine  
Power,  
which is Omnipotent Divine Will and clear visualizations  
and thoughts for the highest good of all

-

There is absolutely nothing that can be sought for,  
or asked for,  
that surpasses the satisfaction,  
the happiness, the bliss, the ecstasy,  
THE POWER,  
or

the perfection of Love Divine.

Those who feel a lack of meaning and fulfillment in their  
lives are most assuredly longing for this gift.

When the desire leaps within the heart to become an  
expression of Love Divine,

know that this is possible.

Know also that a person must often ask to receive.

Such is the power and the nature of Free Will.

This entreaty cannot be repeated too much,  
at least not until everyone claims their divine birthright

by asking for what the wisdom of the heart longs for.

Instead of continuing to affirm lack,  
ASK for all perfection, inwardly and outwardly,  
visualizing and knowing  
"It is already done",  
with a heart full of the blessed emotions of answered  
prayer.

Once having asked,  
series of alchemical changes are set in motion within  
consciousness on all levels of will, mind, emotions, and  
sensations.

The power and intensity of ones faith, visualization, and  
flowing emotions,  
determine the exact power and intensity of the ensuing  
changes that occur in response to the asking.

Celebrate in advance.

The intensity of emotions of gratitude, love and  
conviction determines the power in creating new reality.

Many seekers already know this principle of asking; but  
they often have been discouraged in using it  
because of their painful memories of praying and not  
seeing quick and visible results.

When asking is not immediately reinforced by the desired  
outcome, what is the delay?

Any "newly created reality" must come down through  
being,

will-visualization, thoughts, emotions, and sensations to  
its final culmination, the most dense, the material plane.

We wish to tell you that the  
key to quicker manifestation is strong flowing divine  
emotions, especially emotions of love,  
not only for what is desired for, but also for what is  
being replaced.

By loving that which is being replaced, with gratitude for  
all the lessons learned from it, the old is released from its  
present form  
and is transmuted into that which only divine love can  
see,

which is the omnipresent original indwelling blueprint of  
original harmony and perfection in and through all  
things.

Feelings give any visualization magnetic strength,  
combined with original certainty and will.

When flowing feelings are divine emotions of Love  
Divine, the power of manifestation is the greatest of all.

Within the asking is contained the receiving.

Within the longing is contained the asking.

Within flowing divine love is contained the speed of  
manifestation.

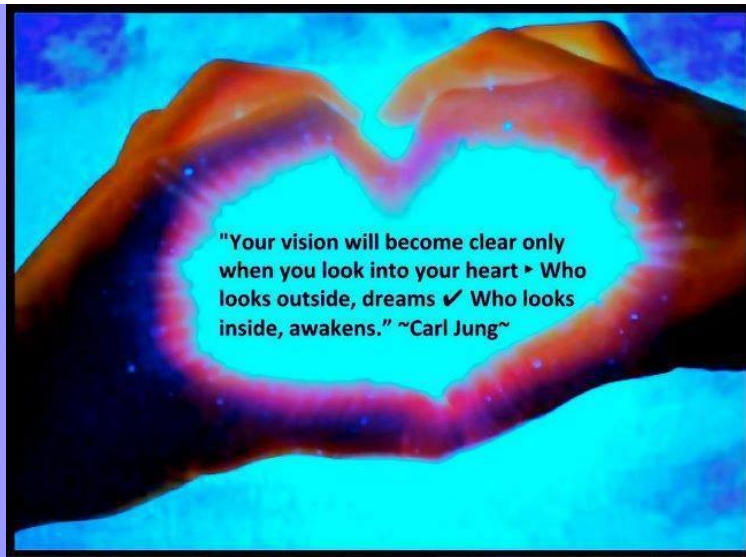

Do not ever be afraid of divine longing.

It is the measure of your power to co-create with Divine  
Being.

Therefore, we instruct each person to journey in  
awareness into the depth of the flowing emotions of  
wisdom,  
the combination of emotions of love and will together.

In your thirst, ASK FOR DIVINE ALL POWERFUL FAITH  
AND LOVE DIVINE!

Love Divine holds everything together, from smallest  
quantums, waves and particles, to giant infinities of  
space.

THIS is the Guiding Principle, the Prime Cause, and the  
Prime Effect.

**Music in the soul can be

**~Lao Tzu**

***Ylemis***

**YAkasha:** This is the divine virtue of the true origin of the rhythm of life and its relations.

**This virtue has been influencing the law of evolution from the beginning of creation towards its perfection.**

**Since this rhythm is difficult to grasp, only an experienced person who has reached this point in meditating on the divine virtues in terms of scientific work will succeed in FULLY comprehending and mastering the original rhythms of life and the laws of harmony-legality.**

**Mental:** In the mental plane, i.e., in the spirit, the virtue of the original true rhythm of life

**brings about the faculty of profoundest cosmic intuition and inspiration, which, at the same time, may be regarded as the gift for absolute devotion to and deepest love for Divine Providence. Another advantage is the fact that from this faculty many other abilities may develop**

**which cannot at all be described by words alone because of their being of exceptional macrocosmic value.**

**Astral:** Mastered in the emotional body, the virtue of the rhythm of life imparts an

**excellent aptitude for prophecy  
that will exclude any possibility of mistake.**

**Who has become familiar with the rhythm  
of life will have spiritualized his/her  
emotional body**

**in such a way that he/she will be able to see  
and know prophetically,  
beyond all doubt, the fate of everything, of  
every creature, be it man or animal, from  
the microcosmic point of view.**

**His/her prophecies will be so certain and  
infallible as if they would come directly  
from Divine Providence.**

**Such a high faculty of prophecy cannot be  
acquired by any other virtue.**

**Material: When the rhythm of life is evoked  
in the material body, this virtue leads to the  
ability to explore,  
comprehend and apply the absolute  
influence of the akasha principle [ the  
principle of consciousness-penetrating-all ]  
on the material world with regard to all  
forms and bodies in the mineral, vegetable,  
animal and human kingdoms.**

**At the same time, the faculty of making  
emotional and material objects invisible is  
also achieved,  
for whoever recognizes and masters the  
akasha principle in the material world in all  
its forms of existence**

**is able to change the grade of condensation  
in our material world at will.**

**Thus a person is in a position to  
dematerialize his/her body and to  
materialize it again at a great distance  
within a few moments.**

**Consequently, he/ she is able to bridge over  
time and space, not only mentally and  
emotionally, but also materially.**

**Many of the miracles of the holy scriptures  
are evidence of what is said here.**

**The color is pink, the musical note of this  
virtue is C-sharp.**

**The element is etheric earth penetrating  
everything. The heart is formed from this  
virtue.**

**LIn the akasha principle of consciousness-  
penetrating-all this letter represents the  
highest divine virtues.**

**By meditating on this virtue you perceive  
how divine virtues work in the various  
spheres and levels.**

**On a mental level you understand and  
identify with divine morality.**

**On the emotional level you have  
equilibrium,**

and have the ability to spiritualize your emotions so that you become one with the divine virtues.

On the material level you have perfect health, beauty, and harmony. You are master of your own vitality.

If you so chose, your body can retain the appearance of youth.

With permission from Divine Providence, you can also confer these qualities to another person.

The color is dark olive green, the musical note is E, the element is air and has a sensation of ease. The spleen is formed from this virtue

**E** The sound of this letter concerns everything related to the transfer of consciousness and intuition.

This letter is the sound of universal consciousness, which represents, as a divine idea and virtue,

its omnipresence in everything that has ever been created.

Meditating on this virtue unites your normal consciousness with the universal consciousness, with the cosmic consciousness,

so that you can attain, in the akasha principal, omnipresence yourself. This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.

You attain the highest form of intuition in your mental world;

you transfer your consciousness so that there exists no sense of time and space.

Divinity in His highest form is able to speak through you.

The most profound mysteries of materialization and dematerialization become obvious to you

as you master this, everything that is material may be transferred back into its refined and most subtle form and any idea can be intensified in such a way that it becomes physically visible.

In the emotional body, the oscillation of letter "E" represents the control

of the emotional consciousness of oneself and of other people.

Especially easy is it to achieve special clairaudience by meditating on this virtue.

By "special clairaudience" not only the hearing of beings, etc., is meant, but also the understanding of the language of all animals and the perception of the remotest past, the present, and even the future, indiscriminately of distance or kingdom,  
i.e., human kingdom or animal kingdom.

The color of this virtue is deep violet, the musical note is D, the element is akasha,

which has the sensation of God-penetrating-all, and the spine is formed from it.

**M** The sound of the letter M is the sound of the divine virtue of emotion.

This virtue is the magnetic force of the Universe that attracts energy into form on the material plane.

Everything in physical manifestation is attracted into form through the magnetic force of emotions. Emotion is analogous to the element of water.

In the material world the oscillation of letter "M" bestows on a child of God the power of controlling the fluid principle in the whole world, i.e., in the micro-as well as the macrocosm.

Not only is a person able to comprehend, with his/her consciousness, everything fluid in its original principle, but he/she is also made absolute master of it.

This faculty, when acquired by meditating on this oscillation,

also makes him/her master of magnetism, emotion, and everything that is connected with it.

Thus, for instance, he/she may control the laws of gravitation, and many other things.

The color of this virtue is the most beautiful blue-green imaginable. The musical note is D. The element is water so it has the sensation of coolness.

The abdomen is formed from this virtue.

**I** The sound of this letter is the virtue of cause and effect, which is the karma law.

On the mental level, this is analogous to memory, remembrance and conscience.

In the emotional body, this corresponds to the astral/physical matrix,

which is the connection between emotion and physical form, with all of its functions'.

It is a known fact that the astral matrix, and with it the whole body, is kept alive by breathing.

With the knowledge of cause and effect, you are in the position to get under your perfect control the breath with all of its aspects and ways of application.

All mystical abilities are subject to the

**mastery of breath.**

**By meditating on the law of cause and effect,**

**all laws of analogies between the micro- and the macrocosm are understood and mastered.**

**Everything that has shape, measure, number and weight has been created by the help of this letter oscillation.**

**If a child of God can master this meditation, he/she will be able to evoke the greatest miracles in the material world by using the respective analogies to shape, measure, number and weight.**

**As one can see, shape, measure, number and weight are the chief components of the material world,**

**and by getting this letter oscillation under control, a person becomes their absolute master.**

**It stands to reason that he/she will also be able to become a perfect metaphysician, too and,**

**furthermore, to comprehend all laws presently still unknown to our physical world and to apply them in all fields.**

**The knowledge of cause and effect enables a person TO WILL, IMAGINE, AND FEEL EMOTIONS OF THE DESIRED OUTCOME.**

**Because all life is connected as a unified field of energy, whatever is willed, thought, felt, and sensed is pulled out of infinite possibility into the web of life,**

**both inside the microcosm which is the human body and the macrocosm, which is the outer universe.**

**As above, so below.**

**The color of this virtue is light opal, the musical note is G, the element is earth so it has the sensation of weight, and the left kidney is created by this oscillation.**

**S All-penetrating Divine Will Power**

**In the akasha principle, which is consciousness-penetrating-all, this letter oscillation represents the all-penetrating powerall-power.**

**By meditating on this quality you get into contact with the most subtle substance of the divine spirit,**

**with the original divine fire and will in everything that has been created.**

**On the mental level you have perfect mastery over will and intent.**

**On the emotional level you have absolute clairvoyance in its purest form.**

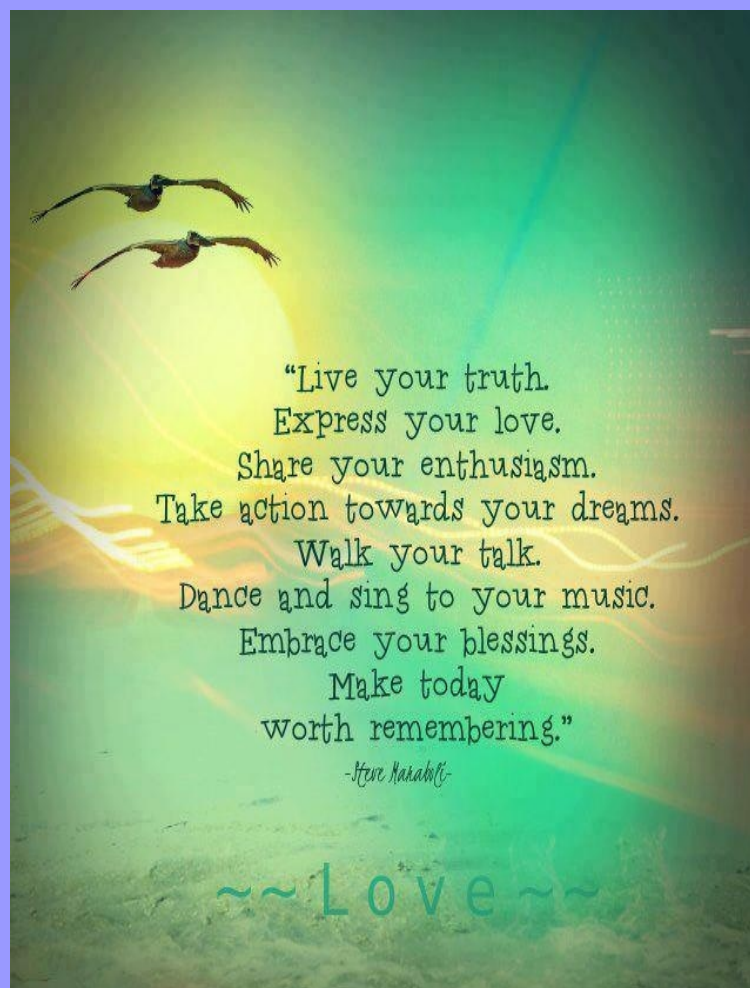

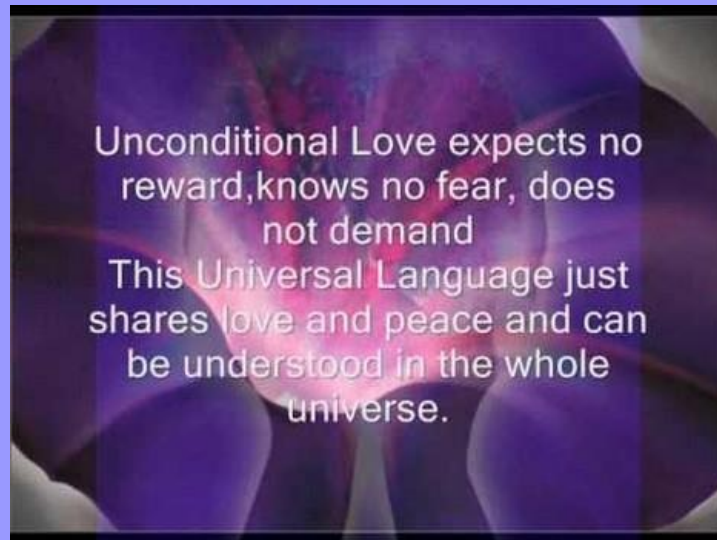

**You see over time and space and have control over other beings.**

**This virtue is the original fire, visualize it as purple with a reddish tint with a feeling of warmth, filling all of space.**

**It vibrates to the musical note G sharp, and is used to form or heal the gall bladder.**
