The Angels
of
Mystical Dancing

Also known as

The Angels

of

Kolani

Beloved,

**We are absolute masters of gait, movement, and dance
on earth,
which connect body with spirit
and thus is capable of evoking ecstatic**

happiness.

**We control all doings and activities that enliven
dancers
and
reawaken ancient spiritual states of consciousness.**

**We rejoice as a dancer enters into a communion of
souls in
divine splendor and majesty.**

**We manifest ideas by our will alone, with great
perseverance and courage,
as perfect masters of transmutation,
brought about by seeing through the eyes of Divine
Love,
and of metaphysics,
who hold impeccably true to an absolute sense of
divine justice.**

**We impart vitality, youth, beauty, and harmony as we
teach true**

**morality
and enlightenment bordering that of sainthood.**

**We spur development of mental powers like
clairvoyance, the
art of levitation,
and musical abilities.**

We release all imperfections for transformation.

The heavens spin and dance.

**They spin in circles and spirals throughout the
infinitely small and the
infinitely large.**

They spin atoms, galaxies and universes.

**Remember that man and woman are made in the
image and likeness of God.**

Human body temples are microcosms of the

**macrocosm,
fractals of outer and inner realities.**

**When a body is spinning and dancing, like the atoms
and the galaxies,
critical changes occur in glandular secretions that
enliven trance-like
states of healing, awareness, bliss, and ecstasy.**

**These chemicals in the body lead to youthening and
true spiritual morality.**

**Just as no two snowflakes are alike, or two
fingerprints are never identical,
yet snowflakes are similar to each other, just as are
fingerprints.**

**In a similar way, atoms, galaxies and human body
temples dance in
similar ways,
and yet no two will be exactly alike.**

**Dancing is a mystical and natural way of aligning
frequency.**

**We help the children of light and love be in harmony
with the movement
of the universes,
both large and small, both within the body and in the
outer worlds.**

**Remember, dancing stimulates the body in mystical
ways, on all levels of energy,
and then stimulates outer realities.**

*As we grow taller spiritually, we entrain other souls
in our wake, and the Earth shines a little more every day.*

**Dancing heals, soothes, uplifts, and enlivens the
spirit, mind,
emotions, and physical health.**

**Man was made in the image of God.
As above, so below.**

**We are the heavenly host that inspire seekers of Divine
Perfection to
dance in spirals and cycles;
with mental and tangible feelings in the body of divine
emotional states of bliss that
promote glandular secretions
that further bring about greater experiences of
spiritual ecstasy and
perfection on all levels.**

**In these states it is easy to connect individual
consciousness with
Divine Consciousness
and flowing supreme divine happiness and love.**

**Always we inspire the dancers to enter into a
communion of souls in
divine splendor and majesty.**

**As people dance in Divine Sacredness with Omnipotent
Faith and Will
for the highest good of all, miracles manifest.**

MIRACLES

THE LAW OF ONE

***We are All One.
When one is harmed, all are harmed.
When one is helped, all are helped.
Therefore, in the name of Who I Am,
and I AM ONE with all there is,
I ask that only the highest good of all concerned
happen.
I give thanks that this is done.
So be it.***

**I.We control all doings and activities by which we enliven dancers
and reawaken ancient spiritual states of consciousness.**

**The divine virtue of Cause and Effect, the karma law of reaping what
is sown, letter I.**

***The melody formed by the letters of our name are the notes of B,
D-sharp, C, F, G, C, A, and G.***

Here is the ancient meditation on the letter K.

**Relax, take a deep breath, and go within to a deeply relaxed meditative
state.Slow your breathing, and make each breath very deep.**

**Ask your cellular memory to let you experience your original divine
state of pure being and unity with Divine Being and all Creation.**

**Now locate yourself in time and space by experiencing that you are a
tiny dot in your solar plexus,
with the rest of your body a vast whirling universe all around you,
a perfect microcosm of the macrocosm, with galaxies swirling all
around.**

**Visualize a tiny sun in the head region radiating a magnificent silvery
blue light of the most perfect purity.**

**This silvery blue light creates sensations of warmth and tremendous
expansion.**

Imagine the highest power that is possible to comprehend.

**Meditate on all-embracing power that enables you to work miracles in
the
micro-as well as the macrocosm.**

**Begin to intone the letter K to the musical note of B while flowing
with great flowing emotions of courage and strength,
of infinite power one with Divine Omnipotence for the highest good of
all.**

Meditate on how emotions of courage allow you to transmute through

love
any fears within yourself or within your fellow brothers and sisters.

Be aware that as you connect with omnipotence within your own inner universe,
that you may send this virtue through the pores of the skin of the left ear to whatever inner guidance directs in the outer universes.

Keeping the rhythm of the breath natural, with the out breath, experience this silvery blue radiance of omnipotence passing through the pores of the skin of the left ear and filling the outer universe.

With the in breath, experience this radiance and power coming back in through these same pores of the skin and filling whatever inner guidance directs inside your inner universe.

Be sure to dissolve the silvery blue light when you are finished, to protect the natural balance of elements in the body.

K This letter is the virtue of omnipotence.

In the akasha, the subtle pre-matter, it is the highest and purest light and is analogous to the original fire, or desire principle.

In the mind, it manifests as the state of faith.

This is the faith that was spoken of in the Bible that moves mountains and does all things.

In the soul, which is also called the astral or feeling body, this virtue manifests as endurance, toughness, courage, and the ability to remove any feeling of fear within yourself or within others.

Since it is the fire and air element, it has the sensation of warmth; it has the musical note of B, and the color of silvery blue.

Footnotes:

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.**

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6,

and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].

Publisher is

Dieter Rüggeberg, Wuppertal/W. Germany.

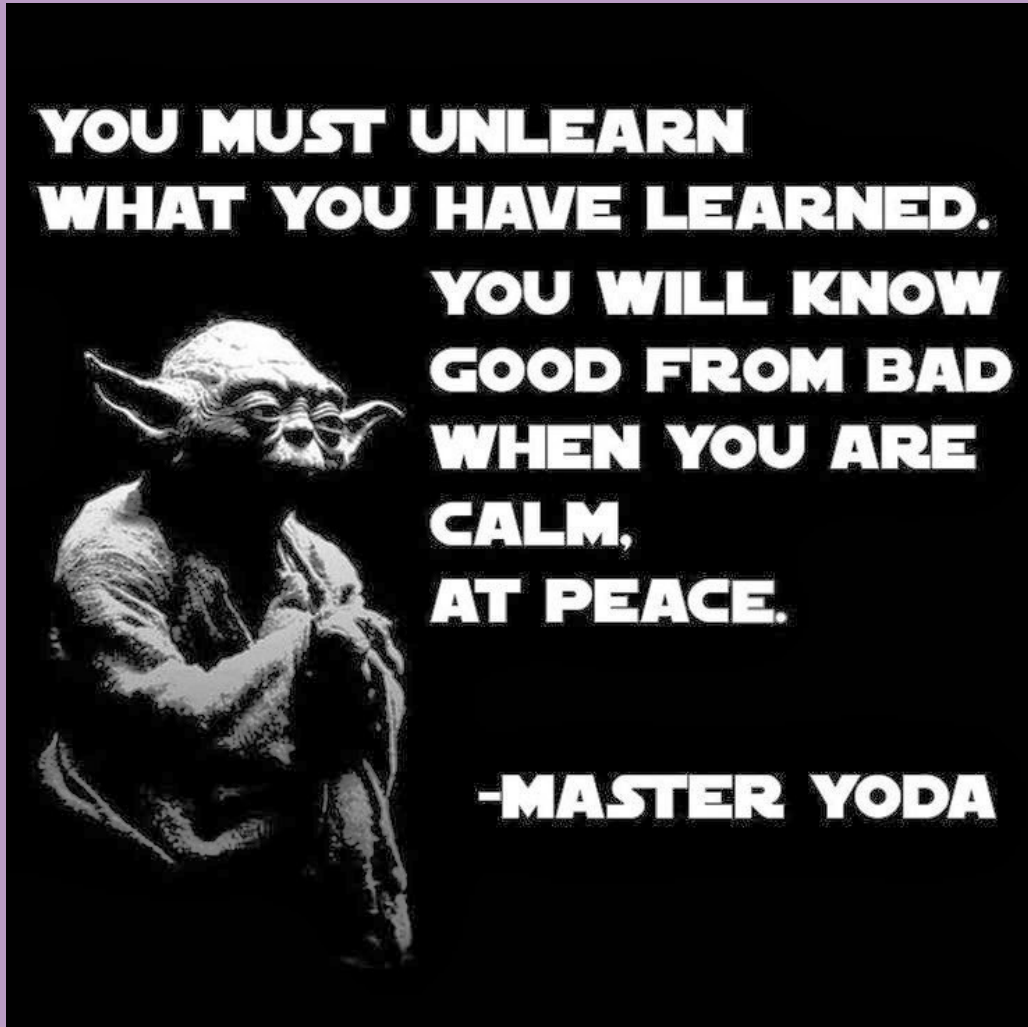

These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book,

"Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

This book is most important for understanding present day political issues.

**If you have these, it might be helpful to read Frabato the Magician first, with appendixes,
and then read appendixes from the other three for background.**

Please feel free to share these messages with others.

The Law of One is the original law of Creation, and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

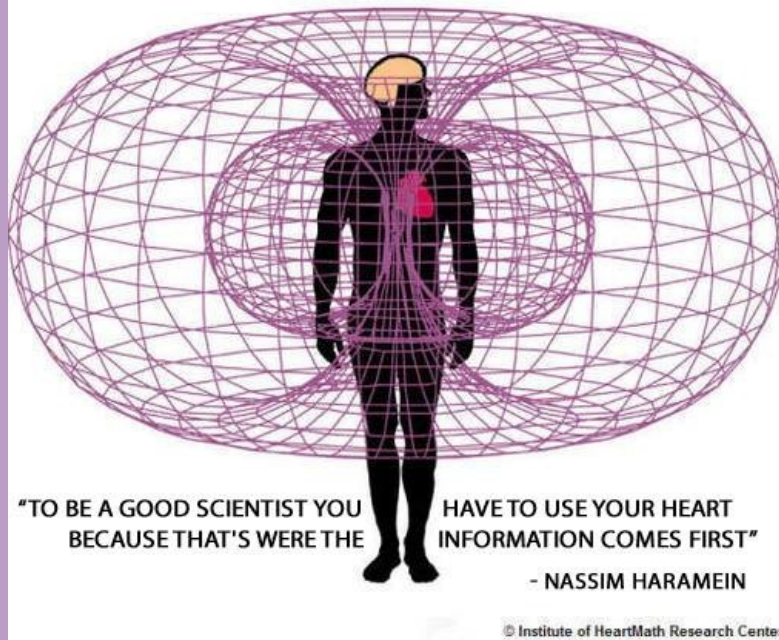

***Therefore, in the name of who I AM,
and I AM one with all there is;***

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen,

I give thanks that this is done.

SO BE IT!

La ley de Uno

Cuando Uno está herido, Todos estamos heridos

Cuando Uno está bendecido, Todos estamos bendecidos

Por lo tanto, en el nombre de El Sagrado, mi Dios, yo soy presencia

Quien es uno con todo lo que es

Quien es Todopoderoso, Amoroso y Sabio

***Pido sólo que el bien de las alturas de todos los involucrados,
se manifieste justo aquí y ahora y en cada dimensión y en cada línea de
tiempo***

Doy gracias de que esté pasando ahora.
