Beloved,

Every desire, thought, emotion, and sensation sends ripples  
of energy out  
into the unified field of energy  
and effects the entire Web of Life.

This understanding is an important root of divine wisdom.

By attuning to the frequency of desires, thoughts, emotions  
and  
sensations of any being,  
it is possible to see ongoing future results that will occur.

Creating happiness for all beings therefore requires the  
ability to  
foresee the results of actions far into the future,  
so that only the highest good of all concerned occurs.

By asking that all previous causes of any fate be  
transformed through grace,  
and The Law of One, the original law of creation, which asks  
for the highest good of all concerned to happen,  
fate can be changed.

To create happiness and delight  
in The Web of Life,  
the ability to understand the ongoing effects of each act  
requires  
universal awareness,  
especially in the arts of prophecy and prediction.

The divine virtue of omnipresence,  
through all time and space,  
opens up the most profound intuition and communication  
with all life.

Because energy travels through time in open ended circles,  
or spirals,  
every act sets in motion effects that come back greatly  
magnified in  
the future to the original creator.

The creative act travels outward in a clockwise spiral and  
comes back as  
a counter clockwise spiral.

Divine Will, which is fire, and thought, which is air, are  
clockwise spirals.

Emotional energy, which is the cause of physical water,  
imbedded in  
each act  
attracts similar energy to itself, because emotional energy  
is  
magnetism which spins counter clockwise.

This is how emotional energy creates matter out of the  
quantum field.

Water and earth are counter clockwise.

So there are spirals within spirals, some clockwise and  
some  
counterclockwise.

They form scalar waves, which are keys to manifestation.

Fire embeds air which embeds water which in turn attracts  
matter.

This is one way to understand how Emotional Magnetism is  
the precursor  
of physical manifestation.

By attuning to the the frequency of emotional energy of  
self or others,  
the frequency of physical situations being attracted into  
manifestation  
is known.

This principle is a basis of prophecy.

Visual images, either seen through the eyes or imagined in meditation,  
activate the pineal and other glands in the Cave of Brahman, the center of the brain.

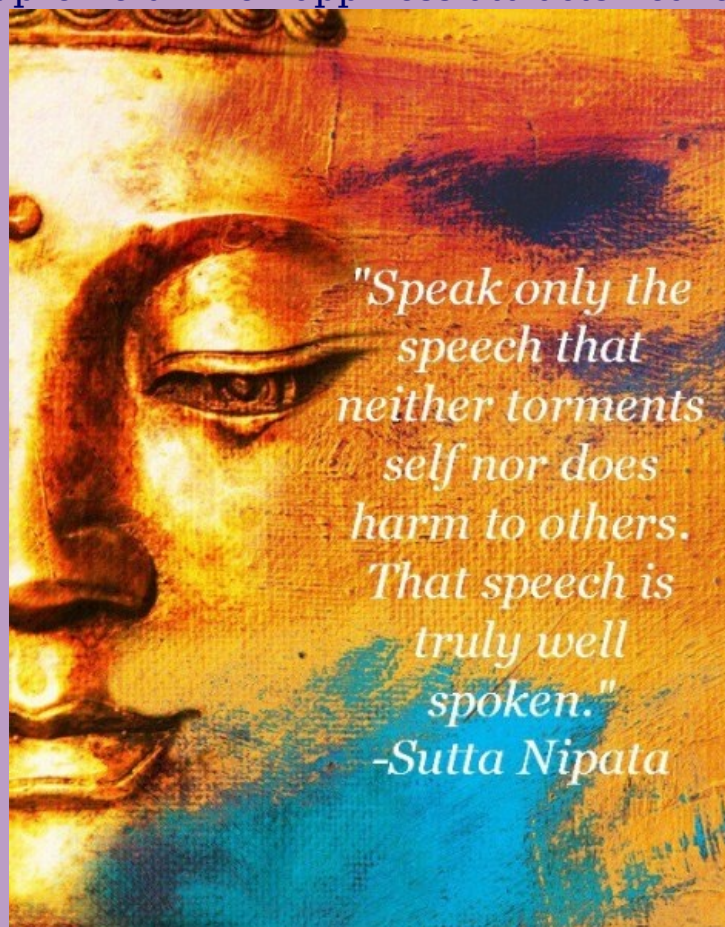

This causes hundreds of thousands of chemical reactions in the body.

By respecting, thanking, and loving whatever causes and effects are already in motion,  
power is gained over them.

Now bless them with The Law of One,  
visualizing only THE HIGHEST GOOD OF ALL happening.

Now flow with emotions of happiness that this is done!

We help the children of divinity heal the emotions of self and others  
so that supreme divine happiness attracts heaven to earth.

Flowing emotions of divine happiness reveal the spiritual maturity of any being and at the same time reveals solutions to problems.

The mastery of omnipotent divine will for the highest good  
of all  
enlivens faith and courage.

The understanding and mastery of cause and effect gives  
the ability to  
control the material plane, awakens conscience and memory.

Whatever seed is planted in present time grows and bears  
fruit in the future.

We open the mind to clearly perceive the nature of the  
energy that has  
already been created or is being created now;  
and to see the results of this energy over time.

We inspire strong faith and understanding of how to correct  
mistakes  
of the past.

Ancient and modern focusing technologies that encourage  
logic, language  
and memory of the left hemisphere of the brain to access  
intuitive  
knowing of the right hemisphere, come under our range of  
competence.

Some of these are graphoanalysis, chiromancy, tarot, etc.

With divine inspiration a person learns how to use them  
through the  
divine virtues represented by the letters of our name.

### Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence. Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

I give thanks that this is done.*
