3 degrees Taurus

**The Angels
of
Plant Consciousness Mysticism**

Also known as

**The Angels
of**

Manmes

Beloved,

In this third degree of Taurus,

*the mystical uses of plants
to cause*

*profound changes in consciousness,
for the purpose of Enlightenment and
Supreme Happiness are mastered*

***"For I have given you
an herb to cure every
illness."***

**Remember, in the constellation of Taurus,
Divine Love manifests in form on the
physical plane.**

**We guide the Children of Light and Love
to plants that help
attune consciousness to flowing divine
emotions,
so that only heavenly states are
manifested into physical reality**

**out of the quantum field of infinite
possibilities .**

**Emotions are the language of the
quantum field,
which is why the pursuit of tangible
feelings
in the body
of flowing emotions
of sacred and divine happiness is so
important.**

**Mystical plants embody divine qualities
that help awaken supreme happiness on
Earth.**

**The making of incense, and all mystical,
consciousness-transforming plant
recipes and practices
fall under the range of our competence.**

***Because we specialize in the use of
Divine Fire, or Divine WILL,
we especially encourage the making of
incense and smoking mixtures for
mystical purposes.***

**We inspire the charging and the
preparation of plants,
using divine will, thought, emotions and
sensations.**

**We inspire using the four elements
associated with these levels of
consciousness;**

fire, air, water, and earth.

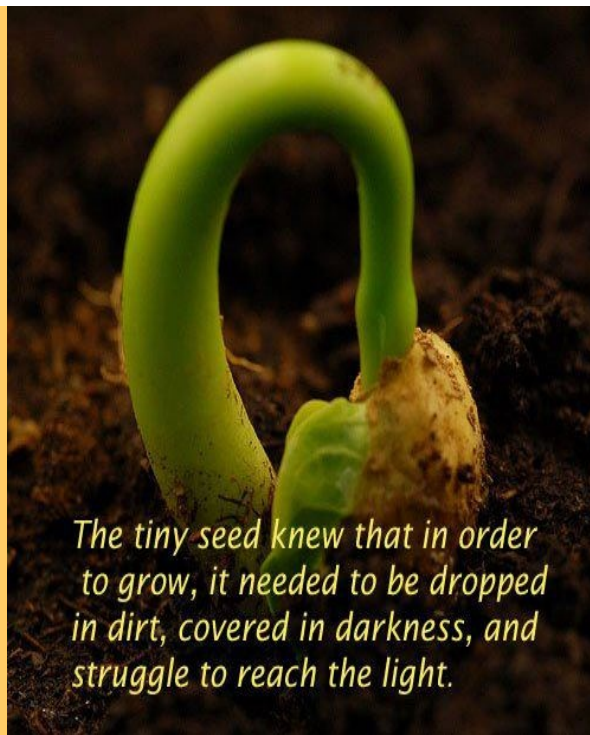

**The divine signature of plants are gifts
that can be mystically
released into consciousness.**

**Remember that nothing was created in
vain.**

**Everything in creation is sacred.
Each plant in the**

Divine Kingdom of Earth is sacred.

**Many contain mystical secrets which
have been given to humanity
to help access Universal Consciousness.**

*The tiny seed knew that in order
to grow, it needed to be dropped
in dirt, covered in darkness, and
struggle to reach the light.*

**Specific patterns of Divine
Consciousness, omnipresent in all life,
can be accessed through learning
formulae that unlock divine codes
contained in the kingdom of plants.**

**Plants can act as unique doorways into
specific patterns of harmony and
perfection.**

**Every plant is a manifestation of a
different combination of Divine Virtues.**

**Hidden within the chemistry of each
plant is a Divine Code.**

**This code comes alive with mystical
power**

**when activated by conscious divine will
and feelings
for the purposes of divine happiness,
enlightenment, and transformation**

.

**Through the divine virtues of the letters
of our name,**

**we teach how to attune to the mystical
qualities and consciousness-changing
purposes of plants that grow upon the
Earth.**

**Through these divine virtues we teach
how to activate these qualities.**

**As people advance on the path to
enlightenment,**

**we guide them to whatever plants are for
their highest good.**

**All plants give freely of their mystical
gifts.**

**The virtue of letter E is a key letter,
essential to master for this purpose.**

**As the seeker is able to attune in
consciousness with each plant**

**through the divine virtue of
omnipresence,
the virtue of letter E,
the plant reveals its unique divine
attunement that is incarnated within it.**

**Since the beginning of time, ancient
spiritual seekers
have been taught to use plants of the
hemp family
to interact with other plants as a
catalyst.**

**The unique action of this plant has been
to catalyze spiritual signatures of other
plants,
in various preparations,
especially with the element of divine
fire, which is WILL.**

**We selectively awaken mature seekers to
this practice,
through inner guidance,
in combination with inspiration of divine
virtues**

.

**By meditating on these divine virtues of
the letters of our name,
it is possible to join individual
consciousness with us and with the
consciousness of plants.**

Footnotes

**The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common
precursor, or root, of three of the world's religions:**

Judaism, Islam, and Christianity.

**Each degree of the zodiac is ruled by a high being of the heavenly host in
the zone girdling the earth,**

and the angels who work with him or her.

**The being and the angels share the same name. This name is a key to their
powers and influence.**

**Names, phrases, and sections, in the angel messages are quoted or
paraphrased from the books of Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is
referenced from**

**THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,
and Information of the divine virtues and the letters are referenced
from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have
very important information for these studies.**

**The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory
book for the others.**

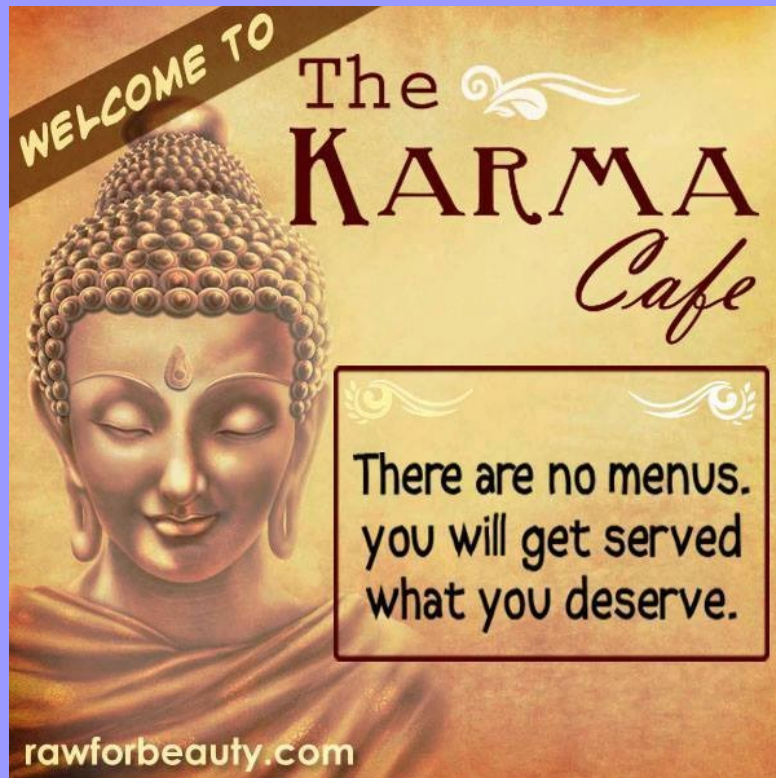

Franz Bardon's last autobiographical book, "Frabato the Magician",

**gives historical background and was compiled by his German publisher
from notes written by Franz Bardon.**

This book is most important for understanding present day political issues.

If you have these, it may be helpful to read Frabato the Magician first,
with appendixes,

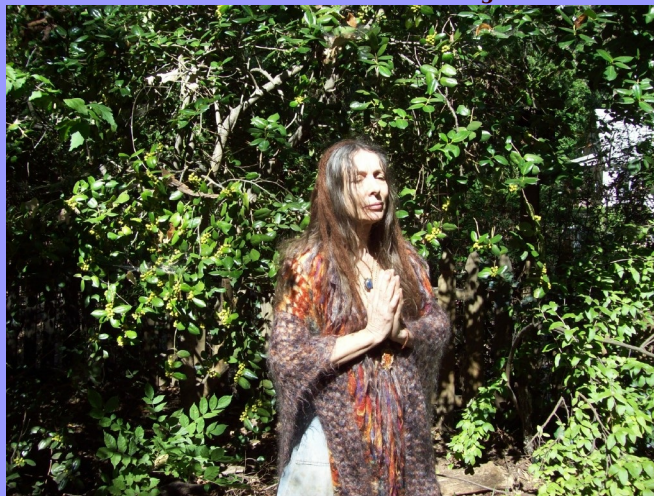

and then read appendixes from the other three for background.

We touch the realms of love
by tuning within.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

*Therefore, in the name of who I AM,
and I am one with all there is;
I ask that ONLY*

***THE HIGHEST GOOD OF ALL CONCERNED happen .
I give thanks that this is done.
SO BE IT!***

So it is.
