12 degrees Aries

The Angels of the Sun and Authority

Also known as

The Angels

of

Bialode

Beloved,

**Heavenly hosts of Aries impulse Victorious Divine Love,
creating new realities of spiritual beauty.**

**Each degree of Aries is an initiation to yet another level
of mastery in this regard.**

In the previous 11th degree of Aries,
powers of Cause and Effect in conjunction with flowing
emotions of
Divine Grace and Mercy
bring about miracles of divine blessing.

At this point, a Child of Light is ready for immense authority

and power on Earth,
and comes under the influence of heavenly
hosts of *Bialode*.

Even though each son or daughter of God is unique,
just as no two snowflakes are alike,
yet each one is made in the image and likeness of God
on each level
of desire, mind, emotion and form.

So does everything in creation
outpicture unique divine qualities of the omnipresent
being on these levels.

"IN my Father's house are many mansions."

Electrical will for the highest good of all concerned
creates magnetic flowing emotions of unconditional
divine love for all creation.

Remember that the Angels of *Opologon*, 7 degrees
Aries, taught flowing emotions of Unconditional Love
in attunement with the magnetism of the Moon Sphere.

When electrical omnipotent divine will of the Highest
Good of All Concerned of the Sun Sphere
is combined with this divine flowing emotional
magnetism,
all of the heavenly hosts of all degrees of the zodiac
are instantly available to the consciousness by asking.

"Ask and ye shall receive."
"knock and it shall be opened to you."
"Seek and ye shall find."

We are experts at alchemy, and we inspire how to
change base metals to pure metals.
This happens when base consciousness is changed
to pure consciousness and this change is infused into
metals according to our instruction.

The human eye emits light as well as receives it.

The eye itself is an exposed nerve ending of the optic

**nerve, which is directly connected to the pineal gland,
the seat of over 20 thousand psychoactive chemicals
that inform consciousness into the blood.**

**These naturally produced chemicals are a thousand time
stronger than any psychoactive chemical
in the plant or
pharmaceutical realms.**

The pineal gland responds to light from the optic nerve.

**Light waves from the sun are changed into light
particles in the pineal gland.**

Light particles are packets of information.

**The bodies of the children of God emit light through the
whites of the eyes.**

Light is emitted through this area of the optic nerve.

**WE ASK TO GIVE AND ALSO RECEIVE DIVINE WILLPOWER
THROUGH THE EYES.**

**REJOICE IN THE RAYS OF THE SUN AND THE HIGHEST REALMS
OF DIVINE CONSCIOUSNESS.**

**By looking directly at the sun in safe conditions,
such as at sunrise and sunset,**

**receiving the light from the sun and in true
conversational mode, emitting back
responses to the sun,
a complete electrical circuit of light and communication
is formed.**

**WITH THIS COMPLETE CIRCUIT OF LIGHT ENERGY,
BLUEPRINTS OF DIVINE PERFECTION FLOW BETWEEN
MICROCOSM AND MACROCOSM.**

**Upon this circuit, intentions for the highest good of all
concerned are communicated back and forth, up to the
highest levels
of Divine Consciousness, and back down again, in a
physical way.**

**Imagine yourself connected to the center of the earth
while connecting to the sun.**

enhance awareness for all creation with the sun and ground new realities of love into the physical plane through breath.

The sun is a doorway to the great central sun, which is in turn a doorway into a greater sun.

We inspire Children of Light to frequently communicate with the Sun to access higher dimensions in the infinite universe.

The light of higher consciousness can be transmitted to others through eye contact.

This is called 'darshan' the gaze of the master.

By connecting with the great central sun both within the inner realms and outer realms, huge authority is gained in this way, with direct eye contact.

This is one way Divine Will achieves connection between microcosm

and Macrocosm on the most physical level.

When you cannot directly look at the sun, imagine the sun within in meditation.

In meditation this connection is made.

The subconscious mind does not distinguish between an imagined happening and a physical happening.

**WE ASK THE CHILDREN OF LIGHT TO COMMUNICATE WITH THE SUN,
AND SEND FORTH INDIVIDUAL DIVINE WILL FOR THE HIGHEST GOOD,
THE HIGHEST PARADISE, OF ALL CONCERNED, THROUGH THE EYES,**

both the inner eye of imagination and the outer physical eyes, as divine love creates new realities of happiness for all life.

This wave of intent and information and vibration unites with the sun and then is emitted on rays of the sun.

In this way divine will is amplified as it resonates through the spiritual, mental, emotional, and physical bodies of all creation.

This is especially important at the beginning of new cycles.

Flowing emotions of Divine Authority, courage, conviction, and strength,

attract miracles of love to the physical world.

MIRACLES

Bialode

BThe understanding and mastery of polarity

Icombined with the understanding and mastery of cause
and effect

Aand wisdom and enlightenment

umlaut A, **ae**allows imperfect states and situations to be
recognized clearly and released for transformation
into other states that are the highest good of all
through divine love.

L The majesty and splendor of Divine Being reveals true
spiritual morality,

vitality and youthening to all.

umlaut O, **eu** Divine cognition brought about by Love
Divine,
reveals the splendor and majesty of Divine Being in all
creation, and

transmutes any being, any situation into its indwelling
divine perfection,

Oaccording to divine law, harmony and justice, success
and satisfaction,

Dthrough the mysteries of creation

Eanywhere and everywhere.

The melody of our name is

A, G, G, C, F, D-sharp, C, C, and D.

**Here are the meanings of the virtue of umlaut O, eu, E,
and D:**

O Umlaut O, eu
Umlaut O is dark orange, has the musical note of D-sharp, is
the element of
akashic-earth which has the sensation of weight penetrating
everything.

The ovaries and testicles are formed from this virtue

of the profound cognition brought about by Love Divine.

In healing, heal the left ovary first and then the right one.

*

*Akasha: In the principle of consciousness penetrating
all, the umlaut O
oscillation evokes the most profound cognition which
can only be brought about by love divine.*

*By the help of this a person gets to know all the
possibilities of
transformation of the spirit, all the systems and ways
serving this end,*

*and all knowledge concerning transformation in all
other fields.
He/she is informed about everything that, deriving from
the act of creation,
had to pass through all the mode of transformation to be
reunited.*

*A person must attain all the faculties that are offered
by this profound
cognition made possible by Love Divine, in the principle
of consciousness-penetrating-all,*

*and must make use of all possibilities,
inorder to get convinced that they cannot be described
by words,
by must be experienced, lived through.*

*I have mentioned the letters umlaut A and umlaut O as
the last ones in this
series of exercises, because by the help of their virtues
one is able to macrocosms,*

*from the act of creation to the present state of evolution,
and even to the final development.*

*Mental: Evoked in the intellect, the virtue of profound
cognition brought about by love divine*

*gives the understanding of the transformation
of ideas, virtues, etc. by the quabbalistically pronounced
word,*

which is a very great and comprehensive field.

Astral/ emotional level: In the emotions, the virtue of profound cognition brought about by love divine

develops the faculty of perfect astral projection

and the mastery of all occult and magical phenomena that have reference to transformation,

so that a person may, for instance,

assume any desired vibration in the emotional body without being recognized by other beings

and with only Divine Providence seeing through him/her.

Apart from this, a person is able to transform any emotional oscillation

into the oscillation he wants and to do the same with any element.

Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.

A person is taught the true preparation and charging of the philosopher's stone in the physical sense. He/she can influence, at will, any oscillation-atomic, oscillation, electronic oscillation- by quabbalah,

and he/she is able to transform it into the oscillation desired by him/her.

Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired. By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now

and which non-initiates would regard as absolutely impossible.

D

This letter is the sound of the virtue of the mastery of the mysteries of creation.

Mastering this virtue gives the understanding that the same laws apply to the microcosm and the macrocosm.

"As above, so below.

By meditating on this virtue the highest wisdom is gained in regard to

creation in both the inner and outer worlds, in the personal inner universe and the outer universes.

In the intellect a person attains the profoundest cognition with regard to the ego-consciousness.

In the feelings, the understanding of love in all of its aspects is perfected. Love is the greatest force, and with love all can be healed and transmuted.

On the material plane the mastery of fertility and everything that has to do with procreation is attained.

The color of this virtue is dark blue.

The musical note is C.

The element is Fire so it has the sensation of warmth and heat.

The right ear is created from this virtue.

E Inwardly intone the letter E to the musical note D,

while flowing with emotions of oneness with Divine Being and with all Creation.

Imagine a beautiful dark violet light that fills the entire inner and outer universes.

It has a sensation of penetrating all.

The state of consciousness is the presence of Divine Consciousness and Life in everything, the state of omnipresence.

This letter is the sound of universal consciousness, which represents, as a divine idea and virtue, its omnipresence in everything that has ever been created.

Meditating on this virtue unites your normal consciousness with the universal consciousness, with the cosmic consciousness, so that you can attain, in the akasha principal, omnipresence yourself. This is known in oriental wisdom as Nirvi-Kalpa-Samadhi.

You attain the highest form of intuition in your mental world; you transfer your consciousness so that there exists no sense of time and space. Divinity in His highest form is able to speak through you. The most profound mysteries of materialization and dematerialization become obvious to you as you master this, everything that is material may be transferred back into its refined and most subtle form and any idea can be intensified in such a way that it becomes physically visible.

*In the emotional body, the oscillation of letter "E"
represents the control
of the emotional consciousness of oneself and of other
people.
Especially easy is it to achieve special clairaudience by
meditating on this virtue.
By "special clairaudience" not only the hearing of
beings, etc., is meant, but
also the understanding of the language of all animals
and the perception of
the remotest past, the present, and even the future,
indiscriminately of
distance or kingdom, i.e., human kingdom or animal
kingdom.*

The color of this virtue is deep violet, the musical note is D,
the element
is akasha, which has the sensation of God-penetrating-all,
and the spine is
formed from it.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

**The being and the angels share the same name.
This name is a key to their powers and influence.
Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.**

Angels Are Watching Over You!

Here is a quote that sheds light on the one awareness that exists as all beings.

Time is NOT quantity counted, but rather quality experienced.

Time is NOT what calendars and clocks make us think it is.

Time is NOT linear, but rather fractal and holographic.

Time is NOT money; Time is Art.

Like gravity, time is an invisible principle, fundamental to the universe, that affects space.

Time is the atmosphere of the mind.

Time is the universal factor of synchronization.

Correct understanding of natural time opens us to the vast realm of synchronicity and the synchronic order

it is here that we will find new solutions to the challenges that face us, both individually and globally.

The Noosphere can function only by releasing more and more spiritual energy with an ever higher potential.

Teilhard de Chardin, *The Future of Man*

Who owns your time owns your mind; own your own time and know your own mind. Jose Arguelles/Valum Votan

If you want to find the secrets of the universe, think in terms of energy, frequency and vibration. Nikola Tesla

and is the supreme Law over all laws in all dimensions.**

***THE LAW OF
We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
SO BE IT!
So it is.***
