

# Hermetic Angel Messages

PDF version

*Four years ago, it was announced in some circles that the Star of Bethlehem had returned for the first time in 2000 years.*

*This was due to the fact that Jupiter and Venus merged into a dazzling super-star in the Western horizon at the end of June that summer.*

*The conjunction of the two planets had been building during the month of June and culminated in a spectacular display on June 30.*

*Jupiter and Venus converged for the first time in 2000 years at 22 Leo, the heavenly hosts of Wealth, Esteem, and Power.*

*We are seeing ever more evidence of the redemption of wealth, divine esteem and right use of power now, four years later.*

*This is what certain magi (astronomers and astrophysicists) had been watching and waiting for.*

*This event was an announcement made in the heavens of the advent of the long expected second coming when enlightenment rises like the sun, from the east to the west.*

***The Angels of The Rhythms of Life and Breath***

**Also known as**

**The Angels of**

# ***Kiliki***

**Beloved,**

**We are known as Masters of Life.**

**K-I-L-I-K-I**

**KThe virtue of omnipotent will**

**Icombined with the understanding of memory, remembrance,  
conscience, cause and effect, breath, emotions, and rhythm**

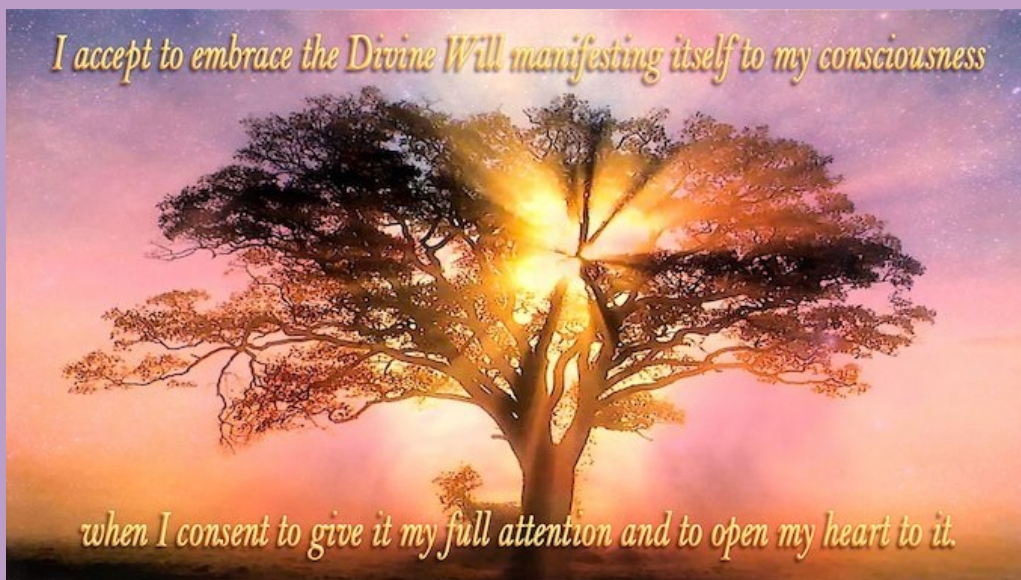

**Lallows the splendor of Divine Consciousness**

**Kto manifest with infinite power**

**Iso that complete mastery over all of life is attained.**

**We are heavenly hosts of rhythm and vibration, for life is rhythm and  
vibration.**

**We are heavenly hosts of breath.**

**We initiate the children of Divine Being into the mastery of rhythm  
and vibration and therefore into the mastery of life.**

**The Divine virtue of original Omnipotence is the first letter, K, of our  
name.**

**This Omnipotence is the highest power imaginable.**

**This power is the highest and purest light,  
which means that it is the highest and purest WILL for the highest  
good of all.**

**This will or divine desire exists in the spiritual realm and connects the  
awareness,  
which is the mental realm, with understanding the highest good of all.**

**Awareness of the highest good reveals the most beautiful divine  
virtues.**

**The HIGHEST WILL TO LIVE depends on out picturing Divine**

**Splendor and Majesty,  
the sum of all divine virtues taken together, the letter L.**

**As the will to live in unity with Divine splendor and majesty  
becomes beautiful visualizations combined with corresponding  
strong flowing emotional energies,  
magnetism attracts heaven to manifest on earth, and life force and  
vitality result.**

**Life force and vitality flows in and out through breathing.**

**In life, the Law of Cause and Effect governs consciously using  
WILL, VISUALIZATION and EMOTION  
to create and out picture divine splendor and majesty.**

**The Law of Cause and Effect also governs the act of breathing, which  
is also life.**

**As people become aware of the power and nature of will, visualization  
and emotion,  
they become aware of the cause-effect relationship between will,  
visualization and emotion,  
and of their rhythmic interaction.**

**The motion of consciousness flowing between WILL, VISUALIZATION  
and  
EMOTION creates rhythm and vibration  
in cycles large and small, in the micro and macrocosm.**

**Through the Law of Correspondences, the as above, so below law,  
the control of will, visualization and emotion qualifies breath  
in the microcosm of the human body to cause changes in the  
macrocosm as well.**

**By mastering the law of cause and effect, of sowing/will and  
reaping/emotion,  
a person learns about Divine alternating rhythms of electro-magnetic  
energy.**

**Whatever is sown in desire and thought creates emotion.**

**Emotion attracts what is formed in the physical plane.**

**This is how to master life itself.**

**Because the divine virtue of letter L represents the sum total of ALL  
Divine Virtues,  
which taken together are the Splendor and Majesty of Divine Being,  
in addition to true spiritual morality and life force,  
it is important that all of these Divine virtues are integrated  
into the consciousness and enlivened in both will, visualization and  
feelings.**

**This process is referred to as the spiritual path.**

**Revelations of the Divine virtues unfold in perfect order.**

**In the ancient language the Divine virtues are mastered in sequence  
according to the order of letters in the alphabet.**

**For instance, the Divine virtue of wisdom and enlightenment, which  
reveals the original purity  
of all ideas in Divine Mind, letter A, precedes all other divine virtues.**

**After the Divine virtue of wisdom and enlightenment is integrated  
within the consciousness,  
the next divine virtue, letter umlaut A, ae, is mastered.**

**This virtue is the mysteries of life and death and transformation.**

**With this virtue, any imperfection on any level is acknowledged and released back to Divine Providence for transformation into another state that is the highest good of all, and major change occur so that the original Divine blueprints of creation can manifest.**

**The next virtue in the alphabet, B, which is the virtue of Universal Life and polarity, is then mastered.**

**This is the mastery of the Divine virtue of polarity that awakens mastery over all polarities, and especially over the polarity of will and emotion, electricity and magnetism.**

**This also gives mastery over life and death, because whatever is willed, visualized and felt is given life.**

**After the virtue of polarity is integrated, the next virtue is letter C,**

**which is the virtue of the spiritualization of matter with divine qualities.**

**Then follows the art of creation, D, then omnipresence of Divine Consciousness, E, then the legality of harmony of all visible worlds, F and so forth.**

**Flowing INTENT or will to visualize, enliven and understand a virtue with meditation on its meaning, then flowing with its tangible FEELINGS in the body, musical note, and sensations, opens up awareness and connects it with Universal Mind so that individual consciousness becomes one with the virtue itself.**

**This virtue is enlivened in the microcosm and the macrocosm through the breath.**

**As a person masters all of the Divine virtues according to the ancient language as explained in these messages, there are many orders of heavenly host who assist with this process.**

**Because of this help, as meditations are pursued, the process flows easily and in ways that are custom tailored to each unique psyche, temperament, and situation.**

**Seek ye first the kingdom of heaven and all else shall be added unto you.**

**As each person on the spiritual path of enlightenment goes through the process of integrating divine virtues, Divine Providence gives us the responsibility to teach mastery over life itself with these attunements to highest Divine being.**

**As always, this is done on the levels of will, visualization, flowing emotions and feelings, sensations and understanding of cause and effect.**

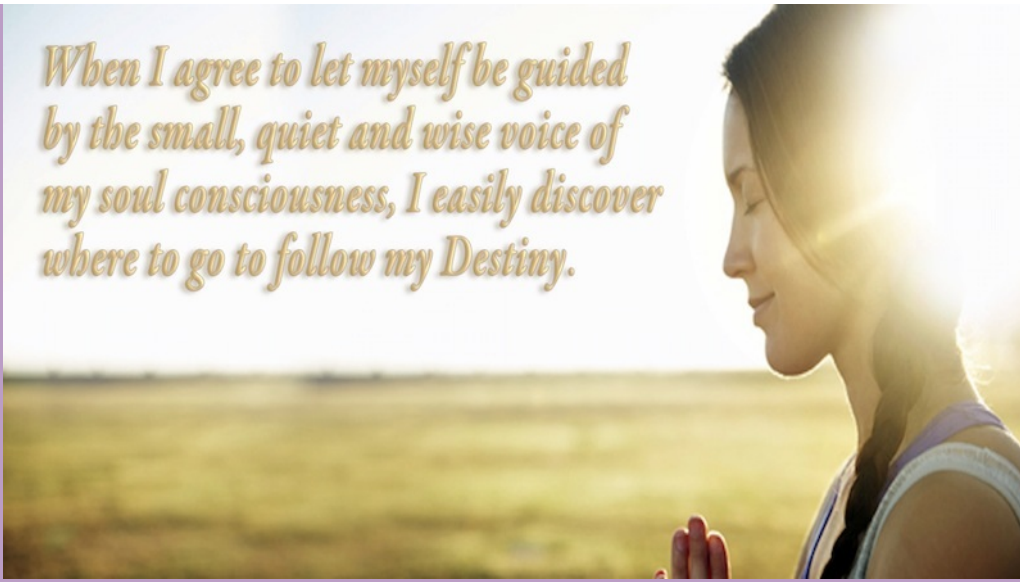

**We awaken perfect mastery of breath, vibration, and rhythm in the micro-and macrocosm.**

**In this way a person creates heaven within self and also on earth.**

**By attuning to the highest will/feeling rhythms and cycles of Divine Being, the electro-magnetic energy of an individual is in sync with and is in step with unlimited power and harmony.**

**The names and meaning of angel groups come from Quaballah, which is  
a very ancient set of teachings which together form a common  
precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the heavenly  
host in the zone girdling the earth, and the angels who work with  
him or her.**

**The being and the angels share the same name.**

**This name is a key to their powers and influence.**

**Names, phrases, or sections in the angel messages are quoted or  
paraphrased from the books of Franz Bardón.**
