28 degrees Aries

The Angels of Divine Talismans

Also known as

The Angels of

Jugula

Beloved,

We introduce the student of love *into the art of talismanology.*

We teach how to solve the most complicated symbols through synthesis.

We teach how to express truly by the appropriate symbol.

**each power and each being of the zone girdling the earth together with its qualities;
how
to shape it into the correct graphic representation.**

We give inspiration into the secret of making such symbols magically effective by various methods.

The heavenly hosts WORK ONLY FOR THE HIGHEST GOOD OF ALL CONCERNED, under The Law of One.

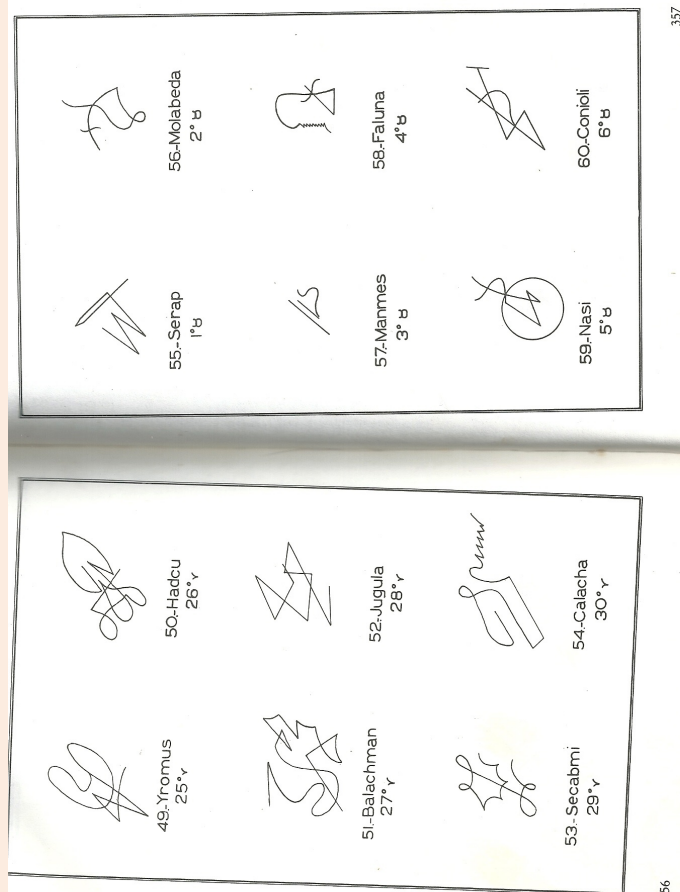

**To be successful in networking with them,
ask them to perfect your requests to conform to The Law of One, the highest good of all.**

This is true when asking for help from any of them at any time for any reason.

**Here are the symbols for the angels of 25 degrees Aries through 6 degrees Taurus.
The symbols for Aries are always drawn in red**

.

The page is turned on its side in this scan.

To read them properly, imagine that the lines show the flow of energy from AKASHA at the top,

downward into WILL,
then into THOUGHT under that, then down through
EMOTIONS, and finally to PHYSICAL MANIFESTATION

at the bottom of the symbol.

In other words, these symbols are
a road map depicting the flow of energy from akasha
at the top of the symbol through fire, air, water, and
finally into earthly manifestation at the bottom of the
symbol

Divide the symbol into four equal parts, top to bottom.

In looking at our symbol: *Jugula*, 28 degrees Aries, the
interpretation is :

The initial impulse of the Angels of *Jugula* is the highest
feeling states of flowing Ecstatic Divine Love, the letter J.

Looking at the symbol,
the energy flows gradually deeper into emotions of love
and then begins to flow upward
through thought, will, and into the Akasha
, which is consciousness-penetrating-all.

The divine virtue in the Akasha is the art of creation and
its effects.

It is penetrating all, the second letter of our name, U.

Now the meditation quickly moves downward into

feelings of Grace and Mercy, letter G,
at the point where emotions become form.

Following the line, the attention now flows to the highest
feeling states of the creative act, letter U.

Now the attention focuses on the splendor and majesty
of Divine Being,
letter L, through the levels of feeling all the way to
physical form.

Finally the attention focuses on wisdom and
enlightenment, letter A, and transformation, umlaut A,
ae,

manifesting on the physical level.

*To create a talisman of great power and
usefulness,
ask for intuitive guidance concerning the
material to be used.
It may be a stone,
a metal medallion, or even a piece of paper, etc.*

Draw the symbol of the Angel Group that you wish to
represent on it and then carefully meditate on their
divine virtues.

*Be aware of the divine virtues existing everywhere
through all time and space*

.

Become skilled in asking the beings of fire, air, water,
and earth to charge your symbol with the power of the
divine virtues according
to the instructions found in the Angel Messages
of 22, 23, 24, 25, 26, and 27 degrees Aries.

This is one of the ways that a perfect physical talisman
is powerfully constructed.
A warrior of Love can use on a talisman to help manifest
the energies of the
Angels when in the victorious process of manifesting love
on Earth.

MIRACLES

To meditate upon the divine virtues of the letters of our
name
is to enter into the halls of wisdom in the area of literary
and artistic magnificence:
J-U-G-U-L-A

J....The power to invoke ecstasy, the rapture of spiritual love,
understanding the ecstasy of each of the four elements

*

U....while attuning to the original essence of everything as it
was primordially created

*

G....with the blessing of happiness, complete satisfaction, and
success

*

U....as perfect master of the principle of attunement, the
ability to transfer consciousness, as needed,

*

L....and master of the spiritualization of matter, the "astral
light",

and the mystery of the magic equilibrium to reveal the
character of any human being

*

A and umlaut A, ae... to bring enlightenment via infusing
symbols with the power to influence manifest reality,
and to release imperfections for transformation into other
states that are the highest good of all concerned.

The melody of the letters of our name is G sharp, B, F, B, F, G.
and C.

The colors of the letters of our name are dark opal, velvet
black, emerald green, velvet black, olive green, light blue and
loamy brown.

The sensations are coolness, akasha [consciousness-
penetrating-all], coolness, akasha, ease, ease, and weight.

The elements are water, akasha, water, akasha, air, air, and
weight.

Miracles

**Note: In todays message, the symbols WERE NOT THERE
in my microsoft word original when I opened it up.**

**I went outside to eat breakfast, thinking I would have to
scan them in, and when I came back to do it they were
already there!!!**

I hope they come through.

**You might want to purchase a copy of Franz Bardons
books
which are listed below at the very bottom of this email.**

**The book on evocation has ALL the symbols, their explanations,
and the correct colors to use for each of the constellations.**

Correction : In the story in the message for 26 degrees Aries [The Angels of Extra-planetary Power, The Angels of *Hadcu*], Felix and Schmion-el might have used the letter Ch to decay radioactive materials quickly.

The divine virtue of the letter Ch is the virtue of clarity and perfect purity.

It is the water element of emotions, the color is light violet, and the musical note is D-sharp. The left leg is formed from it.

**In the emotions, this divine virtue gives the ability to awake the dead to life again or revive any decayed plant through the revelation of the secret of rhythm, i.e., the secret of life, or with its opposite rhythm to cause immediate decay;
for instance, to make a fully blooming tree wither within a few minutes.**

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from

THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

If you have these, read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.

Feel free to share these messages.

To understand Universal Consciousness, and immortality, it is very helpful to read the first three volumes of The Life and Teachings of the Masters of The Far East by Baird Spalding

The first three volumes are field notes taken on a scientific expedition to Nepal in the late 1800's.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that ONLY

THE HIGHEST GOOD OF ALL CONCERNED happen .

I give thanks that this is done.

SO BE IT!

So it is.
