The Moon Angels of Transmutation

Angels of 'E-M-Z-H-I-T'

18th Day of Lunar Cycle

(Stejnar's cipher)

Beloved,

We confer profound understanding of the powers of divine visualizations, with corresponding flowing tangible feelings in the body, especially of divine virtues, to attract transmutation of matter.

The first divine virtue to meditate upon and understand in mastering emotions for the purpose of transmutation, is the virtue of omnipresence, which is the virtue of the first letter of our name, the letter E.

E is the divine virtue of experiencing within oneself omnipresence, of oneness with divinity and everything in creation.

By experiencing oneself as one with everything, the happiness of all creation is seen as one of the most important purposes of creation.

It becomes easy to see how what happens to any part of creation affects everything else.

"What you do unto the least of these, you do unto me."

Therefore, it is important that all beings flow with emotions of happiness, so that all beings are blessed.

**With awareness and experience that ALL IS ONE
and that Divine Consciousness and flowing Divine emotions
exist everywhere,
beautiful outcomes are connected to and attracted
into physical reality.**

Physical reality is transformed and transmuted into loving realities.

Empathetic people,

dreamers and idealists, have this sort of accidental power. Most spend their early years ridden with self-doubt, insecurity, and people pleasing habits. But their journey is inevitably derailed when this comfortable life gets uprooted by an unexpected darkness.

Suddenly their trusted methods no longer seem to bring them happiness. At first this depression convinces them that they might never feel joyful again.

But ultimately, it sets them on a quest for something more—for love, justice, and wisdom. Once this adventure begins, there is no stopping a dreamer.

And when dreamers unite? Well, that's how we start to change the world.

By focusing on a specific divine emotion, such as love, or faith, or joy, a person can determine what kind of reality will manifest.

Emotions are compressed information, like a zip file, and are the language of the quantum field.

Flowing emotions are magnetic.

Emotions are the power of ATTRACTION.

Just like a magnet, a flowing emotion pulls out of the infinite omnipresent potential of all-pervading Divine Consciousness and Divine Flowing Emotion in space, whatever vibrates in harmony with it, and causes it to manifest on the physical plane.

Divine Intelligence and Divine Emotion in all that exists is all-powerful.

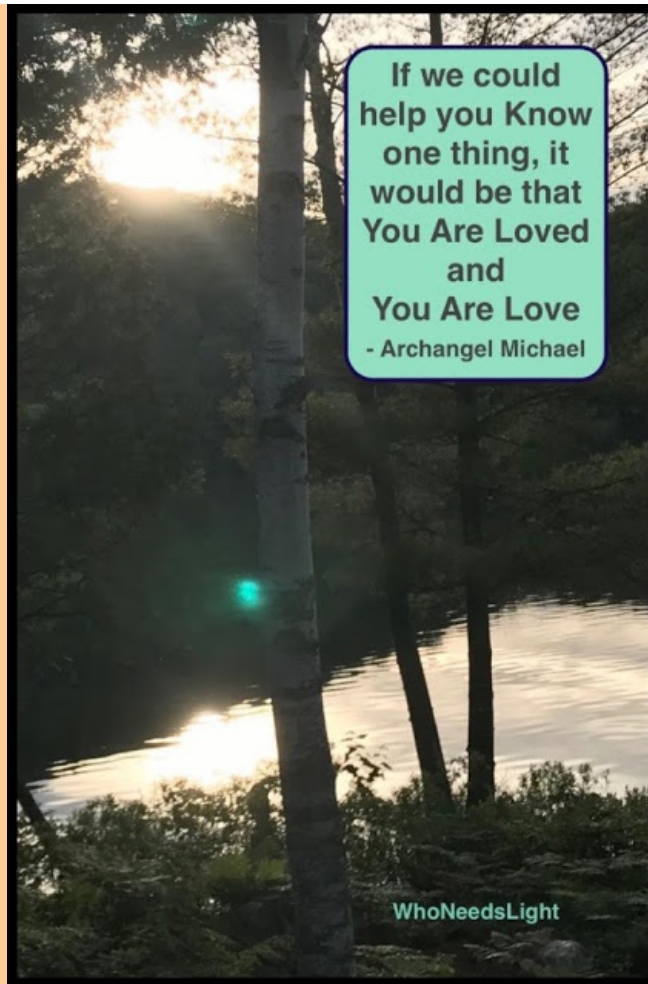

When a child of God meditates on divine virtues and generates powerful flowing emotions of them, the magnetic power of attraction of these emotions join together with the magnetic power of the omnipresent flowing emotions of THE ONE BEING.

The particular frequencies of the Divine flowing emotions generated determine the exact aspect of Divine Consciousness that is attracted into manifestation on the physical plane.

By generating strong heavenly flowing emotions, heavenly situations are drawn forth into manifestation.

By recognizing that underneath the appearance of imperfection in any created being or situation, is a perfect divine blueprint of perfection, the blueprint of that being, or that situation, as it was originally created to be by Divine Providence, a person can attune to this blueprint, visualize it manifesting, and generate tangible flowing emotions of that indwelling divine perfection and cause it to manifest.

By loving every thing and every situation with all encompassing, unconditional love, the perfect original divine blueprint is revealed to the consciousness.

This is the underlying divine blueprint making possible its existence, and true loving cognition reveals and enlivens it, bringing justice and harmony to all.

This is the essence of transmutation.

By recognizing perfection and flowing with emotions of this divinity, it is possible to transmute any thing or situation into it's original perfect heavenly state.

The power of the word is the key to attuning to and awakening any divine state or virtue into manifestation from the omnipresence of Divine Consciousness and Emotion.

The power of the word is the harmonious synchronization of beingness,

desire, visualization, thought, emotions, and sensations.

Meditate on the divine virtues associated with the letters of our name, and call on our help, to realize the following:

E-M-Z-H-I-T

E

***We reveal how to apply profound mysteries of
materialization,
so that anything can become invisible or visible***

M

***and we initiate you into laws of mystical
transmutation through mastery of flowing emotions.***

Z

***We awaken memories of knowledge
gained in previous lifetimes.***

H

***We help you to understand
and use the ancient language.***

I

***We evoke appropriate memories
and conscience toward these ends***

T

***and we awaken intuition, inspiration, and
remarkable inventive abilities.'***

Visibility and invisibility, and the transmutation of emotions in self and others, and therefore the ability to change matter, are part of the natural birthright of the children of God.

On the 18th day of every 28-Day Moon Cycle we flood the emotions of earth with the power to transmute whatever is less than the highest good of all concerned.

"On Earth as it is in Heaven."
