*12 degrees Cancer*

The Angels  
of  
*Transmutation*

Also known as

The Angels  
of

*Tmako*

Beloved,

Each child of Divine Being uses transmuted magnetic emotional power  
to attract and manifest  
a just and perfect outcome for all concerned.

Among other things, we reveal to each child of God  
the EMOTIONAL NATURES  
of plants, minerals,

and animals.

The human body is "*made in the image and likeness of God.*"

God is omnipresent, and by looking at the outer created worlds,  
we understand the inner created worlds of our own beings.

Our bodies have minerals, plants, and animals too.

We help people realize the emotional natures of the body's minerals,  
mitochondria,  
and intestinal flora etc.

We inspire the transmutation of these emotions of plants, animals, and  
minerals,  
in both the inner and outer worlds,  
into higher vibrations.

This is necessary because flowing emotions are magnetic and attract changes  
in material forms.

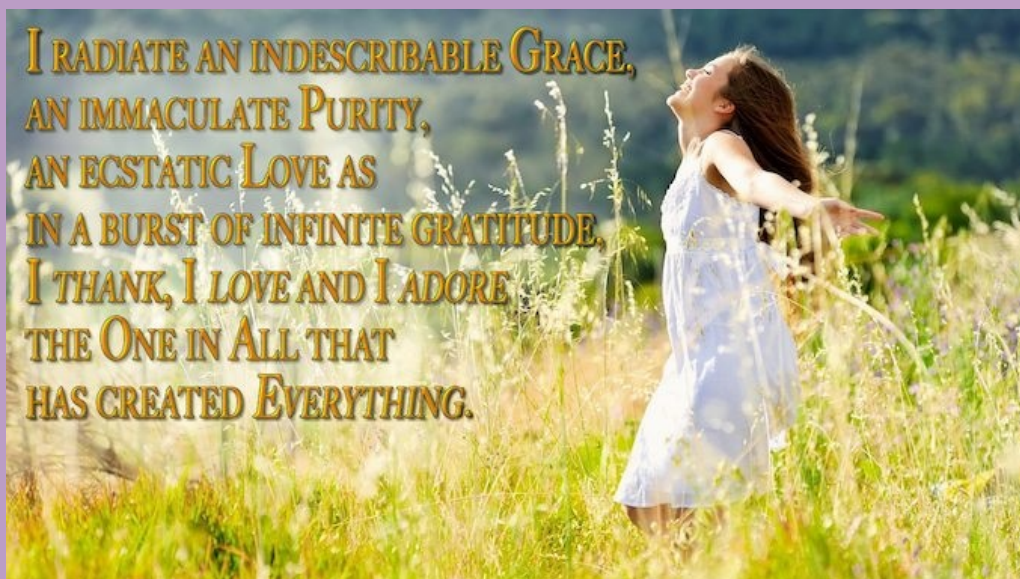

Emotions going through change,  
in turn change material reality on all levels,  
and this is true from the densest level of earth to the more subtle levels  
of the astral, mental and spiritual planes.

*"As above, so below."*

The evolution of creation is toward ever greater spiritual majesty and  
perfection,  
so the ability to transmute emotional energy into highest divine  
love, faith, happiness, and wisdom is most necessary.

This transmutation of emotions is our province  
as we guide the created worlds  
into expressions of the original purity of all ideas in Divine Mind.

Remember, all thirty degrees of the sign of Cancer are gateways of flowing  
with  
powerful divine emotions of faith and attunement to  
OMNIPOTENT FEELINGS OF DIVINE WILL  
for the highest good of all concerned  
in each and every situation and being.

Here, at the 12th degree of Cancer, feelings of Faith and Omnipotence are  
used to  
transmute emotional vibrations.

Everything that exists in material form does so by the magnetic powers of corresponding emotional flowing on the astral plane.

**Change the emotions and change the form.  
Miracles of healing occur this way.**

Each seeker who desires to manifest original divine will for spiritual perfection,  
at times may encounter personal or group situations  
in which raw negative emotional power must be first transmuted,  
then directed,  
and used to attract harmony and justice.

*"All that I do ye shall do and more."*

Take for example a situation in which a person feels strong anger and despair concerning an intolerable situation.

We help this person realize, through high inspiration, that these strong emotions of anger and despair are magnetic POWERS that will only attract further negative realities.

We help this person realize the importance of transmuting these negative magnetic powers  
into positive divine emotions  
to attract harmonious and beautiful solutions.

This is first done by a person recognizing that everything that exists is part of ONE UNIFIED FIELD of energy,  
that everything is one with everything else.

The person can then center in the heart, and meditate on remembering times in his or her past,  
when he or she felt similar emotions of fear and other such negative emotions,  
that caused him or her to behave in upsetting ways, resulting in inharmonious outcomes.

By first understanding, validating, and through love and gratitude for the lessons learned from this experience,  
forgiving this part of the self,  
it then becomes possible to empathize and forgive others in the present time;  
to forgive and have compassion and understanding for the troubling situation being confronted in present time.

*"Judge not, that ye be not judged."*

In this way a child of Light and Love can attune to a troubling situation, even one of many people generating combined raw negative emotional power, feel him/her self at one with this, and transmute this internally within.

This is done with the power of divine love, "as within, so without."  
By healing the situation within the self,  
it can automatically be transmuted for all through the Law of Correspondences and through the alchemical powers of simple breathing.

Doing this is one meaning of "taking on the sins of the world, and 'paying the price'".

*"All that I do ye shall do and more."  
"Love conquers all."*

*Peace, Love, Harmony within every Being...*

A technique for transmuting emotions is as follows:

1 Instead of resisting negative emotions, or being afraid of them, or trying to make them change by force of Will, or bypassing them, or acting them out destructively to self or others, EMBRACE negative emotions with compassion and Unconditional all Encompassing Love, acceptance, gratitude, empathy and validation FOR lessons concerning the need for happiness, learned from experiencing the suffering of THE upset EMOTIONS THEMSELVES.

By becoming aware of the vast amount of learning that these emotions make possible for those who are experiencing them, a person can see why, as a last resort, the higher self allowed these experiences to occur.

A person awakens conscience and memory, and experiences on a deep personal level, that whether or not one is causing painful emotions to others, or whether they are victims of others causing painful emotions to them, painful emotions are undesirable.

A person is more and more initiated into the process of cause and effect and understands that what goes around, comes around.

Another reason for gratitude is that negative emotional feelings are so painful and alarming that they awaken desires for love, for harmony, for the healing of being one with all the divine virtues.

The realization that negative emotions, in anyone, usually originate from earlier emotional traumas, from traumas that have been caused by lack of love and harmony, helps one have compassion instead of fear in upset present time situations.

Since present time negative emotions often reflect earlier emotional wounding, love and validation of the wounded soul begins the healing process, and is much more therapeutic than present time fear or resistance.

Say to any wounded soul, to any negative emotion, in self or others, "I thank you for surviving, I thank you for doing the best that you could in a terrible situation."

I praise you, I respect you, I thank you, and I Love you.

This validates the higher and lower selves for allowing such painful experiences to happen, for the purpose of teaching us what it is like to suffer, and to seek joy and happiness.

It validates the emotions themselves, acknowledges them for being normal responses to emotionally upsetting situations.

This Validation and Love immediately are absorbed by the emotions themselves and stimulate their healing process.

"Love conquers all."

Emotions are the Water element.

Both water and emotions are intelligent and magnetic.

Remember that even very toxic emotions and water purify in the presence of praise, respect, thanksgiving, and Love.

Love conquers all.

Divine Being is Love.

If you are working with group emotions, feel yourself at one with the negative emotional energies of the entire group, and do this with an attitude of understanding, empathy, praise, respect, thanksgiving and Unconditional all Encompassing Love. Love is the most powerful emotion in the universe.

Your body is designed to withstand this sort of powerful negative energy safely as long as it is allowed to run, or flow, without resistance and in a LOVING, non-critical and non-destructive manner.

"Gods love is like the Sun, it shines equally on the good and the bad alike."

2Feel the negative emotions letting them flow and heal, while praising, respecting, thanking and loving Divine Providence for the wisdom gained, for creating intense awareness of the necessity for harmlessness and for harmony in life.

Praise, respect, thank and love the part of the inner self that is creating them, both in self and others, in all time and space, for making this learning experience available.

This creates a field of non-resistance.

Gratitude is a form of love that attracts miracles.

*"Give thanks for all things, for that is My will concerning you."*

Let the power of the negative emotions run through your body and awareness like a powerful river, while you gently love all things from your heart.

Use REM eye movement, such as in dreaming, where the eyes are moved back and forth, left to right over and over again, shifting the emotional energy between the two hemispheres of the brain and the two nervous systems, the sympathetic and parasympathetic.

This activates the four brainwaves to very quickly process the feelings.

Emotions are compressed information, like zip files on a computer.

3 During this process, penetrating healing insights into the underlying factors and natures of the situation, the causes and the solutions, arise from the psyche.

These insights are healing images from the unconsciousness and from universal mind that reveal solutions for problems that led to the situation in the first place.

Take as much time as you need to allow all of the negative emotions to be felt until they reveal all their compressed information and change, with appreciation for all the insights, or healing images, that you get.

As the negative emotions flow, and insights arise, the emotions purify and change, just like water heals and purifies by flowing, and these emotions become positive once again.

In this manner you end up with final healing images, or insights, that contain answers or solutions to the original problems that caused the negativity to begin with.

These insights and answers are picked up subconsciously by everyone involved.

4. Take the final healing image, or solution, and hold it steadily in your mind's eye.

Feel all of the power of the now transmuted positive emotions while holding this vision of the perfect solution.

In other words, hold the vision or image of the healing solution in your imagination and FEEL THE WONDERFUL EMOTIONS OF THIS HEALING VISION, ALREADY EXISTING IN REALITY.

Merge the positive vision into the original picture of the negative situation that you began with.

The two images merge and interact together and transmutation occurs this way, forming a new living blueprint of the process of actual transmutation that will imprint itself in cellular memory.

These two images, or visualizations, become one image in this way, and turn into one final healed image.

The final result is a resolution image of healing.

This resolution image is the blueprint that is now attracted into physical manifestation.

It only takes trying this a few times to realize the reliability, consistency, simplicity and power of this.

***"All that I do, ye shall do and MORE!"***

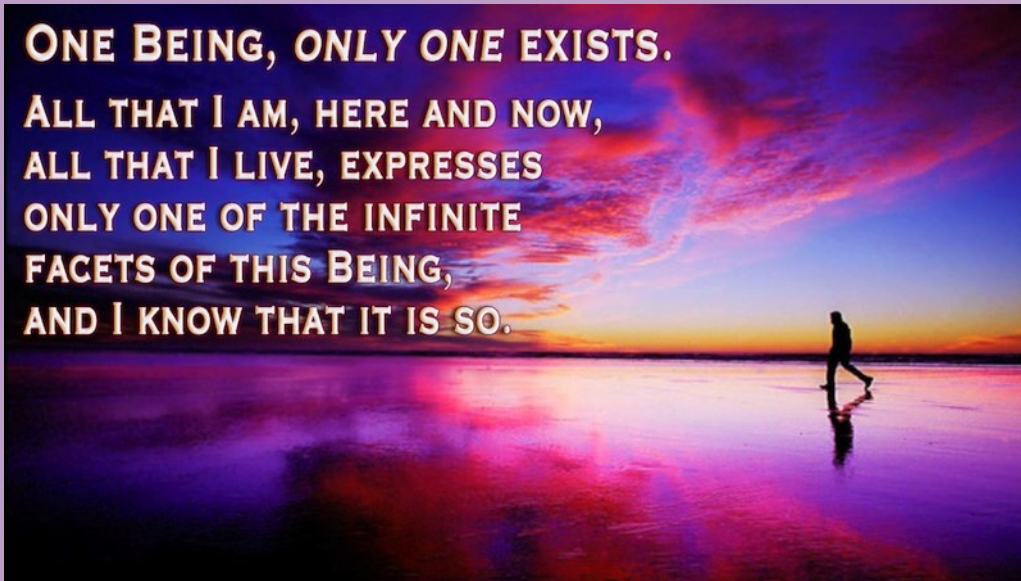

By becoming masters of our own emotional nature, through flowing with ALL emotions in a safe and non-destructive way, a person learns to transmute emotional frequencies quickly to higher levels,

and thereby control the quantum field for the highest good of all.

By understanding the divine virtues of our name,  
and using them with the emotional nature,  
a person can take any emotional state and transform it into harmony.

**ONE BEING, ONLY ONE EXISTS.**

**ALL THAT I AM, HERE AND NOW,  
ALL THAT I LIVE, EXPRESSES  
ONLY ONE OF THE INFINITE  
FACETS OF THIS BEING,  
AND I KNOW THAT IT IS SO.**

## MIRACLES

Here Is the meaning of the virtue of umlaut O, eu:

### O Umlaut O, eu

Umlaut O is dark orange, has the musical note of D-sharp, is the element of akashic-earth which has the sensation of weight penetrating everything.

The ovaries and testicles are formed from this virtue of the profound cognition brought about by Love Divine.

In healing, heal the left ovary first and then the right one.

'Akasha: In the principle of consciousness penetrating all, the umlaut O oscillation evokes the most profound cognition which can only be brought about by love divine. '

'By the help of this a person gets to know all the possibilities of transformation of the spirit, all the systems and ways serving this end, and all knowledge concerning transformation in all other fields. He/she is informed about everything that, deriving from the act of creation, had to pass through all the mode of transformation to be reunited.'

A person must attain all the faculties that are offered by this profound cognition made possible by Love Divine, in the principle of consciousness-penetrating-all, and must make use of all possibilities, in order to get convinced that they cannot be described by words, by must be experienced, lived through.'

'I have mentioned the letters umlaut A and umlaut O as the last ones in this series of exercises, because by the help of their virtues one is able to comprehend, from the principle of consciousness-penetrating-all, the crown of all wisdom in the micro- and macrocosms, from the act of creation to the present state of evolution, and even to the final development.'

\*

'Mental: Evoked in the intellect, the virtue of profound cognition brought about by love divine gives the understanding of the transformation of ideas, virtues, etc. by the quabbalistically pronounced word, which is a very great and comprehensive field.'

\*

'Astral/ emotional level: In the emotions, the virtue of profound cognition brought about by love divine develops the faculty of perfect astral projection and the mastery of all occult and magical phenomena that have reference to transformation, so that a person may, for instance, assume any desired vibration in the emotional body without being recognized by other beings and with only Divine Providence seeing through him/her. Apart from

this, a person is able to transform any emotional oscillation into the oscillation he wants and to do the same with any element.'

\*

'Material: When mastered in the physical body, the profound cognition brought about by love divine leads to perfect knowledge of quabbalistic alchemy in the material world.'

'A person is taught the true preparation and charging of the philosopher's stone in the physical sense. He/she can influence, at will, any oscillation-atomic, oscillation, electronic oscillation- by quabbalah, and he/she is able to transform it into the oscillation desired by him/her. '

'Therefore he/she perfectly masters the laws of transmutation and is able to transform any metal into gold, any stone into a precious stone, etc. if desired. By the help of this virtue a person is furnished with many other faculties of which he/she cannot even dream now and which non-initiates would regard as absolutely impossible. '

## Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions:  
Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.  
The being and the angels share the same name.  
This name is a key to their powers and influence.

Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
Publisher is Dieter Rüggeberg, Wuppertal/W. Germany.  
These books have very important information for these studies.

The book " Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.

Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.

Feel free to share these messages.

*The Law of One is the original law of Creation, and is the supreme Law  
over all laws in all dimensions.*

*THE LAW OF ONE*

*We are all one.*

*When one is harmed, all are harmed.*

*When one is helped, all are helped.*

*Therefore, in the name of who I AM,*

*and I am one with all there is;*

*I ask that THE HIGHEST GOOD OF ALL happen.*

*I give thanks that this is done.*

*SO BE IT!*

*So it is.*
