The Angels of Moon Mysticism

Also known as

The Angels

of

Concario

Beloved,

We inspire the children of light and love to understand *the 28 stations of the moon,*
and how these have mental, emotional, or physical effects on the zone girdling the Earth ,
as well as on the physical world, and how practical use can be made of them.

We explain the synthesis of the astrological mysticism of the moon.

"As above, so below".

The physical moon transmits frequencies of divine soul, or
Feminine, magnetic,
tangible visceral feelings in the body of flowing emotional powers,
that attract specific changes in physical reality,
from the quantum field of infinite possibilities.

The moon represents the ability for the electrical energy of will
and thought to take form through the change process,
which manifests as emotions on the astral plane,
and affects the physical plane through the element of water.

The earth is a water planet.

80 percent of the surface of the earth is water.

Water is the physical manifestation of flowing emotions and
feelings.

The human body is more than 80 percent water.

Emotions and feelings are compressed information that affects the
quantum field,
and triggers unique manifestations on the physical plane.

Water stores and downloads this information like a super
computer.

The moon stimulates the tides and waters of the earth and the
human body,
and stimulates the para-sympathetic nervous system and Alpha
brainwave states.

As the amount of moonlight waxes and wanes during a lunar cycle,
the human body temple experiences many fluctuations,
such as in neurotransmitters and hormonal functioning.

The water in both the human body and on the earth body responds
to the frequencies of the moon,

for water is the physical manifestation of the Feminine aspect of
Divine Awareness,

of receptivity, flowing emotions, the senses, and the change
process and magnetism.

Divine Providence has provided many angels and beings,
who work with both the electric solar force of spirit and mind,
and the magnetic lunar powers of emotion and form, of soul.

We are the heavenly host that teach the sons and daughters of
light and love to understand

and access the beings and the teachings of the lunar powers, of
emotional and sensual realities.

There are 28 Heavenly Hosts and Angel Groups for each of the 28 days of the moon cycle.

We help people attune to these hosts and the divine virtues that they represent,
and use them to manifest ecstasy on earth.

As Earth absorbs the rays of change coming in now from the cosmos,

people are more and more influenced in spirit, in desires
and intellectually with Omnipotent Divine Will for the highest
good of all.

Old emotions are therefore coming up to be healed through
acceptance,
gratitude for the wisdom they have taught, and unconditional love
for the

inner self that has been wounded,
changing wounded and limited emotions to divine ecstatic
emotions to manifest heaven on earth.

We are inspiring the Children of Divinity
to understand the powerful emotional and intuitive energy
fluctuations
caused by lunar and cyclic rhythms on the human
and to be in complete harmony with them.

Using the intuitive and emotional vibrations of the moon,
a person can ride on the emotional magnetic seas of divine virtues
and supreme happiness each month.

Here is one
of our
stories:

LADY OF THE MOON

**Once upon a
time a gentle
lady named
Sharanne
finally came out
of denial.
She realized
how little
creativity she
was allowed to
experience at
her job.
She felt she
was capable of
so much more
in her life. She
felt a great
desire to open
her heart and
fly.**

**For years she
had done
everything she
could to be
supportive of
her co-workers,
please the
boss,
be a good mom,
make peace
with her ex-
husband and
his wife, pay
the bills, and
keep up with
the taxes.**

**Deep within
her, she knew
the time had
come. Her
inner guidance
would not be
denied.**

**So she sold the
big impressive
house, took the
profits and her
savings, and
moved out to a**

**farm
community in
the Ozarks.**

**She had a
client-base that
had been built
up over the
years that she
felt she could
rely on.**

**She wanted to
live simply,
rediscovering
her ancient
connection with
the rhythms of
universe and
the earth.**

She create

**d a small but
adequate
monthly
pittance by
subcontracting
over the
internet.**

**After a while,
she noticed the
kids had
radically
changed.**

**To her delight
she watched
them spending
more time in
the fields and
woods instead
of glued to**

television.

**She realized
that they were
exceptionally
creative and
self motivated,
much more
than she had
ever thought
possible.**

**They had been
considered
problem
children before.**

**What had been
labeled by
school
specialists as
abnormal
hyperactive
behavior
dysfunction in
the city
had blossomed
into exuberant
fun and rich
creativity and
imagination in
the beautiful
natural
countryside and
fresh air.**

**She carefully
took them off
Ritalin.**

They bloomed.

**She signed up
for a home
schooling
course, sent by
mail, from
Calvert,
and bonded
with the
children closer
than ever
before as they
learned
together.**

**This was
definitely a
major change
for the better.**

**The money was
steady enough.
She had time
on her hands.
Time was
something she**

**had never had
before in her
life.**

Time.

**She changed
their diet.**

**She got a great
grain grinder
out of a catalog
and ordered
organic grains
by the 25 and
50 pound bags.**

**She learned
how to make
unleavened
bread and grow
vegetables.**

**She saved a lot
of money on
food bills.**

**She and the
children
decided to go
vegetarian and
their weight
slimmed down.**

**They studied
herbs and
natural native
plants and
learned to eat
raw living foods
growing all
around them.**

**Now they could
honestly look
farm animals in
the eye without
feeling guilty,
and they took
on a few; an old
donkey for a
pet and a
couple of young
goats.**

**They had a
great time
restoring an old
shed to use as
a barn.**

**A few cats
showed up and
a dog, and the
children were
in heaven.**

**Sharannes
complexion
improved and
her hair grew
longer.**

**For the first
time in her life,
she began to
feel pretty.**

**She got out of
tight restricting
fashionable
pants and
undergarments,
ditched
uncomfortable
shoes,
and wore long
feminine soft,
comfortable
flowing
dresses.**

**She loved
going barefoot
in warm**

weather.

**She took her
grandmothers
gold chain and
locket out of
the jewelry box
and wore it
every day.**

**When she
looked in the
mirror,**

she smiled.

S

**he felt like a
princess.**

**With fresh air
and exercise,
her movements
became more
graceful and
strong.**

**She began to
realize how
glorious it felt
to be a woman.**

**Each night she
watched the
moon.**

**She loved the
night**

.

**She loved the
crickets and
the night birds.**

Time passed.

**Finally one
night she had a
dream.**

**In it an angel
appeared.**

**He told her to
keep a journal
of her feelings
and dreams
and correlate
them to moon
cycles.**

**He told her to
watch for
patterns.**

**She felt
inspired to
purchase some
books on
astrology.**

She found out that when the moon was in the same sign as it was in her astrology chart at birth, that she had powerful prophetic dreams.

She noticed that as the moon progressed through its different phases, through the different signs, that her feelings and dreams each month went through similar patterns.

When the moon was in the sign of one of her major planets in her birth chart, her dreams corresponded to the planet's energy.

As if by some preordained design, she began to meet other people who were, like herself, rediscovering new and ancient values and ways of living.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

**She began to
meet with
others for a
dream circle.**

**Every week they
shared their
dreams and
formed deep
emotional and
intuitive bonds.**

**They studied
dreams and
learned how
the moon and
their dream
states danced
together.**

**They found that
women and
men had been
meeting
together for
dream circles
in many
cultures since
the prime
beginning.**

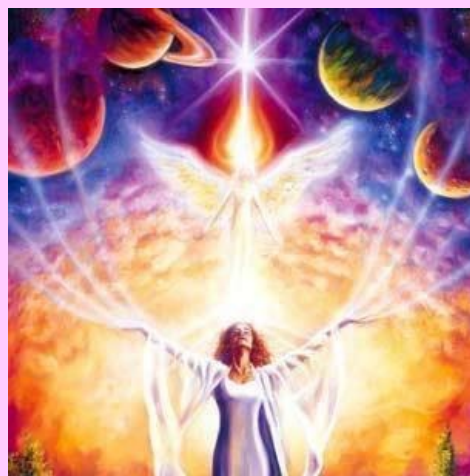

Her group

**loved to
experience
communication
with the angels
of the moon
and of the
dreamtime.**

**Sharanne
healed.**

**Her emotional
life flowed with
mystical
rhythmic
processes
inimitable to
her.**

**She felt
timeless and
ageless.**

**She felt like
forever.**

**She felt as if
she were
dancing.**

**She felt at
one with
the earth,
with the
mystery of
life, and
with the
cosmos.**

**She felt at
one with
her sisters
and
brothers**

.

**Her heart was a
living temple of
devotion to the
sacredness of
life and the
mystery of
creation.**

**She
experienced
first hand that
Universal
Intelligence
and Life
pervades
everything.**

The children

**The Law of One is the original law of
Creation, and is the supreme Law
over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

***When one is harmed, all
are harmed.***

***When one is helped, all
are helped.***

***Therefore, in the name of
who I AM,***

and I am one with all;

***I ask that ONLY THE
HIGHEST GOOD OF***

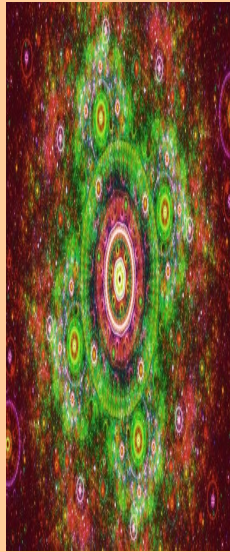

***ALL CONCERNED
happen,***

***here and now, and
through all time and
space.***

**uncovered a
deep
spirituality and
kinship with all
life.**

They

**shone with
sensitive depth
and happiness.**

**Finally, she had
a mysterious
dream that
moved her to
her core.**

**She dreamed of
a wonderful
man, a kind,
sensitive, and
enlightened
man who
arrived in her
life and loved
her and the
children.**

**I give thanks that this is
done.**

SO BE IT!

so it is.

**She woke up
that morning
with a smile of
deep inner
knowing.**

**The dream had
come on a night
when the moon
was in the
same sign and
degree of
Venus in her
astrology chart
and she
dreamed it
again when the
moon was in
the same sign
as her natal
moon**

.

**She and her
dream circle
friends all felt
the importance
of this.**

**Together they
made a plan to
get her house
ready.**

**She intuited
that the
fulfillment of
this dream, too,
was a foregone
reality on the
higher planes.**

**It was only a
matter of time
for it to
manifest.**

**Later that year,
when the nights
began to get a
little cold, it**

happened.

**She saw his red
truck coming
around the bend
in the dirt road,
clouds of dust
billowing up in
the light of the
glorious sunset.**

**He stopped at
her mailbox,
shading his eyes
with a hand as
he stared in her
direction.**

**She walked out
and met him.**

**They looked in
each others eyes
and eternity
opened up.**

**The children felt
the familiarity of
his presence,
even though this
was the first
time any of them
had ever met in
this lifetime.**

**He was home.
Now their family
was whole.**

**That winter they
got to know well
this man as they
sat in front of
the fire.**

**Day by day, she
shared her
flowing
emotions with
him honestly,
and he realized
with wonder
the majesty of
divine life
expressing
through a
woman's soul.**

**His own
emotions,
having been
healed and
attuned to
divine
enlightenment,
nourished hers,
and her love for
him grew and
grew.**

**The miracles of
his coming
became legend
in the town**
.

**He spoke to the
people of his
own dreams,
and shared the
ones that
guided him to
take a road trip
halfway across
the country to a
long winding
dirt road deep
in the Ozarks**
.
