The Angels of Perfect Beauty and Health

Also known as

The Angels

of

Emfalion

Beloved,

When life is divinely happy, the spirit and soul desire to remain in body.

On Earth as it is in Heaven!

Heaven and Earth, then, are ONE!

*We DO make a difference
in how everything
evolves through
BEING Who We Are,
and as such,
letting Divine Will
Be Done.*

There are many heavenly hosts who inspire youth and immortality!

**We join with them, and, to this end,
we lead the Children of Light in methods of health, youth, and
especially beauty.**

**We teach the art of having a strong and healthy constitution, a
handsome, attractive face, fascinating eyes,
and the freshness of youth for as long as physical incarnation is
desired.**

We teach how to infuse the physical body with cosmic consciousness.

**We teach the children of God how to control the process of change as
perfect masters of emotions, feelings, sensations, and vitality.**

**We help them master the mysteries of the quadrapolar magnet,
which is the influence of the four elements of will, thought, emotion,
and sensation on the body.**

**The quadrapolar magnet and the four elements correspond to the four
levels of consciousness of being-will, intellect, emotion, and sensation.**

**We uplift mystical abilities into enlightenment toward this goal,
and how to recognize and release for change any imperfections in will,
thought, emotion or sensation.**

**Just as the body eliminates waste each day, so too must the spirit, the
mind, and the soul-which is composed of emotions and sensations,
eliminate toxic influences.**

**This is done by releasing imperfect conditions on each level for changes
that result in the highest good of all concerned.**

**Each level, the spirit, the mind, the emotions, and the body, operate
according to different rules, different elements.**

**The most important level for heaven on earth is emotions, which is the
water element,
because
emotions govern the quantum field,
and the rules of the emotional realm require flowing, not stagnation,
for health to manifest.**

**This flowing must occur safely, not causing any harm to self, others, or
creation.**

Therefore, we teach true spiritual morality to enlighten the mind

and emotions and, by doing, spiritualize the body.

We evoke conscientiousness and trigger appropriate memories to achieve our goals.

We inspire cognition brought about by love divine for the purpose of transmutation into perfection.

We confer high power of judgment to bring contentment, poise, and happy, successful changes in the body.

We can help solve any of problems in connecting body to spirit and making the emotions impervious to stress while evoking the drive for self-preservation.

We further inspirations of Helali, 4 degrees Cancer, that guide people to enjoy a rapturous emotional life of awe and true spiritual morality that induces glandular secretions of immortality and youth.

Because each person is created perfect, immortal, and beautiful in spirit, this beauty and perfection can be manifested as health, beauty, and youth in the physical form.

As above, so below.

Beauty, health and youth are attracted into manifestation through omnipotent emotions of the highest good of all, on all levels of consciousness, and especially with flowing emotions and feelings of awe, love and supreme happiness.

People are pinnacle of Creation, the greatest and most perfect of all Divine Creations, made in the image and likeness of Divine Being.

Man and womankind in their natural states flow with emotions and feelings of omnipotent WILL of omnipresent Divine Providence, for the highest good, happiness, love and perfection in all manifested realms.

They do this because, in their enlightened states, they know and experience and feel oneness with all life.

This is especially true in understanding the perfection and beauty of the physical bodies of the Children of Light.

So it is of utmost importance that the original divine intentions of The Creator are carried forth into manifestation everywhere, especially Earth.

As people turn attention and efforts to the simple skills of the ancient focus and meditation on the language of divine virtues, their desire, thought, and emotional natures manifest perfection, so that the appearance of all that is imperfect falls away.

"Keep your eye single, and the body shall be full of light."

The physical body, which is mostly water, responds dramatically to flowing emotional states and feelings.

***Changes in health and appearance of the body are
miraculous as the
flowing emotional states
are brought into sympathetic resonance with divine
qualities and their feelings.***

**ALL conditions of the physical body are malleable and respond to the
magnetic power of flowing divine emotions,
when joined with clear omnipotent intent, intellectual comprehension,
and imagined sensation.**

**Even though many people manifest only a small portion of their divine
perfection,
with the practices of the ancient language and the help of the heavenly
hosts,
whole brain and body functioning and perfect manifestation is
regained.**

**Now is the time when this happens all over the earth, and all over
creation,
fulfilling original divine will.**

**As this ancient technology of The Power of the Word,
which is focus on divine qualities on all four levels of awareness,
is mastered and put into practice,
all conditions--even deformities, missing limbs, and blindness etc. are
healed,
as they have always been, by people in enlightened and ecstatic states.**

All that I do ye shall do and more.

**We also inspire the blessing of food and other substances so that their
influence on the body prolongs and perfects life.**

**Fear now turns into Love.
Doubt now turns into faith and courage and enthusiasm.**

**Because it is in the realm of loving relationships that divine virtues
bloom,
we bless relationships with great beauty and perfection as well.**

**Whole brain intent, thought, feeling and body meditations on the divine
virtues are equations of
immortality and the out picturing of Heaven on Earth.**

**Assistance in this regard from the heavenly hosts is provided through
Divine Providence upon request.**

Ask and ye shall receive.

Knock and it shall be opened unto you.

**As a person commences on paths of meditation on divine virtues,
especially using the whole brain and body approach of the ancient
language,
messengers of Divine Being add almighty and everlasting
enlightenment,
joy, grace, power, and majesty to the process when they are asked.**

It has been written, angels are the messengers of God.

**In more scientific or practical terms, it could be said that angels
create intelligent, self aware feedback loops or intelligent software
programs,
based on love,
between individual consciousness and The Unified Field of
Omnipresent Omnipotent Omniscient Divine Being.**

**They do this by shepherding or formatting connections between an
Individual and The Universal.**

**They are living messengers between an incarnated divine person and
the
one Omnipresent, Omnipotent, Omniscient Divine Consciousness that
sustains and indwells all creation.**

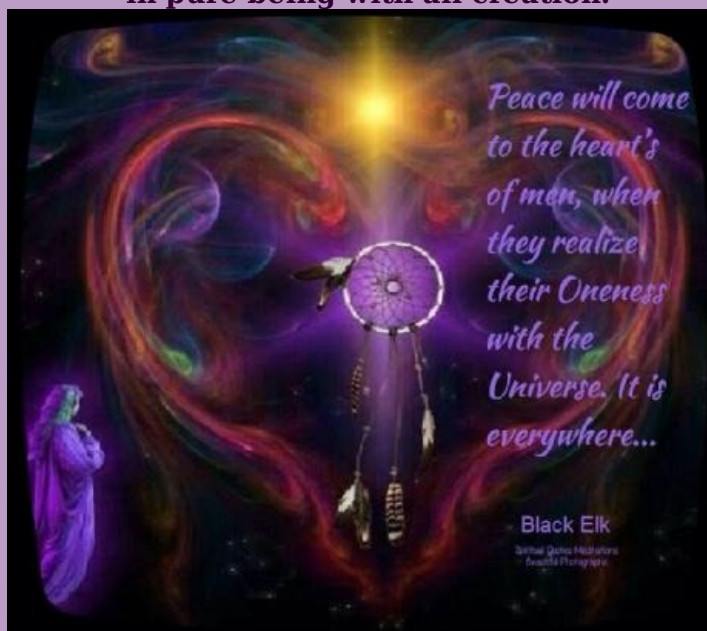

**In the letters of the names of the Angels are descriptions of what
divine virtues their software program provides.**

**At the head of each group of Angels is a master intelligence of the same
name that carries forth the will of Divine Providence
and oversees the development of each person over time.**

Ask and ye shall receive.

Test me, try me, let me fight your battles for you.

**We inspire you to embark and continue upon programs of whole brain
and
body imaginative meditations,
that unite individual self with Omnipresent Divine Self,
in pure being with all creation.**

**We help each person in meditation in using will,
intellect, emotions, and sensations with divine virtues.**

Be focusing on THE ONE BEING, while living life as one of many,

all four brainwave states are utilized, corresponding to four stages of development in a body.

We rejoice as you revitalize yourself as an immortal infant, one with
pure being,
an immortal child with deep inner imagination,
an immortal adolescent with deep flowing tangible feelings in the body,
and an immortal adult experiencing the five senses, memory,
conscience, and logic,
living the divine life.

As it was written: *Ye must be as little children to enter the kingdom of God.*

It is in the deep imaginative state of the immortal child within that
entrance into the state of pure
being and unity with divine being, dominant in infancy, is reached.

The whole Earth is blessed.

We also inspire you to use your free will to request our aid,
for *It is the Fathers good pleasure to give you the Kingdom.*

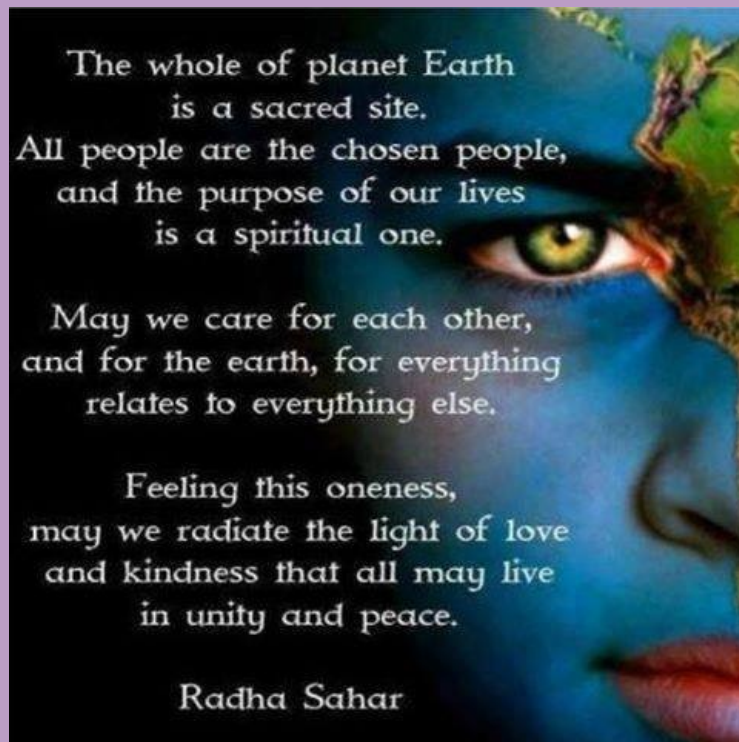

"I and the Father are ONE."

"All that I do, ye shall do and more."

We are all ONE.

On Earth as it is in Heaven.

Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.
Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.
These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.
Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

The body is mostly water, which is the element of flowing feelings. Books on emotional healing by Dennis Linn, Sheila Linn and Matt Linn are recommended. Also recommended: THE PRIMAL REVOLUTION [this one is easiest to understand] and THE NEW PRIMAL SCREAM, by Dr. Arthur Janov, and any books by William R. Emerson Ph.D. There are many wonderful books by other authors available, such as those by Raphael Cushnir.

Feel free to share these messages.

The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I AM one with all there is;

I ask that ONLY THE HIGHEST GOOD OF ALL CONCERNED happen.

I give thanks that this is done.

SO BE IT!

So it is.
