***We teach the way to  
transform metals  
into agents  
of divine healing and***

***perfection.***

**There are many ancient sciences  
that have been hidden,  
that are now being revealed,  
as the children of light and love  
remember their true origins and  
purpose.**

**In the past, because many people  
followed limited logic,  
instead of intuition from deep inner  
guidance,  
the understanding of matters of  
spirit and subtle energies,  
that precede gross material form,  
were often viewed as mysteries.**

**Only a few people preserved in  
secret some of the ageless wisdom  
through these past times.**

**During these past times,  
concerning the divine nature of  
Creation,**

**what little information was retained  
for common knowledge  
was often expressed in the form of  
fairy tales or myths,  
that the culturally trained intellect  
usually wrote off as fantastical and  
unscientific.**

**It was forgotten that in deep  
meditation, seeming miracles can  
be created,  
by attracting new realities out  
of the quantum field of infinite  
possibilities,  
through ecstatic emotional states  
and clear visions.**

**As people understand the effects of  
emotions and clear visual images  
on metals,  
many fascinating metallic aids to  
consciousness**

**will manifest and be utilized for  
manifesting heaven on earth.**

**The use of these metallic aids is  
fully revealed  
to those who understand the  
interconnectedness of  
everything in creation, through all  
time and space, and who only create  
and**

**cause those changes that are the  
highest good of all concerned.**

**THE LAW OF ONE**

**We are all one.**

**When one is harmed, all are harmed.**

**When one is helped, all are healed.**

**Therefore, in the name of who I AM,  
and I am one with all there is;  
I ask that ONLY**

**THE HIGHEST GOOD OF ALL CONCERNED happen  
.  
I give thanks that this is done.  
SO BE IT!**

***'We have many faculties and ranges  
of effectivity,  
and are very well acquainted with  
the secrets of mineral compounds***

***and their mystical application, and  
we guard these secrets well.***

***We inform a mature child of God  
about the analogies of various  
metals to the spheres,***

***powers, individual spirits etc.,***

***and how these powers can be  
magically***

***made use of in the mental, astral,  
and physical world.***

***If requested by a mature person, we  
reveal a number of formulae  
for the making of fluid condensers,***

***and also for the true  
Electomagicum which is used for  
various purposes;***

***thus for instance, for the  
manufacture of a magic mirror,  
wand etc.***

**It is time to set aright and untangle  
threads of energy**

that are constantly being made from  
every state of being,

every desire, every thought, every  
emotion,  
and every sensation of each person.

As these energies are brought into  
harmony with,

and correspond to,

Pure Being and unity with Divine  
Being and all creation,  
with Divine Will for the highest  
good of all ;

then Divine Ideas, Divine  
Emotions, and Divine Sensations  
manifest the splendor and majesty  
of Heaven on Earth.

*For this reason, great outpourings  
of Love*

*from the highest realms*

*are washing through and over every  
level of being*

*of those incarnate on this Earth,*

*purifying and cleansing all  
creations of mankind on every level.*

This Divine Love is awakening  
understanding,

and helping to align individual  
being, will, thought, emotions and  
sensations

with original Omnipresent,  
Omnipotent,

Omniscient Divine Awareness and  
Flowing Love.

Love conquers all.

The clothing of Divine Will is THE  
CREATED WORLDS, it is The  
Creation.

**DIVINE WILL for the highest good  
of all concerned,  
for beauty and happiness,  
is clothed in thought, emotion, and  
sensation.**

**Different worlds and planes  
corresponding  
to Divine Being, Divine Will, Divine  
Thought, Divine Emotions and  
Divine Sensations**

**come into existence through  
activities of ELEMENTAL BEINGS of  
these planes,  
who faithfully serve The Creator in  
joy and love.**

**Remember that everything on Earth  
is an expression of emotions,  
and every emotion is an expression  
of an idea, or thought,**

**and each thought is an expression  
of will, which is desire and intent.**

**Each desire comes from a persons  
experience of  
Divine Being.**

**Awareness of Divine Being can  
always be regained,  
for it is omnipresent, and sustains  
all, and is One with ALL THAT IS .**

**This divine awareness transpires  
through the four natural brainwave  
states**

**of Delta, Theta, Alpha, and Beta.**

**And so it is also with the Children  
of Light.**

**Every state of being, every desire,  
thought, emotion, and sensation**

is out pictured by the elementals,  
for better or worse,  
on their respective planes of being,  
will, thought, emotion, and form.

*Therefore it is of the  
greatest necessity*

*for the states of being, the  
wills, thoughts, and  
emotions of individual  
Children of Light  
to align with Divine Being,  
Divine Will, Divine  
Thoughts, Divine Emotions,*

*and Divine Sensations for  
Heaven to manifest on Earth.*

**Logic is a gift of the Beta  
brainwave state, in addition to  
memory, and the five senses.  
Logic knows only the past, and  
projects this past onto the future,  
unless it is balanced by the other  
brainwave states in meditation  
with creativity of new realities that  
result in love and happiness.**

**Beta is only one of four brainwave  
patterns.**

**This brainwave pattern becomes  
dominant only after puberty.**

**Remember it was written:  
*"Ye must be as little children to  
enter the kingdom of heaven."***

**The other brainwave states are  
necessary  
to access divine enlightenment and  
create miracles.**

**This fourfold awareness is required  
to manifest miracles.**

**Many of the intellectual elite of  
Earth**

**severely limited themselves to the  
beta brainwave pattern for many  
generations,**

**they were taught to ridicule or  
marginalize  
the creative awareness states and  
emotions of childhood.**

**Remember that deeper brainwave  
states have to do first with pure  
being,  
that is experienced as unity with  
Divine Being and all creation.**

**This is the delta brainwave state  
that is dominant in infancy  
and also active in deep dreamless  
sleep each night.**

**In this state the illusion of  
separation is overcome, and the  
unified field is real.  
It is in deep dreamless sleep each  
night that the body, emotions, mind,  
and spirit heals.**

**The next state is deep inner  
thought, the imagination, the third  
eye.**

**This is the theta brainwave state  
that is dominant in childhood. It is  
the realm of creativity.**

**The third state is strong flowing  
emotions, which is dominant in  
adolescence.  
This is the alpha state.**

**The alpha state is responsible for  
changes on the physical plane.  
By changing emotions, the physical  
plane is also changed.  
That is why beautiful divine  
emotions are so important.**

**As metals are charged with  
beautiful emotional frequencies,  
seemingly miraculous results can  
be obtained.**

**The one activity of beta wave  
consciousness of logic, memory and  
the five senses**

**was made dominant in educational  
systems,**

**even from a very young age, so that  
the other more subtle levels of  
perception and experience,  
especially deep inner emotions,**

**were often neglected or harmed,**

**and were often dissociated from  
and relegated to the subconscious.**

**People who retained use of the  
other parts of awareness,  
and who remembered their  
experience of unity and deep inner  
creativity,**

**and who acted, felt, and believed  
accordingly,  
were sometimes feared, ridiculed  
and persecuted.**

**For example, when beings,  
enlightened people, even a  
recognized Son of God,**

**incarnated to restore the path to  
sacredness,  
so that Heaven could manifest on  
Earth according to Divine Will,  
often they were put to death by  
those who relied on intellect and  
logic,**

***instead of inner guidance that  
comes from a state of unity with  
Divine Being,  
which is omnipresent in all life  
and creation.***

Therefore, in the past many cut  
themselves off from spiritual  
guidance  
from Divine Being and the heavenly  
hosts,  
in fact the entire Kingdom of  
Heaven.

**The Kingdom of Heaven** is accessed  
from within in deep states of  
meditation  
in the other brainwave states,  
and these self limiting people as a  
whole,

believed only that which the five  
senses and memory and logic  
offered.

"Seek ye first the kingdom of  
heaven, and all else shall be added  
unto you."

"The kingdom of heaven is found  
within."

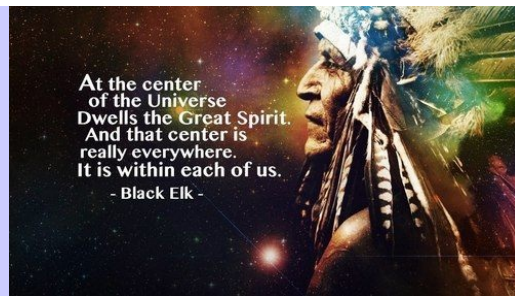

In this way the rich and lively levels  
of life THAT PRECEDE physical  
manifestation  
were often not understood  
and resulted in people feeling  
helpless to change that which must  
be changed for joy to reign.

*" For I have not given you the spirit  
of fear, but of joy and life  
everlasting."*

It is now time to bring intellectual  
understanding of creation  
into focus by experiencing creation  
through all four brainwave states of  
awareness.

In this way people gain A TRUE  
PICTURE OF CREATION from  
personal experience,

as it proceeds from the glorious  
unmanifest,  
through the subtle realms to the  
most gross and physical.

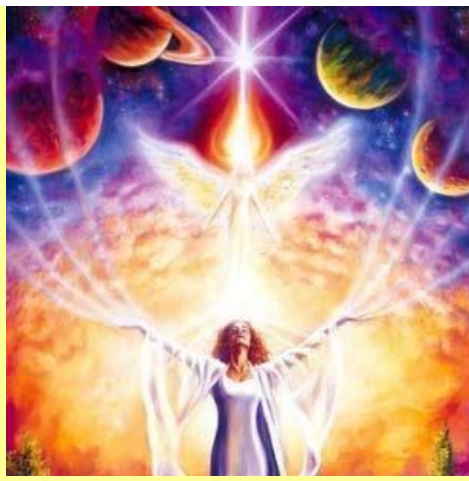

**As each person gains a true  
understanding and personal  
experience of Creation,  
  
and in deepest love and gratitude  
for the privilege of life  
and the privilege of co-creation with  
Divine Being,  
  
aligns his or her experience  
  
of being, will, thoughts, emotions  
and sensations  
with the highest good of all  
concerned,  
*then we offer true formulas for  
using metals and metal compounds  
to create various magical tools,  
  
that to most people have only  
existed in fairy tales.***

**We teach the way to transform any  
metals into agents of divine healing  
and perfection.**

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,**

**and the angels who work with him or her.**

**The being and the angels share the same name.**

**This name is a key to their powers and influence.**
