The Angels of
Morech

***We are among the rulers of the fire element,**
which are Powers of Will and Intention.*

and omniscient divine love.*

and electro-technics.***

We inspire impulses to act according to inner guidance.

and Divine Providence,
so that all general knowledge is made available to you to
guide your impulsive actions.***

Your wit, intuition, and memory is very keen

***as you embody Divine initiating impulses to manifest Love in**
all kinds of situations,*

both in inner and outer worlds.

***We help you to create inventions of any kind, on any level, in
decisive manners,
for purposes of divine love.***

With great wonder and joy we begin a new cycle of the zodiac.

*The zodiac circle is actually 360 degrees of an open circle,
a traveling expanding circle or spiral.*

Each turn of the spiral is larger than the one before it.

*By tracing the path of the planets and sun in their spiraling
journeies through time and space,*

*you see an ever expanding helix that looks just like a DNA
helix.*

As above, so below."

*The 360 degrees in the circle contain information codes that
guide the evolution of manifestation.*

*The astrological zodiac is a 360 degree circle, or wheel,
of Divine Energy which,
altogether, manifests Heaven,
Paradise, or Perfection, on Earth.*

*It is at this time of the spring Equinox every year that the
Wheel begins another round,
giving everyone a new start,
a sense of spring as a time of renewal or rebirth*

.

One degree Aries is the first degree of this new zodiac.

Today is the new beginning.

An overview of all 360 degrees of the entire zodiac-wheel puts

*all twelve signs,
from Aries to Pisces,
into an overall perspective.*

*The twelve astrological signs can be assigned into a 3 X 4
grid:*

*Three Divine qualities
(Love, Wisdom, and Will)
X
four levels
(Will, Mind, Emotion, and Form).*

*Aries, for example, falls into the Love quality
that is expressed at the level of Will.*

Quality: WILL

| Planets | Signs | Element | Brainwave | Level | Aspect |
|---------|-----------|---------|-----------|---------|----------------------------|
| Earth | Leo | Fire | Delta | Will | Will-to-create paradise |
| Earth | Cancer | Water | Theta | Emotion | Emotional Will |
| Saturn | Aquarius | Air | Alpha | Mind | Mental Creation |
| Saturn | Capricorn | Earth | Beta | Form | Will in Form |

Quality: LOVE:

| Planets | Signs | Element | Brainwave | Level | Aspect |
|---------|---------|---------|-----------|---------|---|
| Mars | Aries | Fire | Delta | Will | Will to-Love |
| Mars | Scorpio | Water | Theta | Emotion | Emotion of Love |
| Venus | Libra | Air | Alpha | Mind | Mind of Love |
| Venus | Taurus | Earth | Beta | Form | Love in form Physical creations of Love |

Quality: WISDOM

| Planets | Signs | Element | Brainwave | Level | Aspect |
|---------|-------------|---------|-----------|---------|---------------------------|
| Jupiter | Sagittarius | Fire | Delta | Will | Will-to- enlightenment |
| Jupiter | Pisces | Water | Theta | Emotion | Emotional Wisdom |
| Mercury | Gemini | Air | Alpha | Mind | Mental Wisdom |
| Mercury | Virgo | Earth | Beta | Form | Understanding of Form |

As shown above the twelve signs are divided into three primary groups.

*Each group is composed of two planets,
each with 2 astrological signs each.*

*These three groups are divine will, love and wisdom,
which, taken all together, express Divine Consciousness as it
manifests in the rhythms of life of Earth.*

*As you can see from the chart above, Aries is the fire or will aspect
of Divine Love.*

*Love is emotion, which is the Feminine Aspect of Divine Being.
Emotion,
or flowing feelings are Magnetism and the change process.
Magnetism attracts new realities into Form on the physical plane.*

*Divine Love flows from the highest self through Pluto and from
there flows into Mars and Venus.*

From Mars love flows through Aries and Scorpio.

From Venus divine love flows through Libra, and Taurus.

These four signs are the four levels of fire, air, water and earth.

*Fire, air, water, and earth are the four brainwave levels of Delta,
Theta, Alpha, and Beta.*

These levels are also Will, Mind, Emotion, and Sensation

.

*Aries is Will to Love, Libra is Mind of Love, Scorpio is Emotion of
Love,*

and Taurus is Physical Manifestation of Love.

They are love manifesting through fire, air, water, and earth.

*Aries, which is omnipotent divine Will-To-Love, is the first sign
at the beginning of a new cycle of life.*

*DIVINE OMNIPOTENT WILL TO LOVE,
is expressed in Aries as loving fire and electricity
that is, a hot and expansive power of love.*

-

*Aries is the Fire of Love or, in other words, the Masculine aspect of
Divine Feminine.*

All 30 degrees of Aries are attunements to Divine Will to Love.

*In this very first degree of Aries,
MIGHTY OMNIPOTENT DESIRES TO LOVE ARE GENERATED.*

*Aries expresses as The Goddess Warrior who leads us to express
Divine Love on Earth.*

This is the beginning of a new cycle of Life.

*By meditating on the divine virtues represented by the letters of
our name,
it is possible to merge individual consciousness with our
consciousness*

and Flowing Omnipotent Divine Will To Love.

The divine virtues that correspond to the letters of our name can be interpreted thus:

Morech

MIRACLES

Note:

Tropical astrology, beginning at 1 degree Aries exactly at spring equinox each year,
reveals unfolding cosmic patterns of information through mathematical cycles of time.

The angel messages are sent out according to Tropical reckoning, according to time.

Sidereal astrology, on the other hand, is used by some astrologers and reveals exact placements of constellations in space as seen from the earth.

At this time, Sidereal astrology is approximately 25 degrees different from tropical astrology due to the progression of Earth and the solar system through space.

Note: Emotional healing is best done only when upset feelings come up spontaneously.

When emotions are OK, enjoy them.

Mild upset emotions can be processed by using eye movement while feeling the emotions in a safe way.

They can be processed also with the ten minute exercise. The 23 step trauma clearing technique of writing down a list of the emotions and taking them back to a previous traumatic memory and living and reliving the memory to resolution can be used if the painful emotions are persistent and overwhelming.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from

THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

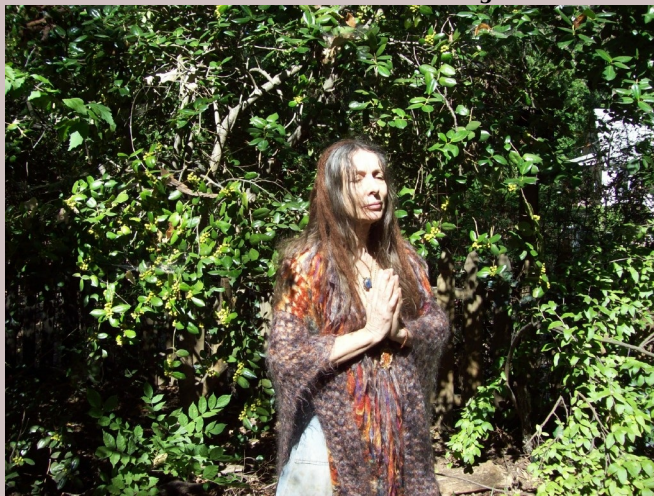

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for

the others.
Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from notes
written by Franz Bardon.

and I am one with all there is;

I give thanks that this is done.
