The Angels of Love and Friendship

Also known as

The Angels

of

Ubarim

Beloved,

***We inspire the universal family of humanity, including
family members from other spheres,
to manifest divine love in day to day relationships.***

**We inspire relationships that express divine love,
so that the highest good of all concerned happens.**

**Imagine the hearts of people leaping up in joy and ecstatic
recognition
whenever their eyes meet the eyes of another!**

Imagine that every street and byway is heavenly.

**Imagine the chance passings of strangers
as experiences of recognizing Divine Being
as other unique and splendid aspects of Divine Awareness.**

In my Fathers house are many mansions.

This is done through mastery

**and understanding of causes
which result in fate,
and going into deep meditation to change
these causes,**

**and seeing the results of these changes
through time.**

**By speaking the Law of One, silently or
outloud, to all causes,**

**they change accordingly,
fulfilling the original Law of Creation.**

La ley de Uno

Cuando Uno está herido, Todos estamos heridos

Cuando Uno está bendecido, Todos estamos
bendecidos

Por lo tanto, en el nombre de El Sagrado, mi Dios, yo
soy presencia

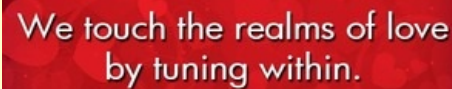

Quien es uno con todo lo que es

Quien es Todopoderoso, Amoroso y Sabio

Pido sólo que el bien de las alturas de todos los
involucrados,

se manifieste justo aquí y ahora y en cada dimensión
y en cada línea de tiempo

Doy gracias de que esté pasando ahora.

We touch the realms of love
by tuning within.

-Harold W. Becker

"We are most probably here for local information-gathering

and local-Universe problem-solving

***in support of the integrity of eternally regenerative
Universe."***

Buckminster Fuller

*The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.*

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of who I AM ,
And I AM one with all there is;
I ask that **ONLY THE HIGHEST GOOD OF ALL CONCERNED**
happen .
I give thanks that this is done.

SO BE IT!

So it is.

**We ALSO inspire mastery of will and
emotions,**

**and the understanding of the original
purity of all ideas in Divine Mind.**

**This includes transformation, inner
guidance,
and the understanding of cause and
effect,
combined and powered by beautiful
flowing divine emotions.**

Toward this end we prepare every man and woman, and every sentient being.

Remember that the eyes are the Windows of the Soul.

Eyes are exposed ends of the optic nerve.

This optic nerve is connected to the pineal, pituitary, and hypothalamus glands located in the "Cave of Brahman" in the brain.

This cave is also the physical receptor of subtle guidance from high realms of spirit.

The pineal gland is an eye, with all the biological components of an eye.

It produces over 20,000 psychoactive chemicals that are 1000 times stronger than pharmaceuticals and plants.

**By imagining, or picturing, in the imagination, the divine perfect blueprint of everything you see with your outward eyes,
a great power
is created,
because an imagined image stimulates the production of certain chemicals into the bloodstream that alter consciousness.**

Within one minute of having a thought, over a hundred thousand chemical reactions

occur in the physical body temple.

Be aware that an energy passes out through the outer eyes that directly affects everything that is looked upon.

When a person is visualizing the highest good of all happening

physically, emotionally, mentally, and spiritually in self and others,
the energy coming out of the eyes can bring enlightenment and healing.

*This is known as the gaze of the master,
called Darshan by the ancients.*

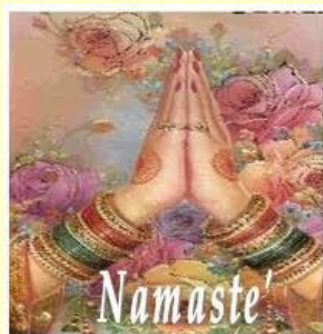

This means that the eyes are the direct spiritual link,
through which the Spiritual Self of one person glimpses
and blesses the Spiritual Self of another

**With enlightenment, the presence of the
Divine Spirit**

**shines through the unique and special
eyes
of each child of Light with inimitable
splendor.**

*In this way, unique beautiful qualities of Divine
Being transcendent qualities such as
compassion, sacredness, purity, innocence, supreme
authority, ecstasy, and every
other wonderful divine gift in unimaginable richness
and variety*

*are often seen and felt as blessings through deep
meaningful eye contact.*

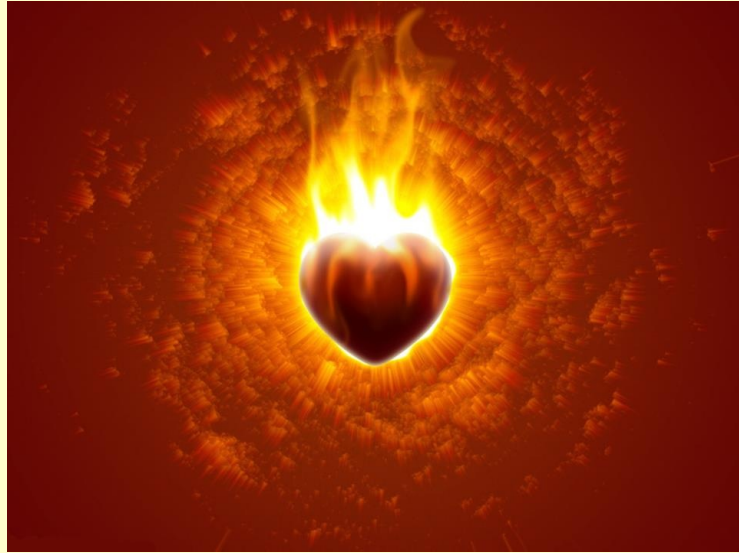

**All that is required for miraculous transformation
is a change in attunement
on the part of the viewer
from one who looks to one who SEES.**

**This shift in perspective from mundane to cosmic
attunement in the viewer
is commonplace in the emerging new age,
a time when every day is**

full of magical encounters.

The blazing up of love and friendship is our specialty.

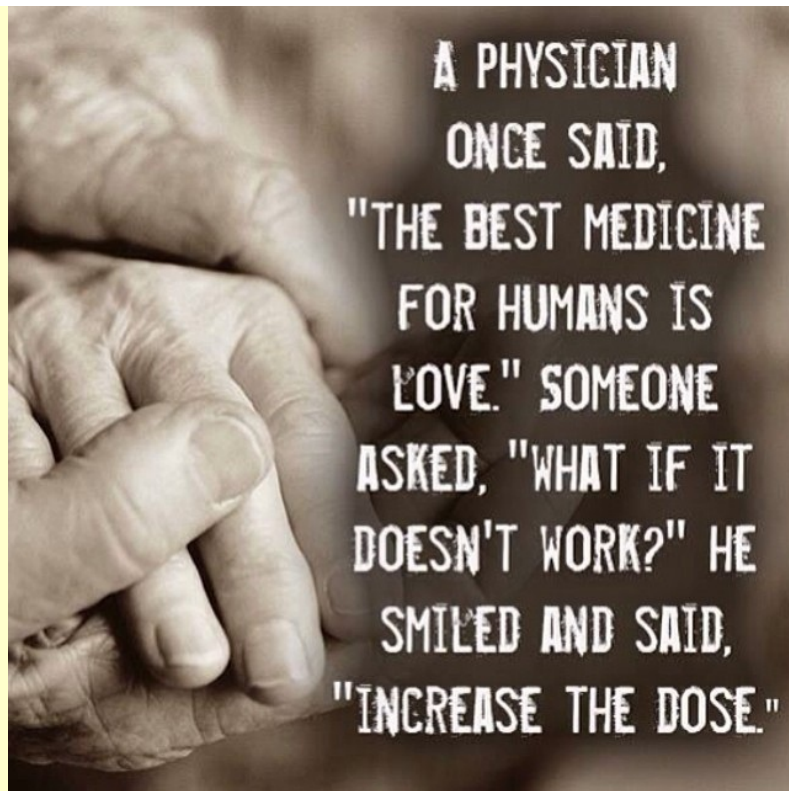

Because emotions and feelings create magnetism,
and are gateways to new manifestations on the physical
plane,
we inspire strong flowing divine emotions of love and
friendship that spiritualize material things.

***We encourage the impregnating of jewels and talismans
with divine energy
so that beautiful divine powerful feelings of love and
friendship continue to bless others through their wearing.***

As Divine Love manifests on earth in practical ways,
the love and friendship between the sons and daughters of
Divine Being and with all other beings in creation,
creates waves and waves of special flowing divine emotions.

These emotions of love and friendship attract heavenly
situations, hosts and also penetrate matter, making even
the ground holy.

In this way, Heaven and Earth become one and the Alpha and the Omega join and become one.

All creation desires to express perfect Divine Will for the highest good of all, and manifest divine love in practical expressions in day to day life.

We help a seeker experience Pure Being that is one with Divine Being and all creation, and unite with omnipotent Will to change fate and create loving realities.

We inspire understanding the ongoing effects of each creation so that only the highest good manifests.

This is the divine virtue of the

letter U of our name.

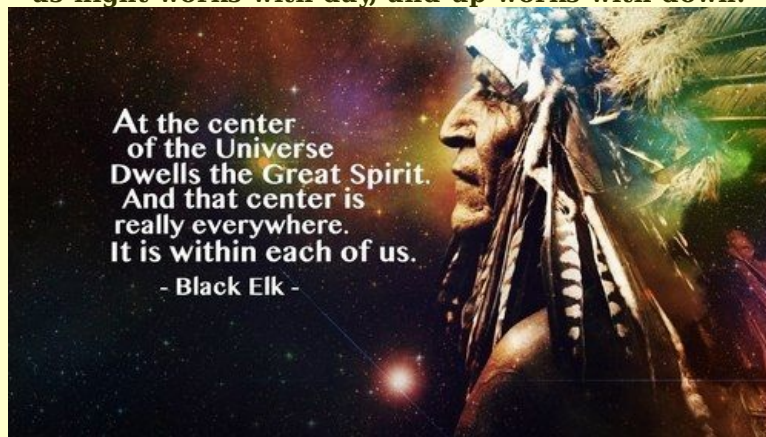

The prophets of old told of this time.

**It is a time when polarities no longer collide in conflict,
but instead work in perfect harmony**

,

as night works with day, and up works with down.

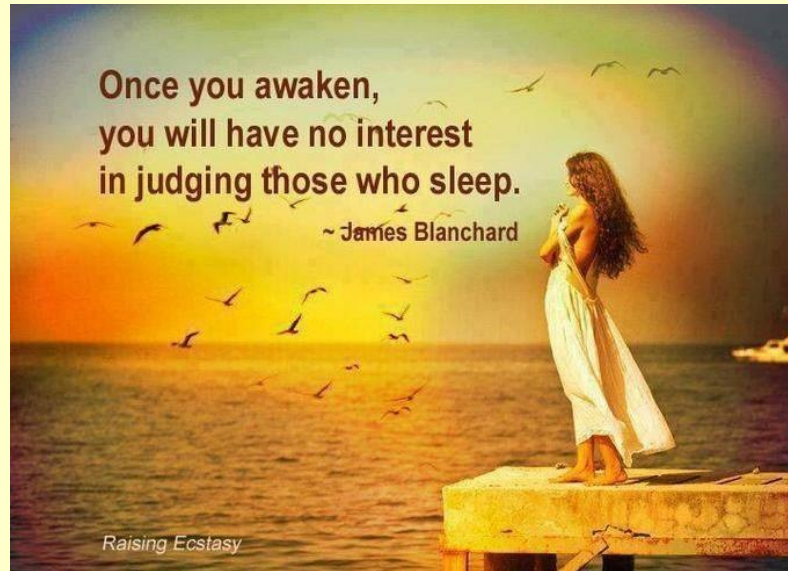

**At the center
of the Universe
Dwells the Great Spirit.
And that center is
really everywhere.
It is within each of us.**

- Black Elk -

**The polarities of masculine and feminine energy are
courting one
another through expressions of divine love and friendship.
The resulting ecstatic union and bliss gives birth to Heaven
on Earth.**

Within every son and daughter of Divine Being resides all
polarities,
for humanity is the microcosm of the macrocosm, the below
of the above,
"that which is made in the likeness of Gods Spirit, in the
likeness of Gods Will."

The understanding of polarity is the divine virtue of the
letter B of our name.

As each person unites all polarity within themselves in
blissful peaceful union,
seeking the highest good of all concerned,
so can they unite with all polarity in the outer world in
blissful peaceful union.

Each persons love for self and others becomes all
encompassing and unconditional,
and shines more like the love of God
"whose love is like the sun; it shines equally on the good
and bad alike."

When negativity is met with unconditional all-encompassing
love,
a transformation and transmutation takes place
that is similar to lead turning into gold. "Love conquers all."

It is through all-encompassing love and release into change
that the appearance of any imperfection is transmuted into
perfection

Just as an acorn develops into a mature tree,
so will a person develop through inner guidance and
enlightenment,
through release of imperfection for change into other states
that are the highest good,
understanding cause and effect and the power of divine
emotions,
into mature gods and goddesses, manifesting the perfect

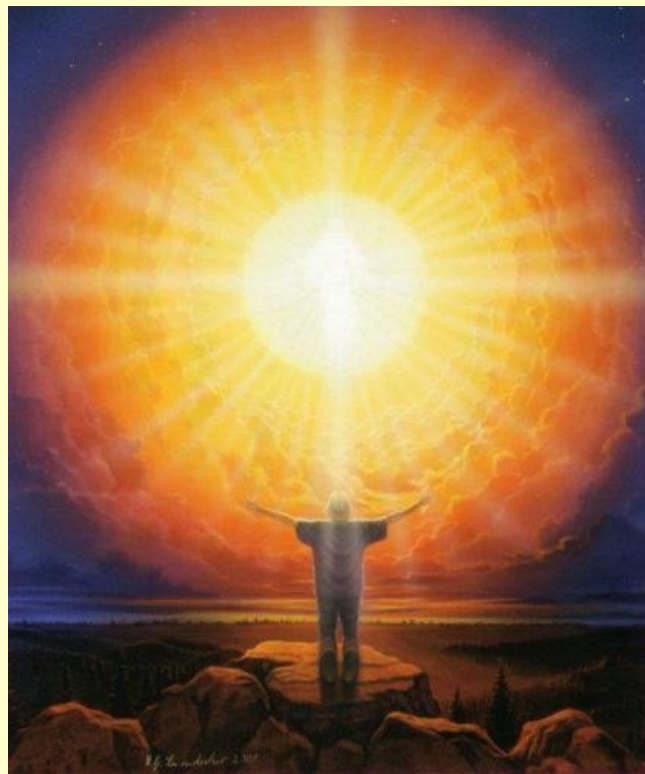

Will of Divine Providence.

**The divine virtue of enlightenment is the letter A,
transformation is umlaut A, ae,
inner guidance is R,
cause and effect is I and
flowing feeling is the letter M of our name.**

**We are happy to charge rings and amulets with the
magnetism of divine love and friendship.
We do so when asked.
It is a very practical expression of Divine Love to bring
Heaven to**

**Earth through
charging of objects which then can carry and transmit the
vibrations of higher consciousness.**

MIRACLES

U-B-A-R-I-M

**UWe have the ability to transfer consciousness of the
highest inspiration and intuition to evoke states of trance,**

**Bto form divine relationships and charge amulets and
talismans with the most profound wisdom of
universal consciousness with insights about polarity, seeing
the purpose and understanding how to control the positive
and the negative in all things.**

The Stronger you become
The Gentler you will be

A and umlaut A, aeThe highest wisdom and illumination comes through occult abilities, artistic talents, eloquence. Imperfections are recognized and gladly released for changes into other states that are the highest good of all.

RClear headed ingenuity expresses as many varied abilities.

IOur goal is to evoke miracles, direct the course of behavior according to karmic law, clarify metaphysical laws in the material world

Mand to masterfully control the expression of emotions, the growth process, and the process of change on the Earth plane.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:

Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

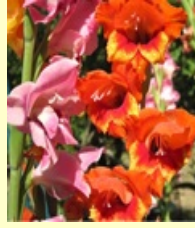

The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, and sections, in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

**The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory
book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician",
gives historical background and was compiled by his German publisher from
notes written by Franz Bardon.**

Feel free to share these messages.

True health begins with your thoughts. Thinking about comfort, strength, flexibility and youthfulness attracts those qualities into your life and body. Dwelling on illness, fear, disease and pain does just the opposite. Your work is to notice and change your thoughts and move them in the direction of health and happiness.
