22 degrees Aries

The Angels
of
Victorious Command

Also known as

The Angels

of

Bekaro

Beloved,

Higher degrees of any constellation are similar to advanced grades in education.

The angels of these advanced degrees of Aries offer knowledge and wisdom of fantastic power for victorious manifestation of Love on Earth.

Aries is the archetype of The Divine Warrior due to the fact that whatever the present status quo is, or on whatever level, the energy of Aries changes it and replaces it with more beautiful and higher manifestations of Divine Love.

Anything having to do with WILL and the element of Fire, and the beings of the fire element of faith and will are our specialty.

Besides giving instruction on the art of command of the armies of the heavenly hosts, we are specialists in the mastery of OMNIPOTENT DIVINE WILL THAT IS ONE WITH ORIGINAL DIVINE WILL.

At the previous stage of 21 degrees Aries, the powers of all of the 360 angel groups of the zone girdling the earth become more accessible.

The overall picture of how they work is explained by the heavenly hosts of Oromonas.

Now, at 22 degrees Aries, The Angels of Bekaro, relationships with the 360 groups of angels are deepened to levels of mastery that are wondrous.

The 360 different heavenly hosts in the zone girdling the Earth ARE DIVINE MASTERS OF PERFECT LOVE, POWER, AND TRUTH.

They await requests from Sons and Daughters of Divine Being who are living upon Earth.

All of them desire to manifest more beautiful and loving higher spiritual perfection.

Through the original power and authority that is the Divine Birthright of every human being, these mighty heavenly hosts can be invoked and directed for the highest good of all.

When disciples asked the Master if they would be able to perform Miracles, he answered *"I, of myself, can do nothing. It is the Father within, it is He that doeth the works."*

You may ask for heavenly assistance to find the kingdom of heaven within, and work direct miracles, or you can ask for other beings, the heavenly hosts, to work these miracles, or both.

**This demonstrates the importance and the necessity of USING THE
POWER OF VOLITION
TO ASK FOR HELP from within, in states of meditation.**

**Once you realize, claim and use your power to ask for self and others,
then, according to The Law of Free Will,
mighty armies of heavenly hosts can go into action and manifest
miracles
through activating divine virtues and powers.**

**They respond to requests for harmony and justice from any Son or
Daughter of God.**

**To better understand the little picture it is important to understand the
big picture.**

Start with the unified field of energy.

**According to this, all individual expressions of being, will, thoughts,
emotions, and sensations
express through a UNIFIED FIELD OF ENERGY with ONE OVERALL
INTELLIGENCE.**

"What ye do unto the least of these you do unto me."

For example, imagine the many leaves on one tree.

Each leaf is separate and unique, but there is still just ONE tree.

**Think of your body, it is made up of countless individual intelligent
parts, yet it is ONE BODY.**

The life of each leaf is dependent on the entire tree and vice versa.

**The life of each part of the human body is dependent on the entire body
and vice versa.**

As it is below, so it is above.

**The life of each Son and Daughter of Divine Being is dependent on the
unified field and vice versa.**

They are ONE BEING.

**Because of this, it is absolutely necessary and normal
for the Sons and Daughters of Divine Being to call upon the heavenly
hosts
for whatever is needed, for, indeed, all are ONE INTERDEPENDENT**

LIFE.

**Remember the leaves depend on the tree for water and nourishment,
and the tree depends on the leaves for photosynthesis.**

**The nerve ending in a finger tells the brain what is soft, or what is hard,
what is hot, what is cold, etc.**

**Each son or daughter of the unified field provides information of what is
working or not,
giving thanks for what is working and asking for help with what is not.**

**This is true for the physical, the emotional, the mental and the spiritual
aspects of the unified field.**

**Sons and Daughters of Divine Being depend on the heavenly hosts
and other parts of the Unified Field for support.**

**So too do the unified field and the heavenly hosts
depend on the Sons and Daughters of Divine Being for CONNECTIONS
to the third dimension of physicality, emotion, thought and desire
for guidance and DIRECTION of what is needed.**

**As the physical dimension is transformed into perfection and bliss,
the unified field is nurtured and blessed.**

**We inspire the mastery of polarity, especially of the continuums OF
WILL AND EMOTION,
and of separation and unification.**

Remember that all polarities are end poles of one continuum.

Hot is the end pole of the continuum of temperature.

Cold is the other end pole of the continuum of temperature.

**We inspire experiencing end poles, or polarities, as equally true and
divine, lovable and necessary.**

"God's love is like the sun, it shines equally on the good and bad alike."

"We are made in the image and likeness of God."

**In this way a person can control the entire continuum with love and
unity.**

"Know ye not that ye are Gods?"

"I and the Father are one."

"All that I do, ye shall do and more."

**There is harmony in experiencing self both as a separate and individual
expression of Divine Being
at the same time as experiencing self as completely ONE WITH ALL.**

**This is another way of saying that it is desirable to experience life
consciously with Delta, Theta, Alpha and Beta brainwave states
together.**

**The Delta brainwave state is dominant in infancy and in deep dreamless
sleep each night.**

**In this state a person experiences self as pure being, one with Divine
Being and all Creation.**

Theta is dominant in childhood, in imagination, and in the visual part of

dreaming.

It is a state of deep inner thought.

Alpha is dominant in adolescence, in emotions, and in the emotional part of dreaming.

It is a state of strong flowing emotional awareness.

Beta is dominant in adulthood, in the five senses and logic, and in the sensual aspect of dreaming.

It is the state of the five senses, memory, remembrance and logic.

It is the dominant waking state of most people.

By understanding awareness as a continuum of consciousness, with unity with Divine Being and all Creation on one end pole and individuality and separation on the other, the illusion of duality is resolved.

In this awareness, it is easier to see that what is done to one affects all.

On the continuum of good and bad, or positive and negative, beings who would harm another to help self or beings who would harm self to help others, can both understand that causing harm to self or others causes harm to all.

It is also easier to see that each being, regardless of individuality, is connected to all, and therefore to all power, wisdom, and love.

That is why helping, or loving, self and others equally is maximum efficiency and minimum effort, which is the way the universe works.

"Ask and ye shall receive."

It is our joy to help all see with the eyes of love, with infinite power and clear inner guidance to understand the almighty purity of all ideas and blueprints in divine will.

The mastery and understanding of polarity is the divine virtue of the letter B of our name.

This is the virtue of Universal Life.

Polarity is necessary for creation to exist.

Remember that all polarities are simply end poles of single continuums.

Any point on any continuum, or any polarity, can be transmuted into divine balance, harmony, and perfection through cognition brought about by Love Divine.

Divine Love flows from experience of pure being and unity with Divine Being and all creation of the Delta brainwave state.

In giving victorious commands to the heavenly host, GIVE CLEAR FEEDBACK after they respond to your requests for help.

Remember, even though the heavenly hosts are one with all,

**in their individual aspects THEY OFTEN ARE NOT IN PHYSICAL FORM
at the time.**

**It is helpful to receive feedback from the Sons and Daughters of Divine
Being
who are in physical form.**

**This is similar to the continual feedback loop of information and
direction between the brain and the fingertip in the example we
mentioned earlier.**

**It is sometimes not enough to just summon them and make a general
request.**

FOLLOW UP is often REQUIRED.

Give feedback, in meditation, on an ongoing basis.

**After you make a request, stay in gratitude and in communication with
them inwardly.**

LET THEM KNOW WHAT IS HAPPENING!

**If you feel through inner guidance that changes are not happening
strongly enough,
clearly enough, or quickly enough,
LET THEM KNOW and make an additional request to fix this.**

**They will do what Divine Providence allows,
according to grace and mercy and the fates of those involved.**

Remember the truth of "*As above, so below*".

**Just as communication is necessary in the physical world,
so is communication necessary in the metaphysical worlds.**

Feedback, honest clear feedback, is helpful to the heavenly hosts.

**Many of them remained in non-physical form
for the purpose of better helping those of us who have taken on form.**

They use this feedback to adjust responses appropriately.

**If you have not had satisfactory results from prayers to the heavenly
hosts for help in any given situation,
think back and remember if you continued your dialogue with them
AFTER the initial request.**

Did you listen for inner guidance as well as make requests?

**Did you contact them and let them know how you were feeling
about the situation after you asked for help?**

**If the situation was still worrisome, were you afraid, or ashamed, to
admit that YOU WERE NOT SATISFIED with what you did or did not see
happening?**

The heavenly hosts are ancient, and they understand emotions.

**Upset emotions are compressed information about something that is
needing healing.**

They use this information.

**In many cases they depend on you to give them this information to
adjust their influences
just as surely as a tree depends on its leaves for photosynthesis.**

Did you document for them the ongoing status of the situation?

**If you merely waited in passivity,
perhaps they did not have enough feedback to adjust their activities.**

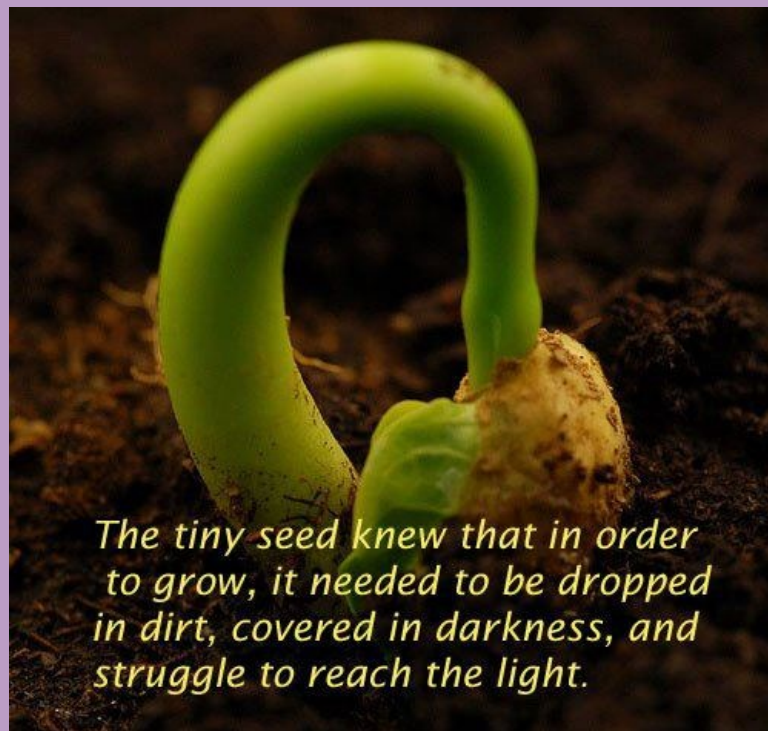

This cosmic breakdown in communication happens all too often.

**On the other hand, are you meditating and going within to listen to
inner guidance?**

They may have important information for you concerning your request.

**Suppose you asked for a person to be healed in a situation that the
highest self of that person
knows that it is the highest good for this person to use sickness to learn
and make important adjustments to their lifestyle,
or perhaps even to make the transition to another life?**

In meditation, your inner guidance will let you know this.

**Then you could ask for assistance to be given to this person according
to the highest good of all,
trusting Divine Providence to determine and guide .**

**We, Angels and heavenly hosts, live in worlds of highly refined pristine
purity.**

Perceptions at this level are very subtle.

**The most common kind of crossed signals
between people and the heavenly hosts is the situation
where the human believes his/her prayer was not heard
because a stronger impact was needed for him or her to perceive it.**

**In this case, the angels need feedback, so that they can know to have a
stronger impact
on this manifestation on the third dimensional level.**

**What seems like a powerful intervention from the angelic perspective
may be scarcely perceptible, or not even discernible at all,
by the time it manifests upon the coarse physical level.**

**Often, in these kinds of situations, people may simply give up expecting
to see prayers answered
and stop trying to make an angelic connection.**

**A person may even fall into self doubt, questioning whether he/she is
good enough
or “holy enough” to merit attention from angels.**

**In these cases it seems obvious that the prayer was not answered
from the perspective of the incarnate human being,
whereas from the angels’ perspective they have just made a
magnificent,
powerful response to the prayer.**

**If the heavenly hosts are asked to make a stronger response, they will,
as much as Divine Providence allows for the highest good of all
concerned.**

**We hope this helps you understand that The Sons and Daughters of
Divine Being
are Our eyes and ears on Earth.**

**Without feedback from people, there may have no way of knowing in the
subtle realms
that there was a problem, for example,
that the intervention needs to be “amped up” considerably to be felt in
the physical world.**

**Indeed this feedback loop may need to be repeated a number of times
of
“upping the ante” before the angelic response
is finally made clearly discernible on the physical plane.**

**We are armies of Love, Wisdom, and Power and do your bidding
whenever you ask for the highest good of all concerned,
however we request clear ongoing information from those in the third
dimension.**

**If miracles ARE happening quickly enough and clearly enough to satisfy
your request,
give Us this feedback also.**

**Flowing emotions of gratitude, love, and joy that come from successful
manifestations
of miracles are like manna to Our being,
and to The Being of the entire Unified Field.**

**OUR LINKS between Heaven and Earth ARE THE SONS AND
DAUGHTERS
OF DIVINE BEING
who contact us while in incarnation.**

**By meditating on the divine virtues of the letters of our name, unite
individual will with Divine Will for the highest good of all
and act from positions of unity with Universal Consciousness.**

****"I and the Father are One."****

Act directly from the end of the continuum that is unity.

**We inspire almighty omnipotent faith, courage, and enthusiasm in this
regard.**

MIRACLES

Note on ongoing comments of The Power of The Word:

**In enlivening and healing organs with their divine virtues,
see yourself INSIDE the organ and feel yourself AS the organ.**

**From this perspective, imagine very clearly the color, the musical note,
the sensation [consciousness-penetrating-all, warmth, ease, coolness,
or weight] of the divine virtue you are enlivening with strong
faith, visualization, clear
understanding, and flowing divine EMOTIONS of the virtue.**

**On the out breath, see this awareness radiating through the pores of
the skin over this organ,
filling whatever inner guidance directs in the outer universe,
and on the in breath see the outer universe sending this virtue
back into the organ again through the pores of the skin over the organ.**

Keep the rhythm of the breath natural.

**However, on the other hand, in seeing the divine virtues as tiny suns
in the elemental regions of the body, i. e., fire virtues in the head,
air virtues in the lungs, water virtues in the abdomen, and earth virtues
in the legs and feet,
SEE THESE AREAS AS A HOLLOW SPACE, not as the organs that reside
in this space.**

**Be sure to dissolve the lights in the body when you are finished
to protect the natural balance of elements in the body.**

These meditations are very ancient.

The books by Franz Bardon go into greater detail on them.

***"To those who have dispelled all doubt and perceive Truth, Heaven is
nearer than earth."***

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

If you have these, it may be helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

Feel free to share these messages.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
