The Angels of Performing Artists

Also known as

The Angels

of

Corilon

Beloved,

**We inspire and guide those in the performing arts
who seek to spiritualize life.**

**We assist all artists working for the public, whether
singers, stage
actors, circus-artists, virtuosos etc.**

**We inspire clear inner guidance and establish feelings
of love between
artists and audiences for the purpose of bringing
through higher truth
and happiness to all.**

**We bless performing artists with success on every
level.**

Here is one of our stories:

CHILD WONDER

**Once upon a time there was a little boy named Phil
who deeply wanted to see
his parents smile more often.**

**He dreamed of seeing them happy and their eyes
sparkling!**

He wanted them to laugh and play!

**He wished with all of his might that they did not have
to work so much.**

He often felt sad because they seemed so serious and

worried and preoccupied.

He tried to make them feel better, but it was difficult.

He just didn't know how.

**As he grew and saw more of the world, he realized that
it wasn't only
his parents that seemed sad so much of the time, it
was almost everybody.**

Everybody seemed to work too much.

**People had forgot and lost the ability to relax and
sparkle with joy.**

**He prayed in the depths of his heart that people could
break out of the
monotony and drudgery of everyday living and
rediscover magic and meaning.**

One year at summer camp, his prayers were answered!

He signed up for the improvization drama class.

This is when his whole life took a turn for the better.

Phil discovered the mystical power of acting!

**His talented drama teachers spun magical tales of
wonder.**

Evenings in front of a blazing camp fire were filled with heroic tales of mystical happenings.

Night after night in these magical tales, he experienced the triumph and magic of creating happiness.

He and the other campers rejoiced as unfortunate situations developed happy and inspiring endings.

The campers laughed and cried, completely riveted in amazement and awe in play after play.

Phil saw his friends snap out of their hypnotic lethargies and become alive with excitement and imagination.

Phil played roles of hero and villain, of weak and strong, of young and old.

The roles he played became real to him.

He actually felt like he was the old man, or the young prince.

He loved the triumph of truth over falsehood, of right over wrong.

Story lines became bigger than life to him, and deepened his longing for spiritual beauty and perfection.

He began to look at life differently.

He perceived that life was an infinite series of dramas, of interactive plays, that people lived in.

He wanted people to discover that they could create beauty and purpose in their lives.

He believed that people were supposed to make their stories have happy outcomes.

He studied emotions, and how emotions affect the glands that change the chemicals in the body for better or worse.

He discovered that happiness, love, triumph, faith, hope, mirth, grace and mercy even caused many people to heal from previously hopeless diseases!

He loved reading books about these amazing spontaneous remissions that followed changes of heart.

Deep inside he became absolutely certain that life was about choosing wonderful roles and stories and playing them into reality.

Whenever he was deeply emotional in life, he remembered that his drama coach had taught him to embrace his feelings completely.

He savored every nuance of his feelings so that if he ever had a character who needed to feel that way he would remember it vividly.

**He embraced his feelings when he was happy, or sad,
lost or inspired, whatever!**

**He learned to treasure and love the complex spectrum
of feelings.**

**By studying the books of William R. Emerson, Raphael
Cushnir, and other
fabulous authors of books on emotional healing, he
realized that when feelings are connected to deeply,
and are allowed
to be felt through,
they spin, and evolve, and the negative ones heal and
the good ones
become even more beautiful.**

**Emotions are like water, they must flow to remain
pure.**

**Now he understood the purpose of dramatic arts and
stories, they allow
people to unlock the forgotten emotions deep inside,
and allow them
to flow safely and evolve.**

**He discovered that feelings were the source of life,
sensation, and vitality.**

He learned about cause and effect.

**He realized that feelings are the effects of thoughts
and beliefs
about the world and about oneself!**

**HE REALIZED THAT LIFE REALLY IS A PLAY AND
THAT EACH ACTOR HAS THE
POWER TO WRITE HIS OR HER OWN SCRIPT
ACCORDING TO INNER GUIDANCE.**

**So, as he got older, he became a professional
performing artist.**

**He wrote and acted in happy uplifting plays that
taught wonderful
insights to all who watched.**

**He pioneered mystical plays that empowered everyone
to create lives**

more beautiful and alive than before.

Audiences loved his works so much that producers videotaped them and offered them to schools.

An educational channel picked them up and every Saturday morning a different one played to an ever growing audience.

The movies took on a life of their own.

Wealthy patrons backed him and he made a whole series of movies based on miracles of hope and healing.

Once in a Children's Hospital overlooking the sea, eight terminally ill children were watching some of Phil's films.

They believed his messages.

They understood that "life is a stage, and we are all writers and actors upon it and we are free to rewrite old social and cultural scripts and create what makes us happy".

As children often do, they felt deeply within themselves the truth that they could create their own lives according to their inner guidance.

All of them rewrote their life scripts deep inside and acted them out with their whole hearts.

A little later, three of them were well enough to go home and the other five were improved.

Within a year, they too were well.

These miraculous turnarounds inspired all the other children who knew them at the hospital.

Thankfully the staff encouraged this development and even they began to believe.

Soon Phil's movies became subjects of professional

studies on the effects of belief, pretending and acting on immune system functioning.

**These studies were very dramatic, and proved the truth of the saying:
"As a man believeth in his heart, so is he."**

Divine Love is the feminine magnetic element of Water, that attracts new realities out of the quantum field of infinite possibilities.

By attuning individual will to Divine Will for the highest good of all concerned, and attuning individual emotions to unconditional all encompassing Love, Divine Wisdom is gained in each and every moment,

through inner guidance.

"All that I do ye shall do and more."

MIRACLES

C-O-R-I-L-O-N

C...We spiritualize matter with divine qualities.

When you call upon us, the very first thing that we teach you is the mysteries of the Eucharist, which is the divine virtue of letter C, with all its aspects.

This symbolizes the mystery of self-spiritualization.

When you master this mystery well, you comprehend and understand the profundity of incorporation of a Divine idea, a higher virtue, into a certain form.

We teach you how to influence your own mental body or the spirit of somebody else by a Divine idea, virtue, quality, power, or might.

We also teach you how to influence your own or someone else's emotions with these qualities.

And finally we help you to impregnate any material form at will with these Divine qualities.

The color of this virtue is vermilion red, the musical note is D, it is the elements of fire and earth so it has the sensation of warmth and ease. The stomach is formed from it.

Imagine yourself as a tiny dot in your solar plexus and your body as a universe around you.

See vermilion radiating from a tiny sun in the abdomen filling the entire body with warmth and ease.

Imagine that Divine Will, Consciousness and Feelings are being incorporated into your body.

Chant inwardly the letter C to the musical note of D to enliven these emotions.

When you breathe out, feel all of this radiating through your pores of the skin over your stomach and filling whatever inner guidance directs in the universe outside.

When you breathe in, visualize and feel the spiritualization of matter with divine qualities radiating into your body and filling whatever inner guidance directs.

Doing this attunes the macrocosm to the microcosm and you actually become one.

"As above, so below."

"I and the Father are One."

"All that I do, ye shall do and more."

umlaut O, eu and O...and transmute through cognition brought about by Love Divine to evoke happy and successful situations in the material world wherein a child of God finds satisfaction and contentment.

Umlaut O, eu...Transmutation through cognition brought about by love divine, shining with a deep orange color and the musical note of D-sharp. It forms the testicles and ovaries.

The sound of letter O is the sound of the initiation into the original principle of divine justice.

Mentally you will be able to give expression to the absolute legality of harmony in all four basic qualities of the elements.

You will have a high power of judgement and the ability to comprehend spiritually any legality, any interference by Divine Providence for the sake of justice.

You will never be able to condemn anyone unjustly.

This will bring about the abilities to create any change in the emotional situations that you find yourself in and to have absolute success and happiness on all levels.

The ability to control emotions is the ability to control magnetism, which is the ability to attract.

***It is also the ability to
manifest anything on the physical level.***

***This virtue has an ultramarine blue color, the musical note of C, and
is the earth element so it has the sensation of weight. It forms the
throat and windpipe.***

***R...We create mind expansion to quickly understand and express new
talents and abilities and enhance ingenuity to the point of genius.***

This is the sound of the divine virtue of independence and freedom.

***After learning all of the virtues associated with all of the letters
of the alphabet in order starting with A, by the time you reach the
letter R you have achieved a state of maturity by which your feeling of
independence has been transformed
into an absolute state of security and unimpeachability.***

***Mentally, you will have an eminent mind and the feeling of freedom
of will and action.***

***Not only this, but also the state of maturity in
which you will never violate a law, having yourself become a master of
all laws.***

***In spite of your freedom of will, you will find yourself
willing to subject yourself freely to Divine Providence, and accept
missions to serve Divine Providence with deep humility, immense
gratitude and the highest devotion without losing your feeling of
absolute freedom of will in any way.***

***Such great ingenuity will proceed from this that you will be able to
comprehend any knowledge quickly and without difficulty.***

***The color of this virtue is gold, the musical note is C, it is the
earth element so it is felt with a sensation of weight, and the left
side of the nose is formed from it.***

***I...We evoke miracles, and control of miraculous activities in the
physical world according to the highest good.***

***The sound of this letter is the virtue of cause and effect, which is
the karma law.***

***On the /mental level/, this is analogous to memory, remembrance and
conscience.***

***In the feeling body, this corresponds to the astral/physical
matrix, which is the connection between feeling and physical form, with
all of its functions.***

***On the material world, everything that has shape, measure, number
and weight can be understood and mastered with this virtue.***

***The color is light opal, the musical note is G, the element is earth
and has a sensation of weight, and the left kidney is formed from it.***

***L...We transmute disharmony into harmony, help bring health, beauty,
vitality and enlightenment to the point of saintliness.***

***The letter L represents the sum total of all the divine virtues. These
virtues taken together are the splendor and majesty of Divine
Consciousness.***

By mastering the virtue of unity with the divine virtues, it is

possible to create in the Akasha the splendor and majesty of heaven so that it manifests in the intellect, in the emotions, and in the reality of the physical world.

This gives morality, mastery of emotions, great courage and endurance, and the drive for self-preservation in self and others.

This virtue controls vitality and youthening.

The color of this virtue is olive green, the musical note is F, the sensation is the air element of ease, and the organ formed by it is the spleen.

Umlaut O, eu and O...We help people see indwelling divinity and enliven it on all levels.

We bestow impeccably discerning judgment to "do the right thing".

Transmutation.

Divine justice and harmony.

N...We confer absolute mastery and autonomy over emotional transactions; so that a child of God gains penetrating insight into such interactions.

This sound is the sound of supreme happiness and fulfillment.

This virtue gives control over the mental matrix, which is 'the spiritual bonding material that connects the emotional body to the mental body, i.e., to the spirit.'

The mastery of this virtue reveals to the child of God all the mysteries relating to the connection between the emotions and the mind and bestows the ability to comprehend, see, sense and control, the mental matrix with its sphere of action, either in regard of self or others.

The color of supreme happiness is dark red, the musical note is A, and it is of the water element of feeling so it has a cool sensation. The liver is formed from this virtue.

Footnotes

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany. These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

**The Law of One is the original law of Creation, and is the supreme Law
over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I am one with all there is;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!
