**Beloved,**

**The original purity and clarity of all ideas in Divine Mind are the goal and the essence of enlightenment.**

**These are the first divine ideas that form the original blueprints of perfection.**

**To guide decision making, congruence with these original pure ideas in Divine Mind occurs.**

**Listening to the still small voice within,  
instead of outside authorities,  
guides each person in their journey to perfection in each moment.**

**Congruence with divine enlightenment occurs on all four levels of being.**

**These are the desire nature, the mental nature, the emotional nature,  
and the nature of physical reality.**

**These four levels of awareness must be in harmony with each other,  
and with Divine Mind and Divine Will,  
for the highest good of all to manifest in any situation.**

**To this end, we inspire the ability to see through the eyes of love to see  
the divine plan in any situation.**

**This brings about harmony for all concerned in the inner and outer  
worlds.**

**We enliven clear unmistakable inner guidance, and omnipotent Will Power .**

**This results in supreme happiness manifesting for all.**

**When Life requires decisions to be made as to which actions to take,  
we inspire divine sovereignty that comes from such clear inner guidance  
so that each action results in Harmony for all.  
To bring this about, we inspire shifts from old paradigms.**

**You cannot put new wine into old wine skins.**

**What may have been right in times past, or in other situations,  
is adjusted for the current unique situations and times,  
for the highest good to manifest.**

**Like everything else in creation, there are never any situations, times,  
snowflakes, DNA, or eyeprints, etc. alike.**

**Therefore, we give inspiration when a person must decide and asks the  
question,  
WHOSE expectations and values do I honor in my decisions?**

**When they wonder,**

**"Do I honor the traditional desires of my family, my country, my peers?"**

**We inspire them to honor their own inner divine guidance .  
We inspire them when they wonder, to find the unique path and answers  
that bring joy and happiness to all.**

**To help with this, we reveal the mysteries of Divine Individuality,  
of the uniqueness of each person and situation.**

**We help people realize that decisions go beyond traditional considerations.**

**When we are asked,  
Do I contribute to my society by achieving a useful profession and raising a family, being a good parent and spouse,  
or do I decide to follow the mystical teachings of my spiritual longing, forsaking all else?**

**We inspire love, enlightenment and promptings of inner guidance to awaken,  
so that people make inspired choices that are best for each situation and time.**

**Each and every person and situation is unique .**

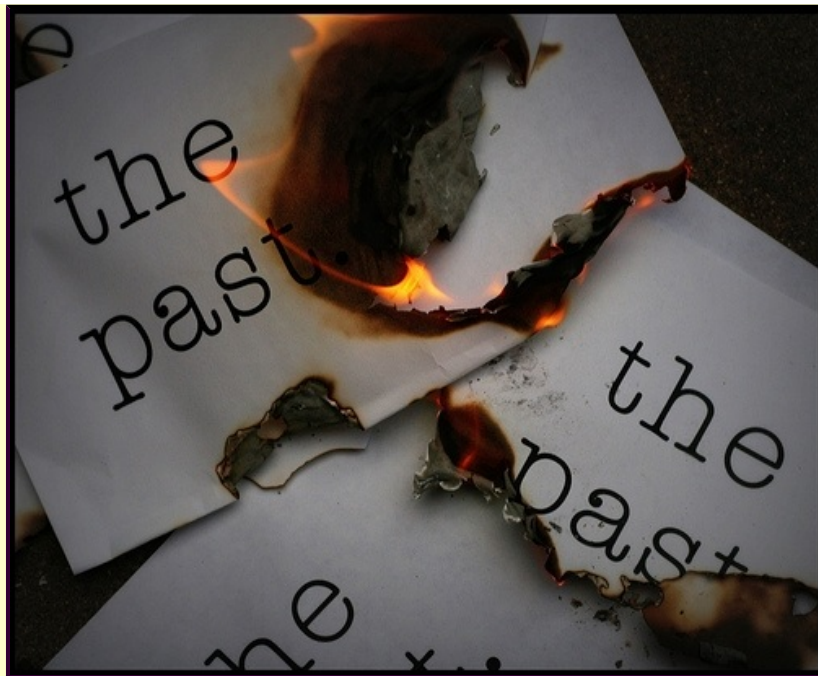

**This requires unique choices inspired from within.**

**Changes happen.**

**What was appropriate 100 years ago in one situation may not be the best in the present time.**

**"Ye cannot put the new wine into old wine skins."**

**It is important that decisions be made with clear inner guidance so that divine harmony and justice manifests for self and others. For example, sometimes when deciding on whether to use time on the path of duty to spirit to go within to follow inner guidance and create inwardly,**

**indecision might arise concerning what outer actions and contributions to the world would go unrealized if time was spent in this way in meditation away from the outer world.**

**If the path of duty to the world was chosen instead, such as performing a job, the question might then be the opposite,**

**What inner realizations and spiritual knowledge are being forfeited because time is being spent outwardly directed?**

**We help each person realize that a key to decisions in life is found in harmony and balance.**

**Each body has two very different complete nervous systems, the parasympathetic and the sympathetic,**

**in addition to the central nervous system.**

**The parasympathetic nervous system is the inward awareness found in meditation, dreaming, and in attunement to body functions.**

**The sympathetic nervous system is interaction with the outer world.  
Every ninety minutes the body naturally shifts dominance between these  
two realities.**

**By attuning to natural rhythms of life, the ability to make good decisions  
comes naturally as well.**

**There are two hemispheres of the brain, two lungs, two hands, two feet,  
etc.**

**Life is a rhythmic flow between polarities,  
between inner and outer,  
between receiving and giving,  
between the above and the below,  
the one and the many,**

**between the in breath and the out breath.  
Rhythm is life and life is rhythm.**

**We teach balance how to create harmony and happiness through  
alternating the inner life with the outer,  
balancing spirit and soul.**

**By maintaining balance and following inner guidance,**

**all actions in the outer world manifest according to the MAXIMUM  
EFFICIENCY, MINIMUM EFFORT law of universal harmony.**

**The maxim that has withstood the test of time is:**

**Seek ye first the Kingdom of Heaven and all else follows.**

**The Kingdom of Heaven is found first within the self in meditation,**

**then it can be found in the outer world.**

**Making use of this saying translates, again, to attuning to ones inner  
guidance,**

**both to what continues to feel good  
and to what choices seem to hold most true to ones highest destiny, long  
term.**

**As decisions are weighed on scales of inner guidance,  
we help people connect with Highest Wisdom.**

**In each and every choice, we help the eyes see through divine love,  
so that justice and harmony prevail.**

**We help decision makers go into silence of meditation.  
Because like attracts like,**

**we inspire decisions that bring joy and happiness.**

**In so doing, happiness reveals solutions to every problem.**

**The Kingdom of Heaven unites with Earth for all concerned.**

**The ultimate moral standard for decisions is The Law of One, the highest good of all concerned.**

**The Law of One is the original law of Creation,  
and is the supreme Law over all laws in all dimensions.**

**THE LAW OF**

**ONE**

**We are all one.**

**When one is harmed, all are harmed.**

**When one is helped, all are healed.**

**Therefore, in the name of who I AM,**

**and I AM one with all there is;**

**I ask that THE HIGHEST GOOD OF**

**ALL happen.**

**I give thanks that this is done.**

**SO BE IT!**

\*\*\*\*\*

**If in everyday decisions there is not enough time to meditate,  
sometimes it can be confusing what is best even for oneself individually,  
let alone what may be the highest good for everyone else as well .**

**For this reason we are helping the children of Divine Life embrace new  
ways of being that inspire harmony in life**

**so there will always be enough time to decide.**

**In the midst of confusing alternatives, however,  
it is good to bear in mind that a good decision generates good emotions.**

**Emotions of happiness are a reliable guidepost in deciding which choices  
are best.**

**Choices that create the greatest emotions of flowing divine happiness  
are the best choices.**

**The divine virtue of letter S, all penetrating omnipotent divine will  
power,**

**generates emotions of excitement whenever a decision is made that is in  
alignment with the Will of Divine Providence.**

**The longer one sits with a decision, the better it should feel if it is for  
the highest good.**

**It should wear well in this sense.**

**If a previously made decision continues to feel almost, but not quite  
right, modify it, rework it, renegotiate it,  
then sit with it, until one choice has a positive charge, which leaves you  
feeling satisfied, peaceful, and at least a little excited about it.**

**Emotions of joy not only prompt the glands of the human body to secrete chemicals that build the immune system and inhibit aging,**

**emotions of joy also attract more joy and create synchronicities for supreme happiness.**

**I have not given you the spirit of fear, but of joy and life everlasting. As people grow in maturity, their own unique paths of joy, happiness and fulfillment unfold clearly.**

**Whenever questions about decisions arise, we assist through the divine virtues represented by the letters of our name.**

**Call on us to help you whenever making a decision is difficult.**

## MIRACLES

### Footnotes:

The names and meaning of angel groups come from Quaballah, which is a very ancient set of teachings which together form a common precursor, or root, of three of the world's religions: Judaism, Islam, and Christianity.

Each degree of the zodiac is ruled by a high being of the heavenly host in the zone girdling the earth, and the angels who work with him or her.

The being and the angels share the same name. This name is a key to their powers and influence.

\* Names, phrases, or sections in the angel messages are quoted or paraphrased from the books of Franz Bardon.

Information of the heavenly hosts of the zone girdling the earth is referenced from THE PRACTICE OF MAGICAL EVOCATION, ISBN 3-921338-02-6, and Information of the divine virtues and the letters are referenced from THE KEY TO THE TRUE QUABALLAH, ISBN 3-921338-12-4J.

Publisher is Dieter Rüggeberg, Wuppertal/W Germany. These books have very important information for these studies.

The book "Initiation into Hermetics" ISBN 3-921338-01-8, is a preparatory book for the others. Franz Bardon's last autobiographical book, "Frabato the Magician", gives historical background and was compiled by his German publisher from notes written by Franz Bardon.
