PDF version

**TRUE COGNITION is deepest awareness of ONENESS,
OF UNITY WITH ALL BEING,
and the clear divine faith that comes from this.**

**In working with the beings of weather control,
remember that The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I AM one with all there is;

I ask that only THE HIGHEST GOOD OF ALL happen,

I give thanks that this is done.

SO BE IT!

So it is.

The Angels of Weather Control

Also known as

The Angels

of

Tarato

Beloved,

Making it rain or stop raining,
sending lightning in a certain direction,
causing hail-storms,
or any other type of weather;
all of these happen through the use of divine intent
with flowing visualizations and emotions
in attunement with high inspiration from Divine Being.

We inspire meditations for clarifying guidance.

We inspire Divine Will and Intent for weather that is appropriate for
the highest good of all concerned.

We inspire meditations for perfecting emotional states that attract
specific forms of weather desired.

We teach and assist the Children of Light in controlling weather.

T-A-R-A-T-O

TMastery over emotions gives mastery over all the elements.

*A and umlaut A, aeWhen an enlightened mind with the ability to
transform negativity*

*Rworks with emotions of freedom of will that are in tune with the
highest levels of Divine Consciousness,*

*A and umlaut A, aeand uses wisdom of thought and emotions to control
the spirits of the air and negative beings,*

*Twith high inspiration flowing through will, thought, and then into the
emotional nature;
then there is harmony and control over all of the elements of fire, air, water,
and earth.*

*umlaut O, eu and O Seeing all through the eyes of love divine results
in transmutation and absolute success and happiness for all concerned.*

For a person to generate Divine Omnipotent Will and Flowing Emotions
necessary to control weather;
high inspiration, wisdom, transformation,
and inner guidance
must be developed
along with the ability to see through the eyes of Love Divine,
so that weather promotes divine justice and harmony for all.

Divine Will and omnipotent faith is the element of fire.

Control over one's faith and desires
gives control over the fire element in nature.

Faith and desire have sensations of heat and expansion in deep inward
meditation.

Thoughts and visualizations are the air element.

Control over one's thoughts and visualizations gives control over the air.

**Thoughts and visualizations have sensations of relaxation and ease
in inward deep meditation.**

**Thoughts and visualizations that are in attunement with the original
purity of all ideas in Divine Mind bring about Heaven on Earth.**

Thoughts and visualizations then become emotions.

**Flowing emotions of unambiguous intent for the highest good of all
and divine faith
must be developed in deep inward meditations to exercise mastery over
weather.**

**Flowing emotions are known in the ancient science as 'the magnetic
fluid'.**

**Mastery of Flowing Divine Emotions is necessary to have control
over elemental beings of water.**

**Both emotions and water contain compressed information
and directs attraction of new
realities on the physical plane.**

**Emotions have sensations of coolness and chill in deep inward
meditations.**

**Water and emotions impregnated with divine Love
and divine will for the highest good of all
attracts harmonious realities on the physical plane.**

The magic of Life sets us on the path to our deepest truth,
the one we discover when we let Love shine from our whole being.

Mastery of the physical plane gives control over the beings of earth.

Earth has the sensation of weight in deep inward meditationss.

Fire is delta brainwaves of pure being and unity with Divine Mind and all creation.

This brainwave is dominant in infancy, and deep dreamless sleep.

Air is the theta brainwaves of deep inner thought.

This brainwave is dominant in childhood and visual aspects of dreaming each night.

"Ye must be as little children to enter the kingdom of heaven."

"The kingdom of heaven is found within."

"Seek ye first the kingdom of heaven and all else shall be added unto you."

Water is alpha brainwaves of flowing emotions.

Alpha is dominant in adolescence.

Earth is brainwaves of beta, of the five senses, memory and logic.

Beta becomes dominant after puberty.

Through high inspiration from Divine Being,

all four brainwaves are

brought into harmony to attract whatever is visualized and felt.

**As a person commands their own brainwaves in meditation,
the ability to command the beings of the elements comes naturally,
and is naturally remembered.**

***Making it rain or stop raining, sending lightning in a certain direction,
causing hail-storms, or any other type of weather; all of these happen
through the use of flowing visualizations and emotions attuned
with high inspiration from Divine Being.***

We inspire meditations for clarifying guidance.

**We inspire Divine Will and Intent for weather that is appropriate for
the highest good of all concerned.**

**We inspire meditations for perfecting emotional states that attract
specific forms of weather desired.**

If negative emotions, such as those of doubt or confusion, exist even on a subconscious level when certain weather is visualized, resulting physical realities may not be satisfactory. Therefore, we help heal old negative and limiting beliefs and emotions that have been previously held in the unconscious mind.

We help align emotions in the subconscious, conscious, and superconscious mind through the virtues of high inspiration, enlightenment, transformation, and cognition brought about by love divine and harmony.

Divine intent, visualizations, thoughts and emotions on all levels bring about the desired results.

MIRACLES

"All that I do ye shall do and more."

MIRACLES

Each day we visualize heaven on earth together, and send gratitude to the earth and the solar system and to everything that sustains our personal and collective physical, emotional, mental and spiritual home, whether known or unknown to us.

This double thrust of visualization and gratitude has powers beyond words to describe, and has been used historically by the ancients to bring about miracles that confound science to this day.

It has been suggested that we all join together at noon each day, in our own time zone, to visualize heaven on earth for ourselves and all life, and give thanks.

This makes a revolving band of visualization and gratitude.

Doing this at all other times can be just as powerful, and adds to the collective hologram, so do it also whenever you remember.

The quantum field responds to visual images and emotion, so what we are doing here is very powerful and effective.

Footnotes:

**The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:
Judaism, Islam, and Christianity.**

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her. The being and the angels share the same name. This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4]. Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.

These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
