**Omnipotent divine will for the highest good of all  
indwells all creation.**

***This indwelling divine power can be enlivened,  
so that an infusion of light of a divine virtue, or virtues,  
awakens healing on all levels in a recipient,  
so that love manifests more perfectly  
in practical ways.***

**When the art of hypnosis and magnetism  
is needed to create upon Earth  
realities that manifest Love,  
in day to day life,  
we help you see through eyes of love divine  
so that divine laws and justice are carefully adhered to.**

***In manifesting Divine Love upon Earth,  
the sons and daughters of Light may call upon us for  
help with mysticism,  
hypnotism,  
medical magnetism etc.***

***We teach how to correctly apply hypnosis regarding  
spirit,  
soul  
and body.***

***We bring about the desired effects ourselves when  
asked.***

By seeing through eyes of love,  
indwelling divine perfection is enlivened,

and this is the process of transmutation that creates  
harmony and success.

Flowing with emotions of divine virtues and qualities  
attracts new realities.

Helping people experience infusions of light  
through atunement to divine virtues  
has no "downside",  
and is very different  
than interfering with free volition  
concerning activities.

Each human evolves through using free will, free volition,  
to choose that which is in accordance with Divine Law.

People must use their own volition and inner guidance,  
surrendering only to Divine Providence  
and never to another person,  
unless Divine Providence Itself so ordains.

For a healer using hypnotism and magnetism,  
a grave danger lies in taking on responsibility of someone  
elses ACTIVITIES,  
or change process,  
if a person asks to turn over his or her power and  
responsibility  
to the healer.

For this reason,

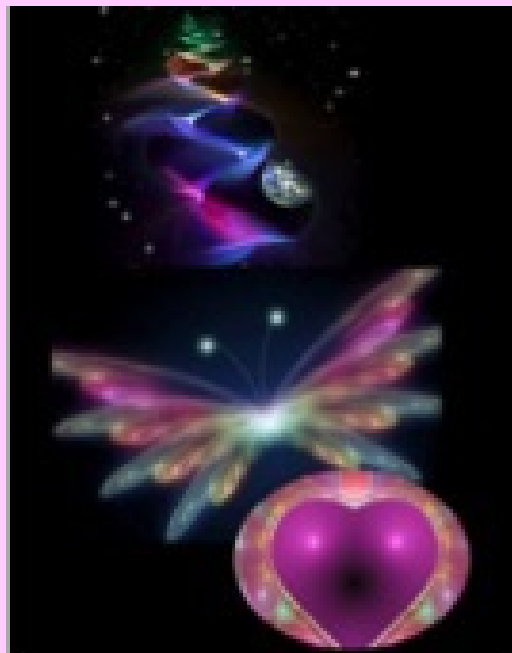

the use of hypnotism and magnetism is mostly for the  
infusing of divine virtues,

changing behavior through healing and enlightenment,  
instead of controlling a persons behavior directly.

*Even if a hypnotic transformation were to be successful in  
terms of directly changing an "undesirable behavior",  
the net effect of this kind of change initiated by the healer,  
can be weakening of the patients volition to control his or  
her own destiny,  
because the change in behavior comes from the volition of  
the healer and not the patient.*

*Since evolution occurs through the proper use of ones own  
volition,  
this may have adverse karmic implications for both the  
person and the healer over the long term.*

In contrast to this, when hypnotism and magnetism are used  
to attune  
another persons consciousness and emotions  
to states of purity and clarity of divine virtues,  
healing changes occur in the patients perceptions  
so that they make wiser decisions of their own free will  
and change their own behaviors accordingly.

The divine virtue of transmutation, of cognition brought

about by love divine,  
brings Justice- Harmony and success and satisfaction to  
everyone,  
in all endeavors.

These are the virtues of letter umlaut O, eu, and O.

Umlaut O, eu, is the ability to see through eyes of love.

This results in harmony, the virtue of O.

The Divine Law of Justice and Harmony is evident in all of  
nature,

expressing Divine Will perfectly.

By impregnating this virtue to those you are helping,

great healing occurs.

Harmony and justice express the letter O.

O The sound of letter O is the sound of the initiation into  
the original principle of divine justice.

With healing others with hypnotism and magnetism comes  
great responsibility.

Those who come under our guidance learn that healing must  
be used

according to The Law of One, the highest good of all  
concerned.

Mentally you will be able to give expression to the absolute  
legality of harmony

in all four basic qualities of the elements,  
which are will, intellect, emotion-feeling, and sensation.

You will have a high power of judgement

and the ability to comprehend spiritually any legality,

any interference by Divine Providence  
for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change  
in the emotional situations that you find yourself in  
and to have absolute success and happiness on all levels.

The virtue of Divine Justice and Harmony  
evokes absolute emotional contentment  
and poise in the emotional body  
and bestows on a child of God

the power to evoke, by will, intellect, feeling, and sensation,  
any situation in the emotional world  
without being made responsible for it by fate in any sense  
which then will have its effect on either the akasha  
principle,

which is the principle of consciousness-penetrating-all,  
in the mental world i.e., in the spirit,

or in the emotional world,

the emotional body,

or in the material world,

just as he/she wishes.

Since a child of God has now become incarnated justice  
him/herself,  
he/she will never want to bring about unfavorable situations  
in any sphere  
without the strict order of Divine Providence.

Fate has no influence on the person who has developed thus  
far,

and he/she has only to justify him/herself before Divine  
Providence.

The virtue gives a person a sense of satisfaction,

absolute security,  
infallibility  
and unimpeachability.

This virtue has an ultramarine blue color, the musical note of  
C,

and is the earth element with sensations of weight. It forms  
the throat and windpipe.

Divine Justice is predicated on The Highest Law of All.

The Law of One states that we are all one, and that when  
one is harmed, all are harmed.

Likewise, when one is helped, all are helped.

*The Law of One*

*We are all one.*

*When one is harmed, all are harmed.*

*When one is helped, all are helped.*

*Therefore, in the name of my being, of who I AM, and I am  
one with all there is,*

*I ask that only the highest good of all concerned*

*Happen.*

*I give thanks that this is done.*

*So be it.*

*So it is.*

precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.**

zone girdling the earth, and the angels who work with him or her.**
