Beloved,

There is no problem beyond our ability to correct and solve.

We are good friends when it comes to solving problems

***in the mental, emotional, and physical levels of Creation
for the purpose of the Victory of Love.***

We are extremely reliable whenever asked for assistance.

We have special control over both will and emotions.

We teach the Children of Light how to create powerful visualizations, thoughts, emotions and sensations in deep meditation, that form volts of energy for sacred purposes.

If a person demands it, we ourselves create such volts of power and transfer them into the Akasha-principle, the principle of the unified field,

of consciousness-penetrating-all,

the principle of omnipresence,
of oneness with all.

Then these effects work on either the mental, emotional, or physical levels,

or any combinations,
whatever is needed for the highest good of all concerned
in each and every unique situation.

There exists no problem in the zone girdling the
earth
which can not be solved by the Angels of *Anamil*.

Hugging is good medicine.

It transfers energy and gives the person hugged an emotional lift. You need four hugs a day for survival, eight for maintenance, and twelve for growth. Scientists say that hugging is a form of communication because it can say things you don't have the words for. And the nicest thing about a hug is that you usually can't give one without getting one.

A person can ask any question and be answered instantly
by way of inspiration.

An anthropologist proposed a game to children of an African Tribe. He put a basket of fruit near a tree and told the kids that the first one to reach the fruit would win them all. When he told them to run they all took each others hands and ran together, then sat together enjoying the fruits. When asked why they ran like that, as one could have taken all the fruit for oneself, they said, "Ubuntu, how can one of us be happy if all the others are sad?" 'UBUNTU' is a philosophy of African tribes that can be summed up as "I am because we are."

Here is one of our stories:

THE MIRACLE

***Once upon a time in a huge office complex,
a thoughtful computer tech struggled with upset
feelings concerning the use of paper.***

Mark loved trees and hated to use paper.

***Each time he thought of using paper, a picture of a
crashing tree flashed in his mind
with screeching sounds of a dying forest overcome by
big machines.***

**He sensed terrified squirrels and animals fleeing in
panic.**

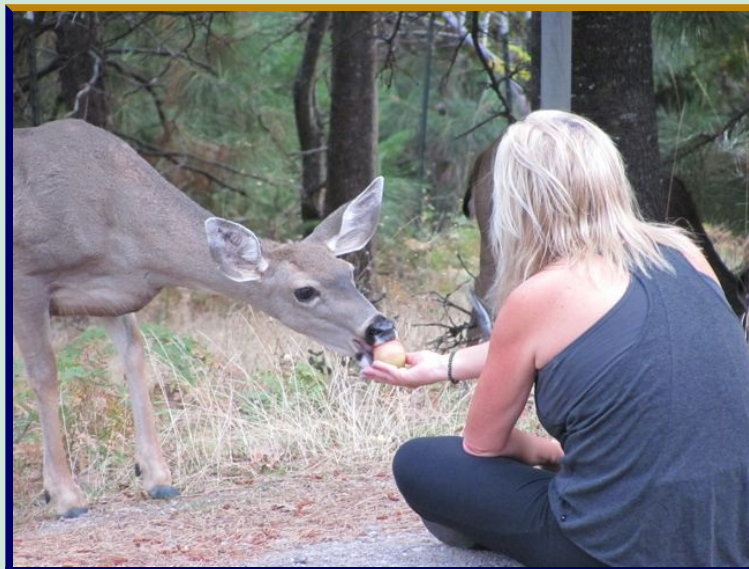

**Then his heart would break all over again at the
horrible unnecessary tragedy of it all.**

**He often had to see his therapist to help him deal with
his emotions
as he witnessed reams upon reams upon reams of
paper
passing through fax machines, printers, and
bathrooms at his office complex.**

**He was sickened and worried by all the discarded
paper and boxes
that were piled high in huge dumpsters daily.**

**As a young boy he had made deep meaningful friends
with the animals of the forest.**

**As a grown man, he knew deep in his gut that all of
this paper came from highly sensitive plants
that should be homes to gentle vulnerable animals and
creatures.**

Each tree was part of an extremely precious and delicate ecosystem somewhere upon earth.

What had the world come to?

How could intelligent people carry on this way?

At times he felt absolutely disgusted and ashamed of even being a part of the human race.

Walking home that night he was in deep prayer, asking Divine Providence to heal the earth and all who lived upon her.

Just as he was about to see in his inner eye the splendid inner sun that shone whenever he prayed, he suddenly became dizzy.

He felt like he was about to faint.

That is when he leaned against a telephone pole and fainted under the streetlight at the corner of Martin and 5th .

He finally came to, and was confused to see a strange old lady peering down intently at him.

When she saw him open his eyes, she dug something out of her brown carpet bag.

She told him to open his mouth and stuffed some bitter tasting drops under his tongue.

"That'll do ya sonny," she said, making sure he swallowed the drops,

which surprisingly he did with obvious satisfaction.

Suddenly the lady looked beautiful to him as the now sweet drops burst open, exploding wonderful energy. He noticed a light glowing around her.

Without another word,

she got up to go.
"Wait a minute!"
Mark whispered gently,

**"Who are you?
Where are you going?"**

It was so like a dream.

She drifted off.

**He lay there awhile, feeling strange and wonderful
feelings of joy
while seeing shimmering luminescence glowing all
around.**

He heard the sound of a loud car!

**Then, as if in a strange lucid dream, it seemed that he
was levitating up to an open bed of a large truck,
with the most odd assortment of human beings he had
ever seen staring lovingly down at him.**

***He noticed something soothing but unusual about
them,
strange and yet wise and enlightened at the same
time.***

**He relaxed and smiled with delight as he realized they
were obviously supremely happy.**

**They had a peacefulness about them,
and acted in a sacred sort of way.**

**For another thing they were silent,
even though they seemed to be in perfect communion
each other.**

**He was "talking" through his thoughts and was
hearing their answers clearly in his head,
just as he had done with the animals in the forest
when he was a boy.**

**Even though this was amazing to him for a moment,
after a few more moments it felt wonderfully easy, real
and very natural.**

He was feeling love flowing into him, more than he had ever felt.

In a short while his heart was bursting with love.

As all this was happening, he noticed that the truck had just then driven up to a small spaceship parked at the end of a cul de sac on the outskirts of town and of time.

**"We heard your message about the trees,"
one of them spoke in his head,
"we knew that you were one of us.**

Quite a few of us have chosen to incarnate in the regular way to save our earth mother."

Hmmm, Mark thought, this IS getting deep.

Maybe THIS is why he had always felt so different.

**As they slowly got down from the truck and went over to the spaceship,
a radiant and beautiful door opened and an obvious friend smiled at them, beaming with joy.**

**"We figured it was time to let you know we were here,"
the friend continued,**

"We figured that if you knew what was really going behind the

**scenes, if you knew how deeply we felt the prayers of all sentient life on earth,
and how these prayers for happiness are being**

responded to by heavenly hosts on every level,
you too would overflow with feelings of happiness.

***From a state of happiness, solutions to all problems
are easily seen and shared with others."***

The rest of the night he was thrilled.

He was downloading furiously.

Mind blowing information and divine feelings flowed
at amazing rates.

They told him that Earth is part of a family of
intergalactic planets that have intelligent life.

They explained that Earth was in great danger,
and that if Earth was destroyed,

it would have disastrous repercussions on many other
planets and galaxies,
and dimensions through domino effects.

They explained that many space brothers and sisters,
from many places, dimensions, and times,
are coming together to save this part of creation.

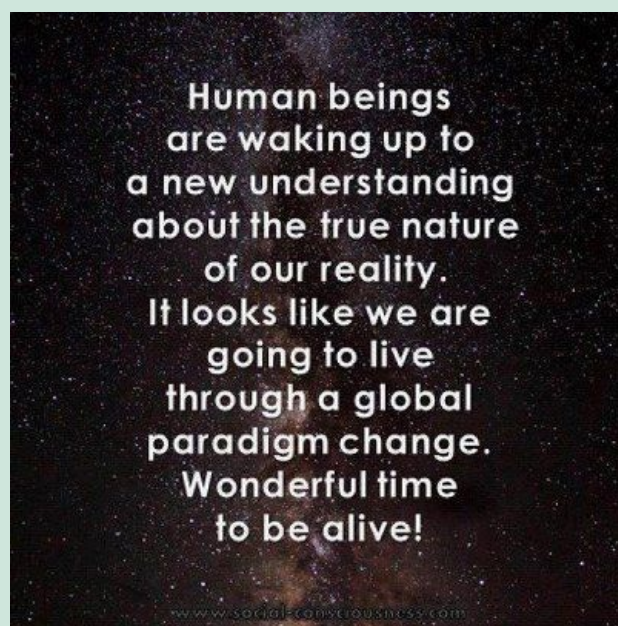

***Similar to a viral infection when the
immune system rallies***

***and the body is restored to health,
the intergalactic immune system was
indeed coming on strong.***

As above, so below.

**The good news was that ,
like a virus,
this had had the effect of strengthening
the spiritual, intellectual, emotional and physical
immune systems of Earth and her inhabitants.**

**They told him that antibodies on all levels had been
integrated,
and all damage was in the process of being stopped,
and Earth was finally to be free to be as she was
intended to be,
Heaven for all life.**

**"Give thanks for all things, for that is my will concerning you.
All things work for good for those who believe."**

**He saw that it was true that all things must work for
good,
that all polarities must balance and manifest the
splendor and the majesty of Divine Being
as a true reflection of the 'as above, so below' law of creation.**

**As all of heaven and earth rally to go into spontaneous
remission,
the time has come in the cycles of life for a greater
Perfection,
a new day to begin in Creation.**

**After a while, in due time, he knew it was time to
return to ordinary consciousness,
and he left his friends with a big hug.**

He then enjoyed a delicious long and happy walk back to his home.

**A few days later after he had returned home,
the Angels of *Anamil* showed up as luminous beings
of shimmering light in his bedroom.**

Mark was ready for them.

**He asked them with great love to do something right
away about the paper situation.**

**Angels flooded him with beautiful divine feelings and
the consciousness and power of divine virtues.**

**They helped him set about creating divine desires,
visualizations, thoughts, emotions, and sensations of
THE SACREDNESS OF TREES in the mass conscious
mind.**

**They created strong divine desires, visualizations,
thoughts, emotions and sensations**

**of reverence about ecosystems,
animals, trees and forests that permeated
everyone in the depths of their beings .**

**They made the divine desires,
visualizations, thoughts, emotions and
sensations**

stronger and stronger.

At length, powerful volts of this

divine will

with strong flowing emotions

were formed all

through the mass conscious mind.

**Fully armed with these victorious loving fires and will
of divine intent,
with powerful divine flowing emotions of *Anamil*,**

Mark returned to work at the office park.

**It did not take long before Parliament passed a
sudden resolution .**

**The resolution stated that forests everywhere in the
world were to be protected.**

**They were
delicate and necessary for clean air throughout the globe,
tourism, beauty, and biodiversity, and many other reasons.**

**The resolution further stated that wood paper products
must be phased out**

**and replaced with paper products from hemp, which
was much easier to grow,**

**more durable, and useful for many other products
besides!**

**Within a few days other countries began changing
their laws to follow suit.**

**"It must be the 100th monkey effect",
he thought, and with deep gratitude his heart exploded
with love
for the heavenly hosts who had helped him.**

**Paper companies began huge ad
campaigns that excitedly proclaimed
that their products were 100% 'TREE
FREE'.**

**Green fields of healthy hemp plants graced their
billboards and the lands.**

**Hemp oil got promoted as a better source of important
Omega 3 and other necessary fatty acids,
better than even flax seed oil or cold pressed virgin
olive oil.**

**Other remarkable nutrients from hemp food products
flooded the diets of young and old.**

**Their superior nutritional benefits brought a
healthier glow to the cheeks of many.**

**Other wonderful hemp products of all kinds graced the
shelves of every kind of store,
from building materials to auto parts.**

**Fashion designers were jubilant, for hemp cloth was
versatile and durable.**

**While all of this was happening,
Mark often dreamed in meditation that he was walking
about the spaceship with his friends,
the wonderful people of his space family
He felt their love flowing in his heart and heard them
speaking with him in his mind.**

**He knew he would see them again physically when
everyone else would see them too,
for they had told him the time was almost here when
all would be revealed and secrecy ended.**

And so it happened that many times Mark called on

the Angels of *Anamil*.

They were his most amazing friends.

Each time that he asked them for help,
amazing things happened.

If he had a problem, the answer popped into his mind
almost instantly when he felt their luminous presence.

Bit by bit they taught him to meditate so deeply and
well on the divine virtues,
that he himself created powerful volts of sacred
visualizations, thoughts, emotions, and sensations
and created many more beautiful situations of
harmony for the sake of Flowing Divine Love.

"All that I do, ye shall do and more."

MIRACLES

Anamil

A and umlaut A, ae...Wisdom and enlightenment, the original purity of all
ideas in Divine Mind,

opens the way to release imperfections for transformation and bring

N...supreme happiness to one and all.

A and umlaut A, ae...Wisdom and enlightenment gives mystical faculties of
clairvoyance, clairsaudience, etc.
that awaken the desire and the ability to release anything that is not the
highest good of all concerned
for changes into other states that are the highest good.

M...Flowing with pure strong emotions of the divine virtues attracts new divine realities into form on the physical plane.

A clear pure idea united with strong emotions, repeated twice on the level of Akasha,

which is consciousness -penetrating-all, sixty times in the realm of mind, and four hundred times in the realm of feelings, 462 times in all, creates a powerful volt of transformative change that can be used anytime according to inner guidance.

L.. Understanding karma through The Law of Cause and Effect guides a person to create and manifest

Lthe splendor and majesty of the Divine Virtues with true divine morality and vitality.

**The melody of our name is G, C, A, G, C, D, G, F.
The letters with their musical notes, colors, sensations, meanings and parts of the body**

**that are formed by them are as follows.
In each meditation, see yourself as a tiny dot in the solar plexus area with your body as a huge universe around you.**

A...Deep in a relaxed Delta-Theta-Alpha brainwave state, visualize a light blue light

shining from a tiny sun in the lung area that fills first the lungs, then all of the physical body.

Unlimited wisdom enlightens you in oneness with the original purity of all ideas in Divine Mind.

**This light brings with it the most relaxing sense of deep ease.
Intone the letter A to beautiful musical tones in the note of G.
When you breathe out, see the radiance of this virtue filling whatever inner guidance directs**

in the outer universe through the pores of the skin over the lungs.

**Keeping the rhythm of the breath natural, when you breathe in,
see the radiance of this virtue coming in through the pores of the skin and filling again the body.**

Dissolve the light blue light in the body when you are finished, to protect the natural balance of elements in the body.

Umlaut A, ae...Visualize a tiny sun in the leg region that shines forth a loamy brown light.

Meditate on releasing for transformation into greater perfection

anything on any level that no longer serves the highest good of all concerned.

**This loamy brown light has sensations of weight.
the out breath, see this light go out through the pores of the skin over the anus, to anywhere that inner guidance directs.**

When you breathe in, see this light come back into the body through these same pores.

N... Visualize a dark red light shining from a tiny sun in the abdomen that shines throughout the abdomen, then the whole body, and then the liver.

**It shines with sensations of flowing coolness and radiates the ecstasy of emotions of Supreme Divine Happiness.
Intone the letter N inwardly to the musical note of A while feeling emotions of divine supreme happiness**

**When you breathe out, see the radiance of this virtue filling the outer universe through the pores of the skin over the liver.
When you breathe in, see the radiance of this virtue coming in through the pores of the skin and filling again the body.**

A...Now intone the letter A, soft A, to the note of G, and feel the gifts of enlightenment; clairvoyance, clairaudience, eloquence, artistic talent and others as you imagine the soft blue color light shining from a tiny sun in the lung region, bringing with it a sensations of ease and infinite wisdom.

Repeat umlaut A, aee...see above

M... Imagine a lovely blue-green light filling all of space in the abdomen, seen as a hollow space,

shining from a tiny sun in the abdomen.

The blue green light shines with sensations of refreshing coolness.
The magnetic power of pure strong divine flowing emotions floods

the microcosm and the macrocosm through whatever inner guidance directs.

This could be all time and space, in all dimensions, past -present-and-future.

Intone the letter M to the musical note of D, while flowing with divine emotions.

When you breathe out, see the radiance of this virtue filling the outer universe through the pores of the skin over the abdomen.

When you breathe in, see the radiance of this virtue coming in through the pores of the skin and filling again the body.

I... Sensations of weight flow from a tiny sun in the leg region that shines with beautiful pale shimmering opal light.

Meditate on fate, on cause and effect and karma.

Meditate on how this is the law of evolution of everything.
This is analogous in the mind to memory, remembrance and conscience.
In the feelings it governs the control of breath and therefore of life and death.

It brings mastery of Cause and Effect in the material world

through the laws of analogies of shape, measure, number and weight,

the understanding that the same law applies to the microcosm and the macrocosm, the inner world and the outer world.

Intone the letter I to the musical note of G and flow with emotions of conscience

that comes from memory, remembrance and the understanding of Cause and Effect.

When you breathe out, see the radiance of this virtue filling the outer universe through the pores of the skin of the left kidney.

When you breathe in, see the radiance of this virtue coming in through the pores of the skin and filling again the body.

L... Imagine a deep olive green color of great beauty shining through whatever inner guidance directs,

which could be all universes and times, from a tiny sun in the area of the lungs. It has the most glorious sensations of ease.

Meditate on the splendor and majesty of Divine Being as it manifests through all the divine virtues taken together.

Meditate on true spiritual morality that comes from these virtues.
Intone the letter L to the musical note of F while emotions of the vitality of the splendor and majesty of Divine Providence flow.

When you breathe out, see the radiance of this virtue filling the outer universe through the pores of the skin of the spleen area.

When you breathe in, see the radiance of this virtue coming in

through the pores of the skin and filling again whatever inner guidance directs in the body.

Be sure to dissolve the light in the body at the end of each to preserve the natural balance of elements of the body.

Also BE SURE TO KEEP THE RHYTHM OF THE BREATH NATURAL AND NORMAL
WHEN VISUALIZING THE DIVINE VIRTUES PASSING IN AND OUT OF THE BODY THROUGH THE PORES OF THE SKIN.

Miracles

In the bible it is written, "I have given you an herb to cure every disease."

There is only one plant in the world that has receptors for its chemical constituents all over the human body and also in every animal.

Here is current medical research from top research institutions....

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from

THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

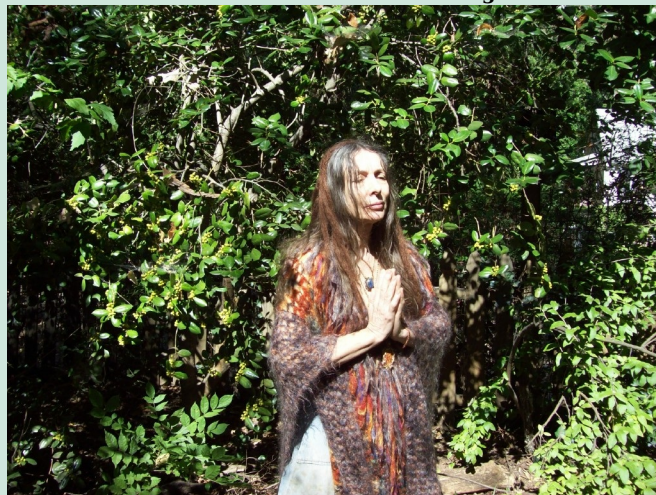

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

As I look back on my life,
I realize that every time
I thought I was
being rejected from
something good,
I was actually being
re-directed to
something better.

-Steve Maraboli

Feel free to share these messages.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that ONLY

THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
