Beloved,

We teach the children of Divine Being how to comprehend the mind and emotions of animals for the purpose of creating and attracting realities of supreme happiness on earth for all.

Animals have strong emotional bodies.

Emotions are magnetic and affect the quantum field for better or for worse, depending on whether emotions are happy or not.

By communicating successfully,
with faith and enthusiasm,
with the animal kingdom,
a child of God creates beautiful emotions in self
and the animals

that attract the highest good of all.

By placing full consciousness into the mental and emotional shape of an animal, all animals, on land, water or in the air, are understandable, and their worlds are accessible.

By placing ones complete consciousness in the form of an animal, the fate of any animal can be understood.

By placing consciousness in the relevant sphere of the group of animals from which an animal comes, it is possible to connect with an animal after its death.

Here is one of our stories:

SHADOW

Once upon a time in the western wildlands
there was a young man named Juan,
who was the gifted grandson of a wise, beautiful, and respected shaman
woman.

She had taught him well.

Following her, he had learned how to relax and merge with divine
awareness that lives in all life.

One day as he hunched close to the ground,
squinting at a setting sun over the mesa,
a strange breeze came to him.

As it ruffled his hair and made unusual swirling dust vortexes,
he got an intuitive inner guidance that something unusual was going on.

It came in stronger and stronger, he got within his inner knowing
a clear idea and sensation that there was something he must do!

Just at that moment, he heard a strange call.

The piercing sound startled the quiet of the mesa.

It was a bird call he had never heard before!

He knew this was important.

A strange and powerful energy surged through him.

It was important for him to do something right away!

His inner guidance revealed to him that something was wrong,
terribly wrong, and that he must fix it right away.

He relaxed and unfocused his eyes and let his gaze very slowly sweep
across the landscape in front of him,
emptying his mind as he questioned with his intent.

Gradually his eyes saw her.

An injured wild horse lay very still in the shadows just beyond a
shallow watering creek.

He knew that if he startled her,
it would only make things much worse.

He closed his eyes.

With every bit of concentration he imagined his consciousness moving
into her body, taking on her shape.

Immediately he felt her brave and loving heart.

Then he felt her growing pain and despair.

Going deeper into meditation,
in his imagination he became ever more at one with her consciousness.

His grandfather had taught him to do this.

He knew exactly what to do next.

>From within her, he radiated flowing divine feelings of unconditional,

all encompassing love and supreme happiness.

He meditated these feelings and emotions for a long time,
until the whole universe within and without the horse glowed and flowed
with these divine qualities.

He felt her take a deep sigh and relax.

>From within her mind he made a thought picture of his body coming
toward her,
as she would see him through her eyes.

From his consciousness inside of her, he created feelings of safety,
love, and relief.

He imagined these feelings growing more peaceful as she saw his body
moving closer.

When his inner guidance told him the time was right, he moved toward her.

She lay still, gently lifting her head and snorting softly.

He laid a gentle hand on her right front leg.

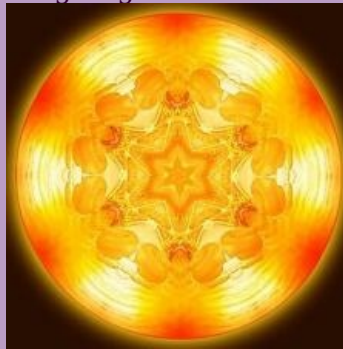

With aching heart he saw her leg was badly broken.

His connection with Source and with the angels was accomplished
in the same way that he had connected with his horse.

He imagined his consciousness being one with their space and with their
consciousness.

Placing one hand on each side of the break,
he closed his eyes and became one with Divine Source.

Ancient healing angels flooded his awareness.

Divine Being, man, horse, and heavenly host performed a miracle.

He softly held her leg as powerful healing emerald green light flowed,
with other colors of divine energy.

Then he slowly moved his hands up the leg to put them over her heart.

They both lay in stillness and did not move for a long time.

Morning came.

There was glee and excitement in the morning breezes.

They skipped along the gently rolling landscape excitedly telling the
plants, the rocks,
and the creatures that a wonderful miracle had happened.

The horse family had always been greatly loved by the beings of the
wildlands,
and everyone was intently concerned whenever any harm befell these
magnificent beings.

Deep blissful feelings of true divine blessings flowed through the mesa.

The land rejoiced in deep unity, power, happiness, love, and oneness.

As all this went on, the man and horse still slept throughout the day.

Power, deep divine power, ancient power, ran strong as Juan lay curled
up close to her,
his head on her chest, visualizing perfection while flowing with
divine love and oneness.

Finally, on the second day as the sun began to dip below the horizon,
Juan knew that her leg was completely healed.

She knew it too, and together they stood up,
Juan's hand touching her neck with tenderness and affection.

The creatures of the wildlands watched in hushed silence and
thanksgiving, as Juan and the horse,
who he had named Shadow, walked off into the sunset together, their
hearts one forever.

Always after that Juan and Shadow were seen together,
sharing as one their lives on the wildlands.

As they rode together, bringing healing and peace to all,
the large and the small, the heavens rejoiced.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.
Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Little drops of water, little grains of sand, make the mighty ocean, and the pleasant land; So the little minutes, humble though they be, make the mighty ages, of eternity. Little deeds of kindness, little words of love, help to make earth happy..like Heaven up above.

Feel free to share these messages.

To understand Universal Consciousness, and immortality, it is very helpful to read the first three volumes of The Life and Teachings of the Masters of The Far East by
Baird Spalding

The first three volumes are field notes taken on a scientific expedition to Nepal in the late 1800's.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!
