Beloved,

We teach the faculty of expressing the most difficult (philosophical) problems in our physical language, that is, the language of the intellect, so that they become comprehensible also for the non-initiate.

We help the children of Divine Being communicate even the most abstract ideas in clear and simple ways.

Wisdom of mind, which is the gift of the heavenly hosts of Gemini, enlivens clear and powerful communication with all beings on all levels.

We inspire understanding of all of the laws governing creation, especially The Law of One, which is The Original Law from which all other laws come.

This original law overrides all lesser laws, both civil and social, in all dimensions and realities when it is invoked.

In this Law, the oneness of all creation and the highest good of all concerned, determine the outcome of any situation.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

***I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED
happen.***

I give thanks that this is done.

We help people simplify difficult problems so that the intellect of the uninformed can comprehend them easily and solutions are found that are understandable to all.

At this time, amazing grace and mercy awakens the divine truth of creation in even the most wounded of the children of light.

We inspire writers of mystical and abstract philosophies so that the most elevated truths are explained in simple terms and made accessible to everyone at any stage of development.

G Grace and Mercy, penetrating everything

Land the greatness of God, can manifest

M This invokes powerful emotions of blessing that bring

A and **u**mlaut A, aeth the highest illumination and wisdom and transformation of imperfection.

The music of the letters of our name are the notes of F, D-sharp, C, F, D, D, G, and C.

The first letter in the name of any heavenly hosts represents their original virtue.

The letter G in the ancient language is the Divine Virtue of Grace and Mercy. Its color is emerald green, and its element is water.

Here is our meditation on the letter G.

Relax and go within.

Go deeply within.

Ask your cellular memory to let you experience your original infant state of pure being and unity with Divine Being and all creation.

Now imagine that you are a tiny little dot located in your solar plexus, with your body a vast universe with galaxies and solar systems

swirling around you.

Visualize a splendid emerald green light radiating from a tiny sun in the abdomen.

**Discern, in the principle of Divine Being-penetrating-all, the profundity of divine grace and mercy in all of its aspects, as it effects all beings,
all cells and organisms, that live in the universe.**

Flow with tangible feelings in the body of emotions of all encompassing divine blessings, grace and mercy.

Bless your inner universe with peacefulness of the spirit, and unlimited divine abundance.

Take your time.

Breathe deep and slow.

Relax even more.

Now continue with flowing emotions of grace.

Meditate on emotions of happiness and complete satisfaction flowing through all beings, cells, atoms, and spaces.

Intone the letter G in the musical note of F to enliven these feelings. Hear angel choirs and all the cells in your body toning the musical note of F in many octaves.

The flowing emotions of grace and mercy fill your whole body with green light and refreshing coolness.

With the out breath this light, blessing, and coolness passes through the pores of the left eye and fills whatever your inner guidance directs in the outer universe.

With the inbreath this emerald green light returns through these same pores and fills whatever your inner guidance directs within you.

Keep the rhythm of your breath natural.

Know that as you do this in the microcosm, within the vast universe of your own physical, emotional, mental, and spiritual being, that through the law of correspondences this is simultaneously happening to the whole web of life in the macrocosm with your intent and breath.

"As above, so below."

Be aware that your being, will, consciousness, emotions, and sensations are flooding your entire body with powerful neurotransmitters and glandular secretions that induce bliss and happiness.

Within one minute of having a thought, scientists have discovered that over a hundred thousand chemical reactions occur within the body.

These chemical reactions 'ground' whatever frequencies are generated by the thought.

"As a man believeth, so is he."

Also be aware that just as a small candle flame illumines the vast darkness of a cavern, so does the consciousness of one person illumine

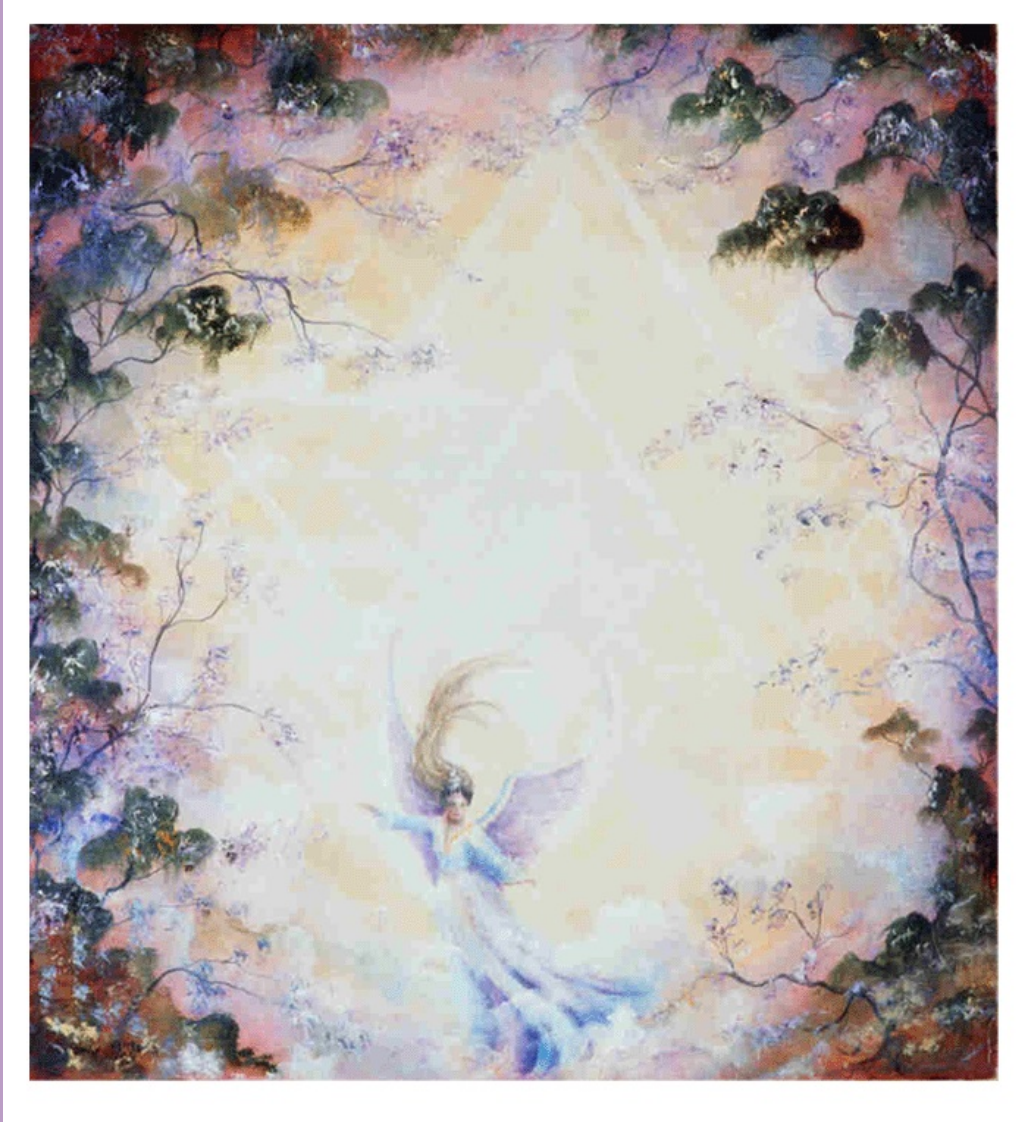

the mass conscious mind.

"One good man can save a city of ten thousand, and ten can save the world."

MIRACLES

To protect the natural balance of elements and virtues in your body, be sure to dissolve the green color when you are finished.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is
a
very ancient set of teachings which together form a common precursor,
or
root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host
in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to
their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEYTO THE TRUE QUABALLAH, ISBN 3-921338-12-4].**

Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

If you have these, it may be helpful to read Frabato the Magician first, with appendixes, and then read appendixes from the other three for background.
