## **The Angels of Sympathy**

Also known as

The Angels  
of

***Serap***

## **Beloved**

**Flowing emotions of sympathy arise  
in practical ways  
in this first degree of the earth sign  
of divine love, Taurus.**

**The most important aspect of our  
teaching is inspiring meditations  
of flowing all penetrating divine will  
for loving tangible feelings of  
EMOTIONS of oneness with all,  
enlightenment,  
clear inner guidance,  
the longing for spiritual perfection,  
and omnipotent will for the highest  
good of all.**

**This is done with inner guidance  
and attunement to**

**wisdom,  
and longing for beauty and unity  
with Divine Light.**

**We inspire EMOTIONS of longing  
for and manifesting spiritual  
perfection.**

**In Taurus, vibrations of Divine Love  
flowing through Pluto and then  
through Venus  
express through the physical level**

of form, the element of Earth

.

*Therefore, we inspire, THROUGH  
DIVINE VIRTUES of our name,  
the making of friends and the  
arousing of emotions of divine love*

.

The symbols for Taurus are drawn  
in a green color.

Liquids, especially water, hold  
compressed information.

We encourage the charging of  
liquids with divine emotions

so that sympathy and friendship  
manifest.

We offer help with situations  
involving propagation,  
and producing emotions of  
unconditional maternal  
nurturance and bliss.

**Remember that the previous sign of  
Aries also receives vibrations of  
Divine Love from Pluto  
that express as Will to Love, the  
element of Fire.**

**Omnipotent Divine Will is the  
masculine electrical power**

**of creativity**

**experienced in Delta brainwave  
awareness.**

**Will then expresses itself in visual  
images, and  
travels into thought and ideas,  
which is the element of air**

**... the mental realm of deep inner  
thought of Theta brainwaves.**

**Therefore, air/mind, is the  
expression of fire/will, the  
masculine power of electricity .**

**However, emotion and sensation are the alpha and beta brainwaves that are magnetic.**

**Remember that water/emotion is the Alpha brainwave state of the feminine power of magnetism.**

**Emotions attract new realities on the physical plane**

**that manifest in FORM true reflections of what has been FELT.**

**Finally earth is experienced in the Beta brainwave state of the five senses, memory and logic.**

**Serap informs a child of God about the magic of sympathy which can be realized by the element of fire . . .or divine will, intent, and creativity.'**

**In ancient times, for example, the angels of Serap introduced the practices of 'making an application of fluid which is impregnated with flowing emotions of divine virtues**

**and applied to blotter paper to be burnt**

**to symbolize desire for spiritual perfection**

**in the making of friends, arousing the sensations of love,**

**and improving the power of propagation, etc.**

**Since ancient times we have inspired the making of herbal waters**

**and oils that are charged in meditation with divine virtues through the power of being, will, thought, emotions, and sensations.**

**We help when these herbal waters**

are applied to blotter paper and  
burned in ceremonies  
symbolically joining will [**fire**]  
and emotions [**water**]  
to produce new realities of divine  
love in a practical manner on the  
physical plane,  
for the purpose of spiritual  
perfection of love in relationships

.

This ritual activates the ancient law, "As  
above, so below".

With enlightenment, all gestures,  
words, thoughts, desires, and emotions  
express  
tremendous power to create heaven on  
earth.

#### **Notes for meditation.**

Refer to previous explanations of this  
meditation, **The Power of the Word**, for  
more details.

**Remember to relax into a state of pure  
being and unity with Divine Being and  
all creation.**

**Locate yourself in time and space by  
visualizing yourself as a tiny dot in the  
solar plexus of your body,  
experiencing the rest of your body as  
galaxies and universes swirling all  
around you.**

**Keep the rhythm of the breath natural  
and dissolve the light in the body**

to protect the natural balance of  
elements after each meditation.

**S Visualize a fiery warmth from a tiny  
flaming purple red sun**

shining in the **head region with divine  
willpower that penetrates all.**  
**Sense tremendous expansion coming  
from it.**

**Meditate on the most subtle substance  
of the divine spirit, i.e. with the original  
divine fire and will  
which works as a substantial power in  
everything that has been created by  
Divine Providence.**

**Inwardly tone the note G sharp, while  
flowing with feelings of divine  
omnipotence.**

**When you breathe out, see the radiance  
of this virtue going into the outer  
universe**

**through the pores of the skin of the gall  
bladder area.**

**When you breathe in, see the radiance  
of this virtue coming in through the  
pores of the skin**

**and filling again the body, according to  
inner guidance.**

**E The sound of this letter concerns  
everything related to the *transfer* of  
consciousness and intuition.**

***This letter is the sound of universal  
consciousness, which represents, as a  
divine idea and virtue,  
its omnipresence in everything that has  
ever been created.***

**Meditating on this virtue unites your  
normal consciousness with the  
universal consciousness,  
with the cosmic consciousness, so that  
you can attain, in the akasha principal,**

**omnipresence yourself. This is known in  
oriental wisdom as Nirvi-Kalpa-  
Samadhi.**

**You attain the highest form of intuition  
in your mental world; you transfer your**

**consciousness**  
**so that there exists no sense of time**  
**and space.**

**Divinity in His highest form is able to**  
**speak through you.**

**The most profound mysteries of**  
**materialization and dematerialization**  
**become obvious to you as you master**  
**this,**  
**everything that is material may be**  
**transferred back into its refined and**  
**most subtle form**  
**and any idea can be intensified in such**  
**a way that it becomes physically visible.**

**In the emotional body, the oscillation of**  
**letter "E" represents**

**the control of the emotional**  
**consciousness of oneself and of other**  
**people**  
**by feeling oneness with them**

.

**Especially easy is it to achieve special**  
**clairaudience by meditating on this**  
**virtue.**

**By "special clairaudience" not only the**  
**hearing of beings, etc., is meant,**

**but also the understanding of the**  
**language of all animals**  
**and the perception of the remotest**  
**past, the present, and even the future,**  
**indiscriminately of distance or**  
**kingdom, i.e., human kingdom or animal**  
**kingdom**

.

**The color of this virtue is deep violet,**  
**the musical note is D, the element is**  
**akasha,**  
**which has the sensation of God-**  
**penetrating-all, and the spine is formed**  
**from it.**

#### Footnotes

**The names and meaning of angel groups come from Quaballah,**

**which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.**

**The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from**

**THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,  
and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE**

QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
