## The Angels of Space and Time

Also known as  
The Angels of

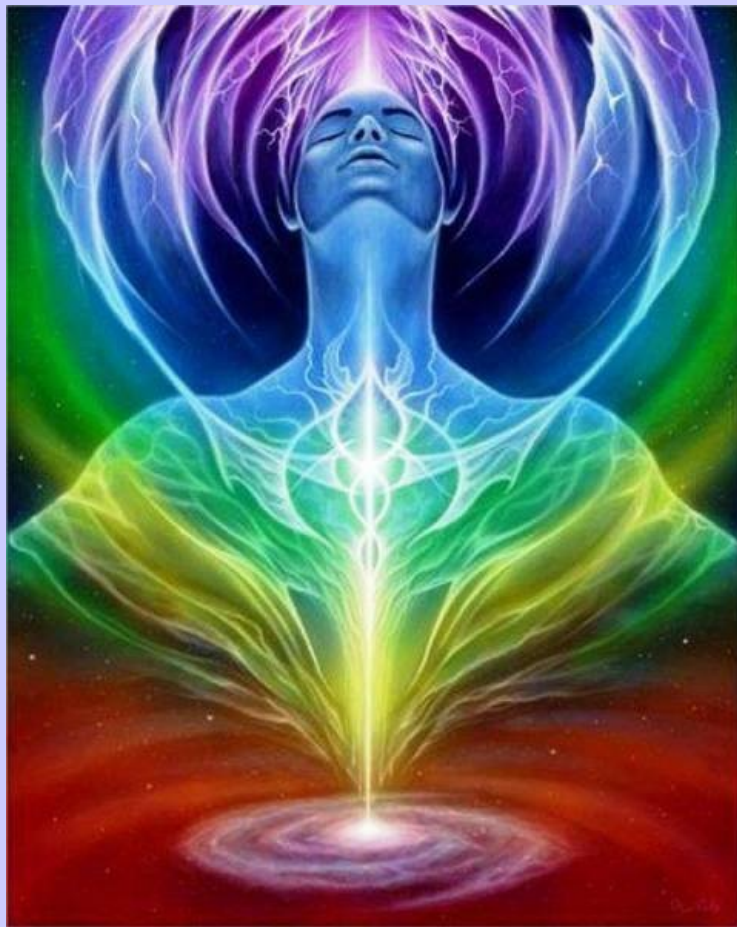

*Dirilisin*

Beloved,

We are the heavenly host of space  
*and time.*

We teach consciousness  
to spread its wings and fly.

We teach to heal and bless all space,  
and all time.

We help with travel  
into many mansions  
of the past, the future, other places and dimensions.

***For God has given you dominion over all  
that he has created",  
including time and space.***

**When you call upon us to help, whether it is for you  
personally,  
or help a large group of people,  
we bring inspiration  
and understanding  
concerning possibilities of creating different realities  
in any space or time.  
We help to change the quality of the space that you are in,  
and we help to know which times to focus on.  
Due to cultural traditions, some people have made  
commitments to keep their focus on times from the past.**

**For this reason, these traditions cause people to make  
commitments to certain prescribed futures.**

**They recreate their present space to reflect these other  
spaces and different times.**

**Because of this many wars have been fought over ancestral  
or traditional issues.**

**It is our job to awaken people to see that they are using  
creative powers in doing this  
and to RELEASE focus and servitude to the past.**

**Instead of following outside authority, we inspire the  
understanding of following inner guidance,  
the still small voice within.**

***"Keep your eye single and the body shall be filled with  
light."***

***"Love the Lord thy God with all of your heart mind and soul.  
Love your neighbor as yourself.  
Upon this hangs all the law and prophets."***

***"The kingdom of heaven is found within."***

**Divine Being is omnipotent, omnipresent, and omniscient.**

**We help the children of Divine Being go within, listen to the  
still small voice of inner guidance,  
and become one with the Father.**

***"I and the Father are ONE."  
"All that I do, ye shall do and more."***

**We open eyes to divine love, and understanding of the unity  
of all creation,  
unity in time and space.**

**We open hearts so that divine sacred happiness for all is  
the goal divinely inspired.**

***"Make a joyful noise unto the Lord, all ye lands."***

***"I have not given you the spirit of fear, but of joy, and life  
everlasting."***

**We empower shifting into a space of joy and focusing on the  
present time.**

**We inspire creating beauty on all levels this way.**

**We teach keys to create beautiful and unique presents,  
heal the past,**

**and visit joyful futures.**

**We inspire understanding that space is a continuum of the  
function of time.**

**For example,  
imagine time has a horizontal axis and space a vertical axis  
which bisect each other in the middle.**

**This middle point is HERE AND NOW.**

**On the horizontal axis is space travel in the present time.**

**This includes space travel into other dimensions.**

**Other dimensions shoot off in other directions,  
from the horizontal line,**

**with the points on the left of the HERE AND NOW going into  
the infinitely small dimensions,  
and the points on the right into the infinitely large ones.**

**On the vertical axis is space travel in past time  
[bottom half of vertical continuum]  
and future time [top].**

**We teach mastery of space/time continuums in physical  
worlds of form and weight,**

**and also in worlds of emotions, thoughts, and intentions.  
*As above so below.***

**In the microcosm and the macrocosm, the small and the  
large,  
we therefore inspire mastery and healing of time and space.  
Through meditation, in imagination, a person creates great  
happiness, wholeness, and enlightenment in any time or  
place.**

**Remember that the brain speaks in visual images.  
The brain is electric.**

**A visual image in the imagination is a hologram that triggers  
the pineal gland  
to secrete powerful psychoactive chemicals into the blood  
stream.**

**Within one minute of holding a visual image in the  
imagination in meditation,**

**over 100,000 chemical changes occur in the body.  
"You are made in the image and likeness of God."**

**When you bring this visualization into the heart,  
and charge it with divine love,  
the power is increased 5,000 times.**

**The energy field of the heart is 5,000 times stronger than  
the energy field of the brain.**

**Emotions are the language of the quantum field.  
Emotions are magnetic.**

**By creating visualizations of supreme happiness, the  
highest good of all,  
a person flows with beautiful divine emotional states,  
that magnetically attract heavenly realities,  
out of the quantum field of infinite possibilities.**

**Here are some practical recommendations for mental and  
emotional traveling in space and time .**

**As always, remember to follow inner guidance and call on help whenever it  
feels right to do so.**

For additional instructions refer to the 22nd day of the moon cycle message on space and time

:

- 1. Practice going into the gap between thoughts to enter the silence.**
- 2. When doing space and time travel in the mental and emotional bodies, relax into a meditative state, slow breathing, and imagine that you are floating in the very bright light of Divine Emanation that fills all time and space.**
- 3. As you are suspended in this bright light, in trust ask to go wherever you wish to go, both in time and space, and watch your feet as you gradually drift down and land.**

- 4. Pay particular attention to your feet and the surface that you land on.**

**Keep your eyes on your feet until you feel consciousness stabilize.**

**As consciousness stabilizes, it is safe to look up and see the surroundings.**

- 5. At this point ask to see anything you wish to see, speak with anyone, or travel around.**

**This is done by intention and asking. Ask and ye shall receive.**

- 6. If you are visiting a past or future lifetime, you may also ask to see the entire lifetime played before you fast-forward, like in a video, with slowing down at key events.**

**7. When you are finished, ask to return to the bright light or just ask for a direct return to your physical body.**

**8. If you go to the bright light, you may continue traveling to other places and times or you can intend to come back to your physical body in present time and space.**

**9. Remember that while traveling in your mental-emotional body that you can,**

**like Alice in Wonderland, make yourself small or large.**

**10. ALWAYS invoke The Law of One, the highest good of all concerned.**

**[Remember always to trust your imagination.**

**Whatever images spontaneously arise in your meditation as you do these exercises are important information from the super and subconsciousness.]**

**It is also helpful to ask to go to the future, to that time or incarnation in which you are completely enlightened**

**and are Christ-like in awareness and emotions.**

**Ask to meet your Christ Self.**

**Ask this future Self to come back in time to your present and heal you, or heal another person, or a situation that needs it.**

**You may also ask for it to go back into your early childhood,**

or past lives and heal past traumatic events and relationships

It is also possible to go into the future and meet the Christ Selves of other people.

You may ask these Selves to come back in time and heal their present selves or past selves.

Ask for and follow inner guidance.  
Another possibility is to travel back in time to the moment of Divine Creation,

to reclaim the original perfect blueprint of self in Divine Being.

After going to both the OMEGA POINT of completed perfection and to the ALPHA POINT of immaculate conception,

we recommend merging the two together in your minds eye.  
Call on us for assistance to refocus minds and hearts whenever allegiance to the past, or fear of the future, are taking predominance over common sense in present situations.

We, the Angels of Space and Time,

await your call to assist you in your travels.

**Footnotes:  
The names and meaning of angel groups come from  
Quaballah,  
which is a very ancient set of teachings which together form  
a common precursor,  
or root, of three of the world's religions:**

**Judaism, Islam, and Christianity.**

**Each degree of the zodiac is ruled by a high being of the  
heavenly host in the zone girdling the earth,**

**and the angels who work with him or her.  
The being and the angels share the same name.**

**This name is a key to their powers and influence.**

**\* Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of  
Franz Bardon.**

**Information of the heavenly hosts of the zone girdling the earth**

**is referenced from THE PRACTICE OF MAGICAL EVOCATION,  
ISBN 3-921338-02-6, and Information of the divine virtues and the letters  
are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4].  
Publisher is Dieter Rüggeberg, Wuppertal/W Germany.**

**These books have very important information for these studies.**

**\*\*\***

**The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others.  
Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background  
and was compiled by his German publisher from notes written by Franz Bardon.  
This book is helpful for understanding some present day political issues.**

To understand Universal Consciousness, and immortality,  
it is very helpful to read *The Life and Teachings of the Masters of The Far East* by Baird  
Spalding  
The first three volumes are field notes taken on a scientific expedition to Nepal in the  
late 1800's.

Recommended: a book by Lachlan Paul French called : *The Gospel  
According to Thomas*

***The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.***

**THE LAW OF**

**ONE**

**We are all one.**

**When one is harmed, all are harmed.**

**When one is helped, all are helped.**

**Therefore, in the name of who I AM,**

**and I am one with all there is;**

**I ask that THE HIGHEST GOOD OF**

**ALL concerned happen.**

**I give thanks that this is done.  
SO BE IT!**

So it is.
