PDF version

**The perfection of flowers,  
the beauty of natural cycles,  
all bear witness**

**to the splendor and majesty**

**of Divine Creator.**

**13 degrees Taurus**

**The Angels  
of  
Natural Forces**

**Also known as**

**The Angels**

**of**

***Paguldez***

**Beloved,**

***We are initiators into all aspects of the magic of  
nature.***

**The words as above, so below describe how divine  
natural laws  
can be seen and understood by studying nature.**

**Nature is the handwriting of Divine Perfection.**

**We are the heavenly host that inspire people to use  
natural means  
conjoined with powers of being,  
will, intellect, emotions, and sensations  
to create beauty**

**on all levels with powers of nature**

**and bring about causes that control natural phenomena.**

**A deep longing inside of everything in creation  
seeks to experience unity with Divine Light and  
Love.**

**In nature this deep longing for beauty and unity  
with Divine Being manifests as the urge for self  
preservation  
and amazing abilities to adapt.**

**The laws of the above manifest perfectly in the below of nature.**

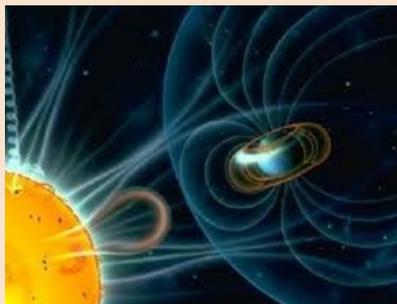

**The natural world provides a reliable testament  
to the original purity of all ideas which form the basis of enlightenment.  
Nature opens a cornucopia of divine blessings, and provides suitable  
settings for deep trance states**

**in which fate can be changed  
to bless self and others.**

**Manifest splendor and majesty of Divine Being in  
nature  
brings forth true spiritual morality and vitality.**

**The urge to create new realities of divine love blesses  
the entire unified field of Divine Being,**

**and awakens high cognition that can span eons.**

**For example, in ages past, mankind was inspired to build  
powerful sonic resonators, large stone pyramids,  
on specific points to affect the Tectonic Plates.**

**These points are similar to acupuncture points on the  
human body.**

**When people entered these pyramids and intoned  
audibly the letters of the cosmic language  
using Delta, Theta, Alpha, and Beta brainwave states  
together**

**[ pure being, will, thought, emotions, and sensations],**

**the plates stabilized and harmful earthquakes and volcanoes did not cause so much damage and suffering.**

**These pyramids still exist today, to be used for this very purpose again.**

**Sing! Lift up your voice! The very heavens rejoice as they join as one with earth!**

**We are the heavenly host who bring about this awareness to the children of light.**

**Because the sign of Taurus concerns practical manifestations of Love in practical reality, the ability to activate natural forces to bring about beneficial changes is a path to enlightenment.**

**People have within a spark of Omnipotent Divine Will for the highest good of all**

**that joins with the indwelling desire of all people in creation to manifest perfection and beauty in their sojourn here on Earth.**

**By doing this, individual wills express indwelling  
omnipresent, omnipotent, omniscient Divine Will.**

**In every instance where a state of being, desire,  
thought, emotion,**

**or sensation**

**is out picturing and vibrating omnipresent indwelling  
perfection**

**using natural forces,  
the whole creation is blessed,**

**and the vibration of everything is lifted toward higher  
light.**

**The power of a child of Divine Being to co-create  
and manifest  
divine perfection in nature**

**has been written about in many cultures of all times.**

**There is such rejoicing in the heavens when a son or  
daughter of Light  
remembers to express divine dominion over creation.**

**Through the law of reciprocal action, or sowing and  
reaping,  
a person creating such effects is blessed many many  
times over,**

**because every act goes out,**

**attracts much more of its own kind,**

**and comes back much greater than before.**

**This is similar to an acorn becoming a mighty oak.**

**Therefore, even the DESIRE to understand and use the  
natural laws**

**for the purpose of perfection has a great consequence,  
it has a great uplifting that goes on and on in ever  
widening circles of effect,**

**and comes back laden with enlightenment for the sender.**

**In time, this desire for perfection bears such fruit that  
great phenomena can be created in nature,**

**so that seeming miracles manifest**

**to out picture the splendor and majesty of all the divine  
virtues taken together.**

***The most practical expression of love is to  
manifest Heaven on Earth.***

**To this end, when you invoke our aid, we guide you in  
your meditations.**

**We inspire awareness, understanding, and mastery of  
natural phenomena  
for purposes of out picturing true divine blessing.**

**Grace and Mercy and the Glory of Perfection flow  
through high cognition in these deep trance states.**

**MIRACLES**

**“A single ray of light from a distant star falling upon the eye of a tyrant in bygone times, may have altered the course of his life, may have changed the destiny of nations, may have transformed the surface of the globe, so intricate, so inconceivably complex are the processes of nature.”**

**~ Nikola Tesla**

***P-A-G-U-L-D-E-Z***

**P**The desire in all life for spiritual perfection

**A** and umlaut A, a combined with the powers of the enlightened mind and transformation of imperfection

**G** creates change using the powers of nature for purposes of Grace and Mercy.

**U**We inspire the recognition of the results of any act of creation

## **La ley de Uno**

Cuando Uno está herido, Todos estamos heridos

Cuando Uno está bendecido, Todos estamos  
bendecidos

Por lo tanto, en el nombre de El Sagrado, mi Dios,  
yo soy presencia

Quien es uno con todo lo que es

Quien es Todopoderoso, Amoroso y Sabio

Pido sólo que el bien de las alturas de todos los  
involucrados,

se manifieste justo aquí y ahora y en cada  
dimensión y en cada línea de tiempo

Doy gracias de que esté pasando ahora.

#### **Footnotes**

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.**

**The being and the angels share the same name.**

**This name is a key to their powers and influence. Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth is referenced from**

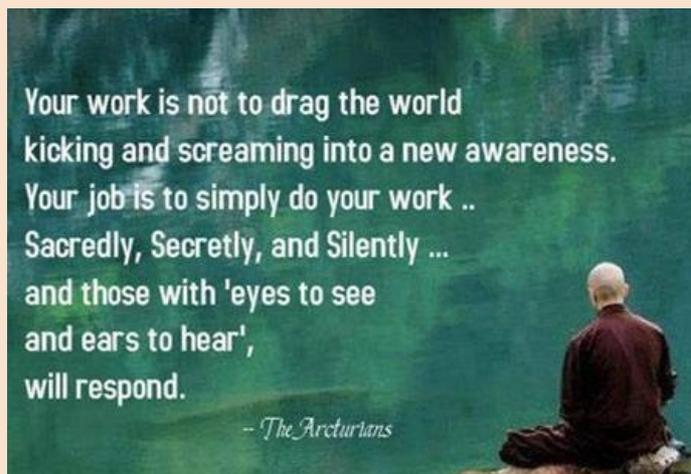

**THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.**

**The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a**

preparatory book for the others.

**Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.**

**If you have these, it is helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.**

**The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.**

**THE LAW OF ONE**

**We are all one.**

**When one is harmed, all are harmed.**

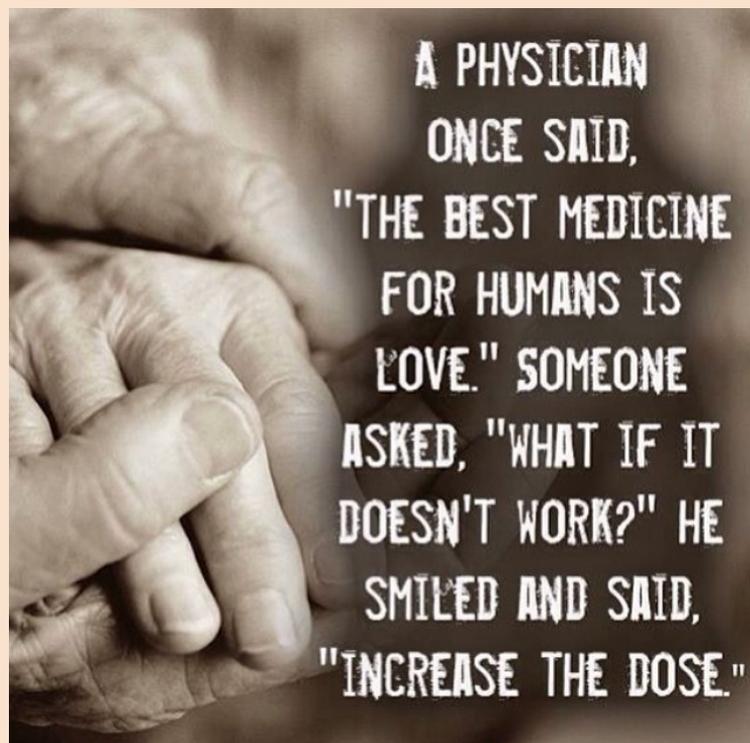

**When one is helped, all are helped.**

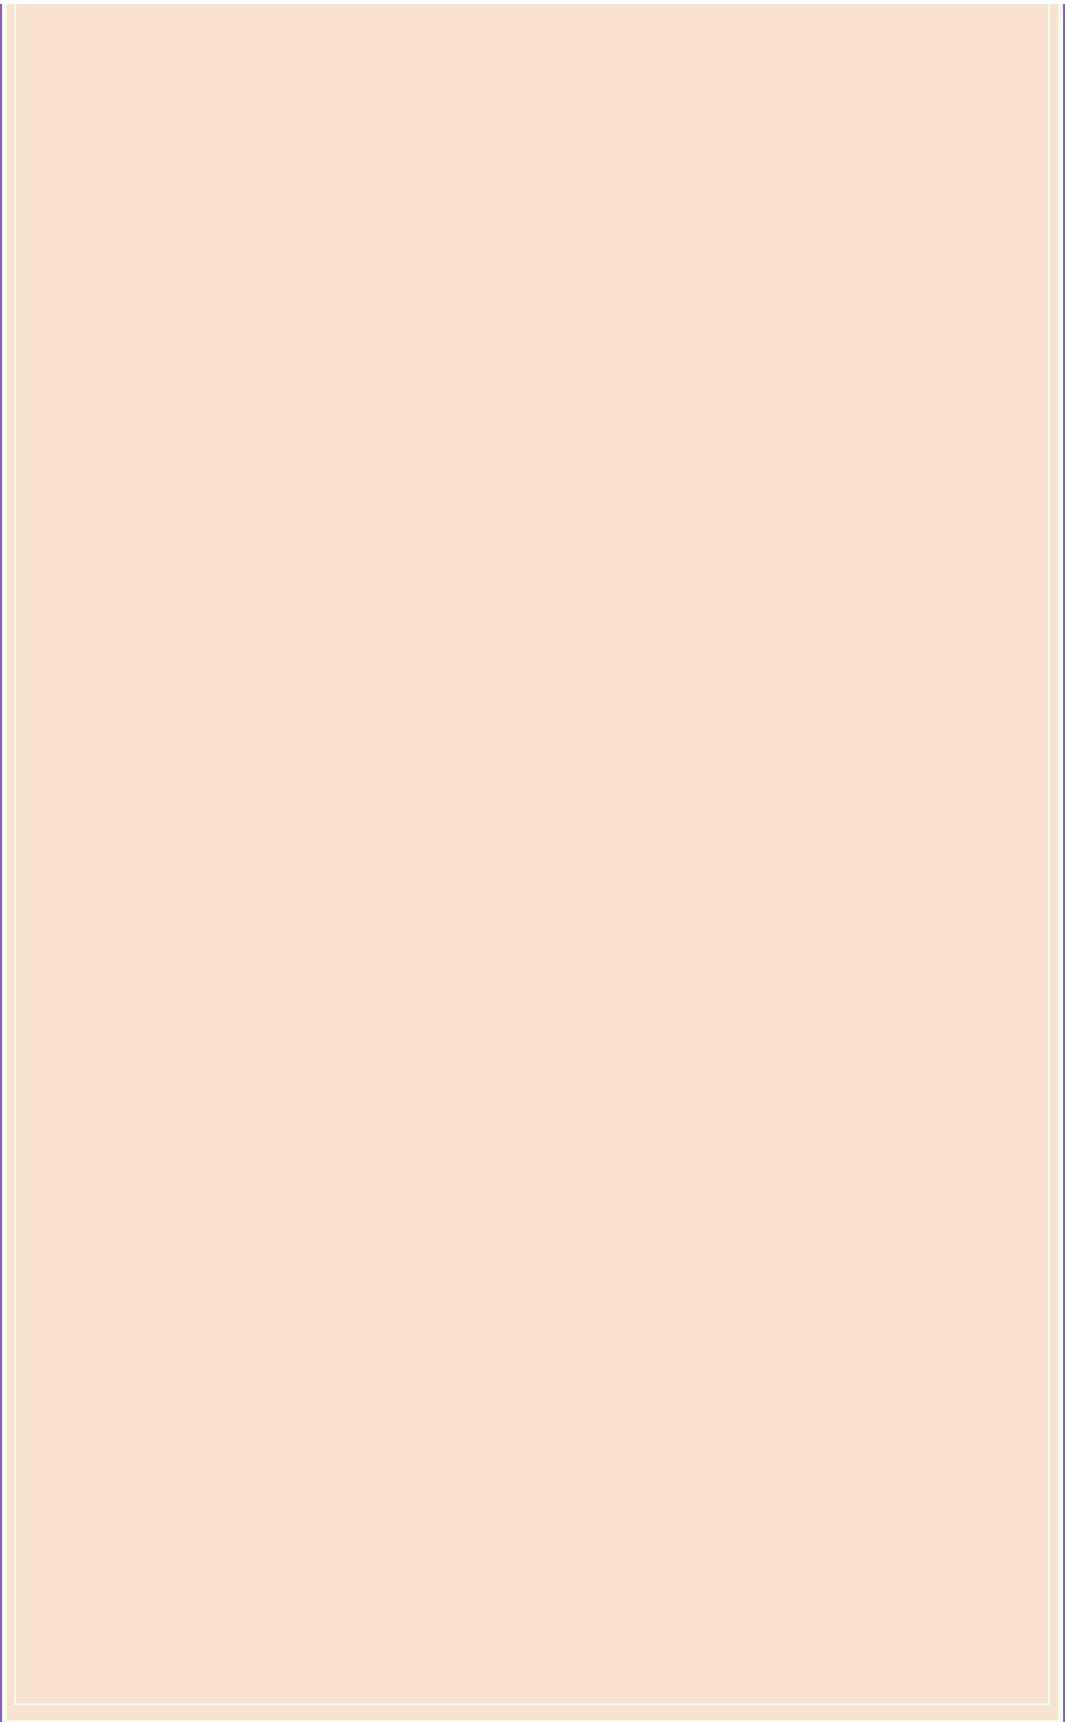

**Therefore, in the name of who I AM,**

**and I am one with all there is;**

**I ask that ONLY**

**THE HIGHEST GOOD OF ALL CONCERNED happen .  
I give thanks that this is done.  
SO BE IT!**
