26 degrees Aries

The Angels of Extra-planetary Power

Also known as

**The Angels
of**

Hadcu

Beloved,

The previous degrees of Aries open ways to work with the heavenly hosts of the zone girdling the Earth and with the beings of the four elements and the Akasha,

which is consciousness-penetrating all.

**Now we attune seekers to powers and divine virtues of the
heavenly hosts
who work elsewhere in the universe.**

**The infinity of different expressions of Divine Being is
expressed
in the saying,**

"In my Fathers house are many mansions."

**The VICTORY of LOVE sometimes requires help from other
parts of Divine Creation.**

**We help when these powers are necessary for the
purpose of birthing new realities of Divine Love on Earth.**

Here is one of our stories:

FIXING FELIX

As Felix looked down from his helicopter, he felt panic.

**The ground below him was crackling with dangerous nuclear
radiation**

**that had just leaked out of burst tank in an old nuclear
facility.**

Not only would contamination be carried in the air,
poisoning people for many miles,
but the underground water aquifer that supplied major
populations was in danger of contamination.

Going deeply within, he felt his heart burst with compassion
for innocent people and animals

whose lives were in imminent jeopardy.

He banked the helicopter sharply to the left heading for
base,
**and began to pray the deepest and most passionate
prayer of his life.**

"Angels of *Hadcu*," he pleaded, "No one on this earth has
the scientific
means to avert this tragedy.
You must tell me what to do."

A strange strong light began to glow within him.

-

Going deeper within, Felix knew what to do.
He calmed his breathing and relaxed, thanking God

that he had practiced the meditations on the cosmic
language for a long time!

He imagined the letter H with its silvery violet light shining
from a tiny sun in his head
and sensed tremendous expansion as this light penetrated
all of space and time,
inside of him and then with his outbreath, outside in all the
universe.
As he did this, he also focused this virtue especially on the
situation at hand.

He visualized the warm silvery violet light and flowing
feelings of The Power of the Word

existing already throughout all of creation, penetrating
everything.

He meditated on the power to create any reality through
invoking divine virtues or states in being,
visualization and will, thought, emotions, and sensations.

Squinting his eyes tighter, he tried to remember what the
note of A sounded like,
and feeling exasperated by his usual difficulty with music,
he ended up asking the Angels of *Hadcu* to tone it for him.

Immediately a most beautiful tone rang through his
meditation

as he flowed with feelings of The Power of The Word.

Keeping the rhythm of his breath natural,

he spent quite a while enlivening this virtue inside and
outside of himself.

By the time he was ready to meditate on letter A, however, it
was time to land and go through debriefing.
He silently asked the Angels of *Hadcu* to go ahead and
meditate for him

and to join him later when he could continue the
meditation.

A few hours later while in his jeep driving back to the house, Felix began to meditate on the letter A. This letter was easy for him and so immediately he experienced the light blue light shining from a tiny sun in his lungs with sensations of ease. He experienced the Divine Virtue of Wisdom and Enlightenment penetrating all space and all time. He meditated on the original purity of all ideas in divine mind

and the perfection of Love, Wisdom, and Will in all the divine virtues.
He flowed with strong powerful emotions of the powers of clairvoyance,

clairaudience, clairsentience in his ONENESS with all of creation.

Then he toned the note of G joined by angel choirs.
He knew at this point with deep certainty that the original divine blueprints of creation in will, thought, emotion, and sensation would manifest, he knew now that somehow everything would be alright.

After meditating on umlaut A, ae, the mysteries of life and death and transformation,

Felix experienced that all imperfection, on every level, was now released for changes into other states that were the highest good of all concerned.

Next was his favorite letter, D.
This letter was the divine virtue of the mysteries of love to create, the key to understanding so much.
He had spent months learning it on his vacation to

Switzerland the year before.
He loved the deep blue color, like the color of the night sky just before dark.

He loved the note of C and sensations of warmth and expansion.
His mental focus got so strong, that he had to pull over and stop the car.

The letter D, the art of creation, opened up complete control over his mind,

and he went into a powerful state of trance.

Hands on steering wheel, head bowed,
his state of trance became so profound that he lost track of time.

When he was meditating on the art of creation, the letter D, something just suddenly happened to him.

It was as if he left his body and went soaring out in space. Past stars and galaxies he soared.

He realized that the Angels of *Hadcu* were taking him to
the place in the universe
where expert help for his situation was available.

He saw beautiful colors overlaid with a fascinating pattern
of light.

He burst through this vision and found himself on another
soil, in another clime and place.
He felt like he was on the other side of the universe.

In awe he looked around him.

A wondrous world greeted his eyes, unlike anything he had
ever seen.

Beautiful vaporous colors glowed and swirled over a soft
undulating landscape.

Suddenly a new energy caught his attention.
Someone was coming!

He looked up.

There in front of him was a stupendous being, half solid and
half etheric.

Swirling colors of green and purple seemed to vortex
around Him.

A voice thundered through his head, "Welcome Earth Man,
Welcome to
Paotocamo, the realm of Swift Energy."

My name is Schmion-el.

Felix greeted him, his heart opening with such love that he
could hardly breathe.

They communed in silence for a while, beautiful flowing
feelings passing between them

expressing more than a million words could have said.

During all of this, Schmion-el had telepathically absorbed
Felix's
experience with the radioactive contamination of the air
and water aquifer on Earth.

Schmion-el understood what was needed, and joined Felix
in his meditation.

Together they meditated on letter C, the divine virtue of Spiritualization of Matter with divine qualities.

Together they visualized beautiful vermillion colors filling all of space and time,

with choirs of angels chanting the note of D with them.

They meditated on the holiness of all created form, of the divine virtues

that expressed themselves through every created being, that existed in every form.

Together they sensed lovely warmth and ease.

By the time they had finished with the letter C, their energy fields were as one.

They had joined together in complete sympathetic resonance

.

Relishing every precious moment of their shared experience,

Felix and Schmion-el meditated slowly on letter U,

the velvet black light shining through out the Akasha, with omnipresent divine consciousness-penetrating-all.

This is the ability to change fate.

To understand causes, change them, and see the ongoing effects through time.

They spent hours contemplating the creative act and karma

and the awareness

of the cascading effects through time and space of
the creative action that they were guided to create

.

In deep trance they changed fate back on Earth, and
created an outcome

that was the highest good of all concerned for that
situation.

They joined beautiful choirs of angels singing notes of B.

Through inner guidance with individual wills united with
Omnipotent Divine Will,

in a state of pure being, they had been guided to use
The Power of the Word with just the right divine virtues to
activate

.

They used the letter G to activate Grace and Mercy and the
letter I to activate Cause and Effect,
so that the horrible future scenario that Felix had seen
would in time be perfectly understood
and everyone involved would realize grave mistakes that
had been made.

They used umlaut O, eu, to open peoples eyes to Divine Love
so that in time

they could see past all illusions and understand the original
divine plans for Earth
and transmute the realities that they had been creating.

They used the letter Y to dematerialize some secret and
hidden dangerous weapons and devices

that posed even greater hazards to life on earth.

With Schmion-els advanced scientific knowledge they used
the powers of the letters umlaut A, ae and umlaut O
which are the release of imperfection and the manifestation

of perfection,
the letters I, cause and effect, the letter Ch of purity and
perfect clarity, and umlaut A,
to activate transformation of vast amounts of nuclear
material back on earth.

They sped up the radioactive cycle of all dangerous
concentrated nuclear material on Earth

so that twenty thousand years of natural process would
transpire in twenty days.

So deep was the relief and gratitude from Universal
Consciousnes in the web of life,

that choirs of angels sang glorious songs of thanksgiving
that transfixed both of them for what seemed a very long
time.

After what seemed like a few days, Felix felt guided to come
back to earth and normal consciousness.

Soon he was back at the house.
He had had only a vague sense of cranking up the jeep,
however, and driving back.

What was really strange was that when he called in to work
to explain his
absence and disappearance, the secretary did not know
what he was talking about.

She told him he had only been gone a few hours and was
not due back until day after tomorrow.

His entire sense of time was skewed.

He shook his head in wonder and made himself a sandwich.

Later that week, he received news that the radioactive level
was far less
than had been first reported.

The official explanation they gave him was that the
equipment used for the first readings was faulty.

A week later he received news that the radioactive level was
much below the second reading.

The official explanation was that the equipment used on the
second reading was also faulty.

He noticed that people were beginning to speak more softly
around the installation.

A remarkable change seemed to slowly but surely be taking place.
Wonderful new insights and a new spirit of reverence for all life was beginning to awaken

.

By the third week, the officer in charge was ordering all new detection equipment.
It seemed that none of the equipment was giving accurate readings.
Everyone was scratching their heads.
Outside experts were flown in and finally the results were settled:

there really wasnt radioactivity in the area after all.

The manufacturers of the faulty equipment couldnt find anything wrong with it

but felt it was better not to say anything.

Felix was the only person at the base who really knew what was going on.

Within a year the base was shut down.

Amazing political, economical, and social changes occurred all over the globe.

Surprising revelations on every level, in every country had brought about permanent peace and environmental restoration.

Felix found himself contacting the Angels of *Hadcu* often, and he met many other members of his extended spiritual family in the universe.

The wide diversity of knowledge and experience that they offered enabled him to teach others,

and find answers to any difficult situations that came up.

Often he thought of his friend Schmion-el, and visited with him in meditation.

It was the first time since he was an infant that he had felt so close to another person.

A stranger or more beautiful friendship could not be

imagined.

Together they traveled in consciousness to other realms,
other spheres.

Meeting many other beings of great enlightenment and
vast sacredness,
they felt amazing love and helpfulness and realized how
great is the spiritual family of God.

In my Fathers house are many mansions.

Footnotes

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common
precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in
the zone girdling the earth, and the angels who work with him or her.
The being and the angels share the same name. This name is a key to their
powers and influence.
Names, phrases, and sections, in the angel messages are quoted or
paraphrased from the books of Franz Bardon.
Information of the heavenly hosts of the zone girdling the earth is

and Information of the divine virtues and the letters are referenced from
THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have
very important information for these studies.
The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory
book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician",

gives historical background and was compiled by his German publisher from

THE LAW OF ONE

***We are all one.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM, and I am one with
all there is;
I ask that ONLY THE HIGHEST GOOD OF ALL
CONCERNED happen .
I give thanks that this is done.***
