23 degrees Aries

***The Angels of Akasha,
of
Consciousness-Penetrating-All***

Also known as

The Angels

of

Belifares

Beloved,

**We also help people access the powers of the heavenly hosts on the
akashic level
of the Earth sphere for the purpose of victorious Love.**

**Remember that the previous Angels of Hahadu, 20 degrees Aries,
specialize in the miracles of water,
of magnetic flowing tangible feelings and emotions,
and working with the beings of water the Undines.**

**The Angels of Oromonas, 21 degrees Aries specialize in powers of
thought
and the beings of the air element, the Sylphs.**

**The Angels of Bekaro, 22 degrees Aries, specialize in miracles of
Will, electric divine willpower and the beings of the fire element, the
Salamanders.**

**Now it is time to specialize in the miracles of the fifth element,
the element of Akasha, of consciousness-penetrating-all.**

**Akasha corresponds to a deep Delta brainwave state of pure being
and unity with divine being and all creation.**

**This brainwave state is dominant in infancy and also in deep dreamless
sleep each night,
and it is possible to remember in meditation the infant or deep
dreamless sleep state
to regain conscious mastery of this awareness.**

**The state that is experienced each night in deep dreamless sleep
is the state in which the body heals and restores itself.**

**The indwelling spirit of Divine Being in all that is created, is Akasha,
the principle of divine consciousness-penetrating-all.**

**Each person is part of Divine Being, and by moving into this awareness,
and experiencing conscious unity with all,
miracles are especially possible.**

**We inspire awareness that each divine virtue is omnipresent,
everywhere existing.**

**To the extent that a divine virtue is experienced as everywhere present,
it can be called forth into action.**

Think of "running" a program on a computer.

As long as a program is not in use, it exists as potential.

When it is activated, it "comes alive".

**As a person, in the Delta state of unity with Divine Being in all creation,
becomes aware of being a divine quality existing everywhere,
through inner guidance he or she can then activate this divine
quality by following through in meditation**

using will, thought, emotion, and sensation [the quadrapolar magnet]
so that a new reality comes into being.

This is our area of expertise, and this is what we teach and inspire you
to do whenever you call upon us.

We are quick to reply.

The heavenly hosts of Belifares remove any sense of difficulty
with the Akashic principle [the principle of unity]
and make it easy and natural
to experience any Divine Virtue penetrating all and being everywhere
present.

Whatever divine quality that is chosen, such as love, or faith, or
mercy, or happiness etc. can be focused and brought into existence
anywhere
or everywhere at any time or at all times.

Once a seeker realizes the power of this type of awareness,
and how it then naturally works down through the different levels [the
quadrapolar magnet]
to change physical manifestation on Earth,
there is no holding back the victory of Divine Love.

Here is a suggestion for testing this principle:

When you are in a situation, any situation, in which your level of
awareness
is higher than those around you, it is a good time to try this test.

Ask for inner guidance.

Become aware of a Divine Virtue or Quality
that you would like for the people around you to experience.

Let us suppose you receive inner guidance
to activate the virtue of Wisdom and Enlightenment,
which is the original purity of all ideas in Divine Mind.

It is the letter soft A [and the color light blue] in the Ancient Cosmic
Language.

First call upon us, The Angels of Belifares, and ask for our help
in becoming aware of the state of pure being
and unity with Divine Being and all creation within you.

Then focus on the divine virtue of wisdom, the original purity of all
ideas,
penetrating all creation with the beautiful pure light blue light,
and being present in it, including in the people around you.

Will, visualize, feel beautiful tangible feelings in the body
of the emotions of wisdom and enlightenment flowing,
and sense the beautiful radiant light blue light of wisdom and
enlightenment
penetrating all that inner guidance directs.

See what happens!

**Mastering the cosmic language, and manifesting miracles
can become supremely simple.**

**It comes about naturally when the four brainwave states of pure being
and will [Delta], deep inward thought [Theta], flowing emotions
[Alpha],
and logic, memory, and five senses [Beta] are all absorbed, focused, and
tracking
on a divine quality or group of divine virtues [qualities].**

The Akashic level is the level of pure being.

**Whenever you call upon us, we instantly help awaken within you the
awareness of this state of pure being and oneness with all,
and the omnipresent, omnipotent pure beingness of any divine virtue.**

**We help you experience unity with the divine virtue,
and to feel it existing everywhere in everything.**

**As you do this, your state of being, your will and deep inward thought,
your emotions,
and your senses and logical mind come into alignment with this.**

**This alignment on all levels is the divine quality represented by letter f
in our name Belifares.**

**Over time, by practicing this state of pure being and alignment in the
four levels of consciousness,
enough strength of will, purity of thought, flowing emotional clarity, and
clear sensations of this,
can produce powerful vibratory shock waves of wonderful
transformation and transmutation.**

**This five part multidimensional consciousness waveform aligns with
Divine Consciousness,
or potential, already present everywhere.**

**It AWAKENS already present divine consciousness existing within
everyone
and everything around you, down to the atomic level.**

**This assignment may need to be repeated over and over to convince the
analytical doubting-critic part of the self, which is the Beta logical level
of thinking.**

**A limited preconditioned [by previous training] logical state of mind is
dominant in many people.**

**With enough sincere practice, there can accumulate many memories
of the power of working in the akasha
[the state of unity with Divine Being and all creation],
so that even logic can finally be satisfied, be convinced.**

**Your five senses may need to see over and over the changes in the
behaviors of people and things around you
to believe the power of this fully in your logical memory and mind.**

**The more deeply a person focuses and concentrates in this way on a
divine virtue,
in this example, the virtue of wisdom,
meditating on it as ALREADY EXISTING AS POTENTIAL IN AND
PENETRATING
every person and thing around you,
the more definitive and undeniable and obvious are the results.**

This is especially true if you ask Us to assist you in magnifying the effect.

**The more that a person feels unity with a virtue being everywhere in everything,
and a person feels oneness with everywhere and everything,
and then the more a person WILLS a virtue to manifest,
the more that it's tangible feelings of FLOWING EMOTIONS
create magnetism.**

Magnetism attracts new realities into form out of the quantum field of infinite potential.

Emotions are magnetic and attract new realities into the material or form world.

**So it stands to reason that divine flowing emotions attract these new realities,
so that it is now able to be SENSED.**

**Depending on its element, these sensations will be experienced in meditation
as either penetrating all, warmth, ease, coolness, or weight**

**“
A potential virtue manifests into form using the four brainwave states in meditation this way.**

The results are astounding.

"All that I do, ye shall do and more."

While in this state of consciousness, every breath increases the ripple effects.

**Then add requests to the BEINGS OF THE ELEMENTS to join and add their
powers of PENETRATING ALL, WILL, THOUGHT, EMOTIONS, AND SENSATIONS
of a divine virtue or virtues,
and the effects can be even more remarkable beyond description.**

Experiment.

Relax into the glory of unity with Divine Being.

Walk in the footsteps of the masters.

"All that I do ye shall do and more."

**It becomes obvious why and how the Children of Light
are given dominion over all that is created.**

Miracles

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name.

This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

****We have a yahoo group for people who want to receive only the angel messages and have access to all previous messages on the web.***

Feel free to share these messages.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
