The Angels of Interplanetary Spheres

*Also known as
The Angels of*

Granona

Beloved,
All forms in creation are expressions of
infinite, omnipresent, omnipotent, and omniscient
Divine Spirit.

"As above, so below."

The sacredness of matter,

the fire, the air, the water and the earth,
are the essence
of
"On Earth as it is in Heaven".
We help the sons and daughters of divine being understand the
great teaching:
*"For I have not given you the spirit of fear, but of joy, and life
everlasting."*

We reveal that happiness and joy are similar to gravity,
in that they cause cohesion in matter.
The happiness of all creation is the highest good of all.

All forms embody divine attributes.

Remember it was spoken,
"In my Father's house are many mansions."

Because even the smallest flower expresses THE INFINITE BEING
in beauty and colors,
the time comes in spiritual maturity when a person sees
that all creation, everything in it,
contains and expresses and embodies attributes and beingness
of divine essence.

Therefore, it
is natural that this understanding expands
to planetary bodies of the solar system
and other galaxies and universes
in the vast reaches of time and space.
Other spheres also exist as the 'as above, so below'.
All spheres are physical expressions of divine being.
All spheres have spirits.

We are the heavenly host that provide connections

**with the spirits of interplanetary spheres
and beings who dwell on them**

.

We reveal the divine qualities and virtues that they embody.

**Because we are all one, and when one is harmed, all are
harmed,
and when one is helped, all are helped,
there are times when divine inner guidance directs beings
from other spheres**

**to help other parts of creation
for the highest good of all.**

We reveal the divine attributes of heavenly spheres and those who dwell there,
as they express themselves
in the realms of being, will, thought, emotions and sensations.

We create cosmic alliances in consciousness between these spheres

and the seeker who desires to know.

It is we who whisper divine attributes of various planets into dreams,

and inspire writers of myths and stories.

When a seeker looks afar into the sky

and asks the questions of the meaning of the heavenly orbs,
we answer this call.

We provide diverse visions to seekers.

These occur in meditation, trance, during sleep, or in day-dreams.

We are here to serve when your thoughts reach up into the heavens

and are filled with wonder

as you seek the wisdom and assistance of interplanetary intelligences.

Call on us.

We are the angels of the spheres.

Footnotes:

The names and meaning of angel groups come from Quaballah,
which is a very ancient set of teachings which together form a common precursor,
or root, of three of the world's religions: Judaism, Islam, and Christianity.
Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth,

and the angels who work with him or her.
The being and the angels share the same name.
This name is a key to their powers and influence.

**The Law of One is the original law of Creation,
and is the supreme Law over all laws in all dimensions.**

THE LAW OF ONE

We are all one.

When one is harmed, all are harmed.

When one is helped, all are helped.

Therefore, in the name of who I AM,

and I AM one with all there is;

I ask that only THE HIGHEST GOOD OF ALL concerned happen.

I give thanks that this is done.

SO BE IT!

So it is.
